Fiscal Summary: Any anticipated state fiscal impact related to implementation costs or revenue changes associated with this proposed legislation is expected to be absorbed within existing resources.

Fiscal Analysis: Implementation of this legislation will require 340 hours of system programming at a cost of \$25,922 and will be absorbed with existing Department of Motor Vehicles (DMV) resources.

The impact on DMV revenue is indeterminate but is not anticipated to be significant. Some people may pay more due to higher initial fees for longer-duration licenses or cards, while others may pay less because they will not need to renew as often for shorter validity periods.

Other: HB911 is a companion bill.
