

25104589D

HOUSE BILL NO. 2610

Offered January 13, 2025

A BILL to amend and reenact § 32.1-325 of the Code of Virginia and to amend the Code of Virginia by adding a section numbered 32.1-325.5, relating to Department of Medical Assistance Services; state pharmacy benefits manager.

Patrons—Callsen, Cole, Kilgore, Wachsmann, Anthony, Arnold, Austin, Bennett-Parker, Clark, Convirs-Fowler, Cousins, Feggans, Glass, Henson, Hernandez, Hodges, Keys-Gamarra, LeVere Bolling, Martinez, Morefield, O'Quinn, Price, Rasoul, Shin, Watts, Willett and Williams; Senator: Srinivasan

Referred to Committee on Health and Human Services

Be it enacted by the General Assembly of Virginia:

1. That § 32.1-325 of the Code of Virginia is amended and reenacted and that the Code of Virginia is amended by adding a section numbered 32.1-325.5 as follows:

§ 32.1-325. Board to submit plan for medical assistance services to U.S. Secretary of Health and Human Services pursuant to federal law; administration of plan; contracts with health care providers.

A. The Board, subject to the approval of the Governor, is authorized to prepare, amend from time to time, and submit to the U.S. Secretary of Health and Human Services a state plan for medical assistance services pursuant to Title XIX of the United States Social Security Act and any amendments thereto. The Board shall include in such plan:

1. A provision for payment of medical assistance on behalf of individuals, up to the age of 21, placed in foster homes or private institutions by private, nonprofit agencies licensed as child-placing agencies by the Department of Social Services or placed through state and local subsidized adoptions to the extent permitted under federal statute;

2. A provision for determining eligibility for benefits for medically needy individuals which disregards from countable resources an amount not in excess of \$3,500 for the individual and an amount not in excess of \$3,500 for his spouse when such resources have been set aside to meet the burial expenses of the individual or his spouse. The amount disregarded shall be reduced by (i) the face value of life insurance on the life of an individual owned by the individual or his spouse if the cash surrender value of such policies has been excluded from countable resources and (ii) the amount of any other revocable or irrevocable trust, contract, or other arrangement specifically designated for the purpose of meeting the individual's or his spouse's burial expenses;

3. A requirement that, in determining eligibility, a home shall be disregarded. For those medically needy persons whose eligibility for medical assistance is required by federal law to be dependent on the budget methodology for Aid to Families with Dependent Children, a home means the house and lot used as the principal residence and all contiguous property. For all other persons, a home shall mean the house and lot used as the principal residence, as well as all contiguous property, as long as the value of the land, exclusive of the lot occupied by the house, does not exceed \$5,000. In any case in which the definition of home as provided here is more restrictive than that provided in the state plan for medical assistance services in Virginia as it was in effect on January 1, 1972, then a home means the house and lot used as the principal residence and all contiguous property essential to the operation of the home regardless of value;

4. A provision for payment of medical assistance on behalf of individuals up to the age of 21, who are Medicaid eligible, for medically necessary stays in acute care facilities in excess of 21 days per admission;

5. A provision for deducting from an institutionalized recipient's income an amount for the maintenance of the individual's spouse at home;

6. A provision for payment of medical assistance on behalf of pregnant women which provides for payment for inpatient postpartum treatment in accordance with the medical criteria outlined in the most current version of or an official update to the "Guidelines for Perinatal Care" prepared by the American Academy of Pediatrics and the American College of Obstetricians and Gynecologists or the "Standards for Obstetric-Gynecologic Services" prepared by the American College of Obstetricians and Gynecologists. Payment shall be made for any postpartum home visit or visits for the mothers and the children which are within the time periods recommended by the attending physicians in accordance with and as indicated by such Guidelines or Standards. For the purposes of this subdivision, such Guidelines or Standards shall include any changes thereto within six months of the publication of such Guidelines or Standards or any official amendment thereto;

7. A provision for the payment for family planning services on behalf of women who were Medicaid-eligible for prenatal care and delivery as provided in this section at the time of delivery. Such family planning services shall begin with delivery and continue for a period of 24 months, if the woman continues to meet the

2/5/25 11:00

57 financial eligibility requirements for a pregnant woman under Medicaid. For the purposes of this section,
58 family planning services shall not cover payment for abortion services and no funds shall be used to perform,
59 assist, encourage or make direct referrals for abortions;

