§ 2.2-3905.2. Nondiscrimination by automated decision systems.

A. As used in this section:

"Artificial intelligence system" means an engineered or machine-based system that, for explicit or implicit objectives, infers from the inputs such system receives how to generate outputs such as predictions, content, recommendations, or decisions that can influence physical or virtual environments, including decisions about an individual's eligibility, benefits, or opportunities.

"Automated decision system" means any computational process, including those derived from artificial intelligence systems or machine learning, that is used to make or assist in making decisions related to employment, housing, education, lending status, or access to public accommodations.

"Person" includes the owner, lessee, proprietor, manager, superintendent, agent, or employee of any place of public accommodation, an employer, an employment agency, a labor organization, a joint apprenticeship committee, an elementary or secondary school, or an institution of higher education.

"Proxy" includes geographic indicators, such as a zip code or census tract area.

B. It is an unlawful discriminatory practice for any person to deploy, use, or rely on an automated decision system:

1. To make a decision related to employment, education, or access to public accommodations that results in discrimination or an unlawful disparate impact on the basis of race, color, religion, ethnic or national origin, sex, pregnancy, childbirth or related medical conditions, age, sexual orientation, gender identity, marital status, disability, or military status; or

2. That intentionally or knowingly uses variables or data fields that serve as close proxies for protected characteristics, including race, color, religion, ethnic or national origin, sex, pregnancy, childbirth or related medical conditions, age, sexual orientation, gender identity, marital status, disability, or military status, unless such use is necessary to achieve a substantial, legitimate, and nondiscriminatory objective that cannot be accomplished through less discriminatory means.

C. Any person that deploys, uses, or relies on an automated decision system to make a decision related to employment, education, or access to public accommodations shall disclose to any individual who is the subject of such decision, at or before the time such decision is made, that:

1. An automated decision system was deployed, used, or relied on in the decision-making process;

2. The individual may request meaningful information about the system and the principal data inputs such system relied on, and such person shall timely provide such information; and

3. The procedure for filing a complaint is available pursuant to § 2.2-3907.

D. Any person that deploys, uses, or relies on an automated decision system to make a decision related to employment, education, or access to public accommodations shall annually assess such system for bias, disparate impact, and discriminatory outcomes. Such assessments shall include:

1. An evaluation of the system's training data, decision-making criteria, and outputs across relevant demographic groups;

2. Identification and mitigation of any patterns of bias, disparate impact, or discriminatory outcomes; and

3. Documentation of all findings and any corrective actions taken.

An automated decision system that is in conformity with the latest version of the Artificial Intelligence Risk Management Framework published by the National Institute of Standards and Technology, Standard ISO/IEC 42001 of the International Organization for Standardization, or another nationally or internationally recognized risk management framework for artificial intelligence systems, or parts thereof, shall be presumed to be in conformity with related requirements set out in this section.

HB999

59 *E. Any person that deploys, uses, or relies on an automated decision system to make a decision related to
60 employment, education, or access to public accommodations shall maintain for no fewer than two years from
61 the date a decision is made:*

62 *1. A description of the purpose of the system and the manner in which automated outputs from such
63 system influence the decisions made by a person;*

64 *2. A description of the categories of data used by the system and how such data is sourced;*

65 *3. Assessments performed pursuant to subsection D and any other evaluations related to the system's
66 performance; and*

67 *4. Disclosures made pursuant to subsection C and any other communications or notices provided to
68 individuals subject to the decisions made using the system.*

69 *F. The deployment of, use of, or reliance on an automated decision system shall not exempt any person
70 from liability under this chapter. A person that deploys, uses, or relies on such a system to make a decision
71 related to employment, education, or access to public accommodations shall be considered to have engaged
72 in the decision-making process for purposes of this chapter.*

73 *G. The Office of Civil Rights of the Department of Law may request any documentation related to the
74 deployment of, use of, or reliance on an automated decision system to make a decision related to
75 employment, education, or access to public accommodations for any investigation initiated pursuant to this
76 chapter and may issue guidance on best practices for preventing discrimination pursuant to this chapter as a
77 result of the deployment of, use of, or reliance on an automated decision system.*

78 **§ 2.2-3906. Civil action by Attorney General.**

79 A. Whenever the Attorney General has reasonable cause to believe that any person or group of persons is
80 engaged in a pattern or practice of resistance to the full enjoyment of any of the rights granted by this chapter,
81 or that any person or group of persons has been denied any of the rights granted by this chapter and such
82 denial raises an issue of general public importance, the Attorney General may commence a civil action in the
83 appropriate circuit court for appropriate relief.

