237 communication between the on-call physician in the psychiatric unit and the referring physician, if requested  
238 by such referring physician, and prohibits on-call physicians or other hospital staff from refusing a request for  
239 such direct verbal communication by a referring physician and (ii) a patient for whom there is a question

292 services provider and (ii) will be responsible for charges incurred for such transportation in the event that the  
293 provider is not a contracted network provider of the patient's health insurance carrier or such charges are not  
294 otherwise covered in full or in part by the patient's health insurance plan;

295 24. Shall establish an exemption from the requirement to obtain a license to add temporary beds in an  
296 existing hospital or nursing home, including beds located in a temporary structure or satellite location  
297 operated by the hospital or nursing home, provided that the ability remains to safely staff services across the  
298 existing hospital or nursing home, (i) for a period of no more than the duration of the Commissioner's  
299 determination plus 30 days when the Commissioner has determined that a natural or man-made disaster has  
300 caused the evacuation of a hospital or nursing home and that a public health emergency exists due to a  
301 shortage of hospital or nursing home beds or (ii) for a period of no more than the duration of the emergency  
302 order entered pursuant to § 32.1-13 or 32.1-20 plus 30 days when the Board, pursuant to § 32.1-13, or the  
303 Commissioner, pursuant to § 32.1-20, has entered an emergency order for the purpose of suppressing a  
304 nuisance dangerous to public health or a communicable, contagious, or infectious disease or other danger to  
305 the public life and health;

306 25. Shall establish protocols to ensure that any patient scheduled to receive an elective surgical procedure  
307 for which the patient can reasonably be expected to require outpatient physical therapy as a follow-up

308 treatment after discharge is informed that he (i) is expected to require outpatient physical therapy as a follow-  
309 up treatment and (ii) will be required to select a physical therapy provider prior to being discharged from the  
310 hospital;

311 26. Shall permit nursing home staff members who are authorized to possess, distribute, or administer  
312 medications to residents to store, dispense, or administer cannabis oil to a resident who has been issued a  
313 valid written certification for the use of cannabis oil in accordance with § 4.1-1601;

314 27. Shall require each hospital with an emergency department to establish a protocol for the treatment and  
315 discharge of individuals experiencing a substance use-related emergency, which shall include provisions for  
316 (i) appropriate screening and assessment of individuals experiencing substance use-related emergencies to  
317 identify medical interventions necessary for the treatment of the individual in the emergency department and  
318 (ii) recommendations for follow-up care following discharge for any patient identified as having a substance  
319 use disorder, depression, or mental health disorder, as appropriate, which may include, for patients who have  
320 been treated for substance use-related emergencies, including opioid overdose, or other high-risk patients, (a)  
321 the dispensing of naloxone or other opioid antagonist used for overdose reversal pursuant to subsection Y of  
322 § 54.1-3408 at discharge or (b) issuance of a prescription for and information about accessing naloxone or

324 opioid antagonist used for overdose reversal at a community pharmacy, including any outpatient pharmacy  
325 operated by the hospital, or through a community organization or pharmacy that may dispense naloxone or  
326 other opioid antagonist used for overdose reversal without a prescription pursuant to a statewide standing  
327 order. Such protocols may also provide for referrals of individuals experiencing a substance use-related  
328 emergency to peer recovery specialists and community-based providers of behavioral health services, or to  
329 providers of pharmacotherapy for the treatment of drug or alcohol dependence or mental health diagnoses;

330 28. During a public health emergency related to COVID-19, shall require each nursing home and certified  
331 nursing facility to establish a protocol to allow each patient to receive visits, consistent with guidance from  
332 the Centers for Disease Control and Prevention and as directed by the Centers for Medicare and Medicaid  
333 Services and the Board. Such protocol shall include provisions describing (i) the conditions, including  
334 conditions related to the presence of COVID-19 in the nursing home, certified nursing facility, and  
335 community, under which in-person visits will be allowed and under which in-person visits will not be  
336 allowed and visits will be required to be virtual; (ii) the requirements with which in-person visitors will be  
337 required to comply to protect the health and safety of the patients and staff of the nursing home or certified  
338 nursing facility; (iii) the types of technology, including interactive audio or video technology, and the staff  
339 support necessary to ensure visits are provided as required by this subdivision; and (iv) the steps the nursing  
340 home or certified nursing facility will take in the event of a technology failure, service interruption, or  
341 documented emergency that prevents visits from occurring as required by this subdivision. Such protocol  
342 shall also include (a) a statement of the frequency with which visits, including virtual and in-person, where  
343 appropriate, will be allowed, which shall be at least once every 10 calendar days for each patient; (b) a  
344 provision authorizing a patient or the patient's personal representative to waive or limit visitation, provided  
345 that such waiver or limitation is included in the patient's health record; and (c) a requirement that each  
346 nursing home and certified nursing facility publish on its website or communicate to each patient or the  
347 patient's authorized representative, in writing or via electronic means, the nursing home's or certified nursing  
348 facility's plan for providing visits to patients as required by this subdivision;

349 29. Shall require each hospital, nursing home, and certified nursing facility to establish and implement  
350 policies to ensure the permissible access to and use of an intelligent personal assistant provided by a patient,  
351 in accordance with such regulations, while receiving inpatient services. Such policies shall ensure protection  
352 of health information in accordance with the requirements of the federal Health Insurance Portability and  
353 Accountability Act of 1996, 42 U.S.C. § 1320d et seq., as amended. For the purposes of this subdivision,  
354 "intelligent personal assistant" means a combination of an electronic device and a specialized software  
355 application designed to assist users with basic tasks using a combination of natural language processing and  
356 artificial intelligence, including such combinations known as "digital assistants" or "virtual assistants";

357 30. During a declared public health emergency related to a communicable disease of public health threat,  
358 shall require each hospital, nursing home, and certified nursing facility to establish a protocol to allow  
359 patients to receive visits from a rabbi, priest, minister, or clergy of any religious denomination or sect  
360 consistent with guidance from the Centers for Disease Control and Prevention and the Centers for Medicare  
361 and Medicaid Services and subject to compliance with any executive order, order of public health,  
362 Department guidance, or any other applicable federal or state guidance having the effect of limiting visitation.  
363 Such protocol may restrict the frequency and duration of visits and may require visits to be conducted  
364 virtually using interactive audio or video technology. Any such protocol may require the person visiting a  
365 patient pursuant to this subdivision to comply with all reasonable requirements of the hospital, nursing home,  
366 or certified nursing facility adopted to protect the health and safety of the person, patients, and staff of the  
367 hospital, nursing home, or certified nursing facility;

368 31. Shall require that every hospital that makes health records, as defined in § 32.1-127.1:03, of patients  
369 who are minors available to such patients through a secure website shall make such health records available

370 to such patient's parent or guardian through such secure website, unless the hospital cannot make such health  
 371 record available in a manner that prevents disclosure of information, the disclosure of which has been denied  
 372 pursuant to subsection F of § 32.1-127.1:03 or for which consent required in accordance with subsection E of  
 373 § 54.1-2969 has not been provided;

374 32. Shall require that every hospital where surgical procedures are performed adopt a policy requiring the  
 375 use of a smoke evacuation system for all planned surgical procedures that are likely to generate surgical  
 376 smoke. For the purposes of this subdivision, "smoke evacuation system" means smoke evacuation equipment  
 377 and technologies designed to capture, filter, and remove surgical smoke at the site of origin and to prevent  
 378 surgical smoke from making ocular contact or contact with a person's respiratory tract;

379 33. Shall require every hospital with an emergency department, when conducting a urine drug screening  
 380 to assist in diagnosing a patient's condition, to include testing for fentanyl in such urine drug screening; and

381 34. Shall establish fees for the issuance, change, or renewal of a hospital or nursing home license to cover  
 382 the costs of operating the hospital and nursing home licensure and inspection program in a manner that  
 383 ensures timely completion of inspections as set forth in § 32.1-126. In establishing such fees, the Board shall  
 384 distribute the costs of operating the hospital and nursing home licensure and inspection program in an  
 385 equitable manner across all hospitals or nursing homes and ensure that the amount of such fees shall change  
 386 no more frequently than annually. Fee changes under this section shall only be initiated if the expenses  
 387 allocated to the Hospital and Nursing Home Licensure and Inspection Program Fund established under  
 388 § 32.1-130, plus any state or other funding sources appropriated for the hospital and nursing home licensure  
 389 and inspection program, are shown to be more than 10 percent greater or less than the annual costs of  
 390 operating the hospital and nursing home licensure and inspection program in a manner that ensures timely  
 391 completion of inspections. This analysis shall be conducted separately for hospital fees and nursing home  
 392 fees, and resulting fee changes shall be established such that fees are sufficient to cover unfunded expenses  
 393 but not excessive.

