## HOUSE BILL NO. 425

## AMENDMENT IN THE NATURE OF A SUBSTITUTE

**PROVISIONS IN THE BUDGET BILL**  
**(Proposed by the House Committee on Health and Human Services)**

on \_\_\_\_\_)

(Patron Prior to Substitute—Delegate LeVere Bolling)

*A BILL to amend and reenact § 32.1-325 of the Code of Virginia, relating to Department of Medical Assistance Services; remote monitoring services through pregnancy and postpartum for high-risk pregnant patients and patients with advanced maternal age; reimbursement.*

**Be it enacted by the General Assembly of Virginia:**

**1. That § 32.1-325 of the Code of Virginia is amended and reenacted as follows:**

**§ 32.1-325. Board to submit plan for medical assistance services to U.S. Secretary of Health and Human Services pursuant to federal law; administration of plan; contracts with health care providers.**

A. The Board, subject to the approval of the Governor, is authorized to prepare, amend from time to time, and submit to the U.S. Secretary of Health and Human Services a state plan for medical assistance services pursuant to Title XIX of the United States Social Security Act and any amendments thereto. The Board shall include in such plan:

1. A provision for payment of medical assistance on behalf of individuals, up to the age of 21, placed in foster homes or private institutions by private, nonprofit agencies licensed as child-placing agencies by the Department of Social Services or placed through state and local subsidized adoptions to the extent permitted under federal statute;

under federal statute;

2. A provision for determining eligibility for benefits for medically needy individuals which disregards from countable resources an amount not in excess of \$3,500 for the individual and an amount not in excess of \$3,500 for his spouse when such resources have been set aside to meet the burial expenses of the individual or his spouse. The amount disregarded shall be reduced by (i) the face value of life insurance on the life of an individual owned by the individual or his spouse if the cash surrender value of such policies has been excluded from countable resources and (ii) the amount of any other revocable or irrevocable trust, contract, or other arrangement specifically designated for the purpose of meeting the individual's or his spouse's burial expenses;

3. A requirement that, in determining eligibility, a home shall be disregarded. For those medically needy persons whose eligibility for medical assistance is required by federal law to be dependent on the budget methodology for Aid to Families with Dependent Children, a home means the house and lot used as the principal residence and all contiguous property. For all other persons, a home shall mean the house and lot used as the principal residence, as well as all contiguous property, as long as the value of the land, exclusive of the lot occupied by the house, does not exceed \$5,000. In any case in which the definition of home as provided here is more restrictive than that provided in the state plan for medical assistance services in Virginia as it was in effect on January 1, 1972, then a home means the house and lot used as the principal residence and all contiguous property essential to the operation of the home regardless of value;

4. A provision for payment of medical assistance on behalf of individuals up to the age of 21, who are Medicaid eligible, for medically necessary stays in acute care facilities in excess of 21 days per admission;

5. A provision for deducting from an institutionalized recipient's income an amount for the maintenance of the individual's spouse at home;

6. A provision for payment of medical assistance on behalf of pregnant women which provides for payment for inpatient postpartum treatment in accordance with the medical criteria outlined in the most current version of or an official update to the "Guidelines for Perinatal Care" prepared by the American Academy of Pediatrics and the American College of Obstetricians and Gynecologists or the "Standards for Obstetric-Gynecologic Services" prepared by the American College of Obstetricians and Gynecologists. Payment shall be made for any postpartum home visit or visits for the mothers and the children which are within the time periods recommended by the attending physicians in accordance with and as indicated by such Guidelines or Standards. For the purposes of this subdivision, such Guidelines or Standards shall include any changes thereto within six months of the publication of such Guidelines or Standards or any official amendment thereto;

7. A provision for the payment for family planning services on behalf of women who were Medicaid-eligible for prenatal care and delivery as provided in this section at the time of delivery. Such family planning services shall begin with delivery and continue for a period of 24 months, if the woman continues to meet the financial eligibility requirements for a pregnant woman under Medicaid. For the purposes of this section, family planning services shall not cover payment for abortion services and no funds shall be used to perform, assist, encourage or make direct referrals for abortions;