60 8. A provision for payment of medical assistance for high-dose chemotherapy and bone marrow
61 transplants on behalf of individuals over the age of 21 who have been diagnosed with lymphoma, breast
62 cancer, myeloma, or leukemia and have been determined by the treating health care provider to have a
63 performance status sufficient to proceed with such high-dose chemotherapy and bone marrow transplant.
64 Appeals of these cases shall be handled in accordance with the Department's expedited appeals process;

65 9. A provision identifying entities approved by the Board to receive applications and to determine
66 eligibility for medical assistance, which shall include a requirement that such entities (i) obtain accurate
67 contact information, including the best available address and telephone number, from each applicant for
68 medical assistance, to the extent required by federal law and regulations, and (ii) provide each applicant for
69 medical assistance with information about advance directives pursuant to Article 8 (§ 54.1-2981 et seq.) of
70 Chapter 29 of Title 54.1, including information about the purpose and benefits of advance directives and how
71 the applicant may make an advance directive;

72 10. A provision for breast reconstructive surgery following the medically necessary removal of a breast
73 for any medical reason. Breast reductions shall be covered, if prior authorization has been obtained, for all
74 medically necessary indications. Such procedures shall be considered noncosmetic;

75 11. A provision for payment of medical assistance for annual pap smears;

76 12. A provision for payment of medical assistance services for prostheses following the medically
77 necessary complete or partial removal of a breast for any medical reason;

78 13. A provision for payment of medical assistance which provides for payment for 48 hours of inpatient
79 treatment for a patient following a radical or modified radical mastectomy and 24 hours of inpatient care
80 following a total mastectomy or a partial mastectomy with lymph node dissection for treatment of disease or
81 trauma of the breast. Nothing in this subdivision shall be construed as requiring the provision of inpatient
82 coverage where the attending physician in consultation with the patient determines that a shorter period of
83 hospital stay is appropriate;

84 14. A requirement that certificates of medical necessity for durable medical equipment and any supporting
85 verifiable documentation shall be signed, dated, and returned by the physician, physician assistant, or
86 advanced practice registered nurse and in the durable medical equipment provider's possession within 60 days
87 from the time the ordered durable medical equipment and supplies are first furnished by the durable medical
88 equipment provider;

89 15. A provision for payment of medical assistance to (i) persons age 50 and over and (ii) persons age 40
90 and over who are at high risk for prostate cancer, according to the most recent published guidelines of the
91 American Cancer Society, for one PSA test in a 12-month period and digital rectal examinations, all in
92 accordance with American Cancer Society guidelines. For the purpose of this subdivision, "PSA testing"
93 means the analysis of a blood sample to determine the level of prostate specific antigen;

94 16. A provision for payment of medical assistance for low-dose screening mammograms for determining
95 the presence of occult breast cancer. Such coverage shall make available one screening mammogram to
96 persons age 35 through 39, one such mammogram biennially to persons age 40 through 49, and one such
97 mammogram annually to persons age 50 and over. The term "mammogram" means an X-ray examination of
98 the breast using equipment dedicated specifically for mammography, including but not limited to the X-ray
99 tube, filter, compression device, screens, film and cassettes, with an average radiation exposure of less than
100 one rad mid-breast, two views of each breast;

101 17. A provision, when in compliance with federal law and regulation and approved by the Centers for
102 Medicare & Medicaid Services (CMS), for payment of medical assistance services delivered to
103 Medicaid-eligible students when such services qualify for reimbursement by the Virginia Medicaid program
104 and may be provided by school divisions, regardless of whether the student receiving care has an
105 individualized education program or whether the health care service is included in a student's individualized
106 education program. Such services shall include those covered under the state plan for medical assistance
107 services or by the Early and Periodic Screening, Diagnostic, and Treatment (EPSDT) benefit as specified in §
108 1905(r) of the federal Social Security Act, and shall include a provision for payment of medical assistance for
109 health care services provided through telemedicine services, as defined in § 38.2-3418.16. No health care
110 provider who provides health care services through telemedicine shall be required to use proprietary
111 technology or applications in order to be reimbursed for providing telemedicine services;

