Fiscal Analysis: This impact statement is preliminary. This bill establishes a new grant program referred to as the Pharmaceutical Substance Manufacturing Grant Fund. The bill stipulates that the Commonwealth will provide an aggregate of \$191.3 million, payable over a 20 year period to an eligible company, should the company meet its performance metrics. In any fiscal year, the aggregate amount of grants payable shall not exceed \$34.0 million.

HB30/SB30 as introduced includes \$2.9 million the first year and \$10.1 million the second year from the general fund to support this program. Budgetary language in Item 101 references this legislation. Funding will be required in future years to support the program and fulfil commitments made to the company. The Fund will be administered by the Virginia Economic Development Partnership and the Secretary of Commerce and Trade. It is anticipated that any costs to administer the program will be absorbed in current resources.
