

HOUSE BILL NO. 936

AMENDMENT IN THE NATURE OF A SUBSTITUTE

(Proposed by the House Committee on Transportation

on _____)

(Patron Prior to Substitute—Delegate Lopez)

A BILL to amend and reenact § 46.2-208 of the Code of Virginia and to amend the Code of Virginia by adding a section numbered 15.2-967.3, relating to enforcement of parking violations; certain counties; pilot program.

Be it enacted by the General Assembly of Virginia:

1. That § 46.2-208 of the Code of Virginia is amended and reenacted and that the Code of Virginia is amended by adding a section numbered 15.2-967.3 as follows:

§ 15.2-967.3. Parking violations; ticket by mail; pilot program.

A. For purposes of this section:

"Authorized county" means any county operating under the county manager plan of government.

"Authorized equipment" means an automatic license plate recognition system, as that term is defined in § 2-5517, or any other technology performing a similar function.

B. An authorized county may authorize the use of authorized equipment to enforce the authorized county's parking ordinances or regulations. An authorized county may conduct activities using such authorized equipment, including capturing parking instance data to determine if a parked vehicle has exceeded the permitted parking period in a parking space. Prior to the issuance of any ticket for a violation of such a parking ordinance or regulation, an employee of the authorized county shall certify that a violation of such parking ordinance or regulation occurred based on information captured by such authorized equipment.

C. If an employee of an authorized county has determined that a violation of a parking ordinance or regulation has not occurred, any information collected by an authorized county through the use of authorized equipment for such occurrence shall be deleted within two business days of such determination. If a determination has not been made as to whether a violation of such a parking ordinance or regulation has occurred or if a determination has been made that a violation of such a parking ordinance or regulation has occurred but no ticket is issued, any information collected by an authorized county through the use of authorized equipment for such occurrence shall be deleted within 30 business days of the collection of such information.

Information collected by authorized equipment operated pursuant to this section shall be limited exclusively to information that is necessary for the enforcement of parking ordinances or regulations.

33 Information shall be protected in a database and, except as permitted in subsection G, used only for the
34 enforcement of violations of such parking ordinances or regulations. Notwithstanding any other provision of
35 law, information collected by authorized equipment shall be used exclusively for the purposes of this section
36 and shall not be (i) open to the public; (ii) sold or used for sales, solicitation, or marketing purposes; (iii)
37 disclosed to any entity not entitled to such information pursuant to this section; or (iv) used in any court
38 proceeding unless such proceeding relates to a violation of such parking ordinances or regulations or is
39 otherwise requested by court order.

40 D. Information obtained by authorized equipment showing a violation of an authorized county's parking
41 ordinances or regulations is evidence of a violation of an authorized county's parking ordinances or
42 regulations. A certificate, or a facsimile thereof, sworn to or affirmed by an employee of the authorized
43 county, based upon inspection of information collected by such authorized equipment, shall be *prima facie*
44 evidence of the facts contained therein. Any information captured by authorized equipment evidencing a
45 violation of any authorized county's parking ordinances or regulations shall be available for inspection in
46 any proceeding to adjudicate liability for such violation.

47 In the prosecution for any violation of the authorized county's parking ordinances or regulations, *prima
48 facie* evidence that the vehicle described in the ticket issued pursuant to this section was in violation of such
49 parking ordinance or regulation, together with proof that the defendant was at the time of such violation the
50 owner, lessee, or renter of the vehicle, shall constitute in evidence a rebuttable presumption that such owner,
51 lessee, or renter of the vehicle was the person who committed the violation. Such presumption shall be
52 rebutted if the owner, lessee, or renter of the vehicle (i) files an affidavit by regular mail with the authorized
53 county or the clerk of the general district court, as applicable, that he was not the operator of the vehicle at
54 the time of the alleged violation and provides the name and address of the person who was operating the
55 vehicle at the time of the alleged violation or (ii) testifies in open court under oath that he was not the
56 operator of the vehicle at the time of the alleged violation. Such presumption shall also be rebutted if a
57 certified copy of a police report showing that the vehicle had been reported to the police as stolen prior to the
58 time of the alleged violation of a parking ordinance or regulation adopted by such authorized county is
59 presented to the court adjudicating the alleged violation.

