

## Fiscal Impact Statement for Proposed Legislation

*Virginia State Corporation Commission*

**Published:** February 3, 2026

### Senate Bill 516

**Version:** Introduced

**Patron:** Deeds

**Title:** Electric utilities; disconnection reports; State Corporation Commission database; annual summary.

**Summary:** Requires each investor-owned utility and electric cooperative operating in the Commonwealth to provide a monthly report on residential customer disconnections to the State Corporation Commission (the Commission). The monthly report is required to include specific information outlined in the bill, including the number of residential customers involuntarily disconnected due to nonpayment, the amount of time in which such customers were reconnected to service, the amounts of arrearages attributable to such disconnected customers and other residential customers, and information related to how many of the disconnected customers participate in a payment assistance program or have a serious medical condition certification form on file with the electric utility. The bill requires the Commission to publish the information from such monthly reports in a comprehensive and easily accessible online database. The bill also requires the Commission to submit an annual executive summary to the Governor and the Commission on Electric Utility Regulation on trends in electric utility disconnections based on the reports submitted by electric utilities, the first of which is due by September 1, 2026. This bill is a recommendation of the Commission on Electric Utility Regulation.

**Effective Date(s):** July 1, 2026

**Amendment Necessary:**  Budget, Item ###  
 Technical, see *Technical Note* below  
 None

---

### *Fiscal Summary*

---

The State Corporation Commission does not anticipate a fiscal impact. Please see “Technical Note” below.