112 18. A provision for payment of medical assistance services for liver, heart and lung transplantation
113 procedures for individuals over the age of 21 years when (i) there is no effective alternative medical or
114 surgical therapy available with outcomes that are at least comparable; (ii) the transplant procedure and
115 application of the procedure in treatment of the specific condition have been clearly demonstrated to be
116 medically effective and not experimental or investigational; (iii) prior authorization by the Department of
117 Medical Assistance Services has been obtained; (iv) the patient selection criteria of the specific transplant

118 center where the surgery is proposed to be performed have been used by the transplant team or program to
 119 determine the appropriateness of the patient for the procedure; (v) current medical therapy has failed and the
 120 patient has failed to respond to appropriate therapeutic management; (vi) the patient is not in an irreversible
 121 terminal state; and (vii) the transplant is likely to prolong the patient's life and restore a range of physical and
 122 social functioning in the activities of daily living;

123 19. A provision for payment of medical assistance for colorectal cancer screening, specifically screening
 124 with an annual fecal occult blood test, flexible sigmoidoscopy or colonoscopy, or in appropriate
 125 circumstances radiologic imaging, in accordance with the most recently published recommendations
 126 established by the American College of Gastroenterology, in consultation with the American Cancer Society,
 127 for the ages, family histories, and frequencies referenced in such recommendations;

128 20. A provision for payment of medical assistance for custom ocular prostheses;

129 21. A provision for payment for medical assistance for infant hearing screenings and all necessary
 130 audiological examinations provided pursuant to § 32.1-64.1 using any technology approved by the United
 131 States Food and Drug Administration, and as recommended by the national Joint Committee on Infant
 132 Hearing in its most current position statement addressing early hearing detection and intervention programs.
 133 Such provision shall include payment for medical assistance for follow-up audiological examinations as
 134 recommended by a physician, physician assistant, advanced practice registered nurse, or audiologist and
 135 performed by a licensed audiologist to confirm the existence or absence of hearing loss;

136 22. A provision for payment of medical assistance, pursuant to the Breast and Cervical Cancer Prevention
 137 and Treatment Act of 2000 (P.L. 106-354), for certain women with breast or cervical cancer when such
 138 women (i) have been screened for breast or cervical cancer under the Centers for Disease Control and
 139 Prevention (CDC) Breast and Cervical Cancer Early Detection Program established under Title XV of the
 140 Public Health Service Act; (ii) need treatment for breast or cervical cancer, including treatment for a
 141 precancerous condition of the breast or cervix; (iii) are not otherwise covered under creditable coverage, as
 142 defined in § 2701 (c) of the Public Health Service Act; (iv) are not otherwise eligible for medical assistance
 143 services under any mandatory categorically needy eligibility group; and (v) have not attained age 65. This
 144 provision shall include an expedited eligibility determination for such women;

145 23. A provision for the coordinated administration, including outreach, enrollment, re-enrollment and
 146 services delivery, of medical assistance services provided to medically indigent children pursuant to this
 147 chapter, which shall be called Family Access to Medical Insurance Security (FAMIS) Plus and the FAMIS
 148 Plan program in § 32.1-351. A single application form shall be used to determine eligibility for both
 149 programs;

150 24. A provision, when authorized by and in compliance with federal law, to establish a public-private
 151 long-term care partnership program between the Commonwealth of Virginia and private insurance companies
 152 that shall be established through the filing of an amendment to the state plan for medical assistance services
 153 by the Department of Medical Assistance Services. The purpose of the program shall be to reduce Medicaid
 154 costs for long-term care by delaying or eliminating dependence on Medicaid for such services through
 155 encouraging the purchase of private long-term care insurance policies that have been designated as qualified
 156 state long-term care insurance partnerships and may be used as the first source of benefits for the participant's
 157 long-term care. Components of the program, including the treatment of assets for Medicaid eligibility and
 158 estate recovery, shall be structured in accordance with federal law and applicable federal guidelines;

159 25. A provision for the payment of medical assistance for otherwise eligible pregnant women during the
 160 first five years of lawful residence in the United States, pursuant to § 214 of the Children's Health Insurance
 161 Program Reauthorization Act of 2009 (P.L. 111-3);

162 26. A provision for the payment of medical assistance for medically necessary health care services
 163 provided through telemedicine services, as defined in § 38.2-3418.16, regardless of the originating site or
 164 whether the patient is accompanied by a health care provider at the time such services are provided. No health
 165 care provider who provides health care services through telemedicine services shall be required to use
 166 proprietary technology or applications in order to be reimbursed for providing telemedicine services.