60 E. No information obtained through the use of authorized equipment as permitted by this section shall be
61 subject to disclosure under the Virginia Freedom of Information Act (§ 2.2-3700 et seq.).

62 F. Prior to or upon an authorized county's implementation of a program using authorized equipment for
63 the enforcement of violations of the authorized county's parking ordinances or regulations, the authorized

64 county shall conduct a public awareness campaign advising the public that the authorized county is
65 implementing such a program.

66 G. If information collected by authorized equipment pursuant to this section shows that a vehicle is
67 owned, leased, or rented by the authorized county, such authorized county may use such information for
68 employee disciplinary purposes. An authorized county using authorized equipment pursuant to this section
69 may enter into an agreement with another locality for the provision of information collected by such
70 authorized equipment related to any vehicle owned, leased, or rented by such other locality, whereby such
71 other locality may access and use such information for employee disciplinary purposes.

72 H. Any authorized county may contract with and compensate a private vendor to perform activities
73 related to the use of authorized equipment for the enforcement of violations of parking ordinances or
74 regulations pursuant to this section on behalf of the authorized county and any associated activities,
75 including consulting, operations, and administration. Any such agreement shall require such private vendor
76 to comply with the requirements of this section. Any such agreement for compensation shall be based on the
77 value of the goods and services provided and not on the number of violations paid or monetary penalties
78 imposed. Any authorized county or any private vendor contracting with an authorized county pursuant to this
79 subsection may assess fees to compensate for activities authorized by this section. Such fees shall not render
80 a contract entered into pursuant to this subsection invalid or cause a contract entered into pursuant to this
81 subsection to be considered in violation of this subsection's requirement that such an agreement for
82 compensation not be based on the number of violations paid or monetary penalties imposed. Any private
83 vendor contracting with an authorized county pursuant to this subsection may enter into an agreement with
84 the Department of Motor Vehicles, in accordance with the provisions of subdivision B 35 of § 46.2-208, to
85 obtain vehicle owner information regarding the registered owners of vehicles who committed a violation of a
86 parking ordinance or regulation adopted by such authorized county. Any such information provided to such
87 private vendor shall be protected in a database.

88 I. When a ticket for a violation of an authorized county's parking ordinances or regulations is issued, such
89 ticket may be issued by mailing by first-class mail the ticket to the address of the owner of the vehicle as
90 shown on the records of the Department of Motor Vehicles.

91 J. Any ticket issued pursuant to this section shall be contestable in the same manner as any other ticket
92 issued for the same type of violation.

93 **§ 46.2-208. Records of Department; when open for inspection; release of privileged information.**

94 A. The following information shall be considered privileged and unless otherwise provided for in this title

95 shall not be released except as provided in subsection B:

97 2. Driver information, defined as all data that relates to driver's license status and driver activity;

98 3. Special identification card information, defined as all data that relates to identification card status; and

99 4. Vehicle information, including all descriptive vehicle data and title, registration, and vehicle activity

100 data, but excluding crash data.

101 B. The Commissioner shall release such information only under the following conditions:

102 1. Notwithstanding other provisions of this section, medical information included in personal information

103 shall be released only to a physician, a physician assistant, or an advanced practice registered nurse in

104 accordance with a proceeding under §§ 46.2-321 and 46.2-322.

105 2, 3. [Repealed.]

