

VDACS indicates that all audit and inspector positions at VDACS are currently filled and the unit is at capacity regarding workload. The agency may need to hire additional positions as the number of organizations conducting bingo rises. Each additional inspector could be hired at an annual cost of \$90,328, and each additional auditor could be hired at an annual cost of \$119,364. Additional inspectors would be needed to inspect permitted communities, and additional auditors would audit the agreements between the agency and permitted communities to ensure compliance.

Department of Planning and Budget
2025 General Assembly Session
State Fiscal Impact Statement

The Department of Occupational and Professional Regulation has a Common Interest Community Board but does not anticipate any fiscal impact from this bill.

Other: None.
