Bill Number: HB2084

Patron: Shin

Bill Title: State Corporation Commission regulatory proceeding; reasonable classifications of customers by public utilities.

Bill Summary: In an existing proceeding between January 1, 2025 and July 1, 2027, directs the State Corporation Commission to determine whether Dominion Energy and Appalachian Power Company are using rates, tolls, charges, or schedules that contain reasonable classifications of utility customers. In making this determination, the Commission shall consider whether new or separate customer classifications are reasonable.

Budget Amendment Necessary: No
