Department of Planning and Budget 2025 General Assembly Session State Fiscal Impact Statement

Bill Number: HB2103E Patron: Kent

Bill Title: Board of Education; Regulations Governing Allowable Credit for Teaching Experience;

certain credit substitution allowance required.

Bill Summary: Requires the Board of Education to amend its Regulations Governing Allowable Credit for Teaching Experience for the purpose of salary placement credit to provide that teachers in the field of career and technical education, where the licensure requirement calls for occupational work experience beyond the apprenticeship level, may be allowed credit for one year of teaching experience for each two years of work experience or may be allowed credit for one year of teaching experience for each one year of work experience. The current regulation (i) permits but does not require the allowance of credit for such work experience, (ii) only permits credit for one year of teaching experience for each two years of work experience, and (iii) uses the outdated term "vocational education" instead of "career and technical education." The bill directs the Board of Education to adopt emergency regulations to implement the provisions of the bill. The provisions of the bill will not become effective unless reenacted by the 2026 Session of the General Assembly.
