

Fiscal Impact Statement for Proposed Legislation

Virginia State Corporation Commission

Published: January 25, 2026

House Bill 1087

Version: Introduced

Patron: Webert

Title: High energy use facilities; natural gas fuel cell generating resources.

Summary: Permits a high energy use facility, as defined in the bill, that owns or operates a natural gas fuel cell generating resource to enter a contract to generate electric energy on such terms and conditions negotiated with the Dominion Energy or Appalachian Power Company, including provisions related to (i) issuing utility bill credits equivalent to the value of such energy generation and (ii) the utility's purchase of excess power generated by the high energy use facility. The bill requires such natural gas fuel cell generating resource to be located on the same real property as the high energy use facility.