8. A provision for payment of medical assistance for high-dose chemotherapy and bone marrow transplants on behalf of individuals over the age of 21 who have been diagnosed with lymphoma, breast

60 cancer, myeloma, or leukemia and have been determined by the treating health care provider to have a  
61 performance status sufficient to proceed with such high-dose chemotherapy and bone marrow transplant.  
62 Appeals of these cases shall be handled in accordance with the Department's expedited appeals process;

63 9. A provision identifying entities approved by the Board to receive applications and to determine  
64 eligibility for medical assistance, which shall include a requirement that such entities (i) obtain accurate  
65 contact information, including the best available address and telephone number, from each applicant for  
66 medical assistance, to the extent required by federal law and regulations, and (ii) provide each applicant for  
67 medical assistance with information about advance directives pursuant to Article 8 (§ 54.1-2981 et seq.) of  
68 Chapter 29 of Title 54.1, including information about the purpose and benefits of advance directives and how  
69 the applicant may make an advance directive;

70 10. A provision for breast reconstructive surgery following the medically necessary removal of a breast  
71 for any medical reason. Breast reductions shall be covered, if prior authorization has been obtained, for all  
72 medically necessary indications. Such procedures shall be considered noncosmetic;

73 11. A provision for payment of medical assistance for annual pap smears;

74 12. A provision for payment of medical assistance services for prostheses following the medically  
75 necessary complete or partial removal of a breast for any medical reason;

76 13. A provision for payment of medical assistance which provides for payment for 48 hours of inpatient  
77 treatment for a patient following a radical or modified radical mastectomy and 24 hours of inpatient care  
78 following a total mastectomy or a partial mastectomy with lymph node dissection for treatment of disease or  
79 trauma of the breast. Nothing in this subdivision shall be construed as requiring the provision of inpatient  
80 coverage where the attending physician in consultation with the patient determines that a shorter period of  
81 hospital stay is appropriate;

82 14. A requirement that certificates of medical necessity for durable medical equipment and any supporting  
83 verifiable documentation shall be signed, dated, and returned by the physician, physician assistant, or  
84 advanced practice registered nurse and in the durable medical equipment provider's possession within 60 days  
85 from the time the ordered durable medical equipment and supplies are first furnished by the durable medical  
86 equipment provider;

87 15. A provision for payment of medical assistance to (i) persons age 50 and over and (ii) persons age 40  
88 and over who are at high risk for prostate cancer, according to the most recent published guidelines of the  
89 American Cancer Society, for prostate cancer screening, which includes one prostate-specific antigen test in a  
90 12-month period and digital rectal examinations;

91 16. A provision for payment of medical assistance for low-dose screening mammograms for determining  
92 the presence of occult breast cancer. Such coverage shall make available one screening mammogram to  
93 persons age 35 through 39, one such mammogram biennially to persons age 40 through 49, and one such  
94 mammogram annually to persons age 50 and over. The term "mammogram" means an X-ray examination of  
95 the breast using equipment dedicated specifically for mammography, including but not limited to the X-ray  
96 tube, filter, compression device, screens, film and cassettes, with an average radiation exposure of less than  
97 one rad mid-breast, two views of each breast;

98 17. A provision, when in compliance with federal law and regulation and approved by the Centers for  
99 Medicare & Medicaid Services (CMS), for payment of medical assistance services delivered to  
100 Medicaid-eligible students when such services qualify for reimbursement by the Virginia Medicaid program  
101 and may be provided by school divisions, regardless of whether the student receiving care has an  
102 individualized education program or whether the health care service is included in a student's individualized  
103 education program. Such services shall include those covered under the state plan for medical assistance  
104 services or by the Early and Periodic Screening, Diagnostic, and Treatment (EPSDT) benefit as specified in §  
105 1905(r) of the federal Social Security Act, and shall include a provision for payment of medical assistance for  
106 health care services provided through telemedicine services, as defined in § 38.2-3418.16. No health care  
107 provider who provides health care services through telemedicine shall be required to use proprietary  
108 technology or applications in order to be reimbursed for providing telemedicine services;

