§ 24.2-945.1. Definitions.

A. As used in this chapter, unless the context requires a different meaning:

"Authorization" means express approval or express consent by the candidate, the candidate's campaign committee, or an agent of the candidate or his campaign committee after coordination.

"Campaign committee" means the committee designated by a candidate to receive all contributions and make all expenditures for him or on his behalf in connection with his nomination or election.

"Candidate" means "candidate" as defined in § 24.2-101. *For the purpose of the definition of "coordinated" or "coordination," "candidate" includes any person who is a candidate at the time of the expenditure, regardless of whether that person was a candidate at the time the conduct constituting coordination took place.*

"Contribution" means money and services of any amount, in-kind contributions, and any other thing of value, given, advanced, loaned, or in any other way provided to a candidate, campaign committee, political committee, or person for the purpose of expressly advocating the election or defeat of a clearly identified candidate or to an inaugural committee for the purpose of defraying the costs of the inauguration of a Governor, Lieutenant Governor, or Attorney General. "Contribution" includes money, services, or things of value in any way provided by a candidate to his own campaign and the payment by the candidate of a filing fee for any party nomination method.

"Coordinated" or "coordination" ~~refers to an expenditure that is made (i) at the express request or suggestion of a candidate, a candidate's campaign committee, or an agent of the candidate or his campaign committee or (ii) with material involvement of the candidate, a candidate's campaign committee, or an agent of the candidate or his campaign committee in devising the strategy, content, means of dissemination, or timing of the expenditure; means:~~

1. The republication of campaign materials originally published by a campaign committee or political party committee unless such republication is used to oppose the candidate or political party whose committee originally published the materials.

2. An expenditure that meets at least one of the conduct standards described in subdivision a and one of the content standards described in subdivision b:

a. Conduct indicative of coordination includes:

(1) Any expenditure that is not made totally independently of a candidate, candidate committee, or political party committee;

(2) During the two years preceding the expenditure, the candidate, his immediate family, or his campaign committee or a political party committee directly or indirectly established, maintained, controlled, or principally funded the person or committee making an expenditure;

(3) During the two years preceding the expenditure, a candidate, candidate committee, or political party committee solicited funds for the person or committee making an expenditure, provided fundraising information to the person or committee making an expenditure, appeared as a speaker at a fundraiser for the person or committee making an expenditure, or gave permission to be featured in the fundraising efforts of the person or committee making an expenditure;

(4) The expenditure is based on information about the candidate's or party's campaign needs that the candidate, candidate committee, or political party committee provided to the person or committee making an expenditure; or

INTRODUCED

HB2484

(5) During the two years preceding the expenditure, the person or committee making the expenditure employed the services of a person who, during the same period, had executive or managerial authority for the candidate, candidate campaign committee, or political party committee; was authorized to raise or expend funds for the candidate, candidate campaign committee, or political party committee; or provided the candidate, candidate campaign committee, or political party committee with professional services, other than accounting or legal services, related to campaign or fundraising strategy. However, expenditures involving former employees or common agents of a candidate, campaign committee, or political party committee are not indicative of coordination if the person or committee making the expenditure implements an effective firewall. A person or committee who relies upon a firewall bears the burden of proof of showing that the firewall was effective. A firewall shall (i) separate staff who provide a service to the person or committee making the expenditure in relation to its expenditures from other staff who provide services to a candidate, campaign committee, or political party committee who are supported by the person or committee making the expenditure; (ii) forbid the owners, executives, managers, and supervisors of the person or committee making the expenditure from simultaneously overseeing the work of staff separated by a firewall; (iii) prohibit the flow of strategic nonpublic information between the person or committee making the expenditure and the candidate or party supported by the covered expenditure, and between specific staff who are separated by the firewall; (iv) provide for physical and technological separation to ensure that strategic nonpublic information does not flow between the person or committee making the expenditure and the candidate, campaign committee, or political party committee, and between the specific staff separated by the firewall; and (v) be in writing and distributed to all relevant employees and consultants before any relevant work is performed regarding both the general firewall policy and any specific firewall created pursuant to such a policy, and be provided to the State Board upon request.

b. Content indicative of coordination includes:

(1) With regard to a candidate or campaign committee, an advertisement or electioneering communication as defined in § 24.2-955.1;

(2) With regard to a political party committee, a public communication advocating for or against a political party, or referring to a political party, at any time from 120 days before a primary election or nominating caucus or convention through the general election;

(3) An expenditure for partisan voter activity, including voter registration, get-out-the-vote activity, phone banking, or generic campaign activity, in the jurisdiction where the candidate is seeking election; or

(4) An expenditure for design or production costs, polling expenses, data analytics, creating or purchasing mailing or social media lists, or other activities related to those defined in subdivision (1), (2), or (3).

"Coordinated" or "coordination" does not include an expenditure for a communication that appears in a news story, commentary, or editorial or an expenditure for a candidate debate or forum.

"Designated contribution" means a contribution that is designated specifically and in writing for a particular candidate or candidates and that is made using a political committee solely as a conduit.

