**5. Summary/Purpose:**

This bill would authorize all counties and cities to, by ordinance, levy an additional local sales and use tax at a rate not to exceed one percent. The bill would also clarify that revenue from the tax could not be used to reduce, supplant, or offset any amounts of local appropriations or local funding for school related capital projects on the date such tax is first imposed in the county or city. The bill would also remove the limitation on the amount that a county may appropriate to an incorporated town not constituting a separate school district within the county that fails to comply with provisions of its charter relating to the elections of its council and mayor.

Under current law, the Counties of Charlotte, Gloucester, Halifax, Henry, Mecklenburg, Northampton, Patrick, and Pittsylvania and the City of Danville are authorized to levy the additional one percent local tax. The revenues from the tax may be used only for new construction or major renovation of schools, including bond and loan financing costs related to such construction or renovation.

Counties may not currently appropriate an amount to incorporated towns not constituting a separate school district that fails to comply with its charter provisions relating to elections that would exceed the amount the town would have received from the tax had it complied with the charter provisions. The Counties of Charlotte, Gloucester, Halifax, Henry, Mecklenburg, Northampton, Patrick, and Pittsylvania are not subject to this limitation on appropriation.

If enacted during the regular session of the 2025 General Assembly, this bill would become effective July 1, 2025.

Additional Local Sales and Use Tax to Benefit Schools

Legislation passed during the 2019 and 2020 sessions of the General Assembly authorized the Counties of Charlotte, Gloucester, Halifax, Henry, Mecklenburg, Northampton, Patrick, and Pittsylvania and the City of Danville to impose, by ordinance, an additional local sales and use tax at a rate of up to one percent as determined by its local governing body. This tax is in addition to the one percent general local sales and use tax authorized under current law.

The additional tax must first be approved by voters at a referendum and initiated by a resolution of the local governing body. Further, the tax expires on the date by which bonds or loans are repaid if the capital projects for the construction or renovation of schools are to be financed by bonds or loans; or if the capital projects for the construction or renovation of schools are not financed by bonds or loans, on a date chosen by the governing body and specified in any resolution that imposes the additional tax. The expiration date cannot be more than 20 years after the date of the resolution.

The revenues from the tax may be used only for new construction or major renovation of schools, including bond and loan financing costs related to such construction or renovation.

Appropriations to Incorporated Towns

A county is required to appropriate to incorporated towns not constituting a separate school district within the county an amount of local sales tax revenues in proportion to that town’s population of the county’s school aged population, provided that such town has complied with the charter provisions relating to the election of its council and mayor.

Where a town has not complied with such charter provisions, current law allows counties to make an appropriation of local sales tax revenues to such town in an amount not to exceed the amount the town would have been entitled to had it complied with its charter provisions. However, current law does not limit the amount that the Counties of Charlotte, Gloucester, Halifax, Henry, Mecklenburg, Northampton, Patrick, and Pittsylvania may appropriate to such towns.

### Proposal

This bill would authorize all counties and cities to, by ordinance, levy an additional local sales and use tax at a rate not to exceed one percent. The bill would also clarify that revenue from the tax could not be used to reduce, supplant, or offset any amounts of local appropriations or local funding for school related capital projects on the date such tax is first imposed in the county or city. The bill would also remove the limitation on the amount that a county may appropriate to an incorporated town not constituting a separate school district within the county that fails to comply with provisions of its charter relating to the elections of its council and mayor.

If enacted during the regular session of the 2025 General Assembly, this bill would become effective July 1, 2025.