109 18. A provision for payment of medical assistance services for liver, heart and lung transplantation  
110 procedures for individuals over the age of 21 years when (i) there is no effective alternative medical or  
111 surgical therapy available with outcomes that are at least comparable; (ii) the transplant procedure and  
112 application of the procedure in treatment of the specific condition have been clearly demonstrated to be  
113 medically effective and not experimental or investigational; (iii) prior authorization by the Department of  
114 Medical Assistance Services has been obtained; (iv) the patient selection criteria of the specific transplant  
115 center where the surgery is proposed to be performed have been used by the transplant team or program to  
116 determine the appropriateness of the patient for the procedure; (v) current medical therapy has failed and the  
117 patient has failed to respond to appropriate therapeutic management; (vi) the patient is not in an irreversible  
118 terminal state; and (vii) the transplant is likely to prolong the patient's life and restore a range of physical and  
119 social functioning in the activities of daily living;

120 19. A provision for payment of medical assistance for colorectal cancer screening, specifically screening  
121 with an annual fecal occult blood test, flexible sigmoidoscopy or colonoscopy, or in appropriate

122 circumstances radiologic imaging, in accordance with the most recently published recommendations  
 123 established by the American College of Gastroenterology, in consultation with the American Cancer Society,  
 124 for the ages, family histories, and frequencies referenced in such recommendations;

125 20. A provision for payment of medical assistance for custom ocular prostheses;

126 21. A provision for payment for medical assistance for infant hearing screenings and all necessary  
 127 audiological examinations provided pursuant to § 32.1-64.1 using any technology approved by the United  
 128 States Food and Drug Administration, and as recommended by the national Joint Committee on Infant  
 129 Hearing in its most current position statement addressing early hearing detection and intervention programs.  
 130 Such provision shall include payment for medical assistance for follow-up audiological examinations as  
 131 recommended by a physician, physician assistant, advanced practice registered nurse, or audiologist and  
 132 performed by a licensed audiologist to confirm the existence or absence of hearing loss;

133 22. A provision for payment of medical assistance, pursuant to the Breast and Cervical Cancer Prevention  
 134 and Treatment Act of 2000 (P.L. 106-354), for certain women with breast or cervical cancer when such  
 135 women (i) have been screened for breast or cervical cancer under the Centers for Disease Control and  
 136 Prevention (CDC) Breast and Cervical Cancer Early Detection Program established under Title XV of the  
 137 Public Health Service Act; (ii) need treatment for breast or cervical cancer, including treatment for a  
 138 precancerous condition of the breast or cervix; (iii) are not otherwise covered under creditable coverage, as  
 139 defined in § 2701 (c) of the Public Health Service Act; (iv) are not otherwise eligible for medical assistance  
 140 services under any mandatory categorically needy eligibility group; and (v) have not attained age 65. This  
 141 provision shall include an expedited eligibility determination for such women;

142 23. A provision for the coordinated administration, including outreach, enrollment, re-enrollment and  
 143 services delivery, of medical assistance services provided to medically indigent children pursuant to this  
 144 chapter, which shall be called Family Access to Medical Insurance Security (FAMIS) Plus and the FAMIS  
 145 Plan program in § 32.1-351. A single application form shall be used to determine eligibility for both  
 146 programs;

147 24. A provision, when authorized by and in compliance with federal law, to establish a public-private  
 148 long-term care partnership program between the Commonwealth of Virginia and private insurance companies  
 149 that shall be established through the filing of an amendment to the state plan for medical assistance services  
 150 by the Department of Medical Assistance Services. The purpose of the program shall be to reduce Medicaid  
 151 costs for long-term care by delaying or eliminating dependence on Medicaid for such services through  
 152 encouraging the purchase of private long-term care insurance policies that have been designated as qualified  
 153 state long-term care insurance partnerships and may be used as the first source of benefits for the participant's  
 154 long-term care. Components of the program, including the treatment of assets for Medicaid eligibility and  
 155 estate recovery, shall be structured in accordance with federal law and applicable federal guidelines;

