

**Department of Planning and Budget  
2026 General Assembly Session  
State Fiscal Impact Statement**

PUBLISHED: 1/29/2026 5:02 PM

**ORIGINAL**

**Bill Number:** SB379 **Patron:** Boysko  
**Bill Title:** Board of Pharmacy; regulation of psilocybin.

**Bill Summary:** Directs the Board of Pharmacy to promulgate emergency regulations that allow for prescribing, dispensing, possessing, and using FDA-approved formulations of psilocybin designed to be administered by a health care professional in a health care setting following rescheduling by the U.S. Drug Enforcement Administration.

### **Fiscal Summary:** Minimal/absorbable fiscal impact.

**Fiscal Analysis:** This legislation requires the Board of Pharmacy (the Board) to promulgate emergency regulations legalizing the prescription, dispensation, possession, transportation, and usage of psilocybin upon approval of a formulation by the U.S. Food and Drug Administration that is designed to be administered by a health care professional in a health care setting. The Board is further required to initiate amendment of existing regulations at its next quarterly meeting following rescheduling of psilocybin by the U.S. Drug Enforcement Administration. It is expected that any cost or workload impacts associated with amending or promulgating regulations will be minimal and absorbable within existing resources.

**Other:** SB379 may be a companion to HB1347.
