Bill Number:HB1945EPatron:ReaserBill Title:School boards; student access to telehealth services; policies.

Bill Summary: Directs each school board to consider, for the purpose of increasing access to health care services for students, developing and implementing policies for permitting any public school student in the school division to schedule and participate in telehealth services on school property during regular school hours with parental consent. The bill requires any such policies developed and implemented by a school board to (i) require each public elementary and secondary school at which such telehealth services are provided to designate a location in the school for student use for such telehealth appointments and implement measures to ensure the safety and privacy of any student participating in a telehealth appointment, (ii) prohibit any student from being subject to any disciplinary measure or consequence for participating in a telehealth appointment during regular school hours if such student would not be subject to any disciplinary measure or consequence for an absence for the purpose of receiving any health care services in person during regular school hours, and (iii) include such other requirements as the school board deems necessary and appropriate. Finally, the bill requires any school board that develops and implements any policies for permitting students to schedule and participate in telehealth services pursuant to the bill to provide and post in a publicly accessible location on its website at the beginning of each school year guidance relating to the implementation of such policies for administrative and instructional personnel. This bill is a recommendation of the Joint Commission on Health Care.

Budget Amendment Necessary:NoItems Impacted:None.Explanation:There is no anticipated state fiscal impact as a result of the provisions of this bill. Any impact<br/>to local school divisions is indeterminate.None.

Fiscal Summary: See below.