394 C. Upon obtaining the appropriate license, if applicable, licensed hospitals, nursing homes, and certified  
 395 nursing facilities may operate adult day centers.

396 D. All facilities licensed by the Board pursuant to this article which provide treatment or care for  
 397 hemophiliacs and, in the course of such treatment, stock clotting factors, shall maintain records of all lot  
 398 numbers or other unique identifiers for such clotting factors in order that, in the event the lot is found to be  
 399 contaminated with an infectious agent, those hemophiliacs who have received units of this contaminated  
 400 clotting factor may be apprised of this contamination. Facilities which have identified a lot that is known to  
 401 be contaminated shall notify the recipient's attending physician and request that he notify the recipient of the  
 402 contamination. If the physician is unavailable, the facility shall notify by mail, return receipt requested, each  
 403 recipient who received treatment from a known contaminated lot at the individual's last known address.

404 E. Hospitals in the Commonwealth may enter into agreements with the Department of Health for the  
 405 provision to uninsured patients of naloxone or other opioid antagonists used for overdose reversal.

406 F. Hospitals in the Commonwealth shall:

407 1. Establish a workplace violence incident reporting system, through which each hospital shall document,  
 408 track, and analyze any incident of workplace violence reported. The results of such analysis shall be used to  
 409 make improvements in preventing workplace violence, including improvements achieved through continuing  
 410 education in targeted areas, including de-escalation training, risk identification, and violence prevention  
 411 planning. Such reporting system shall (i) be clearly communicated to all employees, including to any new  
 412 employees at the employee orientation, and (ii) include guidelines on when and how to report incidents of  
 413 workplace violence to the employer, security agencies, and appropriate law-enforcement authorities;

414 2. Record all reported incidents of workplace violence as voluntarily reported by an employee; and

415 3. Adopt a policy that prohibits any person from discriminating or retaliating against any employee of the  
 416 hospital for reporting to, or seeking assistance or intervention from, the employer, security agencies,  
 417 law-enforcement authorities, local emergency services organizations, government agencies, or others  
 418 participating in any incident investigation. Such policy shall comply with the provisions of § 40.1-27.3.

419 G. Each hospital in the Commonwealth shall maintain the record of reported incidents of workplace  
 420 violence made pursuant to subsection F for at least two years and shall include in such record, at a minimum:

421 1. The date and time of the incident;

422 2. A description of the incident, including the job titles of the affected employee;

423 3. Whether the perpetrator was a patient, visitor, employee, or other person;

 427 other object with the intent to cause bodily harm; (iv) sexual assault or the threat of sexual assault; or (v)  
 428 anything else not listed in subdivisions (i) through (iv);

429 6. The response to and any consequences of the incident, including (i) whether security or law  
 430 enforcement was contacted and, if so, their response and (ii) whether the incident resulted in any change to  
 431 hospital policy; and

432 7. Information about the individual who completed the report, including such individual's name, job title,  
433 and the date of completion.

434 H. Each hospital shall:

435 1. Report the data collected and reported pursuant to subsection G to the chief medical officer and the  
436 chief nursing officer of such hospital on, at a minimum, a quarterly basis; and

437 2. Send a report to the Department on an annual basis that includes, at a minimum, the number of  
438 incidents of workplace violence voluntarily reported by an employee pursuant to subsection F. Any report  
439 made to the Department pursuant to this subdivision shall be aggregated to remove any personally  
440 identifiable information.

450 dangerous weapons or using common objects as weapons or to cause physical harm, regardless of whether  
451 physical injury is sustained.

467 of an individual, beyond the purpose for which such disclosure was made, without first obtaining the  
468 individual's specific authorization to such redisclosure. This redisclosure prohibition shall not, however,  
469 prevent (i) any health care entity that receives health records from another health care entity from making  
470 subsequent disclosures as permitted under this section and the federal Department of Health and Human  
471 Services regulations relating to privacy of the electronic transmission of data and protected health  
472 information promulgated by the United States Department of Health and Human Services as required by the

682 E. Health care records required to be disclosed pursuant to this section shall be made available  
683 electronically only to the extent and in the manner authorized by the federal Health Information Technology  
684 for Economic and Clinical Health Act (P.L. 111-5) and implementing regulations and the Health Insurance  
685 Portability and Accountability Act (42 U.S.C. § 1320d et seq.) and implementing regulations.  
686 Notwithstanding any other provision to the contrary, a health care entity shall not be required to provide  
687 records in an electronic format requested if (i) the electronic format is not reasonably available without  
688 additional cost to the health care entity, (ii) the records would be subject to modification in the format  
689 requested, or (iii) the health care entity determines that the integrity of the records could be compromised in

691 writing, dated and signed by the requester; (b) identify the nature of the information requested; and (c)  
692 include evidence of the authority of the requester to receive such copies or access such records, and  
693 identification of the person to whom the information is to be disclosed; and (d) specify whether the requester  
694 would like the records in electronic format, if available, or in paper format. The health care entity shall accept  
695 a photocopy, facsimile, or other copy of the original signed by the requester as if it were an original. Within  
696 30 days of receipt of a request for copies of or electronic access to health records, the health care entity shall  
697 do one of the following: (1) furnish such copies of or allow electronic access to the requested health records  
698 to any requester authorized to receive them in electronic format if so requested; (2) inform the requester if the  
699 information does not exist or cannot be found; (3) if the health care entity does not maintain a record of the  
700 information, so inform the requester and provide the name and address, if known, of the health care entity  
701 who maintains the record; or (4) deny the request (A) under subsection F, (B) on the grounds that the  
702 requester has not established his authority to receive such health records or proof of his identity, or (C) as  
703 otherwise provided by law. Procedures set forth in this section shall apply only to requests for health records  
704 not specifically governed by other provisions of state law.

705 F. Except as provided in subsection B of § 8.01-413, copies of or electronic access to an individual's  
706 health records shall not be furnished to such individual or anyone authorized to act on the individual's behalf  
707 when the individual's treating physician, clinical psychologist, clinical social worker, or licensed professional  
708 counselor has made a part of the individual's record a written statement that, in the exercise of his  
709 professional judgment, the furnishing to or review by the individual of such health records would be  
710 reasonably likely to endanger the life or physical safety of the individual or another person, or that such  
711 health record makes reference to a person other than a health care provider and the access requested would be  
712 reasonably likely to cause substantial harm to such referenced person. If any health care entity denies a  
713 request for copies of or electronic access to health records based on such statement, the health care entity  
714 shall inform the individual of the individual's right to designate, in writing, at his own expense, another  
715 reviewing physician, clinical psychologist, clinical social worker, or licensed professional counselor whose  
716 licensure, training and experience relative to the individual's condition are at least equivalent to that of the  
717 physician, clinical psychologist, clinical social worker, or licensed professional counselor upon whose  
718 opinion the denial is based. The designated reviewing physician, clinical psychologist, clinical social worker,  
719 or licensed professional counselor shall make a judgment as to whether to make the health record available to  
720 the individual.