156 25. A provision for the payment of medical assistance for otherwise eligible pregnant women during the  
 157 first five years of lawful residence in the United States, pursuant to § 214 of the Children's Health Insurance  
 158 Program Reauthorization Act of 2009 (P.L. 111-3);

159 26. A provision for the payment of medical assistance for medically necessary health care services  
 160 provided through telemedicine services, as defined in § 38.2-3418.16, regardless of the originating site or  
 161 whether the patient is accompanied by a health care provider at the time such services are provided. No health  
 162 care provider who provides health care services through telemedicine services shall be required to use  
 163 proprietary technology or applications in order to be reimbursed for providing telemedicine services.

164 For the purposes of this subdivision, a health care provider duly licensed by the Commonwealth who  
 165 provides health care services exclusively through telemedicine services shall not be required to maintain a  
 166 physical presence in the Commonwealth to be considered an eligible provider for enrollment as a Medicaid  
 167 provider.

168 For the purposes of this subdivision, a telemedicine services provider group with health care providers  
 169 duly licensed by the Commonwealth shall not be required to have an in-state service address to be eligible to  
 170 enroll as a Medicaid vendor or Medicaid provider group.

171 For the purposes of this subdivision, "originating site" means any location where the patient is located,  
 172 including any medical care facility or office of a health care provider, the home of the patient, the patient's  
 173 place of employment, or any public or private primary or secondary school or postsecondary institution of  
 174 higher education at which the person to whom telemedicine services are provided is located;

175 27. A provision for the payment of medical assistance for the dispensing or furnishing of up to a 12-month  
 176 supply of hormonal contraceptives at one time. Absent clinical contraindications, the Department shall not  
 177 impose any utilization controls or other forms of medical management limiting the supply of hormonal  
 178 contraceptives that may be dispensed or furnished to an amount less than a 12-month supply. Nothing in this  
 179 subdivision shall be construed to (i) require a provider to prescribe, dispense, or furnish a 12-month supply of  
 180 self-administered hormonal contraceptives at one time or (ii) exclude coverage for hormonal contraceptives  
 181 as prescribed by a prescriber, acting within his scope of practice, for reasons other than contraceptive  
 182 purposes. As used in this subdivision, "hormonal contraceptive" means a medication taken to prevent  
 183 pregnancy by means of ingestion of hormones, including medications containing estrogen or progesterone,

184 that is self-administered, requires a prescription, and is approved by the U.S. Food and Drug Administration  
185 for such purpose;

186 28. A provision for payment of medical assistance for remote patient monitoring services provided via  
187 telemedicine, as defined in § 38.2-3418.16, for (i) high-risk pregnant persons *through 12 months postpartum*;  
188 (ii) *pregnant persons 35 years of age or older at their estimated delivery date through 12 months postpartum*;  
189 (iii) medically complex infants and children; (iv) transplant patients; (v) patients who have  
190 undergone surgery, for up to three months following the date of such surgery; and (vi) patients with a  
191 chronic or acute health condition who have had two or more hospitalizations or emergency department visits  
192 related to such health condition in the previous 12 months when there is evidence that the use of remote  
193 patient monitoring is likely to prevent readmission of such patient to a hospital or emergency department. For  
194 the purposes of this subdivision, "remote patient monitoring services" means the use of digital technologies to  
195 collect medical and other forms of health data from patients in one location and electronically transmit that  
196 information securely to health care providers in a different location for analysis, interpretation, and  
197 recommendations, and management of the patient. "Remote patient monitoring services" includes monitoring  
198 of clinical patient data such as weight, blood pressure, pulse, pulse oximetry, blood glucose, and other patient  
199 physiological data, treatment adherence monitoring, and interactive videoconferencing with or without digital  
200 image upload;