167 For the purposes of this subdivision, a health care provider duly licensed by the Commonwealth who
 168 provides health care services exclusively through telemedicine services shall not be required to maintain a
 169 physical presence in the Commonwealth to be considered an eligible provider for enrollment as a Medicaid
 170 provider.

171 For the purposes of this subdivision, a telemedicine services provider group with health care providers
 172 duly licensed by the Commonwealth shall not be required to have an in-state service address to be eligible to
 173 enroll as a Medicaid vendor or Medicaid provider group.

174 For the purposes of this subdivision, "originating site" means any location where the patient is located,
 175 including any medical care facility or office of a health care provider, the home of the patient, the patient's
 176 place of employment, or any public or private primary or secondary school or postsecondary institution of
 177 higher education at which the person to whom telemedicine services are provided is located;

178 27. A provision for the payment of medical assistance for the dispensing or furnishing of up to a 12-month

179 supply of hormonal contraceptives at one time. Absent clinical contraindications, the Department shall not
180 impose any utilization controls or other forms of medical management limiting the supply of hormonal
181 contraceptives that may be dispensed or furnished to an amount less than a 12-month supply. Nothing in this
182 subdivision shall be construed to (i) require a provider to prescribe, dispense, or furnish a 12-month supply of
183 self-administered hormonal contraceptives at one time or (ii) exclude coverage for hormonal contraceptives
184 as prescribed by a prescriber, acting within his scope of practice, for reasons other than contraceptive
185 purposes. As used in this subdivision, "hormonal contraceptive" means a medication taken to prevent
186 pregnancy by means of ingestion of hormones, including medications containing estrogen or progesterone,
187 that is self-administered, requires a prescription, and is approved by the U.S. Food and Drug Administration
188 for such purpose;

189 28. A provision for payment of medical assistance for remote patient monitoring services provided via
190 telemedicine, as defined in § 38.2-3418.16, for (i) high-risk pregnant persons; (ii) medically complex infants
191 and children; (iii) transplant patients; (iv) patients who have undergone surgery, for up to three months
192 following the date of such surgery; and (v) patients with a chronic or acute health condition who have had
193 two or more hospitalizations or emergency department visits related to such health condition in the previous
194 12 months when there is evidence that the use of remote patient monitoring is likely to prevent readmission
195 of such patient to a hospital or emergency department. For the purposes of this subdivision, "remote patient
196 monitoring services" means the use of digital technologies to collect medical and other forms of health data
197 from patients in one location and electronically transmit that information securely to health care providers in
198 a different location for analysis, interpretation, and recommendations, and management of the patient.
199 "Remote patient monitoring services" includes monitoring of clinical patient data such as weight, blood
200 pressure, pulse, pulse oximetry, blood glucose, and other patient physiological data, treatment adherence
201 monitoring, and interactive videoconferencing with or without digital image upload;

202 29. A provision for the payment of medical assistance for provider-to-provider consultations that is no
203 more restrictive than, and is at least equal in amount, duration, and scope to, that available through the fee-
204 for-service program;

205 30. A provision for payment of the originating site fee to emergency medical services agencies for
206 facilitating synchronous telehealth visits with a distant site provider delivered to a Medicaid member. As used
207 in this subdivision, "originating site" means any location where the patient is located, including any medical
208 care facility or office of a health care provider, the home of the patient, the patient's place of employment, or
209 any public or private primary or secondary school or postsecondary institution of higher education at which
210 the person to whom telemedicine services are provided is located;

211 31. A provision for the payment of medical assistance for targeted case management services for
212 individuals with severe traumatic brain injury;

213 32. A provision for payment of medical assistance for the initial purchase or replacement of complex
214 rehabilitative technology manual and power wheelchair bases and related accessories, as defined by the
215 Department's durable medical equipment program policy, for patients who reside in nursing facilities. Initial
216 purchase or replacement may be contingent upon (i) determination of medical necessity; (ii) requirements in
217 accordance with regulations established through the Department's durable medical equipment program
218 policy; and (iii) exclusive use by the nursing facility resident. Recipients of medical assistance shall not be
219 required to pay any deductible, coinsurance, copayment, or patient costs related to the initial purchase or
220 replacement of complex rehabilitative technology manual and power wheelchair bases and related
221 accessories; and