84 B. In such civil action, the court may:

85 1. Award such preventive relief, including a permanent or temporary injunction, restraining order, or other
86 order against the person responsible for a violation of this chapter, as is necessary to assure the full enjoyment
87 of the rights granted by this chapter.

88 2. Assess a civil penalty against the respondent (i) in an amount not exceeding \$50,000 for a first violation
89 and (ii) in an amount not exceeding \$100,000 for any subsequent violation. Such civil penalties are payable to
90 the Literary Fund.

91 3. Award a prevailing plaintiff reasonable attorney fees and costs.

92 C. The court or jury may award such other relief to the aggrieved person as the court deems appropriate,
93 including compensatory damages and punitive damages.

94 D. Upon timely application, any person may intervene in a civil action commenced by the Attorney
95 General under subsection A that involves an alleged discriminatory practice pursuant to this chapter with
96 respect to which such person is an aggrieved person. The court may grant such appropriate relief to any such
97 intervening party as is authorized to be granted to a plaintiff in a civil action under § 2.2-3908.

98 *E. Prior to causing an action against a person for a violation of § 2.2-3905.2, the Attorney General shall
99 determine, in consultation with such person, if it is possible to cure the violation. If it is possible to cure such
100 violation, the Attorney General may issue a notice of violation to the person and afford such person the
101 opportunity to cure such violation within 45 days of the receipt of such notice of violation. In determining
102 whether to grant such opportunity to cure such violation, the Attorney General shall consider (i) the number
103 of violations, (ii) the resources of the person, (iii) the nature and extent of the person's business, (iv) the
104 substantial likelihood of injury to the public, (v) the safety of other persons or property, and (vi) whether such
105 violation was likely caused by human or technical error. If the person fails to cure such violation within 45
106 days of the receipt of such notice of violation, the Attorney General may proceed with an action pursuant to
107 this section.*

108 **§ 6.2-500. Definitions.**

109 As used in this chapter, unless the context requires a different meaning:

110 "Adverse action" means a denial or revocation of credit, a change in the terms of an existing credit
111 arrangement, or a refusal to grant credit in substantially the amount or on substantially the terms requested.
112 The term does not include a refusal to extend additional credit under an existing credit arrangement where the
113 applicant is delinquent or otherwise in default, or where such additional credit would exceed a previously
114 established credit limit.

115 "Applicant" means any person who applies to a creditor directly for an extension, renewal, or continuation
116 of credit, or applies to a creditor indirectly by use of an existing credit plan for an amount exceeding the
117 previously established credit limit.

118 "Artificial intelligence system" means an engineered or machine-based system that, for explicit or implicit
119 objectives, infers from the inputs such system receives how to generate outputs such as predictions, content,
120 recommendations, or decisions that can influence physical or virtual environments, including decisions about

121 *an individual's eligibility, benefits, or opportunities.*

122 *"Automated decision system" means any computational process, including those derived from artificial*
 123 *intelligence systems or machine learning, that is used to make or assist in making decisions related to*
 124 *employment, housing, education, lending status, or access to public accommodations.*

125 *"Credit" means the right granted by a creditor to a debtor to defer payment of debt or to incur debt and*
 126 *defer its payment or to purchase property or services and defer payment therefor.*

127 *"Creditor" means any person who regularly extends, renews, or continues credit; any person who*
 128 *regularly arranges for the extension, renewal, or continuation of credit; or any assignee of an original creditor*
 129 *who participates in the decision to extend, renew, or continue credit.*

130 *"Proxy" includes geographic indicators, such as a zip code or census tract area.*

131 **§ 6.2-501. Prohibited discrimination.**

132 A. As used in this section, "age" means being an individual who is at least 18 years of age.

133 B. It shall be unlawful for any creditor to discriminate against any applicant, with respect to any aspect
 134 of a credit transaction:

135 1. On the basis of race, color, religion, national origin, sex, marital status, sexual orientation, gender
 136 identity, pregnancy, childbirth or related medical conditions, age, disability, or status as a veteran provided
 137 that the applicant has the capacity to contract; or

138 2. Because all or part of the applicant's income derives from any public assistance or social services
 139 program;