201 29. A provision for the payment of medical assistance for provider-to-provider consultations that is no  
202 more restrictive than, and is at least equal in amount, duration, and scope to, that available through the fee-  
203 for-service program;

204 30. A provision for payment of the originating site fee to emergency medical services agencies for  
205 facilitating synchronous telehealth visits with a distant site provider delivered to a Medicaid member. As used  
206 in this subdivision, "originating site" means any location where the patient is located, including any medical  
207 care facility or office of a health care provider, the home of the patient, the patient's place of employment, or  
208 any public or private primary or secondary school or postsecondary institution of higher education at which  
209 the person to whom telemedicine services are provided is located;

210 31. A provision for the payment of medical assistance for targeted case management services for  
211 individuals with severe traumatic brain injury;

212 32. A provision for payment of medical assistance for the initial purchase or replacement of complex  
213 rehabilitative technology manual and power wheelchair bases and related accessories, as defined by the  
214 Department's durable medical equipment program policy, for patients who reside in nursing facilities. Initial  
215 purchase or replacement may be contingent upon (i) determination of medical necessity; (ii) requirements in  
216 accordance with regulations established through the Department's durable medical equipment program  
217 policy; and (iii) exclusive use by the nursing facility resident. Recipients of medical assistance shall not be  
218 required to pay any deductible, coinsurance, copayment, or patient costs related to the initial purchase or  
219 replacement of complex rehabilitative technology manual and power wheelchair bases and related  
220 accessories;

221 33. A provision for payment of medical assistance for remote ultrasound procedures and remote fetal non-  
222 stress tests. Such provision shall utilize established CPT codes for these procedures and shall apply when the  
223 patient is in a residence or other off-site location from the patient's provider that provides the same standard  
224 of care. The provision shall provide for reimbursement only when a provider uses digital technology (i) to  
225 collect medical and other forms of health data from a patient and electronically transmit that information  
226 securely to a health care provider in a different location for interpretation and recommendation; (ii) that is  
227 compliant with the federal Health Insurance Portability and Accountability Act of 1996 (42 U.S.C. § 1320d et  
228 seq.); and (iii) that is approved by the U.S. Food and Drug Administration. For fetal non-stress tests under  
229 CPT Code 59025, the provision shall provide for reimbursement only if such test (a) is conducted with a  
230 place of service modifier for at-home monitoring and (b) uses remote monitoring solutions that are approved  
231 by the U.S. Food and Drug Administration for on-label use to monitor fetal heart rate, maternal heart rate,  
232 and uterine activity;

233 34. A provision for payment of medical assistance for the prophylaxis, diagnosis, and treatment of  
234 pediatric autoimmune neuropsychiatric disorders associated with streptococcal infections and pediatric acute-  
235 onset neuropsychiatric syndrome. Such provision shall include payment for treatment using antimicrobials,  
236 medication, and behavioral therapies to manage neuropsychiatric symptoms, immunomodulating medicines,  
237 plasma exchange, and intravenous immunoglobulin therapy. For the purposes of this subdivision:

238 "Pediatric acute-onset neuropsychiatric syndrome" or "PANS" means a clinically defined disorder  
239 characterized by the sudden onset of obsessive-compulsive symptoms (OCD) or eating restrictions,  
240 concomitant with acute behavioral deterioration in at least two designated domains. Comorbid PANS  
241 symptoms may include anxiety, sensory amplification or motor abnormalities, behavioral regression,  
242 deterioration in school performance, mood disorder, urinary symptoms, or sleep disturbances. PANS does not  
243 require a known trigger, although it is believed to be triggered by one or more pathogens.