222 33. A provision for payment of medical assistance for remote ultrasound procedures and remote fetal non-
223 stress tests. Such provision shall utilize established CPT codes for these procedures and shall apply when the
224 patient is in a residence or other off-site location from the patient's provider that provides the same standard
225 of care. The provision shall provide for reimbursement only when a provider uses digital technology (i) to
226 collect medical and other forms of health data from a patient and electronically transmit that information
227 securely to a health care provider in a different location for interpretation and recommendation; (ii) that is
228 compliant with the federal Health Insurance Portability and Accountability Act of 1996 (42 U.S.C. § 1320d
229 et seq.); and (iii) that is approved by the U.S. Food and Drug Administration. For fetal non-stress tests under
230 CPT Code 59025, the provision shall provide for reimbursement only if such test (a) is conducted with a
231 place of service modifier for at-home monitoring and (b) uses remote monitoring solutions that are approved
232 by the U.S. Food and Drug Administration for on-label use to monitor fetal heart rate, maternal heart rate,
233 and uterine activity.

234 B. In preparing the plan, the Board shall:

235 1. Work cooperatively with the State Board of Health to ensure that quality patient care is provided and
236 that the health, safety, security, rights and welfare of patients are ensured.

237 2. Initiate such cost containment or other measures as are set forth in the appropriation act.

238 3. Make, adopt, promulgate and enforce such regulations as may be necessary to carry out the provisions
239 of this chapter.

240 4. Examine, before acting on a regulation to be published in the Virginia Register of Regulations pursuant

241 to § 2.2-4007.05, the potential fiscal impact of such regulation on local boards of social services. For
 242 regulations with potential fiscal impact, the Board shall share copies of the fiscal impact analysis with local
 243 boards of social services prior to submission to the Registrar. The fiscal impact analysis shall include the
 244 projected costs/savings to the local boards of social services to implement or comply with such regulation
 245 and, where applicable, sources of potential funds to implement or comply with such regulation.

246 5. Incorporate sanctions and remedies for certified nursing facilities established by state law, in
 247 accordance with 42 C.F.R. § 488.400 et seq., Enforcement of Compliance for Long-Term Care Facilities
 248 With Deficiencies.

249 6. On and after July 1, 2002, require that a prescription benefit card, health insurance benefit card, or other
 250 technology that complies with the requirements set forth in § 38.2-3407.4:2 be issued to each recipient of
 251 medical assistance services, and shall upon any changes in the required data elements set forth in subsection
 252 A of § 38.2-3407.4:2, either reissue the card or provide recipients such corrective information as may be
 253 required to electronically process a prescription claim.

254 C. In order to enable the Commonwealth to continue to receive federal grants or reimbursement for
 255 medical assistance or related services, the Board, subject to the approval of the Governor, may adopt,
 256 regardless of any other provision of this chapter, such amendments to the state plan for medical assistance
 257 services as may be necessary to conform such plan with amendments to the United States Social Security Act
 258 or other relevant federal law and their implementing regulations or constructions of these laws and
 259 regulations by courts of competent jurisdiction or the United States Secretary of Health and Human Services.

260 In the event conforming amendments to the state plan for medical assistance services are adopted, the
 261 Board shall not be required to comply with the requirements of Article 2 (§ 2.2-4006 et seq.) of Chapter 40 of
 262 Title 2.2. However, the Board shall, pursuant to the requirements of § 2.2-4002, (i) notify the Registrar of
 263 Regulations that such amendment is necessary to meet the requirements of federal law or regulations or
 264 because of the order of any state or federal court, or (ii) certify to the Governor that the regulations are
 265 necessitated by an emergency situation. Any such amendments that are in conflict with the Code of Virginia
 266 shall only remain in effect until July 1 following adjournment of the next regular session of the General
 267 Assembly unless enacted into law.

268 D. The Director of Medical Assistance Services is authorized to:

269 1. Administer such state plan and receive and expend federal funds therefor in accordance with applicable
 270 federal and state laws and regulations; and enter into all contracts necessary or incidental to the performance
 271 of the Department's duties and the execution of its powers as provided by law.