721 The health care entity denying the request shall also inform the individual of the individual's right to  
722 request in writing that such health care entity designate, at its own expense, a physician, clinical psychologist,  
723 clinical social worker, or licensed professional counselor, whose licensure, training, and experience relative  
724 to the individual's condition are at least equivalent to that of the physician, clinical psychologist, clinical  
725 social worker, or licensed professional counselor upon whose professional judgment the denial is based and  
726 who did not participate in the original decision to deny the health records, who shall make a judgment as to  
727 whether to make the health record available to the individual. The health care entity shall comply with the  
728 judgment of the reviewing physician, clinical psychologist, clinical social worker, or licensed professional  
729 counselor. The health care entity shall permit copying and examination of the health record by such other  
730 physician, clinical psychologist, clinical social worker, or licensed professional counselor designated by  
731 either the individual at his own expense or by the health care entity at its expense.

732 Any health record copied for review by any such designated physician, clinical psychologist, clinical  
733 social worker, or licensed professional counselor shall be accompanied by a statement from the custodian of  
734 the health record that the individual's treating physician, clinical psychologist, clinical social worker, or  
735 licensed professional counselor determined that the individual's review of his health record would be  
736 reasonably likely to endanger the life or physical safety of the individual or would be reasonably likely to  
737 cause substantial harm to a person referenced in the health record who is not a health care provider.

738 Further, nothing herein shall be construed as giving, or interpreted to bestow the right to receive copies of,  
739 or otherwise obtain access to, psychotherapy notes to any individual or any person authorized to act on his  
740 behalf.

771 action or proceeding shall request the issuance of a subpoena duces tecum for another party's health records  
772 or cause a subpoena duces tecum to be issued by an attorney unless a copy of the request for the subpoena or  
773 a copy of the attorney-issued subpoena is provided to the other party's counsel or to the other party if pro se,  
774 simultaneously with filing the request or issuance of the subpoena. No party to an action or proceeding shall  
775 request or cause the issuance of a subpoena duces tecum for the health records of a nonparty witness unless a  
776 copy of the request for the subpoena or a copy of the attorney-issued subpoena is provided to the nonparty  
777 witness simultaneously with filing the request or issuance of the attorney-issued subpoena.

778 No subpoena duces tecum for health records shall set a return date earlier than 15 days from the date of  
779 the subpoena except by order of a court or administrative agency for good cause shown. When a court or  
780 administrative agency directs that health records be disclosed pursuant to a subpoena duces tecum earlier than  
781 15 days from the date of the subpoena, a copy of the order shall accompany the subpoena.

782 Any party requesting a subpoena duces tecum for health records or on whose behalf the subpoena duces  
783 tecum is being issued shall have the duty to determine whether the individual whose health records are being  
784 sought is pro se or a nonparty.

785 In instances where health records being subpoenaed are those of a pro se party or nonparty witness, the  
786 party requesting or issuing the subpoena shall deliver to the pro se party or nonparty witness together with the  
787 copy of the request for subpoena, or a copy of the subpoena in the case of an attorney-issued subpoena, a  
788 statement informing them of their rights and remedies. The statement shall include the following language  
789 and the heading shall be in boldface capital letters:

790 **NOTICE TO INDIVIDUAL**

791 The attached document means that \_\_\_\_\_ (insert name of party requesting or causing issuance of the  
792 subpoena) has either asked the court or administrative agency to issue a subpoena or a subpoena has been  
793 issued by the other party's attorney to your doctor, other health care providers \_\_\_\_\_ (names of health care  
794 providers inserted here) or other health care entity \_\_\_\_\_ (name of health care entity to be inserted here)  
795 requiring them to produce your health records. Your doctor, other health care provider or other health care  
796 entity is required to respond by providing a copy of your health records. If you believe your health records  
797 should not be disclosed and object to their disclosure, you have the right to file a motion with the clerk of the  
798 court or the administrative agency to quash the subpoena. If you elect to file a motion to quash, such motion  
799 must be filed within 15 days of the date of the request or of the attorney-issued subpoena. You may contact  
800 the clerk's office or the administrative agency to determine the requirements that must be satisfied when filing  
801 a motion to quash and you may elect to contact an attorney to represent your interest. If you elect to file a  
802 motion to quash, you must notify your doctor, other health care provider(s), or other health care entity, that

803 you are filing the motion so that the health care provider or health care entity knows to send the health  
804 records to the clerk of court or administrative agency in a sealed envelope or package for safekeeping while  
805 your motion is decided.

806 2. Any party filing a request for a subpoena duces tecum or causing such a subpoena to be issued for an  
807 individual's health records shall include a Notice in the same part of the request in which the recipient of the  
808 subpoena duces tecum is directed where and when to return the health records. Such notice shall be in  
809 boldface capital letters and shall include the following language:

810 NOTICE TO HEALTH CARE ENTITIES

811 A COPY OF THIS SUBPOENA DUCES TECUM HAS BEEN PROVIDED TO THE INDIVIDUAL  
812 WHOSE HEALTH RECORDS ARE BEING REQUESTED OR HIS COUNSEL. YOU OR THAT  
813 INDIVIDUAL HAS THE RIGHT TO FILE A MOTION TO QUASH (OBJECT TO) THE ATTACHED  
814 SUBPOENA. IF YOU ELECT TO FILE A MOTION TO QUASH, YOU MUST FILE THE MOTION  
815 WITHIN 15 DAYS OF THE DATE OF THIS SUBPOENA.

816 YOU MUST NOT RESPOND TO THIS SUBPOENA UNTIL YOU HAVE RECEIVED WRITTEN  
817 CERTIFICATION FROM THE PARTY ON WHOSE BEHALF THE SUBPOENA WAS ISSUED THAT  
818 THE TIME FOR FILING A MOTION TO QUASH HAS ELAPSED AND THAT:

819 NO MOTION TO QUASH WAS FILED; OR

820 ANY MOTION TO QUASH HAS BEEN RESOLVED BY THE COURT OR THE ADMINISTRATIVE  
821 AGENCY AND THE DISCLOSURES SOUGHT ARE CONSISTENT WITH SUCH RESOLUTION.

822 IF YOU RECEIVE NOTICE THAT THE INDIVIDUAL WHOSE HEALTH RECORDS ARE BEING  
823 REQUESTED HAS FILED A MOTION TO QUASH THIS SUBPOENA, OR IF YOU FILE A MOTION  
824 TO QUASH THIS SUBPOENA, YOU MUST SEND THE HEALTH RECORDS ONLY TO THE CLERK  
825 OF THE COURT OR ADMINISTRATIVE AGENCY THAT ISSUED THE SUBPOENA OR IN WHICH  
826 THE ACTION IS PENDING AS SHOWN ON THE SUBPOENA USING THE FOLLOWING  
827 PROCEDURE:

828 PLACE THE HEALTH RECORDS IN A SEALED ENVELOPE AND ATTACH TO THE SEALED  
829 ENVELOPE A COVER LETTER TO THE CLERK OF COURT OR ADMINISTRATIVE AGENCY  
830 WHICH STATES THAT CONFIDENTIAL HEALTH RECORDS ARE ENCLOSED AND ARE TO BE  
831 HELD UNDER SEAL PENDING A RULING ON THE MOTION TO QUASH THE SUBPOENA. THE  
832 SEALED ENVELOPE AND THE COVER LETTER SHALL BE PLACED IN AN OUTER ENVELOPE  
833 OR PACKAGE FOR TRANSMITTAL TO THE COURT OR ADMINISTRATIVE AGENCY.

834 3. Upon receiving a valid subpoena duces tecum for health records, health care entities shall have the duty  
835 to respond to the subpoena in accordance with the provisions of subdivisions 4, 5, 6, 7, and 8.