106 4. Upon the request of (i) the subject of the information, (ii) the parent of a minor who is the subject of the

107 information, (iii) the guardian of the subject of the information, (iv) the authorized agent or representative of

108 the subject of the information, or (v) the owner of the vehicle that is the subject of the information, the

109 Commissioner shall provide him with the requested information and a complete explanation of it. Requests

110 for such information need not be made in writing or in person and may be made orally or by telephone,

111 provided that the Department is satisfied that there is adequate verification of the requester's identity. When

112 so requested in writing by (a) the subject of the information, (b) the parent of a minor who is the subject of

113 the information, (c) the guardian of the subject of the information, (d) the authorized agent or representative

114 of the subject of the information, or (e) the owner of the vehicle that is the subject of the information, the

115 Commissioner shall verify and, if necessary, correct the personal information provided and furnish driver,

116 special identification card, or vehicle information. If the requester is requesting such information in the scope

117 of his official business as counsel from a public defender's office or as counsel appointed by a court, such

118 records shall be provided free of charge.

119 5. Upon the written request of any insurance carrier or surety, or authorized agent of either, the

120 Commissioner shall furnish to such requester information in the record of any person subject to the

121 provisions of this title. The transcript shall include any record of any conviction of a violation of any

122 provision of any statute or ordinance relating to the operation or ownership of a motor vehicle or of any

123 injury or damage in which he was involved and a report filed pursuant to § 46.2-373. No such report of any

124 conviction or crash shall be made after 60 months from the date of the conviction or crash unless the

125 Commissioner or court used the conviction or crash as a reason for the suspension or revocation of a driver's
126 license or driving privilege, in which case the revocation or suspension and any conviction or crash pertaining
127 thereto shall not be reported after 60 months from the date that the driver's license or driving privilege has
128 been reinstated. The response of the Commissioner under this subdivision shall not be admissible in evidence
129 in any court proceedings.

130 6. Upon the written request of any business organization or its authorized agent, in the conduct of its
131 business, the Commissioner shall compare personal information supplied by the requester with that contained
132 in the Department's records and, when the information supplied by the requester is different from that
133 contained in the Department's records, provide the requester with correct information as contained in the
134 Department's records. Personal information provided under this subdivision shall be used solely for the
135 purpose of pursuing remedies that require locating an individual.

136 7. Upon the written request of any business organization or its authorized agent, the Commissioner shall
137 provide vehicle information to the requester. Disclosures made under this subdivision shall not include any
138 personal information, driver information, or special identification card information and shall not be subject to
139 the limitations contained in subdivision 6.

140 8. Upon the written request of any motor vehicle rental or leasing company or its authorized agent, the
141 Commissioner shall (i) compare personal information supplied by the requester with that contained in the
142 Department's records and, when the information supplied by the requester is different from that contained in
143 the Department's records, provide the requester with correct information as contained in the Department's
144 records and (ii) provide the requester with driver information of any person subject to the provisions of this
145 title. Such information shall include any record of any conviction of a violation of any provision of any
146 statute or ordinance relating to the operation or ownership of a motor vehicle or of any injury or damage in
147 which the subject of the information was involved and a report of which was filed pursuant to § 46.2-373. No
148 such information shall include any record of any conviction or crash more than 60 months after the date of
149 such conviction or crash unless the Commissioner or court used the conviction or crash as a reason for the
150 suspension or revocation of a driver's license or driving privilege, in which case the revocation or suspension
151 and any conviction or crash pertaining thereto shall cease to be included in such information after 60 months
152 from the date on which the driver's license or driving privilege was reinstated. The response of the
153 Commissioner under this subdivision shall not be admissible in evidence in any court proceedings.

154 9. Upon the request of any federal, state, or local governmental entity, local government group self-

155 insurance pool, law-enforcement officer, attorney for the Commonwealth, or court, or the authorized agent of
156 any of the foregoing, the Commissioner shall compare personal information supplied by the requester with
157 that contained in the Department's records and, when the information supplied by the requester is different
158 from that contained in the Department's records, provide the requester with correct information as contained
159 in the Department's records. The Commissioner shall also provide driver, special identification card, and
160 vehicle information as requested pursuant to this subdivision. The Commissioner may release other
161 appropriate information to the governmental entity upon request. Upon request in accordance with this
162 subdivision, the Commissioner shall furnish a certificate, under seal of the Department, setting forth a
163 distinguishing number or license plate of a motor vehicle, trailer, or semitrailer, together with the name and
164 address of its owner. The certificate shall be *prima facie* evidence in any court in the Commonwealth of the
165 ownership of the vehicle, trailer, or semitrailer to which the distinguishing number or license plate has been
166 assigned by the Department. However, the Commissioner shall not release any photographs pursuant to this
167 subdivision unless the requester provides the depicted individual's name and other sufficient identifying
168 information contained on such individual's record. The information in this subdivision shall be provided free
169 of charge.

