Bill Number: HB2219ER

Patron: Tran

Bill Title: Students who need or use augmentative and alternative communication; documentation of needs.

Bill Summary: Requires each school division to document on the individualized education program of a student with a disability who needs or uses augmentative and alternative communication (AAC) such student's AAC and communication access and support needs prior to the provision of instruction or support to such student, including any extended school year period. The bill defines AAC as any method or tool other than oral speech that an individual uses to communicate, including gestures, facial expressions, writing, and speech-generating devices. The bill also requires each school division to provide to each employee or contractor who provides instruction or direct support to a student with a disability who needs or uses an AAC individualized training as an assistive technology to support the student's use of AAC and to ensure that access to curricula and instruction is designed or adapted as necessary to accommodate the student's unique communication access needs. The bill also established a timeline for such training based on certain circumstances.

Budget Amendment Necessary: No

Items Impacted: None

Explanation: There is no anticipated state fiscal impact as a result of the provisions of this bill. Any impact to local school divisions is indeterminate.

Fiscal Summary: See below.