140 3. *Through the deployment of, use of, or reliance on an automated decision system to make a decision to*
 141 *extend, renew, or continue credit on the basis of race, color, religion, national origin, sex, marital status,*
 142 *sexual orientation, gender identity, pregnancy, childbirth or related medical conditions, age, disability, or*
 143 *status as a veteran provided that the applicant has the capacity to contract; or*

144 4. *Through the deployment of, use of, or reliance on an automated decision system that intentionally or*
 145 *knowingly uses variables or data fields that serve as close proxies for protected characteristics, including*
 146 *race, color, religion, national origin, sex, marital status, sexual orientation, gender identity, pregnancy,*
 147 *childbirth or related medical conditions, age, disability, or status as a veteran, to make a decision to extend,*
 148 *renew, or continue credit.*

149 C. It shall not constitute discrimination for purposes of this chapter for a creditor:

150 1. To make an inquiry of marital status if such inquiry is for the purpose of ascertaining the creditor's
 151 rights and remedies applicable to the particular extension of credit and not to discriminate in a determination
 152 of creditworthiness;

153 2. To make an inquiry of the applicant's age or of whether the applicant's income derives from any public
 154 assistance or social services program if such inquiry is for the purpose of determining the amount and
 155 probable continuance of income levels, credit history, or other pertinent element of creditworthiness as
 156 provided in regulations of the Commission;

157 3. To use any empirically derived credit system which considers age if such system is demonstrably and
 158 statistically sound in accordance with regulations of the Commission, except that in the operation of such
 159 system the age of an elderly applicant may not be assigned a negative factor or value; or

160 4. To make an inquiry or to consider the age of an elderly applicant when the age of such applicant is to
 161 be used by the creditor in the extension of credit in favor of such applicant.

162 D. It is not a violation of this section for a creditor to refuse to extend credit offered pursuant to:

163 1. Any credit assistance program expressly authorized by law for an economically disadvantaged class of
 164 persons;

165 2. Any credit assistance program administered by a nonprofit organization for its members or an
 166 economically disadvantaged class of persons; or

167 3. Any special purpose credit program offered by a profit-making organization to meet special social
 168 needs which meets standards prescribed in regulations by the Commission, if such refusal is required by or
 169 made pursuant to such program.

170 E. *The deployment of, use of, or reliance on an automated decision system shall not exempt any creditor*
 171 *from liability under this chapter. A creditor that deploys, uses, or relies on such a system to make a decision*
 172 *to extend, renew, or continue credit shall be considered to have engaged in the decision-making process for*
 173 *purposes of this chapter.*

174 F. *Any creditor that deploys, uses, or relies on an automated decision system to make a decision to extend,*
 175 *renew, or continue credit shall:*

176 1. *Disclose to any individual who is the subject of such decision, at or before the time such decision is*
 177 *made, that:*

178 a. *An automated decision system was deployed, used, or relied on in the decision-making process;*

179 b. *The individual may request meaningful information about the system and the principal data inputs such*
 180 *system relied on, and such person shall timely provide such information; and*

181 c. *The procedure for filing a complaint is available as permitted by § 6.2-510.*

182 2. *Annually assess such system for bias, disparate impact, and discriminatory outcomes. Such assessments*

183 shall include:

184 a. An evaluation of the system's training data, decision-making criteria, and outputs across relevant
185 demographic groups;

186 b. Identification and mitigation of any patterns of bias, disparate impact, or discriminatory outcomes; and
187 c. Documentation of all findings and any corrective actions taken.

188 An automated decision system that is in conformity with the latest version of the Artificial Intelligence
189 Risk Management Framework published by the National Institute of Standards and Technology, Standard
190 ISO/IEC 42001 of the International Organization for Standardization, or another nationally or
191 internationally recognized risk management framework for artificial intelligence systems, or parts thereof,
192 shall be presumed to be in conformity with related requirements set out in this subsection.

193 3. Maintain for no fewer than two years from the date a decision is made:

194 a. A description of the purpose of the system and the manner in which automated outputs from such
195 system influence the decisions made by a person;

196 b. A description of the categories of data used by the system and how such data is sourced;

197 c. Assessments performed pursuant to subdivision 2 and any other evaluations related to the system's
198 performance; and

199 d. Disclosures made pursuant to subdivision 1 and any other communications or notices provided to
200 individuals subject to the decisions made using the system.

201 § 6.2-506. Commission regulations.

