ORIGINAL

Bill Number: HB2440 **Patron:** Scott, P.A.
Bill Title: Health education and family life education; certain videos and animations relating to human development inside the uterus.

Bill Summary: Requires health education instruction to include an oral, written, or digital lesson, lecture, or presentation about human biology relating to pregnancy and human development inside the uterus, including (i) a high-definition ultrasound video, at least three minutes in duration, showing the development of the brain, heart, sex organs, and other vital organs in early fetal development and (ii) a high-quality, computer-generated rendering or animation showing the process of fertilization and every stage of human development inside the uterus, noting significant markers in cell growth and organ development for each significant marker of pregnancy until birth. The bill requires any family life education curriculum or similar curriculum offered by a local school division that includes any oral, written, or digital lesson, lecture, or presentation about sexual activity and pregnancy in the context of student health or healthy relationships to also include such a video and rendering or animation.

Budget Amendment Necessary: No **Items Impacted:** None

Explanation: There is no anticipated state fiscal impact as a result of the provisions of this bill. Any impact to local school divisions is indeterminate.

Fiscal Summary: See below