"Expenditure" means money and services of any amount, and any other thing of value, paid, loaned, provided, or in any other way disbursed by any candidate, campaign committee, political committee, or person for the purpose of expressly advocating the election or defeat of a clearly identified candidate or by any inaugural committee for the purpose of defraying the costs of the inauguration of a Governor, Lieutenant Governor, or Attorney General.

"Federal political action committee" means any political action committee registered with the Federal Election Commission that makes contributions to candidates or political committees registered in Virginia.

"Inaugural committee" means any organization, person, or group of persons that anticipates receiving contributions or making expenditures, from other than publicly appropriated funds, for the inauguration of the Governor, Lieutenant Governor, or Attorney General and related activities.

"Independent expenditure" means an expenditure made by any person, candidate campaign committee, or political committee that is not made to, controlled by, coordinated with, or made with the authorization of a candidate, his campaign committee, or an agent of the candidate or his campaign committee. "Independent expenditure" includes an expenditure made by a candidate campaign committee (i) that is not related to the candidate's own campaign and (ii) that is not made to, controlled by, coordinated with, or made with the authorization of a different candidate, his campaign committee, or an agent of that candidate or his campaign committee.

"In-kind contribution" means the donation of goods, services, property, or other thing of value, other than money, including an expenditure controlled by, coordinated with, or made upon the authorization of a candidate, his campaign committee, or an agent of the candidate or his campaign committee, that is provided for free or less than the usual and normal charge. The basis for arriving at the dollar value of an in-kind contribution is as follows: new items are valued at retail value; used items are valued at fair market value; and services rendered are valued at the actual cost of service per hour. Services shall not be deemed to include personal services voluntarily rendered for which no compensation is asked or given.

"Out-of-state political committee" means an entity covered by § 527 of the United States Internal Revenue

Code that is not registered as a political committee or candidate campaign committee in Virginia and that does not have as its primary purpose expressly advocating the election or defeat of a clearly identified candidate. The term shall not include a federal political action committee.

"Person" means any individual or corporation, partnership, business, labor organization, membership organization, association, cooperative, or other like entity.

"Political action committee" means any organization, person, or group of persons, established or maintained to receive and expend contributions for the primary purpose of expressly advocating the election or defeat of a clearly identified candidate. The term shall not include a campaign committee, federal political action committee, out-of-state political committee, political party committee, referendum committee, or inaugural committee.

"Political committee" means and includes any political action committee, political party committee, referendum committee, or inaugural committee. The term shall not include: (i) a federal political action committee or out-of-state political committee; (ii) a campaign committee; (iii) a political party committee exempted pursuant to § 24.2-950.1; or (iv) a person who receives no contributions from any source and whose only expenditures are made solely from his own funds and are either contributions made by him which are reportable by the recipient pursuant to this chapter or independent expenditures which are reportable by him to the extent required by § 24.2-945.2, or a combination of such reportable contributions and independent expenditures.

"Political party committee" means any state political party committee, congressional district political party committee, county or city political party committee, other election district political party committee, or organized political party group of elected officials. This definition is subject to the provisions of § 24.2-950.1

"Primary purpose" means that 50% or more of the committee's expenditures made in the form of contributions shall be made to candidate campaign committees or political committees registered in Virginia. Administrative expenditures and the transfer of funds between affiliated or connected organizations shall not be considered in determining the committee's primary purpose. The primary purpose of the committee shall not be determined on the basis of only one report or election cycle, but over the entirety of the committee's registration.

"Referendum committee" means any organization, person, group of persons, or committee, that makes expenditures in a calendar year in excess of (i) \$10,000 to advocate the passage or defeat of a statewide referendum, (ii) \$5,000 to advocate the passage or defeat of a referendum being held in two or more counties and cities, or (iii) \$1,000 to advocate the passage or defeat of a referendum held in a single county or city.

"Residence" means "residence" or "resident" as defined in § 24.2-101.

"Statewide office" means the office of Governor, Lieutenant Governor, or Attorney General.

B. For the purpose of applying the filing and reporting requirements of this chapter, *with the exception of the provisions of § 24.2-945.2 and Article 4.2 (§ 24.2-949.14 et seq.)*, the terms "person" and "political committee," shall not include an organization holding tax-exempt status under § 501(c) (3), 501(c) (4), or 501(c) (6) of the United States Internal Revenue Code which, in providing information to voters, does not advocate or endorse the election or defeat of a particular candidate, group of candidates, or the candidates of a particular political party.

"Donation" includes any such thing of value provided expressly, whether written or oral, or impliedly in such a manner where the independent expenditure committee reasonably should have understood that it was provided for the purpose of influencing the outcome of nonfederal elections in Virginia or expressly advocating for the election or defeat of a clearly identified candidate.

308 1. The report shall be filed on a "large dollar donation report" form prescribed by the State Board and

336 Independent expenditure committees required to file statements of organization or reports by this article
337 shall file all such statements and reports with the State Board by computer or electronic means in accordance
338 with the standards approved by the State Board until such time as the independent expenditure committee
339 files a final report. All such statements and reports shall be made publicly available on the Department's
340 website within 48 hours of their submission.