202 The Commission shall adopt regulations to effectuate the purposes of this chapter provided that such
203 regulations conform to and are no broader in scope than regulations, and amendments thereto, adopted by the
204 Consumer Financial Protection Bureau under the federal Equal Credit Opportunity Act (15 U.S.C. § 1691 et
205 seq.). Such conforming regulations shall exempt from the coverage of this chapter any class of transactions
206 which may be exempted from time to time from the federal Equal Credit Opportunity Act (15 U.S.C. § 1691
207 et seq.), by regulations of the Consumer Financial Protection Bureau. Additionally, the Commission may issue
208 guidance on best practices for preventing discrimination pursuant to this chapter as a result of the
209 deployment of, use of, or reliance on an automated decision system.

210 § 6.2-510. Commission to investigate complaints; records to be open to public.

211 The Commission shall receive, investigate, and mediate complaints of violations of this chapter and shall
212 keep all records pertaining to such complaints, investigations, and mediations open to the public. The
213 Commission may request any documentation related to the deployment of, use of, or reliance on an
214 automated decision system to make a decision to extend, renew, or continue credit for any investigation
215 initiated pursuant to this chapter. Nothing in this section shall toll the operation of subsection E of § 6.2-505.

216 § 6.2-513. Authority of Attorney General.

217 Notwithstanding any other provisions of the law to the contrary, the Attorney General may investigate and
218 bring an action in the name of the Commonwealth to enjoin any violation of this chapter.

219 However, prior to causing an action against a creditor that has deployed, used, or relied on an automated
220 decision system in violation of this chapter, the Attorney General shall determine, in consultation with such
221 creditor, if it is possible to cure the violation. If it is possible to cure such violation, the Attorney General may
222 issue a notice of violation to the creditor and afford such creditor the opportunity to cure such violation
223 within 45 days of the receipt of such notice of violation. In determining whether to grant such opportunity to
224 cure such violation, the Attorney General shall consider (i) the number of violations, (ii) the resources of the
225 creditor, (iii) the nature and extent of the creditor's business, (iv) the substantial likelihood of injury to the
226 public, (v) the safety of persons or property, and (vi) whether such violation was likely caused by human or
227 technical error. If the creditor fails to cure such violation within 45 days of the receipt of such notice of
228 violation, the Attorney General may proceed with an action pursuant to this section.

352 in the provision of services or facilities in connection therewith because of a disability of (i) that person; (ii) a
353 person residing in or intending to reside in that dwelling after it was so sold, rented, or made available; or (iii)
354 any person associated with that buyer or renter;

355 10. Deploy, use, or rely on an automated decision system to make a decision related to the sale or rental
356 of a dwelling that results in discrimination or an unlawful disparate impact on the basis of race, color,
357 religion, national origin, sex, elderliness, familial status, source of funds, sexual orientation, gender identity,
358 military status, or disability; or

359 11. Deploy, use, or rely on an automated decision system that intentionally or knowingly uses variables or

361 origin, sex, elderliness, familial status, source of funds, sexual orientation, gender identity, military status, or
362 disability.

363 B. For the purposes of this section, discrimination includes (i) a refusal to permit, at the expense of the
364 disabled person, reasonable modifications of existing premises occupied or to be occupied by any person if
365 such modifications may be necessary to afford such person full enjoyment of the premises; except that, in the
366 case of a rental, the landlord may, where it is reasonable to do so, condition permission for a modification on
367 the renter's agreeing to restore the interior of the premises to the condition that existed before the
368 modification, reasonable wear and tear excepted; (ii) a refusal to make reasonable accommodations in rules,

369 practices, policies, or services when such accommodations may be necessary to afford such person equal
 370 opportunity to use and enjoy a dwelling; or (iii) in connection with the design and construction of covered
 371 multi-family dwellings for first occupancy after March 13, 1991, a failure to design and construct dwellings
 372 in such a manner that:

373 1. The public use and common use areas of the dwellings are readily accessible to and usable by disabled
 374 persons;

375 2. All the doors designed to allow passage into and within all premises are sufficiently wide to allow
 376 passage by disabled persons in wheelchairs; and

377 3. All premises within covered multi-family dwelling units contain an accessible route into and through
 378 the dwelling; light switches, electrical outlets, thermostats, and other environmental controls are in accessible
 379 locations; there are reinforcements in the bathroom walls to allow later installation of grab bars; and there are
 380 usable kitchens and bathrooms such that an individual in a wheelchair can maneuver about the space. As used
 381 in this subdivision, the term "covered multi-family dwellings" means buildings consisting of four or more
 382 units if such buildings have one or more elevators and ground floor units in other buildings consisting of four
 383 or more units.