170 The Department shall release to a requester information that is required for a requester to carry out the
171 requester's official functions in accordance with this subdivision. If the requester has entered into an
172 agreement with the Department, such agreement shall be in a manner prescribed by the Department, and such
173 agreement shall contain the legal authority that authorizes the performance of the requester's official
174 functions and a description of how such information will be used to carry out such official functions. If the
175 Commissioner determines that sufficient authority has not been provided by the requester to show that the
176 purpose for which the information shall be used is one of the requester's official functions, the Commissioner
177 shall refuse to enter into any agreement. If the requester submits a request for information in accordance with
178 this subdivision without an existing agreement to receive the information, the request shall be in a manner
179 prescribed by the Department, and such request shall contain the legal authority that authorizes the
180 performance of the requester's official functions and a description of how such information will be used to
181 carry out such official functions. If the Commissioner determines that sufficient authority has not been
182 provided by the requester to show that the purpose for which such information shall be used is one of the
183 requester's official functions, the Commissioner shall deny such request.

184 Notwithstanding the provisions of this subdivision, the Department shall not disseminate to any federal,
185 state, or local government entity, law-enforcement officer, or law-enforcement agency any privileged
186 information for any purposes related to civil immigration enforcement unless (i) the subject of the
187 information provides consent or (ii) the requesting agency presents a lawful judicial order, judicial subpoena,
188 or judicial warrant. When responding to a lawful judicial order, judicial subpoena, or judicial warrant, the
189 Department shall disclose only those records or information specifically requested. Within three business
190 days of receiving a request for information for the purpose of civil immigration enforcement, the
191 Commissioner shall send a notification to the individual about whom such information was requested that
192 such a request was made and the identity of the entity that made such request.

193 The Department shall not enter into any agreement pursuant to subsection E with a requester pursuant to
194 this subdivision unless the requester certifies that the information obtained will not be used for civil
195 immigration purposes or knowingly disseminated to any third party for any purpose related to civil
196 immigration enforcement.

197 10. Upon the request of the driver licensing authority in any foreign country, the Commissioner shall
198 provide whatever driver and vehicle information the requesting authority shall require to carry out its official
199 functions. The information shall be provided free of charge.

200 11. a. For the purpose of obtaining information regarding noncommercial driver's license holders, upon
201 the written request of any employer, prospective employer, or authorized agent of either, and with the written
202 consent of the individual concerned, the Commissioner shall (i) compare personal information supplied by
203 the requester with that contained in the Department's records and, when the information supplied by the
204 requester is different from that contained in the Department's records, provide the requester with correct
205 information as contained in the Department's records and (ii) provide the requester with driver information in
206 the form of a transcript of an individual's record, including all convictions, all crashes, any type of driver's
207 license that the individual currently possesses, and all driver's license suspensions, revocations, cancellations,
208 or forfeiture, provided that such individual's position or the position that the individual is being considered for
209 involves the operation of a motor vehicle.

227 convictions, all crashes, any type of driver's license that the individual currently possesses, and all license
228 suspensions, revocations, cancellations, or forfeitures. Such transcript shall be provided free of charge if the
229 request is accompanied by appropriate written evidence that the person is a member of or applicant for
230 membership in a volunteer fire company or a volunteer emergency medical services agency and the transcript
231 is needed by the requester to establish the qualifications of the member, volunteer, or applicant to operate
232 equipment owned by the volunteer fire company or volunteer emergency medical services agency.

