2025 General Assembly Session
State Fiscal Impact Statement

PUBLISHED: 2/12/2025 9:46 AM

ORIGINAL

Bill Number: HB1660S1 **Patron:** Jones
Bill Title: Trigger activator definition; penalty.

Bill Summary: The substitute bill defines "trigger activator" as a conversion kit, tool, accessory, or device designed to alter the rate of fire of a semi-automatic firearm to mimic automatic weapon fire or to increase the rate of fire to a rate faster than such semi-automatic firearm can achieve when not equipped with a conversion kit, tool, accessory, or device. The substitute bill clarifies that "trigger activator" includes a bump stock, trigger crank, hellfire trigger, binary trigger system, burst trigger system, or a copy thereof. It also clarifies that a "trigger activator" does not include a semi-automatic replacement trigger, designed for use in competitive shooting, that improves performance and functionality over the stock trigger.

Budget Amendment Necessary: Yes **Items Impacted:** Item 390
Explanation: See below

Fiscal Summary:

Proposal requires minimum "Woodrum" impact funding per § 30-19.1:4, Code of Virginia, to account for a possible increase in the need for state prison beds due to this legislation.

General Fund Expenditure Impact:

<u>Agency</u>	<u>FY2025</u>	<u>FY2026</u>	<u>FY2027</u>	<u>FY2028</u>	<u>FY2029</u>	<u>FY2030</u>
Dept. of Corrections		\$50,000				
TOTAL		\$50,000				

Fiscal Analysis:

This proposal expands the applicability of an existing Class 6 felony. Anyone convicted of a class 6 felony is subject to a term of imprisonment of not less than one year nor more than five years, or in the discretion of the jury or the court trying the case without a jury, confinement in jail for not more than 12 months and a fine of not more than \$2,500, either or both. Therefore, this proposal could result in an increase in the number of persons sentenced to jail or prison.

State Fiscal Impact Statement

There is not enough information available to reliably estimate the increase in jail population as a result of this proposal. However, any increase in jail population will increase costs to the state. The Commonwealth currently pays the localities \$5.00 a day for each misdemeanor or otherwise local-responsible prisoner held in a jail and \$15.00 a day for each state-responsible prisoner. It also funds a considerable portion of the jails' operating costs, e.g., correctional officers. The state's share of these costs on a per prisoner, per day basis varies from locality to locality. However, according to the Compensation Board's most recent Jail Cost Report (November 2024), the estimated total state support for local jails averaged \$56.38 per inmate, per day in FY 2023.

Due to the lack of data, the Virginia Criminal Sentencing Commission has concluded, pursuant to §30-19.1:4 of the Code of Virginia, that the impact of the proposed legislation on state-responsible (prison) bed space cannot be determined. In such cases, Chapter 2, 2024 Acts of Assembly, Special Session I, requires that a minimum impact of \$50,000 be assigned to the bill.
