Department of Planning and Budget 2025 General Assembly Session State Fiscal Impact Statement

PUBLISHED: 2/11/2025 12:37 PM ORIGINAL

Bill Number: HB1876S1 Patron: Callsen

Bill Title: Carrying a firearm or explosive material within Capitol Square or building owned or leased

by the Commonwealth; exemptions; public institutions of higher education; penalty.

Bill Summary: The bill permits the governing board of a public institution of higher education to adopt a policy prohibiting the carrying of any firearm, ammunition, or components or combination thereof within any building owned or operated by such public institution of higher education.

Budget Amendment Necessary: Yes, Department **Items Impacted:** Item 390

of Corrections

Explanation: This bill may increase the prison population. The Virginia Criminal Sentencing Commission

(VCSC) has concluded that an impact on prison bed space cannot be determined, therefore, Chapter 2, 2024 Acts of Assembly, Special Session I, requires a minimum impact of \$50,000

be assigned to the bill.

Fiscal Summary: This bill could increase the prison population by expanding the scope of a Class 1 misdemeanor. Offenders convicted of three or more Class 1 misdemeanors who accumulate three or more weapon convictions may be found guilty of a Class 6 felony. As a result, this bill could lead to an increase in the number of persons sentenced to jail or prison. VCSC has concluded that an impact on prison bed space cannot be determined, therefore, Chapter 2, 2024 Acts of Assembly, Special Session I, requires a minimum impact of \$50,000 be assigned to the bill.

General Fund Expenditure Impact:

<u>Agency</u>	FY2025	<u>FY2026</u>	<u>FY2027</u>	<u>FY2028</u>	<u>FY2029</u>	<u>FY2030</u>
Department of Corrections		\$50,000				
TOTAL		\$50,000				

Fiscal Analysis:

The bill authorizes additional restrictions to possess weapons at a public institution of higher education, therefore it potentially expands the applicability of the existing Class 1 misdemeanor. Additionally, offenders that are convicted three or more Class 1 misdemeanors who accumulate three or more weapon convictions could be found guilty of a Class 6 felony.

Department of Planning and Budget 2025 General Assembly Session State Fiscal Impact Statement

Therefore, this proposal could result in an increase in the number of persons sentenced to jail or prison. Anyone convicted of a Class 1 misdemeanor is subject to a sentence of up to 12 months in jail and a fine of not more than \$2,500, either or both. There is not enough information available to reliably estimate the increase in jail population as a result of this proposal. However, any increase in jail population will increase costs to the state. The Commonwealth currently pays localities \$5.00 a day for each misdemeanant or otherwise local-responsible prisoner held in a jail. It also funds a large portion of the jails' operating costs, e.g., correctional officers. The state's share of these costs on a per prisoner, per day basis varies from locality to locality. However, according to the Compensation Board's most recent Jail Cost Report (November 2024), the estimated total state support for local jails averaged \$56.38 per inmate, per day in FY 2023.

For someone convicted of a Class 6 felony, a judge has the option of sentencing the offender to a term of imprisonment of not less than one year nor more than five years, or in the discretion of the jury or the court trying the case without a jury, confinement in jail for not more than 12 months and a fine of not more than \$2,500, either or both.

Due to the lack of data, the VCSC has concluded, pursuant to § 30-19.1:4 of the Code of Virginia, that the impact of the proposed legislation on state-responsible (prison) bed space cannot be determined. In such cases, Chapter 2, 2024 Acts of Assembly, Special Session I, requires that a minimum impact of \$50,000 be assigned to the bill. That appropriation shall be provided under the Department of Corrections in Item 390 of the Appropriations Act.

As the provision permitting the governing board of a public institution of higher education to adopt the policy is permissive in nature, those institutions indicate no fiscal impact from the legislation. Richard Bland College indicates no fiscal impact. Virginia Commonwealth University indicates the adoption of policies prohibiting firearms in buildings may require updates to institutional safety policies and training for enforcement, but these costs are expected to be minimal and the adoption of these policies is completely voluntary.

Other: This bill is identical to SB1182S3. This legislation is also similar to SB383 in the 2024 legislative session, which was vetoed by the Governor.
