2, 3. [Repealed.]

4. Upon the request of (i) the subject of the information, (ii) the parent of a minor who is the subject of the information, (iii) the guardian of the subject of the information, (iv) the authorized agent or representative of the subject of the information, or (v) the owner of the vehicle that is the subject of the information, the Commissioner shall provide him with the requested information and a complete explanation of it. Requests for such information need not be made in writing or in person and may be made orally or by telephone, provided that the Department is satisfied that there is adequate verification of the requester's identity. When so requested in writing by (a) the subject of the information, (b) the parent of a minor who is the subject of the information, (c) the guardian of the subject of the information, (d) the authorized agent or representative of the subject of the information, or (e) the owner of the vehicle that is the subject of the information, the Commissioner shall verify and, if necessary, correct the personal information provided and furnish driver, special identification card, or vehicle information. If the requester is requesting such information in the scope of his official business as counsel from a public defender's office or as counsel appointed by a court, such records shall be provided free of charge.

The response of the Commissioner under this subdivision shall not be admissible in evidence in any court proceedings.

6. Upon the written request of any business organization or its authorized agent, in the conduct of its business, the Commissioner shall compare personal information supplied by the requester with that contained in the Department's records and, when the information supplied by the requester is different from that contained in the Department's records, provide the requester with correct information as contained in the Department's records. Such information shall include any record of any conviction of a violation of any provision of any statute or ordinance relating to the operation or ownership of a motor vehicle or of any injury or damage in which the subject of the information was involved and a report of which was filed pursuant to § 46.2-373. No such information shall include any record of any conviction or crash more than 60 months after the date of such conviction or crash unless the Commissioner or court used the conviction or crash as a reason for the suspension or revocation of a driver's license or driving privilege, in which case the revocation or suspension and any conviction or crash pertaining thereto shall cease to be included in such information after 60 months from the date on which the driver's license or driving privilege was reinstated. The response of the Commissioner under this subdivision shall not be admissible in evidence in any court proceedings.

The Commissioner shall also provide driver, special identification card, and vehicle information as requested pursuant to this subdivision. The Commissioner may release other appropriate information to the governmental entity upon request. Upon request in accordance with this subdivision, the Commissioner shall furnish a certificate, under seal of the Department, setting forth a distinguishing number or license plate of a motor vehicle, trailer, or semitrailer, together with the name and address of its owner. The certificate shall be prima facie evidence in any court in the Commonwealth of the ownership of the vehicle, trailer, or semitrailer to which the distinguishing number or license plate has been assigned by the Department. However, the Commissioner shall not release any photographs pursuant to this subdivision unless the requester provides the depicted individual's name and other sufficient identifying information contained on such individual's record. The information in this subdivision shall be provided free of charge.

The Department shall release to a requester information that is required for a requester to carry out the requester's official functions in accordance with this subdivision. If the requester has entered into an agreement with the Department, such agreement shall be in a manner prescribed by the Department, and such agreement shall contain the legal authority that authorizes the performance of the requester's official functions and a description of how such information will be used to carry out such official functions. If the Commissioner determines that sufficient authority has not been provided by the requester to show that the purpose for which the information shall be used is one of the requester's official functions, the Commissioner shall refuse to enter into any agreement. If the requester submits a request for information in accordance with this subdivision without an existing agreement to receive the information, the request shall be in a manner prescribed by the Department, and such request shall contain the legal authority that authorizes the performance of the requester's official functions and a description of how such information will be used to carry out such official functions. If the Commissioner determines that sufficient authority has not been provided by the requester to show that the purpose for which such information shall be used is one of the requester's official functions, the Commissioner shall deny such request.

Notwithstanding the provisions of this subdivision, the Department shall not disseminate to any federal, state, or local government entity, law-enforcement officer, or law-enforcement agency any privileged information for any purposes related to civil immigration enforcement unless (i) the subject of the information provides consent or (ii) the requesting agency presents a lawful judicial order, judicial subpoena, or judicial warrant. When responding to a lawful judicial order, judicial subpoena, or judicial warrant, the Department shall disclose only those records or information specifically requested. Within three business days of receiving a request for information for the purpose of civil immigration enforcement, the Commissioner shall send a notification to the individual about whom such information was requested that such a request was made and the identity of the entity that made such request.