234 affiliate of Compeer, or the Virginia Council of the Girl Scouts of the USA, and with the consent of the
235 individual who is the subject of the information and has applied to be a volunteer with the requester, or on the
236 written request of a Virginia chapter of the American Red Cross, a Virginia chapter of the Civil Air Patrol, or
237 Faith in Action, and with the consent of the individual who is the subject of the information and applied to be
238 a volunteer vehicle operator with the requester, the Commissioner shall (i) compare personal information
239 supplied by the requester with that contained in the Department's records and, when the information supplied

241 correct information as contained in the Department's records and (ii) provide driver information in the form

242 of a transcript of the applicant's record, including all convictions, all crashes, any type of driver's license that
243 the individual currently possesses, and all license suspensions, revocations, cancellations, or forfeitures. Such

245 appropriate written evidence that the person has applied to be a volunteer or volunteer vehicle operator with
246 the requester as provided in this subdivision.

250 possesses, and all license suspensions, revocations, cancellations, or forfeitures. Such transcript shall be
251 provided free of charge if the request is accompanied by appropriate written evidence that the person has

342 otherwise provided in this section.

343 D. Upon the receipt of a completed application and payment of applicable processing fees, the
344 Commissioner may enter into an agreement with any governmental authority or business to exchange
345 information specified in this section by electronic or other means.

346 E. The Department shall not release any privileged information pursuant to this title unless the
347 Department has entered into a written agreement authorizing such release. The Department shall require the
348 requesting entity to specify the purpose authorized pursuant to this title that forms the basis for the request
349 and provide the permissible purpose as defined under 18 U.S.C. § 2721(b). Privileged information requested
350 by an entity that has been altered or aggregated may be used only for the original purposes specified in the
351 written agreement consistent with this title. The requesting entity shall disseminate privileged information
352 only to third parties subject to the original purpose specified in the written agreement consistent with this
353 title. Any agreement that does not allow third-party distribution shall include a statement that such
354 distribution is prohibited. Such agreement may limit the scope of any authorized distribution consistent with
355 this title. Privileged information distributed to any third party shall only be further distributed by such third

365 for the administration of criminal justice as defined in § 9.1-101; and (iii) that no local, state, or federal
366 government entity, through the Virginia Criminal Information Network (VCIN) or any other method of
367 dissemination controlled by the Department of State Police, has access to information stored by the
368 Department in violation of the protections contained in this section. The Department of State Police shall
369 notify the Department prior to when a new entity is to be granted S-ORI status and provide a copy of the
370 S-ORI application to the Department. The Department of State Police shall not allow any entity to access
371 Department data through VCIN if the Department objects in writing to the entity obtaining such data.

372 The provisions of this subsection shall not apply to (a) requests for information made pursuant to
373 subdivision B 4; (b) a request made by an entity authorized to receive privileged information pursuant to
374 subsection B, provided that such request is made on a form provided by the Department, other than a written
375 agreement, that requires the requester to certify that such entity is entitled to receive such information
376 pursuant to this title, state the purpose authorized pursuant to subsection B that forms the basis for the
377 request, explain why the information requested is necessary to accomplish the stated purpose, and certify that
378 the information will be used only for the stated purpose and the information received shall not be
379 disseminated to third parties unless there is authorization to do so; or (c) the release of information to a law-
380 enforcement officer or agency during an emergency situation, provided that (1) the requesting entity is
381 authorized to receive such information pursuant to subdivision B 9, (2) the timely release of such information
382 is in the interest of public safety, and (3) the requesting entity completes the form required pursuant to clause
383 (b) within 48 hours of the release of such information.

384 F. Any person that receives any privileged information that such person knows or has reason to know was
385 received in violation of this title shall not disseminate any such information and shall notify the Department
386 of the receipt of such privileged information.

387 G. The Department shall conduct audits annually based on a risk assessment to ensure that privileged
388 information released by the Department pursuant to this title is being used as authorized by law and pursuant
389 to the agreements entered into by the Department. If the Department finds that privileged information has
390 been used in a manner contrary to law or the relevant agreement, the Department may revoke access.

391 H. Any request for privileged information by an authorized agent of a governmental entity shall be

392 governed by the provisions of subdivision B 9.