836 4. Except to deliver to a clerk of the court or administrative agency subpoenaed health records in a sealed  
837 envelope as set forth, health care entities shall not respond to a subpoena duces tecum for such health records  
838 until they have received a certification as set forth in subdivision 5 or 8 from the party on whose behalf the  
839 subpoena duces tecum was issued.

840 If the health care entity has actual receipt of notice that a motion to quash the subpoena has been filed or if  
841 the health care entity files a motion to quash the subpoena for health records, then the health care entity shall  
842 produce the health records, in a securely sealed envelope, to the clerk of the court or administrative agency  
843 issuing the subpoena or in whose court or administrative agency the action is pending. The court or  
844 administrative agency shall place the health records under seal until a determination is made regarding the  
845 motion to quash. The securely sealed envelope shall only be opened on order of the judge or administrative  
846 agency. In the event the court or administrative agency grants the motion to quash, the health records shall be  
847 returned to the health care entity in the same sealed envelope in which they were delivered to the court or  
848 administrative agency. In the event that a judge or administrative agency orders the sealed envelope to be  
849 opened to review the health records in camera, a copy of the order shall accompany any health records  
850 returned to the health care entity. The health records returned to the health care entity shall be in a securely  
851 sealed envelope.

852 5. If no motion to quash is filed within 15 days of the date of the request or of the attorney-issued  
853 subpoena, the party on whose behalf the subpoena was issued shall have the duty to certify to the subpoenaed  
854 health care entity that the time for filing a motion to quash has elapsed and that no motion to quash was filed.  
855 Any health care entity receiving such certification shall have the duty to comply with the subpoena duces  
856 tecum by returning the specified health records by either the return date on the subpoena or five days after  
857 receipt of the certification, whichever is later.

858 6. In the event that the individual whose health records are being sought files a motion to quash the  
859 subpoena, the court or administrative agency shall decide whether good cause has been shown by the  
860 discovering party to compel disclosure of the individual's health records over the individual's objections. In  
861 determining whether good cause has been shown, the court or administrative agency shall consider (i) the  
862 particular purpose for which the information was collected; (ii) the degree to which the disclosure of the  
863 records would embarrass, injure, or invade the privacy of the individual; (iii) the effect of the disclosure on

864 the individual's future health care; (iv) the importance of the information to the lawsuit or proceeding; and (v)  
865 any other relevant factor.

866 7. Concurrent with the court or administrative agency's resolution of a motion to quash, if subpoenaed  
867 health records have been submitted by a health care entity to the court or administrative agency in a sealed  
868 envelope, the court or administrative agency shall: (i) upon determining that no submitted health records  
869 should be disclosed, return all submitted health records to the health care entity in a sealed envelope; (ii) upon  
870 determining that all submitted health records should be disclosed, provide all the submitted health records to  
871 the party on whose behalf the subpoena was issued; or (iii) upon determining that only a portion of the  
872 submitted health records should be disclosed, provide such portion to the party on whose behalf the subpoena  
873 was issued and return the remaining health records to the health care entity in a sealed envelope.

874 8. Following the court or administrative agency's resolution of a motion to quash, the party on whose  
875 behalf the subpoena duces tecum was issued shall have the duty to certify in writing to the subpoenaed health  
876 care entity a statement of one of the following:

877 a. All filed motions to quash have been resolved by the court or administrative agency and the disclosures  
878 sought in the subpoena duces tecum are consistent with such resolution; and, therefore, the health records  
879 previously delivered in a sealed envelope to the clerk of the court or administrative agency will not be  
880 returned to the health care entity;

881 b. All filed motions to quash have been resolved by the court or administrative agency and the disclosures  
882 sought in the subpoena duces tecum are consistent with such resolution and that, since no health records have  
883 previously been delivered to the court or administrative agency by the health care entity, the health care entity  
884 shall comply with the subpoena duces tecum by returning the health records designated in the subpoena by  
885 the return date on the subpoena or five days after receipt of certification, whichever is later;

886 c. All filed motions to quash have been resolved by the court or administrative agency and the disclosures  
887 sought in the subpoena duces tecum are not consistent with such resolution; therefore, no health records shall  
888 be disclosed and all health records previously delivered in a sealed envelope to the clerk of the court or  
889 administrative agency will be returned to the health care entity;

890 d. All filed motions to quash have been resolved by the court or administrative agency and the disclosures  
891 sought in the subpoena duces tecum are not consistent with such resolution and that only limited disclosure  
892 has been authorized. The certification shall state that only the portion of the health records as set forth in the  
893 certification, consistent with the court or administrative agency's ruling, shall be disclosed. The certification  
894 shall also state that health records that were previously delivered to the court or administrative agency for  
895 which disclosure has been authorized will not be returned to the health care entity; however, all health  
896 records for which disclosure has not been authorized will be returned to the health care entity; or

897 e. All filed motions to quash have been resolved by the court or administrative agency and the disclosures  
898 sought in the subpoena duces tecum are not consistent with such resolution and, since no health records have  
899 previously been delivered to the court or administrative agency by the health care entity, the health care entity  
900 shall return only those health records specified in the certification, consistent with the court or administrative  
901 agency's ruling, by the return date on the subpoena or five days after receipt of the certification, whichever is  
902 later.

903 A copy of the court or administrative agency's ruling shall accompany any certification made pursuant to  
904 this subdivision.

905 9. The provisions of this subsection have no application to subpoenas for health records requested under  
906 § 8.01-413, or issued by a duly authorized administrative agency conducting an investigation, audit, review or  
907 proceedings regarding a health care entity's conduct.

908 The provisions of this subsection shall apply to subpoenas for the health records of both minors and  
909 adults.

910 Nothing in this subsection shall have any effect on the existing authority of a court or administrative  
911 agency to issue a protective order regarding health records, including, but not limited to, ordering the return  
912 of health records to a health care entity, after the period for filing a motion to quash has passed.

913 A subpoena for substance abuse records must conform to the requirements of federal law found in 42  
914 C.F.R. Part 2, Subpart E.

915 I. Health care entities may testify about the health records of an individual in compliance with  
916 §§ 8.01-399 and 8.01-400.2.

917 J. Except as provided by subsection B7 of § 8.01-413, if an individual requests a copy of his health record  
918 from a health care entity, the health care entity may impose a reasonable cost-based fee, which shall include  
919 only the cost of supplies for and labor of copying the requested information, postage when the individual  
920 requests that such information be mailed, and preparation of an explanation or summary of such information  
921 as agreed to by the individual. For the purposes of this section, "individual" shall subsume a person with  
922 authority to act on behalf of the individual who is the subject of the health record in making decisions related  
923 to his health care.

924 K. Nothing in this section shall prohibit a health care provider who prescribes or dispenses a controlled  
925 substance required to be reported to the Prescription Monitoring Program established pursuant to Chapter

926 25.2 (§ 54.1-2519 et seq.) of Title 54.1 to a patient from disclosing information obtained from the  
 927 Prescription Monitoring Program and contained in a patient's health care record to another health care  
 928 provider when such disclosure is related to the care or treatment of the patient who is the subject of the  
 929 record.

930 L. An authorization for the disclosure of health records executed pursuant to this section shall remain in  
 931 effect until (i) the authorization is revoked in writing and delivered to the health care entity maintaining the  
 932 record that is subject to the authorization by the person who executed the authorization, (ii) any expiration  
 933 date set forth in the authorization, or (iii) the health care entity maintaining the record becomes aware of any  
 934 expiration event described in the authorization, whichever occurs first. However, any revocation of an  
 935 authorization for the disclosure of health records executed pursuant to this section shall not be effective to the  
 936 extent that the health care entity maintaining the record has disclosed health records prior to delivery of such  
 937 revocation in reliance upon the authorization or as otherwise provided pursuant to 45 C.F.R. § 164.508. A  
 938 statement in an authorization for the disclosure of health records pursuant to this section that the information  
 939 to be used or disclosed is "all health records" is a sufficient description for the disclosure of all health records  
 940 of the person maintained by the health care provider to whom the authorization was granted. If a health care  
 941 provider receives a written revocation of an authorization for the disclosure of health records in accordance  
 942 with this subsection, a copy of such written revocation shall be included in the person's original health record  
 943 maintained by the health care provider.