272 2. Enter into agreements and contracts with medical care facilities, physicians, dentists and other health
 273 care providers where necessary to carry out the provisions of such state plan. Any such agreement or contract
 274 shall terminate upon conviction of the provider of a felony. In the event such conviction is reversed upon
 275 appeal, the provider may apply to the Director of Medical Assistance Services for a new agreement or
 276 contract. Such provider may also apply to the Director for reconsideration of the agreement or contract
 277 termination if the conviction is not appealed, or if it is not reversed upon appeal.

278 3. Refuse to enter into or renew an agreement or contract, or elect to terminate an existing agreement or
 279 contract, with any provider who has been convicted of or otherwise pled guilty to a felony, or pursuant to
 280 Subparts A, B, and C of 42 C.F.R. Part 1002, and upon notice of such action to the provider as required by 42
 281 C.F.R. § 1002.212.

282 4. Refuse to enter into or renew an agreement or contract, or elect to terminate an existing agreement or
 283 contract, with a provider who is or has been a principal in a professional or other corporation when such
 284 corporation has been convicted of or otherwise pled guilty to any violation of § 32.1-314, 32.1-315, 32.1-316,
 285 or 32.1-317, or any other felony or has been excluded from participation in any federal program pursuant to
 286 42 C.F.R. Part 1002.

287 5. Terminate or suspend a provider agreement with a home care organization pursuant to subsection E of §
 288 32.1-162.13.

289 For the purposes of this subsection, "provider" may refer to an individual or an entity.

290 E. In any case in which a Medicaid agreement or contract is terminated or denied to a provider pursuant to
 291 subsection D, the provider shall be entitled to appeal the decision pursuant to 42 C.F.R. § 1002.213 and to a
 292 post-determination or post-denial hearing in accordance with the Administrative Process Act (§ 2.2-4000 et
 293 seq.). All such requests shall be in writing and be received within 15 days of the date of receipt of the notice.

294 The Director may consider aggravating and mitigating factors including the nature and extent of any
 295 adverse impact the agreement or contract denial or termination may have on the medical care provided to
 296 Virginia Medicaid recipients. In cases in which an agreement or contract is terminated pursuant to subsection
 297 D, the Director may determine the period of exclusion and may consider aggravating and mitigating factors to
 298 lengthen or shorten the period of exclusion, and may reinstate the provider pursuant to 42 C.F.R. § 1002.215.

299 F. When the services provided for by such plan are services which a marriage and family therapist,
 300 clinical psychologist, clinical social worker, professional counselor, or clinical nurse specialist is licensed to
 301 render in Virginia, the Director shall contract with any duly licensed marriage and family therapist, duly

302 licensed clinical psychologist, licensed clinical social worker, licensed professional counselor or licensed
 303 clinical nurse specialist who makes application to be a provider of such services, and thereafter shall pay for
 304 covered services as provided in the state plan. The Board shall promulgate regulations which reimburse
 305 licensed marriage and family therapists, licensed clinical psychologists, licensed clinical social workers,
 306 licensed professional counselors and licensed clinical nurse specialists at rates based upon reasonable criteria,
 307 including the professional credentials required for licensure.

308 G. The Board shall prepare and submit to the Secretary of the United States Department of Health and
 309 Human Services such amendments to the state plan for medical assistance services as may be permitted by
 310 federal law to establish a program of family assistance whereby children over the age of 18 years shall make
 311 reasonable contributions, as determined by regulations of the Board, toward the cost of providing medical
 312 assistance under the plan to their parents.

313 H. The Department of Medical Assistance Services shall:

314 1. Include in its provider networks and all of its health maintenance organization contracts a provision for
 315 the payment of medical assistance on behalf of individuals up to the age of 21 who have special needs and
 316 who are Medicaid eligible, including individuals who have been victims of child abuse and neglect, for
 317 medically necessary assessment and treatment services, when such services are delivered by a provider which
 318 specializes solely in the diagnosis and treatment of child abuse and neglect, or a provider with comparable
 319 expertise, as determined by the Director.

320 2. Amend the Medallion II waiver and its implementing regulations to develop and implement an
 321 exception, with procedural requirements, to mandatory enrollment for certain children between birth and age
 322 three certified by the Department of Behavioral Health and Developmental Services as eligible for services
 323 pursuant to Part C of the Individuals with Disabilities Education Act (20 U.S.C. § 1471 et seq.).

