## Department of Planning and Budget 2025 General Assembly Session State Fiscal Impact Statement

PUBLISHED: 1/30/2025 9:06 AM ORIGINAL

Bill Number: HB2774H1 Patron: Singh

**Bill Title:** School-connected overdoses; policies relating to parental notification and response;

requirements.

Bill Summary: Expands current law relating to school-connected overdoses and parental notification policies by requiring (i) each division superintendent or his designee to notify the parent of each student in the local school division of any confirmed school-connected student overdose or knowledge of a school-connected student opioid antagonist treatment within 24 hours, and requiring such notification to include any information that is available at the time, with an updated notification sent to the parent of each student in the local school division to correct any inaccuracy discovered in the prior notification, (ii) each principal, headmaster, or other chief administrator of each private elementary or secondary school in the Commonwealth or his designee to notify the parent of each student enrolled in such school of any schoolconnected student overdose or knowledge of a school-connected student opioid antagonist treatment within 24 hours, and requiring such notification to include any information that is available at the time, with an updated notification sent to the parent of each student in such school to correct any inaccuracy discovered in the prior notification, and (iii) each local school board to adopt, implement, and maintain policies consistent with the provisions of the bill and the guidelines developed by the Board of Education. The bill defines "school-connected student overdose" as any overdose of a student enrolled in a public or private elementary or secondary school in the Commonwealth that occurs on the premises of such school during regular school hours or during school-sanctioned activities whether on or off the premises of such school, and "schoolconnected student opioid antagonist treatment" as the administration of naloxone, another opioid antagonist, or another similar medication to a student enrolled in a public or private elementary or secondary school in the Commonwealth that occurs on the premises of such school during regular school hours or during schoolsanctioned activities whether on or off the premises of such school and the intent of which is to counter or temporarily reverse the effects of an overdose.

Budget Amendment Necessary: No Items Impacted: None

**Explanation:** There is no anticipated state fiscal impact as a result of the provisions of this bill. Any impact

to local school divisions is indeterminate.
