**Bill Title:** Child support; updates amounts in the schedule of basic support obligations

**Bill Summary:** As amended, the bill changes the amounts in the schedule of basic child support obligations based upon gross monthly income and calculates such obligations for specific amounts up to a gross monthly income of \$42,500. Under current law, such child support obligations are calculated up to a gross monthly income of \$35,000. In addition, the Child Support Guidelines Review Panel, in collaboration with the Division of Child Support Enforcement, must examine the current outstanding amount of child support arrearages and make recommendations to the General Assembly about measures the General Assembly can consider regarding (i) helping child support obligors pay outstanding arrearages and (ii) whether existing penalties that place restrictions on such obligors' drivers licenses or other professional restrictions unnecessarily impair the obligor's ability to repay outstanding child support arrearages. The Child Support Guidelines Review Panel must report its conclusions to the Chairmen of the House and Senate Committees for Courts of Justice by November 15, 2025.