341 **§ 24.2-949.24. Final report requirement.**

342 Any independent expenditure committee that, after having filed a statement of organization, disbands or
343 determines it will no longer make (i) contributions to campaign committees, political action committees, or
344 political party committees or (ii) independent expenditures required to be reported pursuant to § 24.2-945.2
345 during the calendar year shall so notify the State Board. A final report shall be filed by the independent
346 expenditure committee that sets forth all receipts and disbursements not previously reported and the

348 the authorized filer or other principal officer listed on the statement of organization, that all reporting for the
349 independent expenditure committee is complete and final.

350 **§ 24.2-953.1. Failure to file the required reports; civil penalties.**

351 A. In the case of a failure to file the statement of organization for a candidate campaign committee,
352 independent expenditure committee, or political committee required by this chapter, there shall be a civil
353 penalty not to exceed \$500.

354 B. In the case of the failure to file a required report, the candidate campaign committee, independent
355 expenditure committee, or political committee shall be assessed a civil penalty not to exceed \$500. In the case
356 of the failure to file a report required pursuant to subsection D or E of § 24.2-949.6, the political action

358 required pursuant to subsection D or E of § 24.2-949.20, the independent expenditure committee shall be
359 assessed a civil penalty not to exceed \$500. In the case of a second or any subsequent such violation
360 pertaining to one election cycle, the candidate campaign committee independent expenditure committee, or
361 political committee shall be assessed a civil penalty of \$1,000 for each such failure to file.

362 C. In the case of a failure to file the report of any large pre-election contribution required by § 24.2-947.9
363 or, 24.2-949.7:1, or 24.2-949.22 or a report required pursuant to subsection D or E of § 24.2-949.6 or §
364 24.2-949.20, there shall be a rebuttable presumption that the violation was willful.

365 **§ 24.2-953.2. Late filing of required reports; civil penalties.**

366 A. In the case of the late filing of the statement of organization required by this chapter for a candidate

campaign committee, *independent expenditure committee*, or political committee, there shall be a civil penalty not to exceed \$500.

B. In the case of a late filing of a required report, the candidate campaign committee, *independent expenditure committee*, or political committee shall be assessed a civil penalty not to exceed \$500. In the case of a second or any subsequent such violation pertaining to one election cycle, the candidate campaign committee, *independent expenditure committee*, or political committee shall be assessed a civil penalty of \$1,000 for each such late filing.

§ 24.2-953.3. Incomplete reports; civil penalties.

A. In the case of a violation of this chapter that relates to the filing of an incomplete report, the violator shall be subject to a civil penalty not to exceed \$500 unless a greater penalty is imposed pursuant to this section. However, the civil penalty shall in no case exceed \$500 unless the total of the filer's reportable contributions or the total of the filer's reportable expenditures is \$10,000 or more.

B. Prior to assessing a penalty pursuant to this section for the filing of an incomplete report, the Commissioner of Elections or the general registrar shall notify, by certified mail, the candidate and treasurer, *authorized filer or independent expenditure committee*, or person or political committee required to file a report with that board, that a filed report has not been completed, citing the omissions from the report. No penalty shall be assessed if the information required to complete the report is filed within 10 days of the date of mailing the written notice.

C. If the information required to complete the report is not filed within the 10-day period, the Commissioner of Elections or the general registrar shall then assess against the candidate and treasurer, who shall be jointly and severally liable, *authorized filer or independent expenditure committee*, or person or political committee required to file a report, a civil penalty not to exceed \$500. The Commissioner of Elections or the general registrar shall consider the following factors in determining the civil penalty assessed: the number of omissions, the amount of money involved, and the proportion of contributions or expenditures containing omissions.

D. The Commissioner of Elections or the general registrar may grant an additional period for compliance, not to exceed two weeks, to permit the completion of a filed report for good cause shown and in response to a request filed within the 10-day period. However, no additional period shall be granted thereafter for compliance.

E. The civil penalty assessed for filing an incomplete report shall be increased by \$500 every 60 days following the date for compliance established pursuant to this section and until compliance is complete. If the failure to comply continues for more than 120 days following the date for compliances established pursuant to this section, there shall be a rebuttable presumption that the violation was willful, and the matter shall be forwarded to the appropriate attorney for the Commonwealth.

F. The civil penalty assessed for filing any subsequent incomplete report (i) that is filed more than 20 days after notice has been given of a violation or (ii) that is filed during the 60 days prior to the elections for which the person is a candidate shall be \$1,000.

G. The State Board shall notify the public through its official Internet website of a failure to file a complete report by a candidate for statewide office or the General Assembly and the identity of the violator following the date for compliance established pursuant to this section.

§ 24.2-953.6. Contributions from unregistered independent expenditure committees; civil penalty.

A. Any candidate for Governor, Lieutenant Governor, Attorney General, or the General Assembly whose campaign committee knowingly accepts, or any contributor who knowingly makes to such candidate, contributions prohibited by § 24.2-949.15 shall be subject to a civil penalty of up to four times the amount by which the contribution exceeds the limit. The State Board shall assess and collect such civil penalties, which shall be payable to the State Treasurer for deposit to the general fund.

B.
