Bill Number: SB1098S2 **Patron:** Hashmi
Bill Title: Protected health care activities; prohibition on extradition for certain crimes.

Bill Summary: The substitute bill provides that no demand for extradition of a person charged with a criminal violation of law of another state shall be recognized by the Governor if such alleged violation involves protected health care activity within the Commonwealth unless the alleged criminal violation would also constitute a criminal offense under the laws of the Commonwealth. Protected health care activity is defined in the bill as the provision or receipt, attempted provision or receipt, or assistance or attempted assistance in the provision or receipt of any health care that is lawful in the Commonwealth by a health care provider licensed under the laws of the Commonwealth and physically present in the Commonwealth.

Budget Amendment Necessary: Yes **Items Impacted:** Item 390
Explanation: See below

Fiscal Summary:

Proposal requires minimum "Woodrum" impact funding per § 30-19.1:4, Code of Virginia, to account for a possible increase in the need for state prison beds due to this legislation.

General Fund Expenditure Impact:

<u>Agency</u>	<u>FY2025</u>	<u>FY2026</u>	<u>FY2027</u>	<u>FY2028</u>	<u>FY2029</u>	<u>FY2030</u>
Dept. of Corrections		\$50,000				
TOTAL		\$50,000				

Fiscal Analysis:

This proposal expands the potential for perjury, an existing Class 5 felony. Anyone convicted of a Class 5 felony is subject to a term of imprisonment of not less than one year nor more than 10 years, or in the discretion of the jury or the court trying the case without a jury, confinement in jail for not more than 12 months and a fine of not more than \$2,500, either or both. Therefore, this proposal could result in an increase in the number of persons sentenced to jail or prison.

There is not enough information available to reliably estimate the increase in jail population as a result of this proposal. However, any increase in jail population will increase costs to the state. The Commonwealth

currently pays the localities \$5.00 a day for each misdemeanor or otherwise local-responsible prisoner held in a jail and \$15.00 a day for each state-responsible prisoner. It also funds a considerable portion of the jails' operating costs, e.g., correctional officers. The state's share of these costs on a per prisoner, per day basis varies from locality to locality. However, according to the Compensation Board's most recent Jail Cost Report (November 2024), the estimated total state support for local jails averaged \$56.38 per inmate, per day in FY 2023.

Due to the lack of data, the Virginia Criminal Sentencing Commission has concluded, pursuant to §30-19.1:4 of the Code of Virginia, that the impact of the proposed legislation on state-responsible (prison) bed space cannot be determined. In such cases, Chapter 2, 2024 Acts of Assembly, Special Session I, requires that a minimum impact of \$50,000 be assigned to the bill.