The Department shall not enter into any agreement pursuant to subsection E with a requester pursuant to this subdivision unless the requester certifies that the information obtained will not be used for civil immigration purposes or knowingly disseminated to any third party for any purpose related to civil immigration enforcement.

10. Upon the request of the driver licensing authority in any foreign country, the Commissioner shall provide whatever driver and vehicle information the requesting authority shall require to carry out its official functions. The information shall be provided free of charge.

32. Notwithstanding the provisions of this section other than subdivision 33, the Department shall not release, except upon request by the subject of the information, the guardian of the subject of the information, the parent of a minor who is the subject of the information, or the authorized agent of the subject of the information, or pursuant to a court order, (i) proof documents submitted for the purpose of obtaining a driving credential or a special identification card, (ii) the information in the Department's records indicating the type

of proof documentation that was provided, or (iii) applications relating to the issuance of a driving credential or a special identification card. As used in this subdivision, "proof document" means any document not originally created by the Department that is submitted to the Department for the issuance of any driving credential or special identification card. "Proof document" does not include any information contained on a driving credential or special identification card.

33. Notwithstanding the provisions of this section, the Department may release the information in the Department's records that it deems reasonable and necessary for the purpose of federal compliance audits.

34. The Department may release to a party that is subject to an administrative proceeding conducted by the Department nonmedical privileged information necessary to participate in such administrative proceeding. Such information shall be limited to matters of fact and law asserted or questioned by the Department, as are required to be provided pursuant to §§ 2.2-4019 and 2.2-4020. The Department may also release such information to other parties to the same administrative proceeding. D. Upon the receipt of a completed application and payment of applicable processing fees, the Commissioner may enter into an agreement with any governmental authority or business to exchange information specified in this section by electronic or other means.

E. The Department shall not release any privileged information pursuant to this title unless the Department has entered into a written agreement authorizing such release. The Department shall require the requesting entity to specify the purpose authorized pursuant to this title that forms the basis for the request and provide the permissible purpose as defined under 18 U.S.C. § 2721(b). Privileged information requested by an entity that has been altered or aggregated may be used only for the original purposes specified in the written agreement consistent with this title. The requesting entity shall disseminate privileged information only to third parties subject to the original purpose specified in the written agreement consistent with this title. Any agreement that does not allow third-party distribution shall include a statement that such distribution is prohibited. Such agreement may limit the scope of any authorized distribution consistent with this title. Privileged information distributed to any third party shall only be further distributed by such third party subject to the original purpose specified and consistent with this title, or unless such third party is the subject of the information, the parent of a minor who is the subject of the information, the guardian of the subject of the information, the authorized agent or representative of the subject of the information, or the owner of the vehicle that is the subject of the information.

Any agreement entered into pursuant to this subsection between the Department and the Department of State Police shall specify (i) that privileged information shall be distributed only to authorized personnel of an entity meeting the definition of a criminal justice agency as defined in § 9.1-101 and other comparable local, state, and federal criminal justice agencies and entities issued a Virginia S-Originating Agency Identification (S-ORI) status; (ii) that privileged information shall be accessed, used, and disseminated only for the administration of criminal justice as defined in § 9.1-101; and (iii) that no local, state, or federal government entity, through the Virginia Criminal Information Network (VCIN) or any other method of dissemination controlled by the Department of State Police, has access to information stored by the Department in violation of the protections contained in this section. The Department of State Police shall notify the Department prior to when a new entity is to be granted S-ORI status and provide a copy of the S-ORI application to the Department. The Department of State Police shall not allow any entity to access Department data through VCIN if the Department objects in writing to the entity obtaining such data.

The provisions of this subsection shall not apply to (a) requests for information made pursuant to subdivision B 4; (b) a request made by an entity authorized to receive privileged information pursuant to subsection B, provided that such request is made on a form provided by the Department, other than a written agreement, that requires the requester to certify that such entity is entitled to receive such information pursuant to this title, state the purpose authorized pursuant to subsection B that forms the basis for the request, explain why the information requested is necessary to accomplish the stated purpose, and certify that the information will be used only for the stated purpose and the information received shall not be disseminated to third parties unless there is authorization to do so; or (c) the release of information to a law-enforcement officer or agency during an emergency situation, provided that (1) the requesting entity is authorized to receive such information pursuant to subdivision B 9, (2) the timely release of such information is in the interest of public safety, and (3) the requesting entity completes the form required pursuant to clause (b) within 48 hours of the release of such information.