 387 elderliness, familial status, source of funds, sexual orientation, gender identity, military status, or disability;
 388 (ii) because the housing development contains or is expected to contain affordable housing units occupied or
 389 intended for occupancy by families or individuals with incomes at or below 80 percent of the median income
 390 of the area where the housing development is located or is proposed to be located; or (iii) by prohibiting or
 391 imposing conditions upon the rental or sale of dwelling units, provided that the provisions of this subsection
 392 shall not be construed to prohibit ordinances related to short-term rentals as defined in § 15.2-983. It shall not
 393 be a violation of this chapter if land use decisions or decisions relating to the permitting of housing
 394 developments are based upon considerations of limiting high concentrations of affordable housing.

395 D. Compliance with the appropriate requirements of the American National Standards for Building and
 396 Facilities (commonly cited as "ANSI A117.1") or with any other standards adopted as part of regulations
 397 promulgated by HUD providing accessibility and usability for physically disabled people shall be deemed to
 398 satisfy the requirements of subdivision B 3.

399 E. Nothing in this chapter shall be construed to invalidate or limit any Virginia law or regulation that
 400 requires dwellings to be designed and constructed in a manner that affords disabled persons greater access
 401 than is required by this chapter.

402 F. *Any person that deploys, uses, or relies on an automated decision system to make a decision related to
 403 the sale or rental of a dwelling shall:*

404 1. *Disclose to any individual who is the subject of such decision, at or before the time such decision is
 405 made, that:*

407 b. *The individual may request meaningful information about the system and the principal data inputs such
 408 system relied on, and such person shall timely provide such information; and*

409 c. *The procedure for filing a complaint is available pursuant to § 36-96.9.*

410 2. *Annually assess such system for bias, disparate impact, and discriminatory outcomes. Such assessments
 411 shall include:*

412 a. *An evaluation of the system's training data, decision-making criteria, and outputs across relevant
 413 demographic groups;*

414 b. *Identification and mitigation of any patterns of bias, disparate impact, or discriminatory outcomes; and*

415 c. *Documentation of all findings and any corrective actions taken.*

 417 Risk Management Framework published by the National Institute of Standards and Technology, Standard
 418 ISO/IEC 42001 of the International Organization for Standardization, or another nationally or
 419 internationally recognized risk management framework for artificial intelligence systems, or parts thereof,
 420 shall be presumed to be in conformity with related requirements set out in this subsection.

421 3. *Maintain for no fewer than two years from the date a decision is made:*

422 a. *A description of the purpose of the system and the manner in which automated outputs from such
 423 system influence the decisions made by a person;*

424 b. *A description of the categories of data used by the system and how such data is sourced;*

425 c. *Assessments performed pursuant to subdivision 2 and any other evaluations related to the system's
 426 performance; and*

427 d. *Disclosures made pursuant to subdivision 1 and any other communications or notices provided to
 428 individuals subject to the decisions made using the system.*

429 G. *The deployment of, use of, or reliance on an automated decision system shall not exempt any person
 430 from liability under this chapter. A person that uses such a system to make a decision related to the sale or*

431 *rental of a dwelling shall be considered to have engaged in the decision-making process for purposes of this*

433 **§ 36-96.4. Discrimination in residential real estate-related transactions; unlawful practices by**
434 **lenders, insurers, appraisers, etc.; deposit of state funds in such institutions.**

435 A. It is unlawful for any person or other entity, including any lending institution, whose business includes
436 engaging in residential real estate-related transactions, *whether or not the person or other entity deploys,*
437 *uses, or relies on an automated decision system for such transactions,* to discriminate against any person in
438 making available such a transaction, or in the terms or conditions of such a transaction, or in the manner of
439 providing such a transaction, because of race, color, religion, national origin, sex, elderliness, familial status,
440 sexual orientation, gender identity, military status, or disability. It is not unlawful, however, for any person or
441 other entity whose business includes engaging in residential real estate *estate* *estate-related* transactions to require

455 institution to cease or desist in a discriminatory practice, the appropriate fiscal officer or treasurer of the
456 Commonwealth or any political subdivision thereof which has funds deposited in any lending institution
457 which is practicing discrimination, as set forth herein, shall take immediate steps to have the said funds
458 withdrawn and redeposited in another lending institution. If for reasons of sound economic management, this
459 action will result in a financial loss to the Commonwealth or any of its political subdivisions, the action may
460 be deferred for a period not longer than one year. If the lending institution in question has corrected its
461 discriminatory practices, any prohibition set forth in this section shall not apply.

