**Be it enacted by the General Assembly of Virginia:**

**1. That §§ 32.1-111.4:2 and 46.2-694, as it is currently effective and as it may become effective, of the Code of Virginia are amended and reenacted as follows:**

**§ 32.1-111.4:2. Regional emergency medical services councils.**

The Board shall designate 11 regional emergency medical services councils that shall be authorized to receive and disburse public funds. Each such council shall be charged with the development and implementation of an efficient and effective regional emergency medical services delivery system.

The Board shall review those agencies that were the designated regional emergency medical services councils. The Board shall, in accordance with the standards established in its regulations, review and may renew or deny applications for such designations every three years. In its discretion, the Board may establish conditions for renewal of such designations or may solicit applications for designation as a regional emergency medical services council.

Each regional emergency medical services council shall include, if available, representatives of the participating local governments, fire protection agencies, law-enforcement agencies, emergency medical services agencies, hospitals, licensed practicing physicians, emergency care nurses, mental health professionals, emergency medical services personnel, and other appropriate allied health professionals.

Each regional emergency medical services council shall adopt and revise as necessary a regional emergency medical services plan in cooperation with the Board.

The designated regional emergency services councils shall be required to match state funds with local funds obtained from private or public sources in the proportion specified in the regulations of the Board. Moneys received directly or indirectly from the Commonwealth shall not be used as matching funds. A local governing body may choose to appropriate funds for the purpose of providing matching grant funds for any designated regional emergency medical services council. However, this section shall not be construed to place any obligation on any local governing body to appropriate funds to any such council.

The Board shall promulgate, in cooperation with the Advisory Board, regulations to implement this section, which shall include, but not be limited to, requirements to ensure accountability for public funds, criteria for matching funds, and performance standards.

Twenty-eight dollars for each private passenger car that weighs more than 4,000 pounds, provided that it is not used for the transportation of passengers for compensation and is not kept or used for rent or for hire, or is not operated under a lease without a chauffeur; however, the fee provided under this subdivision shall apply to a private passenger car that weighs more than 4,000 pounds and is used as a TNC partner vehicle as defined in § 46.2-2000.

4. Thirty cents per 100 pounds or major fraction thereof for a school bus. In no case shall the fee be less than \$23 if the vehicle weighs 4,000 pounds or less or \$28 if the vehicle weighs more than 4,000 pounds.

5. Twenty-three dollars for each trailer or semitrailer designed for use as living quarters for human beings.

6. Thirteen dollars plus \$0.30 per 100 pounds or major fraction thereof for each motor vehicle, trailer, or semitrailer used as a common carrier of passengers, operating either intrastate or interstate. Interstate common carriers of interstate passengers may elect to be licensed and pay the fees prescribed in subdivision 7 on submission to the Commissioner of a declaration of operations and equipment as he may prescribe. An additional \$5 shall be charged if the motor vehicle weighs more than 4,000 pounds.

7. Thirteen dollars plus \$0.70 per 100 pounds or major fraction thereof for each motor vehicle, trailer, or semitrailer used as a common carrier of interstate passengers if election is made to be licensed under this subsection. An additional \$5 shall be charged if the motor vehicle weighs more than 4,000 pounds. In lieu of the foregoing fee of \$0.70 per 100 pounds, a motor carrier of passengers, operating two or more vehicles both within and outside the Commonwealth and registered for insurance purposes with the Surface Transportation Board of the U.S. Department of Transportation, Federal Highway Administration, may apply to the Commissioner for prorated registration. Upon the filing of such application, in such form as the Commissioner may prescribe, the Commissioner shall apportion the registration fees provided in this subsection so that the total registration fees to be paid for such vehicles of such carrier shall be that proportion of the total fees, if there were no apportionment, that the total number of miles traveled by such vehicles of such carrier within the Commonwealth bears to the total number of miles traveled by such vehicles within and outside the Commonwealth. Such total mileage in each instance is the estimated total mileage to be traveled by such vehicles during the license year for which such fees are paid, subject to the adjustment in accordance with an audit to be made by representatives of the Commissioner at the end of such license year, the expense of such audit to be borne by the carrier being audited. Each vehicle passing into or through Virginia shall be registered and licensed in Virginia and the annual registration fee to be paid for each such vehicle shall not be less than \$33. For the purpose of determining such apportioned registration fees, only those motor vehicles, trailers, or semitrailers operated both within and outside the Commonwealth shall be subject to inclusion in determining the apportionment provided for herein.

8. Thirteen dollars plus \$0.80 per 100 pounds or major fraction thereof for each motor vehicle, trailer or semitrailer kept or used for rent or for hire or operated under a lease without a chauffeur for the transportation of passengers. An additional fee of \$5 shall be charged if the vehicle weighs more than 4,000 pounds. This subdivision does not apply to vehicles used as common carriers or as TNC partner vehicles as defined in § 46.2-2000.

