Fiscal Analysis: This impact statement is preliminary. This bill establishes a new grant program referred to as the Power Transformer Manufacturing Grant Fund. The bill stipulates that the Commonwealth will provide an aggregate of \$29.4 million, payable over a 10 year period to an eligible company, should the company meet its performance metrics. In any fiscal year, the aggregate amount of grants payable under this section shall not exceed \$4.6 million.

HB30/SB30 as introduced includes \$323,230 the first year and \$3.7 million the second year from the general fund to support this program. Budgetary language in Item 101 references this legislation. Funding will be required in future years to support the program and fulfil commitments made to the company. The Fund will be administered by the Virginia Economic Development Partnership and the Secretary of Commerce and Trade. It is anticipated that any costs to administer the program will be absorbed in current resources.
