

Department of Planning and Budget
2025 General Assembly Session
State Fiscal Impact Statement

PUBLISHED: 1/25/2025 12:59 PM

ORIGINAL

Bill Number: HB2463

Patron: Scott, P.A.

Bill Title: Virginia Community College System; certain dual enrollment instructors; certain flexibility in qualifications.

Bill Summary: Permits the requirement for an individual to have completed 18 credit hours of course work in the relevant career and technical education (CTE) content area in order to qualify as an instructor of CTE dual enrollment courses that are transferrable to a baccalaureate public institution of higher education in the Commonwealth to be waived in any case in which the employing comprehensive community college determines that such individual has sufficient and specific occupational experience in such content area. The bill requires each comprehensive community college in the Virginia Community College System to work with its institutional accreditor to remove any barriers to the full implementation of the aforementioned flexibility.

Budget Amendment Necessary: No

Items Impacted: None

Explanation: This bill impacts the Virginia Community College System (VCCS). The fiscal impact to VCCS is indeterminate at this time but likely absorbable.

Fiscal Summary: Because the bill permits but does not require VCCS to waive this requirement, VCCS anticipates no fiscal impact or minimal absorbable expenses as a result of the provisions of this bill.

Other: This fiscal impact statement is preliminary.