9. Twenty-three dollars for a taxicab or other vehicle which is kept for rent or hire operated with a chauffeur for the transportation of passengers, and which operates or should operate under permits issued by the Department as required by law. This subdivision does not apply to vehicles used as common carriers or as TNC partner vehicles as defined in § 46.2-2000.

10. Fourteen dollars for a motorcycle, with or without a sidecar. To this fee shall be added a surcharge of \$3 which shall be distributed as provided in § 46.2-1191.

10a. Twelve dollars for a moped, to be paid into the state treasury and set aside as a special fund to be used to meet the expenses of the Department.

10b. Fourteen dollars for an autocycle.

11. Twenty-three dollars for a bus used exclusively for transportation to and from church school, for the purpose of religious instruction, or church, for the purpose of divine worship. If the empty weight of the vehicle exceeds 4,000 pounds, the fee shall be \$28.

12. Thirteen dollars plus \$0.70 per 100 pounds or major fraction thereof for other passenger-carrying vehicles.

13. An additional fee of \$4.25 per year shall be charged and collected at the time of registration of each pickup or panel truck and each motor vehicle under subdivisions 1 through 12. All funds collected from \$4 of the \$4.25 fee shall be paid into the state treasury and shall be set aside as a special fund to be used only for emergency medical services purposes. The moneys in the special emergency medical services fund shall be distributed as follows:

a. Two percent shall be distributed to the State Department of Health to provide funding to the Virginia Association of Volunteer Rescue Squads to be used solely for the purpose of conducting volunteer recruitment, retention, and training activities;

b. Thirty percent shall be distributed to the State Department of Health to support (i) emergency medical services training programs (excluding advanced life support classes); (ii) advanced life support training; (iii) recruitment and retention programs (all funds for such support shall be used to recruit and retain volunteer emergency medical services personnel only, including public awareness campaigns, technical assistance

programs, and similar activities); (iv) emergency medical services system development, initiatives, and priorities based on needs identified by the State Emergency Medical Services Advisory Board; (v) local, regional, and statewide performance contracts for emergency medical services to meet the objectives stipulated in § 32.1-111.3; (vi) technology and radio communication enhancements; and (vii) improved emergency preparedness and response. *Of the funds distributed to the Department of Health pursuant to this subdivision, no less than 55 percent of such funds shall be distributed to the regional emergency medical services councils designated pursuant to § 32.1-111.4:2 for their operational support.* Any funds set aside for distribution under this provision and remaining undistributed at the end of any fiscal year shall revert to the Rescue Squad Assistance Fund;

c. Thirty-two percent shall be distributed to the Rescue Squad Assistance Fund;

d. Ten percent shall be available to the State Department of Health's Office of Emergency Medical Services for use in emergency medical services; and

e. Twenty-six percent shall be returned by the Comptroller to the locality wherein such vehicle is registered, to provide funding for training of volunteer or salaried emergency medical services personnel of nonprofit emergency medical services agencies that hold a valid license issued by the Commissioner of Health and for the purchase of necessary equipment and supplies for use in such locality for emergency medical services provided by nonprofit emergency medical services agencies that hold a valid license issued by the Commissioner of Health.

All revenues generated by the remaining \$0.25 of the \$4.25 fee approved by the 2008 Session of the General Assembly shall be deposited into the Rescue Squad Assistance Fund and used only to pay for the costs associated with the certification and recertification training of emergency medical services personnel.

The Comptroller shall clearly designate on the warrant, check, or other means of transmitting these funds that such moneys are only to be used for purposes set forth in this subdivision. Such funds shall be in addition to any local appropriations and local governing bodies shall not use these funds to supplant local funds. Each local governing body shall report annually to the Board of Health on the use of the funds returned to it pursuant to this section. In any case in which the local governing body grants the funds to a regional emergency medical services council to be distributed to the nonprofit emergency medical services agency that holds a valid license issued by the Commissioner of Health, the local governing body shall remain responsible for the proper use of the funds. If, at the end of any fiscal year, a report on the use of the funds returned to the locality pursuant to this section for that year has not been received from a local governing body, any funds due to that local governing body for the next fiscal year shall be retained until such time as the report has been submitted to the Board.

B. All motor vehicles, trailers, and semitrailers registered as provided in subsection B of § 46.2-646 shall pay a registration fee equal to one-twelfth of all fees required by subsection A of this section or § 46.2-697 for such motor vehicle, trailer, or semitrailer, computed to the nearest cent, multiplied by the number of months in the registration period for such motor vehicles, trailers, and semitrailers.

C. The manufacturer's shipping weight or scale weight shall be used for computing all fees required by this section to be based upon the weight of the vehicle.

D. The applicant for registration bears the burden of proof that the vehicle for which registration is sought is entitled by weight, design, and use to be registered at the fee tendered by the applicant to the Commissioner or to his authorized agent.