324 3. Utilize, to the extent practicable, electronic funds transfer technology for reimbursement to contractors
 325 and enrolled providers for the provision of health care services under Medicaid and the Family Access to
 326 Medical Insurance Security Plan established under § 32.1-351.

327 4. Require any managed care organization with which the Department enters into an agreement for the
 328 provision of medical assistance services to include in any contract between the managed care organization
 329 and a pharmacy benefits manager provisions prohibiting the pharmacy benefits manager or a representative of
 330 the pharmacy benefits manager from conducting spread pricing with regards to the managed care
 331 organization's managed care plans. For the purposes of this subdivision:

332 "Pharmacy benefits management" means the administration or management of prescription drug benefits
 333 provided by a managed care organization for the benefit of covered individuals.

334 "Pharmacy benefits manager" means a person that performs pharmacy benefits management.

335 "Spread pricing" means the model of prescription drug pricing in which the pharmacy benefits manager
 336 charges a managed care plan a contracted price for prescription drugs, and the contracted price for the
 337 prescription drugs differs from the amount the pharmacy benefits manager directly or indirectly pays the
 338 pharmacist or pharmacy for pharmacist services.

339 I. The Director is authorized to negotiate and enter into agreements for services rendered to eligible
 340 recipients with special needs. The Board shall promulgate regulations regarding these special needs patients,
 341 to include persons with AIDS, ventilator-dependent patients, and other recipients with special needs as
 342 defined by the Board.

343 J. Except as provided in subdivision A 1 of § 2.2-4345, the provisions of the Virginia Public Procurement
 344 Act (§ 2.2-4300 et seq.) shall not apply to the activities of the Director authorized by subsection I of this
 345 section. Agreements made pursuant to this subsection shall comply with federal law and regulation.

346 K. When the services provided for by such plan are services by a pharmacist, pharmacy technician, or
 347 pharmacy intern (i) performed under the terms of a collaborative agreement as defined in § 54.1-3300 and
 348 consistent with the terms of a managed care contractor provider contract or the state plan or (ii) related to
 349 services and treatment in accordance with § 54.1-3303.1, the Department shall provide reimbursement for
 350 such service.

351 **§ 32.1-325.5. State pharmacy benefits manager.**

352 A. As used in this section:

353 "Pharmacy benefits manager" means the same as that term is defined in § 38.2-3465.

354 "Spread pricing" means the model of prescription drug pricing in which the pharmacy benefits manager
 355 charges a managed care plan a contracted price for prescription drugs, and the contracted price for the
 356 prescription drugs differs from the amount the pharmacy benefits manager directly or indirectly pays the
 357 pharmacist or pharmacy for pharmacist services.

358 "State pharmacy benefits manager" means the pharmacy benefits manager contracted by the Department
 359 pursuant to this section to administer pharmacy benefits for all Medicaid recipients in the Commonwealth.

360 B. By December 31, 2025, the Department shall select and contract with a single third-party
 361 administrator to serve as the state pharmacy benefits manager to administer all pharmacy benefits for
 362 Medicaid recipients, including those enrolled in a managed care organization with whom the Department

363 *contracts for the delivery of Medicaid services. Each managed care contract entered into or renewed by the*
364 *Department for the delivery of Medicaid services by a managed care organization shall require the managed*
365 *care organization to contract with and utilize the state pharmacy benefits manager for the purpose of*
366 *administering all pharmacy benefits for Medicaid recipients enrolled with the managed care organization.*
367 *C. The Department's contract with the state pharmacy benefits manager shall:*
368 *1. Establish the state pharmacy benefits manager's fiduciary duty owed to the Department;*
369 *2. Require the use of pass-through pricing;*
370 *3. Require the state pharmacy benefits manager to use the common formulary, reimbursement*
371 *methodologies, and dispensing fees established by the Department;*
372 *4. Require transparency in drug costs, rebates collected and paid, dispensing fees paid, administrative*
373 *fees, and all other charges, fees, costs, and holdbacks; and*
374 *5. Prohibit the use of spread pricing.*
375 *D. No entity contracted by the Department to act as the state pharmacy benefits manager shall have a*
376 *business conflict of interest with any Medicaid provider or vendor.*
