ORIGINAL

Bill Number: SB173

Patron: Williams Graves

Bill Title: Weapons; possession prohibited in a hospital that provides mental health services or developmental services; penalty.

Bill Summary: Makes it a Class 1 misdemeanor for any person to knowingly and intentionally possess in the building of any hospital that provides mental health services or developmental services in the Commonwealth, including an emergency department or other facility rendering emergency medical care, a (i) firearm, (ii) knife with a blade over three and one-half inches, or (iii) other dangerous weapon, including explosives and stun weapons. The bill also provides that notice of such prohibitions shall be posted conspicuously at each public entrance of any hospital and that no person shall be convicted of the offense if such notice is not posted, unless such person had actual notice of the prohibitions. The bill provides that such firearm, knife, explosive, or weapon shall be subject to seizure by a law-enforcement officer and forfeited to the Commonwealth and specifies exceptions to the prohibition.

Budget Amendment Necessary: Yes

Items Impacted: Item 390

Explanation: See below

Fiscal Summary:

Proposal requires minimum “Woodrum” impact funding per § 30-19.1:4, Code of Virginia, to account for a possible increase in the need for state prison beds due to this legislation.

General Fund Expenditure Impact:

<u>Agency</u>	<u>FY2026</u>	<u>FY2027</u>	<u>FY2028</u>	<u>FY2029</u>	<u>FY2030</u>	<u>FY2031</u>
Dept. of Corrections		\$50,000				
TOTAL		\$50,000				

Fiscal Analysis:

Anyone convicted of a Class 1 misdemeanor is subject to a sentence of up to 12 months in jail and a fine of not more than \$2,500, either or both. Anyone convicted of a third or subsequent Class 1 misdemeanor because of this new provision could be convicted of a Class 6 felony and be subject to a sentence of one to five years in prison, or up to 12 months in jail and a fine of not more than \$2,500, either or both. Therefore, the proposal may increase the number of individuals in jails and the future state-responsible (prison) bed space needs of the Commonwealth.

State Fiscal Impact Statement

There is not enough information available to reliably estimate the increase in jail population as a result of this proposal. However, any increase in jail population will increase costs to the state. The Commonwealth currently pays the localities \$5.00 a day for each misdemeanor or otherwise local-responsible prisoner held in a jail and \$15.00 a day for each state-responsible prisoner. It also funds a considerable portion of the jails' operating costs, e.g., correctional officers. The state's share of these costs on a per prisoner, per day basis varies from locality to locality. However, according to the Compensation Board's most recent Jail Cost Report (November 2025), the estimated total state support for local jails averaged \$58.25 per inmate, per day in FY 2024.

Due to the lack of data, the Virginia Criminal Sentencing Commission has concluded, pursuant to §30-19.1:4 of the Code of Virginia, that the impact of the proposed legislation on state-responsible (prison) bed space cannot be determined. In such cases, Chapter 725, 2025 Acts of Assembly, requires that a minimum impact of \$50,000 be assigned to the bill.

VCU Health, UVA Medical Center, and the Department of Behavioral Health and Developmental Services report that the notice posting requirements of this bill would not have a fiscal impact on hospital operations.
