10 **numbered 53.1-1.3 as follows:**

11 **§ 53.1-1.3. Language services for offenders.**

12 A. An offender is considered to have limited English proficiency if (i) such offender states or indicates that
13 he cannot effectively communicate in English or requires the use of sign language, (ii) an employee of the
14 Department discerns that the offender is not English proficient or requires the use of sign language based on
15 an interaction or multiple interactions with such offender, (iii) the offender was provided an interpreter at a
16 court hearing or other legal proceeding, or (iv) a Comprehensive Adult Student Assessment Systems test
17 determines the lack of English proficiency of such offender.

18 B. The Department shall take reasonable steps to provide offenders with limited English proficiency with
19 meaningful access to Department facilities, services, programs, and activities to ensure that language does
20 not prevent employees from communicating effectively with such offenders. The limited English proficiency
21 status of an offender shall not prevent him from accessing vital services such as programs, treatment,
22 education, and classification assignments.

23 C. Department employees shall ensure that offenders with limited English proficiency are not penalized
24 and that their rights are not adversely affected due to a lack of language assistance. A lack of language
25 assistance also shall not negatively impact the length of the incarceration, facility assignment, postrelease
26 status, supervision, or classification of such offender. No offender with limited English proficiency shall be
27 penalized for failing to obey a command if such failure is due to a lack of free language assistance.

28 D. Department employees shall provide offenders with limited English proficiency verbal and written
29 language assistance in the areas of treatment and education programming, safety, medical, mental health,
30 grievance, and proceedings such as disciplinary and classification at no cost to the offender.

31 E. All offenders designated as limited English proficient shall be provided an "I Speak" card to assist
32 employees in identifying such offender's primary language for both oral and written communication, which
33 shall be recognized by Department employees in all interactions.

34 F. Department employees shall provide public notice of language services and these notices shall be
35 posted in areas accessible by all offenders.

36 G. The Director shall designate a language services coordinator responsible for overseeing and directing
37 language services for offenders with limited English proficiency, including the development and management
38 of applicable contracts, documents, and resources. The language services coordinator shall:

39 1. Coordinate language assistance services with facility and office language services monitors. Such
40 services shall include (i) academic, job training, and cognitive programming; (ii) substance use treatment
41 and testing; (iii) mandatory programming or programming that impacts the term of incarceration or
42 supervised release; (iv) classification and Institutional Classification Authority hearings; (v) disciplinary
43 hearings; (vi) medical assessment and treatment; (vii) mental health assessments and treatment; (viii)
44 visitation; (ix) court hearings, as requested by the court; (x) job or program assignments and pay level; (xi)
45 Prison Rape Elimination Act (P.L. 108-79) screening, orientation, and education; and (xii) filing of inmate
46 grievances, including informal complaints;

47 2. Coordinate the identification of language service needs in the Department and strategies for
48 responding to those needs;

49 3. Serve as the contract administrator for all Department language services contracts for interpreter and
50 translator services;

51 4. Identify, in coordination with facility or office language services monitors, the regularly encountered
52 languages of the offenders with limited English proficiency of such facility or office;

53 5. Translate the general conditions of supervision and all intake documents to the language spoken by the
54 offender with limited English proficiency and provide such offender a printed copy;

55 6. Maintain a directory of all qualified bilingual employees throughout the Department, including the