244 "Pediatric autoimmune neuropsychiatric disorders associated with streptococcal infections" or  
245 "PANDAS" means a subset of PANS that has five distinct criteria for diagnosis, including (i) abrupt

246 "overnight" OCD or dramatic, disabling tics; (ii) a relapsing-remitting, episodic symptom course; (iii) young  
 247 age at onset; (iv) presence of neurologic abnormalities; and (v) temporal association between symptom onset  
 248 and Group A streptococcal infection. The five criteria of PANDAS are usually accompanied by similar  
 249 comorbid symptoms as found in PANS;

250 35. A provision for payment of medical assistance for rapid whole genome sequencing for children three  
 251 years of age or younger who are receiving inpatient hospital services in an intensive care unit. For the  
 252 purposes of this subdivision, "rapid whole genome sequencing" is defined as an investigation of the entire  
 253 human genome to identify disease-causing genetic changes that returns preliminary positive results within  
 254 seven days and final results within 15 days from the date of receipt of the sample by the lab performing the  
 255 test. "Rapid whole genome sequencing" includes patient-only whole genome sequencing and duo and trio  
 256 whole genome sequencing of the patient and biological parent or parents;

257 36. A provision for payment of medical assistance for comprehensive dental care services for pregnant  
 258 women. Such services shall include (i) preventive services, such as cleanings, oral exams, and x-rays; (ii)  
 259 diagnostic services, including periodontal assessments and consultations; (iii) restorative procedures,  
 260 including fillings, root canals, and crowns; (iv) emergency dental care to address acute pain and infection; (v)  
 261 periodontal treatment for gum disease, including deep cleanings; and (vi) any other dental services deemed  
 262 medically necessary by the Department in consultation with dentists, other dental professionals, and public  
 263 health experts. Such provision shall provide for at least four dental visits during pregnancy, with additional  
 264 visits permitted upon recommendation from a licensed dentist or obstetrician. The Department of Medical  
 265 Assistance Services shall report annually to the Governor and the General Assembly on the implementation  
 266 and outcomes of this act. The report shall include (i) the number of pregnant women who utilized expanded  
 267 dental services; (ii) analysis of the impact of the expanded dental services on maternal and infant health  
 268 outcomes; (iii) any barriers to access or service delivery; and (iv) recommendations for further improvement;  
 269 and

270 37. A provision for payment of medical assistance for postpartum doula care. Postpartum doula care  
 271 covered under such provision shall include (i) emotional and physical support for the birthing individual and  
 272 family during the postpartum period; (ii) assistance with infant care, breastfeeding, and safe sleeping  
 273 practices; (iii) education on postpartum mental health and referrals to mental health resources as needed; (iv)  
 274 guidance on physical recovery, nutrition, and self-care for the birthing individual; (v) connection to  
 275 community resources and social support systems; and (vi) culturally appropriate and individualized care  
 276 tailored to the birthing individual's needs. Such provision shall ensure that eligible individuals receive  
 277 payment of medical assistance services for up to 10 doula visits, with up to four doula visits during pregnancy  
 278 and up to six doula visits during the 12 months after the individual gives birth, with additional visits  
 279 permitted if such visits are deemed medically necessary. The Department of Medical Assistance Services  
 280 shall report annually to the Governor and the General Assembly on the implementation and outcomes of this  
 281 act. The report shall include (i) the number of postpartum individuals who utilized doula care services; (ii)  
 282 analysis of the impact of doula care services on maternal and infant health outcomes; (iii) feedback from  
 283 birthing individuals, families, and doula service providers; and (iv) recommendations for improvement or  
 284 expansion.

285 B. In preparing the plan, the Board shall:

286 1. Work cooperatively with the State Board of Health to ensure that quality patient care is provided and  
 287 that the health, safety, security, rights and welfare of patients are ensured.

288 2. Initiate such cost containment or other measures as are set forth in the appropriation act.

289 3. Make, adopt, promulgate and enforce such regulations as may be necessary to carry out the provisions  
 290 of this chapter.

291 4. Examine, before acting on a regulation to be published in the Virginia Register of Regulations pursuant  
 292 to § 2.2-4007.05, the potential fiscal impact of such regulation on local boards of social services. For  
 293 regulations with potential fiscal impact, the Board shall share copies of the fiscal impact analysis with local  
 294 boards of social services prior to submission to the Registrar. The fiscal impact analysis shall include the  
 295 projected costs/savings to the local boards of social services to implement or comply with such regulation  
 296 and, where applicable, sources of potential funds to implement or comply with such regulation.