F. Any person that receives any privileged information that such person knows or has reason to know was received in violation of this title shall not disseminate any such information and shall notify the Department of the receipt of such privileged information.

G. The Department shall conduct audits annually based on a risk assessment to ensure that privileged information released by the Department pursuant to this title is being used as authorized by law and pursuant

to the agreements entered into by the Department. If the Department finds that privileged information has been used in a manner contrary to law or the relevant agreement, the Department may revoke access.

H. Any request for privileged information by an authorized agent of a governmental entity shall be governed by the provisions of subdivision B 9.

§ 46.2-1051.1. Noise abatement monitoring systems; local pilot programs; civil penalties.

A. For the purposes of this section:

"Exhaust system violation" means the operation of a passenger car that has an exhaust system that emits noise in excess of 95 A-weighted decibels (dBA) or is in violation of a local ordinance enacted pursuant to § 46.2-1051.

"Noise abatement monitoring system" means a mobile or fixed motor vehicle sensor equipped with a noise measuring device that, when such noise measuring device is activated, automatically produces two or more photographs or microphotographs, videotapes, or other recorded images of a motor vehicle.

"Noise measuring device" means an electronic device that (i) uses automated equipment that activates when the sound level exceeds the maximum sound level limits established by state law, (ii) records audio when activated, (iii) records decibel levels when activated, and (iv) allows the operator of a noise abatement monitoring system to manually review recorded audio to ensure an exhaust system violation has occurred.

B. The local governing body of any county or city in Planning District 8 or Planning District 16 may place and operate noise abatement monitoring systems on any highway located in the locality for the purpose of recording and enforcing exhaust system violations.

C. The operator of a vehicle shall be liable for a monetary civil penalty imposed pursuant to this section if such operator is found, as evidenced by information obtained from a noise abatement monitoring device, to have committed an exhaust system violation. Such civil penalty shall not exceed \$100, and any prosecution shall be instituted and conducted in the same manner as prosecution for traffic infractions. Civil penalties collected under this section shall be paid to the locality in which such violation occurred and used for the cost of administering the noise abatement monitoring system program and for transportation safety initiatives.

D. If a noise abatement monitoring system is used, proof of an exhaust system violation shall be evidenced by information obtained from such device. A certificate, or a facsimile thereof, sworn to or affirmed by a law-enforcement officer, based upon inspection of photographs, microphotographs, videotapes, or other recorded images produced by such noise abatement monitoring system, shall be prima facie evidence of the facts contained therein. Any photographs, microphotographs, videotapes, or other recorded images evidencing such a violation shall be available for inspection in any proceeding to adjudicate the liability for such exhaust system violation.

E. In the prosecution for an exhaust system violation in which a summons was issued by mail, prima facie evidence that the vehicle described in the summons issued pursuant to this section was operated in a manner constituting an exhaust system violation, together with proof that the defendant was at the time of such violation the owner, lessee, or renter of the vehicle, shall constitute in evidence a rebuttable presumption that such owner, lessee, or renter of the vehicle was the person who committed the violation. Such presumption shall be rebutted if the owner, lessee, or renter of the vehicle (i) files an affidavit by regular mail with the clerk of the general district court that he was not the operator of the vehicle at the time of the alleged violation and provides the name and address of the person who was operating the vehicle at the time of the alleged violation or (ii) testifies in open court under oath that he was not the operator of the vehicle at the time of the alleged violation and provides the name and address of the person who was operating the vehicle at the time of the alleged violation. Such presumption shall also be rebutted if a certified copy of a police report, showing that the vehicle had been reported to the police as stolen prior to the time of the alleged exhaust system violation, is presented prior to the return date established on the summons issued pursuant to this section to the court adjudicating the alleged violation.

F. Imposition of a civil penalty pursuant to this section by mailing a summons shall not be deemed a conviction as an operator and shall not be made part of the operating record of the person upon whom such liability is imposed, nor shall it be used for insurance purposes in the provision of motor vehicle insurance coverage.