944 An authorization for the disclosure of health records executed pursuant to this section shall, unless  
 945 otherwise expressly limited in the authorization, be deemed to include authorization for the person named in  
 946 the authorization to assist the person who is the subject of the health record in accessing health care services,  
 947 including scheduling appointments for the person who is the subject of the health record and attending  
 948 appointments together with the person who is the subject of the health record.

949 **§ 32.1-138.1. Implementation of transfer and discharge policies.**

950 A. To implement and conform with the provisions of subdivision A 4 of § 32.1-138, a facility may  
 951 discharge the patient, or transfer the patient, including transfer within the facility, only:

- 952 1. If appropriate to meet that patient's documented medical needs;  
 953 2. If appropriate to safeguard that patient or one or more other patients from physical or emotional injury;  
 954 3. On account of nonpayment for his stay except as prohibited by Titles XVIII or XIX of the United States  
 955 Social Security Act and the Virginia State Plan for Medical Assistance Services; or  
 956 4. With the informed voluntary consent of the patient, or if incapable of providing consent, with the  
 957 informed voluntary consent of the patient's ~~authorized decision maker~~ *agent or default surrogate* pursuant to  
 958 ~~§ 54.1-2986~~ *the Uniform Health Care Decisions Act (§ 54.1-2993.2 et seq.)* acting in the best interest of the  
 959 patient, following reasonable advance written notice.

960 B. Except in an emergency involving the patient's health or well-being, no patient shall be transferred or  
 961 discharged without prior consultation with the patient, the patient's family or responsible party and the  
 962 patient's attending physician. If the patient's attending physician is unavailable, the facility's medical director  
 963 in conjunction with the nursing director, social worker or another health professional, shall be consulted. In  
 964 the case of an involuntary transfer or discharge, the attending physician of the patient or the medical director  
 965 of the facility shall make a written notation in the patient's record approving the transfer or discharge after  
 966 consideration of the effects of the transfer or discharge, appropriate actions to minimize the effects of the  
 967 transfer or discharge, and the care and kind of service the patient needs upon transfer or discharge.

968 C. Except in an emergency involving the patient's health or ~~well being~~ *well-being*, reasonable advance  
 969 written notice shall be given in the following manner. In the case of a voluntary transfer or discharge, notice  
 970 shall be reasonable under the circumstances. In the case of an involuntary transfer or discharge, reasonable  
 971 advance written notice shall be given to the patient at least five days prior to the discharge or transfer.

972 D. Nothing in this section or in subdivision A 4 of § 32.1-138 shall be construed to authorize or require  
 973 conditions upon a transfer within a facility that are more restrictive than Titles XVIII or XIX of the United  
 974 States Social Security Act or by regulations promulgated pursuant to either title.

975 **§ 32.1-162.16. Definitions.**

976 As used in this chapter, unless the context requires a different meaning:

977 "Human research" means any systematic investigation, including research development, testing and  
 978 evaluation, utilizing human subjects, that is designed to develop or contribute to generalized knowledge.  
 979 Human research shall not be deemed to include research exempt from federal research regulation pursuant to  
 980 45 C.F.R. § 46.101(b).

981 "Informed consent" means the knowing and voluntary agreement, without undue inducement or any  
 982 element of force, fraud, deceit, duress, or other form of constraint or coercion, of a person who is capable of  
 983 exercising free power of choice. For the purposes of human research, the basic elements of information  
 984 necessary to such consent shall include:

- 985 1. A reasonable and comprehensible explanation to the person of the proposed procedures or protocols to  
 986 be followed, their purposes, including descriptions of any attendant discomforts, and risks and benefits  
 987 reasonably to be expected;

988 2. A disclosure of any appropriate alternative procedures or therapies that might be advantageous for the  
989 person;

990 3. An instruction that the person may withdraw his consent and discontinue participation in the human  
991 research at any time without prejudice to him;

992 4. An explanation of any costs or compensation which may accrue to the person and, if applicable, the  
993 availability of third party reimbursement for the proposed procedures or protocols; and

994 5. An offer to answer and answers to any inquiries by the person concerning the procedures and protocols.

995 "Institution" or "agency" means any facility, program, or organization owned or operated by the  
996 Commonwealth, by any political subdivision, or by any person, firm, corporation, association, or other legal  
997 entity.

998 "Legally authorized representative" means, in the following specified order of priority, (i) the parent or  
999 parents having custody of a prospective subject who is a minor, (ii) the agent appointed under an advance  
1000 *health care* directive, as defined in § ~~54.1-2982~~ 54.1-2993.3, executed by the prospective subject, provided  
1001 the advance *health care* directive authorizes the agent to make decisions regarding the prospective subject's  
1002 participation in human research, (iii) the legal guardian of a prospective subject, (iv) the spouse of the  
1003 prospective subject, except where a suit for divorce has been filed and the divorce decree is not yet final, (v)  
1004 an adult child of the prospective subject, (vi) a parent of the prospective subject when the subject is an adult,  
1005 (vii) an adult brother or sister of the prospective subject or (viii) any person or judicial or other body  
1006 authorized by law or regulation to consent on behalf of a prospective subject to such subject's participation in  
1007 the particular human research. For the purposes of this chapter, any person authorized by law or regulation to  
1008 consent on behalf of a prospective subject to such subject's participation in the particular human research  
1009 shall include an attorney in fact appointed under a durable power of attorney, to the extent the power grants  
1010 the authority to make such a decision. The attorney in fact shall not be employed by the person, institution, or  
1011 agency conducting the human research. No official or employee of the institution or agency conducting or  
1012 authorizing the research shall be qualified to act as a legally authorized representative.

1013 "Minimal risk" means that the risks of harm anticipated in the proposed research are not greater,  
1014 considering probability and magnitude, than those ordinarily encountered in daily life or during the  
1015 performance of routine physical or psychological examinations or tests.

1016 "Nontherapeutic research" means human research in which there is no reasonable expectation of direct  
1017 benefit to the physical or mental condition of the human subject.

1018 **§ 32.1-162.18. Informed consent.**

1019 A. In order to conduct human research in this Commonwealth, informed consent must be obtained if the  
1020 person who is to be the human subject is as follows: (i) capable of making an informed decision, then it shall  
1021 be subscribed to in writing by the person and witnessed; (ii) ~~incapable of making an informed~~ *lacking*  
1022 *capacity pursuant to § 54.1-2993.5 to make a health care* decision, as defined in § ~~54.1-2982~~ 54.1-2993.3, at  
1023 the time consent is required, then it shall be subscribed to in writing by the person's legally authorized  
1024 representative and witnessed; or (iii) a minor otherwise capable of rendering informed consent, then it shall  
1025 be subscribed to in writing by both the minor and his legally authorized representative. The giving of consent  
1026 by a legally authorized representative shall be subject to the provisions of subsection B of this section. If two  
1027 or more persons who qualify as legally authorized representatives and have equal decision-making priority  
1028 under this chapter inform the principal investigator or attending physician that they disagree as to  
1029 participation of the prospective subject in human research, the subject shall not be enrolled in the human  
1030 research that is the subject of the consent. No informed consent form shall include any language through  
1031 which the person who is to be the human subject waives or appears to waive any of his legal rights, including  
1032 any release of any individual, institution, or agency or any agents thereof from liability for negligence.

1033 Notwithstanding consent by a legally authorized representative, no person shall be forced to participate in  
1034 any human research if the investigator conducting the human research knows that participation in the research  
1035 is protested by the prospective subject. In the case of persons suffering from neurodegenerative diseases  
1036 causing progressive deterioration of cognition for which there is no known cure, the implementation of  
1037 experimental courses of therapeutic treatment, including non-pharmacological treatment, to which a legally  
1038 authorized representative has given informed consent shall not constitute the use of force.

