General Fund Expenditure Impact:

<u>Agency</u>	<u>FY2026</u>	<u>FY2027</u>	<u>FY2028</u>	<u>FY2029</u>	<u>FY2030</u>	<u>FY2031</u>

TOTAL						

Fiscal Analysis: This bill would require the Department of Elections (ELECT) to rejoin the Electronic Registration Information Center (ERIC). Based on estimates received from ERIC and the timing of rejoining, ELECT would incur a cost of \$37,500 prior to July 1 and \$100,000 to \$110,000 after. ELECT may also incur costs related to the state voter registration system in use at the time of joining as there will need to be technical changes to ensure accurate processing of data. Rejoining ERIC will also have an impact on the development of the new State Voter Registration System.

In addition to the above cost, ELECT may have to add an additional mailing every two years called Eligible but Unregistered (EBU), the last EBU mailing cost the agency approximately \$200,000. Since 2022 the CPI has increased approximately 16%, based on this estimate if the agency has to do an EBU mailing the cost is estimated to be \$232,000 that would need to be added to the agency budget based on ERIC requirements for this mailing.