297 5. Incorporate sanctions and remedies for certified nursing facilities established by state law, in  
 298 accordance with 42 C.F.R. § 488.400 et seq., Enforcement of Compliance for Long-Term Care Facilities  
 299 With Deficiencies.

300 6. On and after July 1, 2002, require that a prescription benefit card, health insurance benefit card, or other  
 301 technology that complies with the requirements set forth in § 38.2-3407.4:2 be issued to each recipient of  
 302 medical assistance services, and shall upon any changes in the required data elements set forth in subsection  
 303 A of § 38.2-3407.4:2, either reissue the card or provide recipients such corrective information as may be  
 304 required to electronically process a prescription claim.

305 C. In order to enable the Commonwealth to continue to receive federal grants or reimbursement for  
 306 medical assistance or related services, the Board, subject to the approval of the Governor, may adopt,  
 307 regardless of any other provision of this chapter, such amendments to the state plan for medical assistance

308 services as may be necessary to conform such plan with amendments to the United States Social Security Act  
309 or other relevant federal law and their implementing regulations or constructions of these laws and  
310 regulations by courts of competent jurisdiction or the United States Secretary of Health and Human Services.

311 In the event conforming amendments to the state plan for medical assistance services are adopted, the  
312 Board shall not be required to comply with the requirements of Article 2 (§ 2.2-4006 et seq.) of Chapter 40 of  
313 Title 2.2. However, the Board shall, pursuant to the requirements of § 2.2-4002, (i) notify the Registrar of  
314 Regulations that such amendment is necessary to meet the requirements of federal law or regulations or  
315 because of the order of any state or federal court, or (ii) certify to the Governor that the regulations are  
316 necessitated by an emergency situation. Any such amendments that are in conflict with the Code of Virginia  
317 shall only remain in effect until July 1 following adjournment of the next regular session of the General  
318 Assembly unless enacted into law.

319 D. The Director of Medical Assistance Services is authorized to:

320 1. Administer such state plan and receive and expend federal funds therefor in accordance with applicable  
321 federal and state laws and regulations; and enter into all contracts necessary or incidental to the performance  
322 of the Department's duties and the execution of its powers as provided by law.

323 2. Enter into agreements and contracts with medical care facilities, physicians, dentists and other health  
324 care providers where necessary to carry out the provisions of such state plan. Any such agreement or contract  
325 shall terminate upon conviction of the provider of a felony. In the event such conviction is reversed upon  
326 appeal, the provider may apply to the Director of Medical Assistance Services for a new agreement or  
327 contract. Such provider may also apply to the Director for reconsideration of the agreement or contract  
328 termination if the conviction is not appealed, or if it is not reversed upon appeal.

329 3. Refuse to enter into or renew an agreement or contract, or elect to terminate an existing agreement or  
330 contract, with any provider who has been convicted of or otherwise pled guilty to a felony, or pursuant to  
331 Subparts A, B, and C of 42 C.F.R. Part 1002, and upon notice of such action to the provider as required by 42  
332 C.F.R. § 1002.212.

333 4. Refuse to enter into or renew an agreement or contract, or elect to terminate an existing agreement or  
334 contract, with a provider who is or has been a principal in a professional or other corporation when such  
335 corporation has been convicted of or otherwise pled guilty to any violation of § 32.1-314, 32.1-315, 32.1-316,  
336 or 32.1-317, or any other felony or has been excluded from participation in any federal program pursuant to  
337 42 C.F.R. Part 1002.

338 5. Terminate or suspend a provider agreement with a home care organization pursuant to subsection E of  
339 § 32.1-162.13.