1039 B. A legally authorized representative may not consent to nontherapeutic research unless it is determined  
1040 by the human research committee that such nontherapeutic research will present no more than a minor  
1041 increase over minimal risk to the human subject. A legally authorized representative may not consent to  
1042 participation in human research on behalf of a prospective subject if the legally authorized representative  
1043 knows, or upon reasonable inquiry ought to know, that any aspect of the human research protocol is contrary  
1044 to the religious beliefs or basic values of the prospective subject, whether expressed orally or in writing. A  
1045 legally authorized representative may not consent to participation in human research involving  
1046 nontherapeutic sterilization, abortion, psychosurgery or admission for research purposes to a facility or  
1047 hospital as defined in § 37.2-100.

1048 C. Except as provided elsewhere in this chapter, no investigator may involve a human being as a subject  
1049 in research covered by this chapter unless the investigator has obtained the legally effective informed consent

1050 of the subject or the subject's legally authorized representative. An investigator shall seek such consent only  
1051 under circumstances that provide the prospective subject or the legally authorized representative sufficient  
1052 opportunity to consider whether or not to participate and that minimize the possibility of coercion or undue  
1053 influence.

1054 D. The human research review committee may approve a consent procedure which omits or alters some or  
1055 all of the basic elements of informed consent, or waives the requirement to obtain informed consent, if the  
1056 committee finds and documents that (i) the research involves no more than minimal risk to the subjects; (ii)  
1057 the omission, alteration or waiver will not adversely affect the rights and welfare of the subjects; (iii) the  
1058 research could not practicably be performed without the omission, alteration or waiver; and (iv) after  
1059 participation, the subjects are to be provided with additional pertinent information, whenever appropriate.

1060 E. The human research review committee may waive the requirement that the investigator obtain written  
1061 informed consent for some or all subjects, if the committee finds that the only record linking the subject and  
1062 the research would be the consent document and the principal risk would be potential harm resulting from a  
1063 breach of confidentiality. The committee may require the investigator to provide the subjects with a written  
1064 statement explaining the research. Further, each subject shall be asked whether he wants documentation  
1065 linking him to the research and the subject's wishes shall govern.

1066 **§ 32.1-291.21. Effect of anatomical gift on advance health care directive.**

1067 A. ~~As used in this section:~~

1068 "Advance ~~health care~~ *health care* directive" means an advance directive executed by a prospective donor  
1069 has the same meaning as provided in the Health Care Decisions Act (~~§ 54.1-2981 et seq.~~) § 54.1-2993.3.

1070 "Declaration" means a record signed by a prospective donor specifying the circumstances under which a  
1071 life support system may be withheld or withdrawn from the prospective donor.

1072 "Health care decision" means any decision regarding the health care of the prospective donor.

1073 B. If a prospective donor has a declaration or an advance ~~health care~~ *health care* directive and the terms  
1074 of the declaration or directive and the express or implied terms of a potential anatomical gift are in conflict  
1075 with regard to the administration of measures necessary to ensure the medical suitability of a part for  
1076 transplantation or therapy, the prospective donor's attending physician and the prospective donor shall confer  
1077 to resolve the conflict. If the prospective donor is incapable of resolving the conflict, an agent acting under  
1078 the prospective donor's declaration or directive, or, if there is no declaration or directive, or the agent is not  
1079 reasonably available, another person authorized by law other than this Act, to make health care decisions on  
1080 behalf of the prospective donor, shall act for the donor to resolve the conflict. The conflict shall be resolved  
1081 as expeditiously as possible. Information relevant to the resolution of the conflict may be obtained from the  
1082 appropriate procurement organization and any other person authorized to make an anatomical gift for the  
1083 prospective donor under § 32.1-291.9. Before resolution of the conflict, measures necessary to ensure the  
1084 medical suitability of an organ for transplantation or therapy may not be withheld or withdrawn from the  
1085 prospective donor if withholding or withdrawing the measures is not contraindicated by appropriate  
1086 end-of-life care.

1087 **§ 32.1-309.1. Identification of decedent, next of kin; disposition of claimed dead body.**

1088 A. As used in this chapter, unless the context requires a different meaning:

1089 "Disposition" means the burial, interment, entombment, cremation, or other authorized disposition of a  
1090 dead body permitted by law.

1091 "Next of kin" has the same meaning assigned to it in § 54.1-2800.

1092 B. In the absence of a next of kin, a person designated to make arrangements for disposition of the  
1093 decedent's remains pursuant to § 54.1-2825, an agent named in an advance *health care* directive pursuant to §  
1094 ~~54.1-2984~~ 54.1-2993.13, or any guardian appointed pursuant to Chapter 20 (§ 64.2-2000 et seq.) of Title 64.2  
1095 who may exercise the powers conferred in the order of appointment or by § 64.2-2019, or upon the failure or  
1096 refusal of such next of kin, designated person, agent, or guardian to accept responsibility for the disposition  
1097 of the decedent, then any other person 18 years of age or older who is able to provide positive identification  
1098 of the deceased and is willing to pay for the costs associated with the disposition of the decedent's remains  
1099 shall be authorized to make arrangements for such disposition of the decedent's remains. If a funeral service  
1100 establishment or funeral service licensee makes arrangements with a person other than a next of kin,  
1101 designated person, agent, or guardian in accordance with this section, then the funeral service licensee or  
1102 funeral service establishment shall be immune from civil liability unless such act, decision, or omission  
1103 resulted from bad faith or malicious intent.

1104 C. Upon the death of any person, irrespective of the cause and manner of death, and irrespective of  
1105 whether a medical examiner's investigation is required pursuant to § 32.1-283 or 32.1-285.1, the person or  
1106 institution having initial custody of the dead body shall make good faith efforts to determine the identity of  
1107 the decedent, if unknown, and to identify and notify the next of kin of the decedent regarding the decedent's  
1108 death. If, upon notification of the death of the decedent, the next of kin of the decedent or other person  
1109 authorized by law to make arrangements for disposition of the decedent's remains is willing and able to claim  
1110 the body, the body may be claimed by the next of kin or other person authorized by law to make  
1111 arrangements for disposition of the decedent's remains for disposition, and the claimant shall bear the

1112 expenses of such disposition. If the next of kin of the decedent or other person authorized by law to make  
 1113 arrangements for disposition of the decedent's remains fails or refuses to claim the body within 10 days of  
 1114 receiving notice of the death of the decedent, the body shall be disposed of in accordance with § 32.1-309.2.

1115 D. If the person or institution having initial custody of the dead body is unable to determine the identity of  
 1116 the decedent or to identify and notify the next of kin of the decedent regarding the decedent's death, the  
 1117 person or institution shall contact the primary law-enforcement agency for the locality in which the person or  
 1118 institution is located, which shall make good faith efforts to determine the identity of the decedent and to  
 1119 identify and notify the next of kin of the decedent. However, in cases in which the identity of the decedent  
 1120 and the county or city in which the decedent resided at the time of death are known, the person or institution  
 1121 having initial custody of the dead body shall notify the primary law-enforcement agency for the county or  
 1122 city in which the decedent resided regarding the decedent's death, and the law-enforcement agency for the  
 1123 county or city in which the decedent resided shall make good faith efforts to identify and notify the next of  
 1124 kin of the decedent.

1125 If the identity of the decedent is known to the primary law-enforcement agency or the primary law-  
 1126 enforcement agency is able to identify the decedent, the primary law-enforcement agency is able to identify  
 1127 and notify the next of kin of the decedent or other person authorized by law to make arrangements for  
 1128 disposition of the decedent's remains, and the next of kin of the decedent or other person authorized by law to  
 1129 make arrangements for disposition of the decedent's remains is willing and able to claim the body, the body  
 1130 may be claimed by the next of kin or other person authorized by law to make arrangements for disposition of  
 1131 the decedent's remains for disposition, and the claimant shall bear the expenses of such disposition.