462 **§ 36-96.8. Powers of Real Estate Board and Fair Housing Board.**

463 A. The Real Estate Board and the Fair Housing Board, as provided in this chapter, have the power for the
464 purposes of this chapter to initiate and receive complaints, conduct investigations of any violation of this
465 chapter, attempt resolution of complaints by conference and conciliation, and, upon failure of such efforts,
466 issue a charge and refer it to the Attorney General for action.

467 B. The Real Estate Board and the Fair Housing Board shall perform all acts necessary and proper to carry
468 out the provisions of this chapter and may promulgate and amend necessary regulations. *Such regulations*
469 *may include guidance on best practices for preventing discrimination, as provided in this chapter, as a result*
470 *of the deployment of, use of, or reliance on an automated decision system.*

471 **§ 36-96.10. Procedures for investigation.**

472 A. The Board shall commence proceedings with respect to a complaint within thirty days after receipt of
473 the complaint, and shall complete the investigation within 100 days thereof unless it is impracticable to do so.
474 If the Board is unable to complete the investigation within 100 days after the receipt of the complaint, the
475 aggrieved person and the respondent shall be notified in writing of the reasons for not doing so.

476 B. When conducting an investigation of a complaint filed under this chapter, the Board shall have the
477 right to interview any person who may have any information which that may further its investigation and to
478 request production of any records or documents in the possession of any person, including any records or
479 documents related to the deployment of, use of, or reliance on an automated decision system, for inspection
480 and copying in the possession of any person which that may further the investigation. Such persons shall be
481 interviewed under oath. The Board or its designated subordinates shall have the power to issue and serve a
482 subpoena to any such person to appear and testify and to produce any such records or documents for
483 inspection and copying. Said subpoenas and discovery may be ordered to the same extent and subject to the
484 same limitations as would apply if the subpoenas or discovery were ordered or served as part of a civil action
485 in the Commonwealth of Virginia. In case of refusal or neglect to obey a subpoena, the Board may petition
486 for its enforcement in the Circuit Court for the City of Richmond. The hearing on such petition shall be given
487 priority on the court docket over all cases which are not otherwise given priority on the court docket by law.

501 A. Not later than thirty days after a charge is referred by the Board to the Attorney General under

502 § 36-96.14, the Attorney General shall commence and maintain a civil action seeking relief on behalf of the

503 complainant in the circuit court for the city, county, or town in which the unlawful discriminatory housing

504 practice has occurred or is about to occur.

505 B. Any aggrieved person with respect to the issues to be determined in a civil action pursuant to

506 subsection A may intervene as of right.

507 C. In a civil action under this section, if the court or jury finds that a discriminatory housing practice has

508 occurred or is about to occur, the court or jury may grant, as relief, any relief which a court could grant with

509 respect to such discriminatory housing practice in a civil action under § 36-96.18. Any relief so granted that

510 would accrue to an aggrieved person under § 36-96.18 shall also accrue to the aggrieved person in a civil

511 action under this section. If monetary relief is sought for the benefit of an aggrieved person who does not

512 intervene in the civil action, the court shall not award such relief if that aggrieved person has not complied

513 with discovery orders entered by the court in the course of the action brought under this section.

514 D. In any court proceeding arising under this section, the court, in its discretion, may allow the prevailing

515 party reasonable attorney's fees and costs.

516 E. *Prior to causing an action against a person that has deployed, used, or relied on an automated*

517 *decision system in violation of this chapter, the Attorney General shall determine, in consultation with such*

518 *person, if it is possible to cure the violation. If it is possible to cure such violation, the Attorney General may*

519 *issue a notice of violation to the person and afford such person the opportunity to cure such violation within*

520 *45 days of the receipt of such notice of violation. In determining whether to grant such opportunity to cure*

521 *such violation, the Attorney General shall consider (i) the number of violations, (ii) the resources of the*

522 *person, (iii) the nature and extent of the person's business, (iv) the substantial likelihood of injury to the*

523 *public, (v) the safety of other persons or property, and (vi) whether such violation was likely caused by*

524 *human or technical error. If the person fails to cure such violation within 45 days of the receipt of such notice*

525 *of violation, the Attorney General may proceed with an action pursuant to this section.*