340 For the purposes of this subsection, "provider" may refer to an individual or an entity.

341 E. In any case in which a Medicaid agreement or contract is terminated or denied to a provider pursuant to  
342 subsection D, the provider shall be entitled to appeal the decision pursuant to 42 C.F.R. § 1002.213 and to a  
343 post-determination or post-denial hearing in accordance with the Administrative Process Act (§ 2.2-4000 et  
344 seq.). All such requests shall be in writing and be received within 15 days of the date of receipt of the notice.

345 The Director may consider aggravating and mitigating factors including the nature and extent of any  
346 adverse impact the agreement or contract denial or termination may have on the medical care provided to  
347 Virginia Medicaid recipients. In cases in which an agreement or contract is terminated pursuant to subsection  
348 D, the Director may determine the period of exclusion and may consider aggravating and mitigating factors to  
349 lengthen or shorten the period of exclusion, and may reinstate the provider pursuant to 42 C.F.R. § 1002.215.

350 F. When the services provided for by such plan are services which a marriage and family therapist,  
351 clinical psychologist, clinical social worker, professional counselor, or clinical nurse specialist is licensed to  
352 render in Virginia, the Director shall contract with any duly licensed marriage and family therapist, duly  
353 licensed clinical psychologist, licensed clinical social worker, licensed professional counselor or licensed  
354 clinical nurse specialist who makes application to be a provider of such services, and thereafter shall pay for  
355 covered services as provided in the state plan. The Board shall promulgate regulations which reimburse  
356 licensed marriage and family therapists, licensed clinical psychologists, licensed clinical social workers,  
357 licensed professional counselors and licensed clinical nurse specialists at rates based upon reasonable criteria,  
358 including the professional credentials required for licensure.

359 G. The Board shall prepare and submit to the Secretary of the United States Department of Health and  
360 Human Services such amendments to the state plan for medical assistance services as may be permitted by  
361 federal law to establish a program of family assistance whereby children over the age of 18 years shall make  
362 reasonable contributions, as determined by regulations of the Board, toward the cost of providing medical  
363 assistance under the plan to their parents.

364 H. The Department of Medical Assistance Services shall:

365 1. Include in its provider networks and all of its health maintenance organization contracts a provision for  
366 the payment of medical assistance on behalf of individuals up to the age of 21 who have special needs and  
367 who are Medicaid eligible, including individuals who have been victims of child abuse and neglect, for  
368 medically necessary assessment and treatment services, when such services are delivered by a provider which  
369 specializes solely in the diagnosis and treatment of child abuse and neglect, or a provider with comparable

370 expertise, as determined by the Director.

371 2. Amend the Medallion II waiver and its implementing regulations to develop and implement an  
372 exception, with procedural requirements, to mandatory enrollment for certain children between birth and age  
373 three certified by the Department of Behavioral Health and Developmental Services as eligible for services  
374 pursuant to Part C of the Individuals with Disabilities Education Act (20 U.S.C. § 1471 et seq.).

375 3. Utilize, to the extent practicable, electronic funds transfer technology for reimbursement to contractors  
376 and enrolled providers for the provision of health care services under Medicaid and the Family Access to  
377 Medical Insurance Security Plan established under § 32.1-351.

378 I. The Director is authorized to negotiate and enter into agreements for services rendered to eligible  
379 recipients with special needs. The Board shall promulgate regulations regarding these special needs patients,  
380 to include persons with AIDS, ventilator-dependent patients, and other recipients with special needs as  
381 defined by the Board.

382 J. Except as provided in subdivision A 1 of § 2.2-4345, the provisions of the Virginia Public Procurement  
383 Act (§ 2.2-4300 et seq.) shall not apply to the activities of the Director authorized by subsection I of this  
384 section. Agreements made pursuant to this subsection shall comply with federal law and regulation.

385 K. When the services provided for by such plan are services by a pharmacist, pharmacy technician, or  
386 pharmacy intern (i) performed under the terms of a collaborative agreement as defined in § 54.1-3300 and  
387 consistent with the terms of a managed care contractor provider contract or the state plan or (ii) related to  
388 services and treatment in accordance with § 54.1-3303.1, the Department shall provide reimbursement for  
389 such service.
