200 to time be established, including rights, powers, and duties senior to existing classes and groups of  
201 participants.

212 obligations, as described in the bylaws, the operating agreement, or any applicable smart contracts.

213 C. Unless otherwise provided in the bylaws, the operating agreement, or any applicable smart contracts,  
214 a participant interest shall not indicate a fiduciary duty to the LLD or any participant of the LLD except that

230 the extent of their on-blockchain contributions to the LLD.

231 C. An LLD shall meet its liabilities through the LLD's assets. Except as provided in subsection D, no  
232 participant shall be held personally liable for (i) any excess liability after the LLD's assets have been  
233 exhausted, (ii) any obligation incurred by the LLD, or (iii) the wrongful act or omission of any other

236 the judgment or order, dissenting participants may be liable proportionally to the value of their participant  
237 interests. Liability under this section shall be limited to the dissenting participant's on-blockchain  
238 contributions and shall not exceed such amount.

239 E. The provisions of this section shall not be construed to absolve the personal liability of a participant in  
240 tort for the participant's own wrongful act or omission.
