137 and taxation on the basis of use, and the use or zoning of the real estate changes to a nonqualifying use or

140 property may be subject to roll-back taxes and interest including contacting the commissioner of the revenue  
141 or duly appointed assessor in the locality regarding qualification for taxation on the basis of a use  
142 assessment and the liability for additional taxes and penalties that may attach if a change in use occurs.*

143 C. The residential property disclosure statement shall be delivered in accordance with § 55.1-709.

144 D. The Real Estate Board shall make available on its website a flood risk information form. Such form  
145 shall be substantially as follows:

146 Flood Risk Information Form

147 The purpose of this information form is to provide property owners and potential property owners with  
148 information regarding flood risk. This information form does not determine whether a property owner will be  
149 required to purchase a flood insurance policy. That determination is made by the lender providing a loan for  
150 the property at the lender's discretion.

151 Mortgage lenders are mandated under the Flood Disaster Protection Act of 1973 and the National Flood  
152 Insurance Reform Act of 1994 to require the purchase of flood insurance by property owners who acquire  
153 loans from federally regulated, supervised, or insured financial institutions for the acquisition or improvement  
154 of land, facilities, or structures located within or to be located within a Special Flood Hazard Area. A Special  
155 Flood Hazard Area (SFHA) is a high-risk area defined as any land that would be inundated by a flood, also  
156 known as a base flood, having a one percent chance of occurring in a given year. The lender reviews the  
157 current National Flood Insurance Program (NFIP) maps for the community in which the property is located to  
158 determine its location relative to the published SFHA and completes the Standard Flood Hazard  
159 Determination Form (SFHDF), created by the Federal Emergency Management Agency (FEMA). If the  
160 lender determines that the structure is indeed located within a SFHA and the community is participating in  
161 the NFIP, the borrower is then notified that flood insurance will be required as a condition of receiving the  
162 loan. A similar review and notification are completed whenever a loan is sold on the secondary loan market  
163 or when the lender completes a routine review of its mortgage portfolio.

164 Properties that are not located in a SFHA can still flood. Flood damage is not generally covered by a  
165 standard home insurance policy. It is prudent to consider purchasing flood insurance even when flood  
166 insurance is not required by a lender. Properties not located in a SFHA may be eligible for a low-cost  
167 preferred risk flood insurance policy. Property owners and buyers are encouraged to consult with their  
168 insurance agent about flood insurance.

169 What is a flood? A flood is a general and temporary condition of partial or complete inundation of two or  
170 more acres of normally dry land area or of two or more properties, at least one of which is the policyholder's  
171 property, from (i) overflow of inland or tidal waters, (ii) unusual and rapid accumulation or runoff of surface  
172 waters from any source, (iii) mudflow, or (iv) collapse or subsidence of land along the shore of a lake or  
173 similar body of water as a result of erosion or undermining caused by waves or currents of water exceeding  
174 anticipated cyclical levels that result in a flood.

175 FEMA is required to update Flood Maps every five years. Flood zones for this property may change due  
176 to periodic map updates. To determine what flood zone or zones a property is located in a buyer can visit the  
177 website for FEMA's National Flood Insurance Program or the Virginia Department of Conservation and  
178 Recreation's Flood Risk Information System website.

206         3. *A purchaser of any real estate may contact the commissioner of the revenue or duly appointed assessor in the locality regarding qualification for taxation on the basis of a use assessment and the liability for additional taxes and penalties that may attach if a change in use occurs.*

209     2. **That the provisions of this act shall become effective on January 1, 2027.**