G. A summons for an exhaust system violation issued by mail pursuant to this section may be executed pursuant to § 19.2-76.2. Notwithstanding the provisions of § 19.2-76, a summons issued by mail pursuant to this section may be executed by mailing by first-class mail a copy thereof to the owner, lessee, or renter of the vehicle. In the case of a vehicle owner, the copy shall be mailed to the address contained in the records of or accessible to the Department. In the case of a vehicle lessee or renter, the copy shall be mailed to the address contained in the records of the lessor or renter. Every such mailing shall include, in addition to the summons, (i) a notice of the summoned person's ability to rebut the presumption that he was the operator of the vehicle at the time of the alleged violation through the filing of an affidavit as provided in subsection E and (ii) instructions for filing such affidavit, including the address to which the affidavit is to be sent. If the summoned person fails to appear on the date of return set out in the summons mailed pursuant to this section, the summons shall be executed in the manner set out in § 19.2-76.3. No proceedings for contempt or arrest of

a person summoned by mailing shall be instituted for failure to appear on the return date of the summons. If the summons is issued to an owner, lessee, or renter of a vehicle with a registration outside the Commonwealth and such person fails to appear on the date of return set out in the summons mailed pursuant to this section, the summons will be eligible for all legal collections activities. Any summons executed for an exhaust system violation issued pursuant to this section shall provide to the person summoned at least 30 days from the mailing of the summons to inspect information collected by the noise abatement monitoring system in connection with the violation. If the law-enforcement agency that was operating the noise abatement monitoring system does not execute a summons for an exhaust system violation issued pursuant to this section within 30 days from the date of the violation, all information collected pertaining to that suspected violation shall be purged within 60 days from the date of the violation.

H. A private vendor may enter into an agreement with a locality to be compensated for providing a noise abatement monitoring system and all related support services, including consulting, operations, and administration. However, only a law-enforcement officer may swear to or affirm the certificate required by this section. Any such agreement for compensation shall be based on the value of the goods and services provided, not on the number of violations paid or monetary penalties imposed. Any private vendor contracting with a locality pursuant to this section may enter into an agreement with the Department, in accordance with the provisions of subdivision B 31 of § 46.2-208, to obtain vehicle owner information regarding the registered owners of vehicles that committed exhaust system violations. Any such information provided to such private vendor shall be protected in a database.

I. Information collected by a noise abatement monitoring system operated pursuant to this section shall be limited exclusively to that information that is necessary for the enforcement of exhaust system violations. Information provided to the operator of a noise abatement monitoring system shall be protected in a database and used only for enforcement of exhaust system violations and against individuals who violate the provisions of this section. Notwithstanding any other provision of law, all photographs, microphotographs, videotapes, or other recorded images collected by a noise abatement monitoring system shall be used exclusively for enforcing exhaust system violations and shall not be (i) open to the public; (ii) sold or used for sales, solicitation, or marketing purposes; (iii) disclosed to any other entity except as may be necessary for the enforcement of an exhaust system violation or to a vehicle owner or operator as part of a challenge to the violation; or (iv) used in a court in a pending action or proceeding unless the action or proceeding relates to an exhaust system violation or a violation of this section or such information is requested upon order from a court of competent jurisdiction. Information collected under this section pertaining to a specific violation shall be purged and not retained later than 60 days after the collection of any civil penalties. Any locality using noise abatement monitoring systems shall annually certify compliance with this section and make all records pertaining to such systems available for inspection and audit by the Commissioner of Highways or the Commissioner of the Department of Motor Vehicles or his designee. Any person who discloses personal information in violation of the provisions of this subsection shall be subject to a civil penalty of \$1,000 per disclosure.

J. A conspicuous sign shall be placed within 1,000 feet of any noise abatement monitoring system, indicating the use of the device. There shall be a rebuttable presumption that such sign was in place at the time of the commission of the exhaust system violation. Additionally, the locality in which the noise abatement monitoring systems are operated shall post the locations of all such systems on the official website of such locality.

K. Any locality that places and operates a noise abatement monitoring system pursuant to the provisions of this section shall report on its public website by January 15 of each year the number of exhaust system violations prosecuted, the number of successful prosecutions, and the total amount of monetary civil penalties collected.

2. That the provisions of this act shall expire on July 1, 2028.