1132 If the identity of the decedent is known to the primary law-enforcement agency is able to determine the  
 1133 identity of the decedent but the primary law-enforcement agency is unable, despite good faith efforts, to  
 1134 identify and notify the decedent's next of kin or other person authorized by law to make arrangements for  
 1135 disposition of the decedent's remains within 10 days of the date of contact by the person or institution having  
 1136 initial custody of the dead body, or the primary law-enforcement agency is able to identify and notify the  
 1137 decedent's next of kin or other person authorized by law to make arrangements for disposition of the  
 1138 decedent's remains but the next of kin or other person authorized by law to make arrangements for disposition  
 1139 of the decedent's remains fails or refuses to claim the body within 10 days, the primary law-enforcement  
 1140 agency shall notify the person or institution having initial custody of the dead body, and the body shall be  
 1141 disposed of in accordance with § 32.1-309.2.

1142 E. In cases in which a dead body is claimed by the decedent's next of kin or other person authorized by  
 1143 law to make arrangements for disposition of the decedent's remains but the next of kin or other person  
 1144 authorized by law to make arrangements for disposition of the decedent's remains is unable to pay the  
 1145 reasonable costs of disposition of the body and the costs are paid by the county or city in which the decedent  
 1146 resided or in which the death occurred in accordance with this section, and the decedent has an estate out of  
 1147 which disposition expenses may be paid, in whole or in part, such assets shall be seized for such purpose.

1148 F. No dead body that is the subject of an investigation pursuant to § 32.1-283 or autopsy pursuant to  
 1149 § 32.1-285 shall be transferred for purposes of disposition until such investigation or autopsy has been  
 1150 completed.

1151 G. Any sheriff or primary law-enforcement officer, county, city, health care provider, funeral service  
 1152 establishment, funeral service licensee, or other person or institution that acts in accordance with the  
 1153 requirements of this chapter shall be immune from civil liability for any act, decision, or omission resulting  
 1154 from acceptance and disposition of the dead body in accordance with this section, unless such act, decision,  
 1155 or omission resulted from bad faith or malicious intent.

1156 H. Nothing in this section shall prevent a law-enforcement agency other than the primary law-  
 1157 enforcement agency from performing the duties established by this section if so requested by the primary  
 1158 law-enforcement agency and agreed to by the other law-enforcement agency.

1159 **§ 32.1-325. Board to submit plan for medical assistance services to U.S. Secretary of Health and**  
 1160 **Human Services pursuant to federal law; administration of plan; contracts with health care providers.**

1161 A. The Board, subject to the approval of the Governor, is authorized to prepare, amend from time to time,  
 1162 and submit to the U.S. Secretary of Health and Human Services a state plan for medical assistance services  
 1163 pursuant to Title XIX of the United States Social Security Act and any amendments thereto. The Board shall  
 1164 include in such plan:

1165 1. A provision for payment of medical assistance on behalf of individuals, up to the age of 21, placed in  
 1166 foster homes or private institutions by private, nonprofit agencies licensed as child-placing agencies by the  
 1167 Department of Social Services or placed through state and local subsidized adoptions to the extent permitted  
 1168 under federal statute;

1169 2. A provision for determining eligibility for benefits for medically needy individuals which disregards  
 1170 from countable resources an amount not in excess of \$3,500 for the individual and an amount not in excess of  
 1171 \$3,500 for his spouse when such resources have been set aside to meet the burial expenses of the individual  
 1172 or his spouse. The amount disregarded shall be reduced by (i) the face value of life insurance on the life of an  
 1173 individual owned by the individual or his spouse if the cash surrender value of such policies has been

1174 excluded from countable resources and (ii) the amount of any other revocable or irrevocable trust, contract, or  
1175 other arrangement specifically designated for the purpose of meeting the individual's or his spouse's burial  
1176 expenses;

1177 3. A requirement that, in determining eligibility, a home shall be disregarded. For those medically needy  
1178 persons whose eligibility for medical assistance is required by federal law to be dependent on the budget  
1179 methodology for Aid to Families with Dependent Children, a home means the house and lot used as the  
1180 principal residence and all contiguous property. For all other persons, a home shall mean the house and lot  
1181 used as the principal residence, as well as all contiguous property, as long as the value of the land, exclusive  
1182 of the lot occupied by the house, does not exceed \$5,000. In any case in which the definition of home as  
1183 provided here is more restrictive than that provided in the state plan for medical assistance services in  
1184 Virginia as it was in effect on January 1, 1972, then a home means the house and lot used as the principal  
1185 residence and all contiguous property essential to the operation of the home regardless of value;

1186 4. A provision for payment of medical assistance on behalf of individuals up to the age of 21, who are  
1187 Medicaid eligible, for medically necessary stays in acute care facilities in excess of 21 days per admission;

1188 5. A provision for deducting from an institutionalized recipient's income an amount for the maintenance  
1189 of the individual's spouse at home;

1190 6. A provision for payment of medical assistance on behalf of pregnant women which provides for  
1191 payment for inpatient postpartum treatment in accordance with the medical criteria outlined in the most  
1192 current version of or an official update to the "Guidelines for Perinatal Care" prepared by the American  
1193 Academy of Pediatrics and the American College of Obstetricians and Gynecologists or the "Standards for  
1194 Obstetric-Gynecologic Services" prepared by the American College of Obstetricians and Gynecologists.  
1195 Payment shall be made for any postpartum home visit or visits for the mothers and the children which are  
1196 within the time periods recommended by the attending physicians in accordance with and as indicated by

 1623 days after admission unless, within that time, the person's continued admission is authorized under other  
 1624 provisions of law.

1625 **§ 37.2-817.01. Mandatory outpatient treatment.**

1626 A. Prior to ordering involuntary admission pursuant to § 37.2-817, a judge or special justice shall  
 1627 investigate and determine whether (i) mandatory outpatient treatment is appropriate as a less restrictive  
 1628 alternative to admission pursuant to subsection B or (ii) mandatory outpatient treatment following a period of  
 1629 inpatient treatment is appropriate pursuant to subsection C.

1630 B. After observing the person and considering (i) the recommendations of any treating or examining

 1632 mental health treatment of the person, (iv) any examiner's certification, (v) any health records available, (vi)

 1636 (1) cause serious physical harm to himself or others as evidenced by recent behavior causing, attempting, or  
 1637 threatening harm and other relevant information, if any, or (2) suffer serious harm due to his lack of capacity  
 1638 to protect himself from harm or to provide for his basic human needs, (b) less restrictive alternatives to  
 1639 involuntary inpatient treatment that would offer an opportunity for improvement of his condition have been  
 1640 investigated and are determined to be appropriate, as reflected in the initial outpatient treatment plan prepared  
 1641 in accordance with subsection F, (c) the person has the ability to adhere to the mandatory outpatient treatment  
 1642 plan, and (d) the ordered treatment will be delivered on an outpatient basis by the community services board  
 1643 or designated provider to the person, the judge or special justice shall by written order and specific findings  
 1644 so certify and order that the person be admitted involuntarily to mandatory outpatient treatment. Less  
 1645 restrictive alternatives shall not be determined to be appropriate unless the services are actually available in  
 1646 the community. The duration of mandatory outpatient treatment shall be determined by the court based on  
 1647 recommendations of the community services board but shall not exceed 180 days; in prescribing the terms of  
 1648 the order, including its length, the judge or special justice shall consider the impact on the person's  
 1649 opportunities and obligations, including education and employment. Upon expiration of an order for  
 1650 mandatory outpatient treatment, the person shall be released from the requirements of the order unless the  
 1651 order is continued in accordance with § 37.2-817.4.

