59 "*Motorcycle driver improvement clinic*" means a driver improvement clinic developed specifically for
60 operators of motorcycles and that includes such information and instruction as may be useful for persons
61 operating motorcycles.

62 **§ 46.2-490.12. Motorcycle driver improvement clinics.**

63 *The Commissioner shall, in the process of contracting with entities pursuant to subsection A of § 46.2-490
64 for the creation of motorcycle driver improvement clinics, contract with such entities to develop curricula for
65 such motorcycle driver improvement clinics. Such motorcycle driver improvement clinics shall include
66 instruction concerning (i) the safe operation of motorcycles, (ii) issues specific to such operation, and (iii)
67 other topics included in standard driver improvement clinics that pertain to motorcycles. Such instruction
68 shall be comparable in structure, rigor, and substantive nature to the course of instruction of standard driver
69 improvement clinics and shall otherwise conform to the instructional requirements of standard driver
70 improvement clinics in § 46.2-490, to the extent that they do not conflict with or duplicate the requirements of
71 this section. The Commissioner shall give priority to the creation of motorcycle driver improvement clinics
72 that operate as computer-based clinic providers.*

73 **§ 46.2-490.13. Motorcycle Driver Improvement Clinic Fund.**

74 *To finance the cost of motorcycle driver improvement clinics, the Department shall deposit \$3 of the fee

76 Driver Improvement Clinic Fund (the Fund). The Department shall use the Fund as necessary for (i) the
77 costs incurred by the Department of Motor Vehicles in the administration of this article relating to
78 motorcycle driver improvement clinics; (ii) the funding of motorcycle driver improvement clinics; and (iii)
79 any other purposes related to the administration of this article, as it relates to motorcycle driver improvement
80 clinics, including contractual costs related to administrative and other operational support for such clinics.*

81 **§ 46.2-501. Notice to attend driver improvement clinic.**

82 A. Any notice to attend a driver improvement clinic shall contain:

83 1. Information on how to schedule a driver improvement clinic and whether such clinic shall be a

86 program.

87 3. An explanation of the terms of the probationary licensing period.

88 4. A requirement stating that the clinic must be satisfactorily completed within ninety days from the date
89 of the notice. The Commissioner may for good cause shown, and provided the person provides the
90 Commissioner with satisfactory evidence documenting the need and soonest date of return, extend the time
91 limit otherwise provided for attending such a clinic when the person directed to attend a driver improvement
92 clinic is (i) attending an institution of higher education outside Virginia, and attendance is to coincide with a
93 break in the school year of such institution of higher education, provided that jurisdiction does not offer an
94 approved driver improvement clinic or (ii) in the military or is a military dependent and is stationed outside
95 the United States or outside the Commonwealth in a jurisdiction that does not offer an approved driver
96 improvement clinic.

97 B. The notice directing any person to attend a driver improvement clinic shall be forwarded by certified

102 Commonwealth, or any valid local ordinance, or any federal law regulating the movement or operation of a
103 motor vehicle, may require any person found guilty, or in the case of a juvenile found not innocent, of a
104 violation of any state law, local ordinance, or federal law, to attend a driver improvement clinic or a mature
105 driver motor vehicle crash prevention course as provided for in § 38.2-2217. The attendance requirement may

107 shall determine if a person is to receive safe driving points upon satisfactory completion of a driver
108 improvement clinic conducted by the Department or by any business, organization, governmental entity or

110 such notification, no safe driving points shall be awarded by the Department.

111 B. Notwithstanding the provisions of subsection A, no court shall, as a result of a person's attendance at a
112 driver improvement clinic or a mature driver motor vehicle crash prevention course, reduce, dismiss, or defer
113 the conviction of a person charged with any offense committed while operating a commercial motor vehicle
114 as defined in the Virginia Commercial Driver's License Act (§ 46.2-341.1 et seq.) or any holder of a
115 commercial driver's license charged with any offense committed while operating a noncommercial motor
116 vehicle.

124 *section may, in its discretion, direct a defendant who committed a violation while operating a motorcycle to*
125 *attend a motorcycle driver improvement clinic and satisfy the requirements thereof.*