1652 C. Upon finding by clear and convincing evidence that, in addition to the findings described in subsection  
 1653 C of § 37.2-817, (i) the person has a history of lack of adherence to treatment for mental illness that has, at  
 1654 least twice within the past 36 months, resulted in the person being subject to an order for involuntary  
 1655 admission pursuant to subsection C of § 37.2-817 or being subject to a temporary detention order and then  
 1656 voluntarily admitting himself in accordance with subsection B of § 37.2-814, except that such 36-month  
 1657 period shall not include any time during which the person was receiving inpatient psychiatric treatment or  
 1658 was incarcerated, as established by evidence admitted at the hearing, (ii) in view of the person's treatment  
 1659 history and current behavior, the person is in need of mandatory outpatient treatment following inpatient  
 1660 treatment in order to prevent a relapse or deterioration that would be likely to result in the person meeting the  
 1661 criteria for involuntary inpatient treatment, (iii) the person has the ability to adhere to the comprehensive  
 1662 mandatory outpatient treatment plan, and (iv) the person is likely to benefit from mandatory outpatient  
 1663 treatment, the judge or special justice may order that, upon discharge from inpatient treatment, the person  
 1664 adhere to a comprehensive mandatory outpatient treatment plan.

1665 The period of mandatory outpatient treatment shall begin upon discharge of the person from involuntary  
 1666 inpatient treatment, either upon expiration of the order for inpatient treatment pursuant to subsection C of  
 1667 § 37.2-817 or pursuant to § 37.2-837 or 37.2-838. The duration of mandatory outpatient treatment shall be  
 1668 determined by the court on the basis of recommendations of the community services board, and the maximum

1669 period of mandatory outpatient treatment shall not exceed 180 days; in prescribing the terms of the order,  
1670 including its length, the judge or special justice shall consider the impact on the person's opportunities and  
1671 obligations, including education and employment.

1672 The treating physician and facility staff shall develop the comprehensive mandatory outpatient treatment  
1673 plan in conjunction with the community services board and the person. The comprehensive mandatory  
1674 outpatient treatment plan shall include all of the components described in, and shall be filed with the court  
1675 and incorporated into, the order for mandatory outpatient treatment following a period of involuntary  
1676 inpatient treatment in accordance with subsection G. The community services board where the person resides  
1677 upon discharge shall monitor the person's progress and adherence to the comprehensive mandatory outpatient  
1678 treatment plan. Upon expiration of the order for mandatory outpatient treatment following a period of  
1679 involuntary inpatient treatment, the person shall be released unless the order is continued in accordance with  
1680 § 37.2-817.4.

1681 D. At any time prior to the discharge of a person who has been involuntarily admitted pursuant to  
1682 subsection C of § 37.2-817, the person, the person's treating physician, a family member or personal  
1683 representative of the person, or the community services board serving the county or city where the facility is  
1684 located, the county or city where the person resides, or the county or city where the person will receive  
1685 treatment following discharge may file a motion with the court for a hearing to determine whether such  
1686 person should be ordered to mandatory outpatient treatment following a period of inpatient treatment upon  
1687 discharge if such person, on at least two previous occasions within 36 months preceding the date of the  
1688 hearing, has been (i) involuntarily admitted pursuant to subsection C of § 37.2-817 or (ii) the subject of a  
1689 temporary detention order and voluntarily admitted himself in accordance with subsection B of § 37.2-814,  
1690 except that such 36-month period shall not include any time during which the person was receiving inpatient  
1691 psychiatric treatment or was incarcerated, as established by evidence admitted at the hearing. A district court  
1692 judge or special justice shall hold the hearing within 72 hours after receiving the motion for a hearing to  
1693 determine whether the person should be ordered to mandatory outpatient treatment following a period of  
1694 involuntary inpatient treatment; however, if the 72-hour period expires on a Saturday, Sunday, or legal  
1695 holiday, the hearing shall be held by the close of business on the next day that is not a Saturday, Sunday, or  
1696 legal holiday. The district court judge or special justice may enter an order for a period of mandatory  
1697 outpatient treatment following a period of involuntary inpatient treatment upon finding that the person meets  
1698 the criteria set forth in subsection C.

1699 E. Mandatory outpatient treatment may include day treatment in a hospital, night treatment in a hospital,  
1700 outpatient involuntary treatment with antipsychotic medication pursuant to Chapter 11 (§ 37.2-1100 et seq.),  
1701 or other appropriate course of treatment as may be necessary to meet the needs of the person. Mandatory  
1702 outpatient treatment shall not include the use of restraints or physical force of any kind in the provision of the  
1703 medication. The community services board that serves the county or city in which the person resides shall  
1704 recommend a specific course of treatment and programs for the provision of mandatory outpatient treatment.

1705 F. Any order for mandatory outpatient treatment entered pursuant to subsection B shall include an initial  
1706 mandatory outpatient treatment plan developed by the community services board that completed the  
1707 preadmission screening report. The plan shall, at a minimum, (i) identify the specific services to be provided,  
1708 (ii) identify the provider who has agreed to provide each service, (iii) describe the arrangements made for the  
1709 initial in-person appointment or contact with each service provider, and (iv) include any other relevant  
1710 information that may be available regarding the mandatory outpatient treatment ordered. The order shall  
1711 require the community services board to monitor the implementation of the mandatory outpatient treatment  
1712 plan and the person's progress and adherence to the initial mandatory outpatient treatment plan.

1713 G. The community services board where the person resides that is responsible for monitoring the person's  
1714 progress and adherence to the comprehensive mandatory outpatient treatment plan shall file a comprehensive  
1715 mandatory outpatient treatment plan no later than five days, excluding Saturdays, Sundays, or legal holidays,  
1716 after an order for mandatory outpatient treatment has been entered pursuant to subsection B. The community  
1717 services board where the person resides that is responsible for monitoring the person's progress and adherence  
1718 to the comprehensive mandatory outpatient treatment plan shall file a comprehensive mandatory outpatient  
1719 treatment plan prior to discharging a person to mandatory outpatient treatment pursuant to subsection C or D.  
1720 The comprehensive mandatory outpatient treatment plan shall (i) identify the specific type, amount, duration,  
1721 and frequency of each service to be provided to the person; (ii) identify the provider that has agreed to  
1722 provide each service included in the plan; (iii) certify that the services are the most appropriate and least  
1723 restrictive treatment available for the person; (iv) certify that each provider has complied and continues to  
1724 comply with applicable provisions of the Department's licensing regulations; (v) be developed with the fullest  
1725 possible involvement and participation of the person and his family, with the person's consent, and reflect his  
1726 preferences to the greatest extent possible to support his recovery and self-determination, including  
1727 incorporating any preexisting crisis plan or advance *health care* directive of the person; (vi) specify the  
1728 particular conditions to which the person shall be required to adhere; and (vii) describe (a) how the  
1729 community services board shall monitor the person's progress and adherence to the plan and (b) any  
1730 conditions, including scheduled meetings or continued adherence to medication, necessary for mandatory

1731 outpatient treatment to be appropriate for the person. The community services board shall submit the  
1732 comprehensive mandatory outpatient treatment plan to the court for approval. Upon approval by the court, the  
1733 comprehensive mandatory outpatient treatment plan shall be filed with the court and incorporated into the  
1734 order of mandatory outpatient treatment entered pursuant to subsection B, C, or D, as appropriate. A copy of  
1735 the comprehensive mandatory outpatient treatment plan shall be provided to the person by the community  
1736 services board upon approval of the comprehensive mandatory outpatient treatment plan by the court.

1737 H. If the community services board responsible for developing a comprehensive mandatory outpatient  
1738 treatment plan pursuant to subsection B, C, or D determines that the services necessary for the treatment of  
1739 the person's mental illness are not available or cannot be provided to the person in accordance with the order  
1740 for mandatory outpatient treatment, it shall petition the court for rescission of the mandatory outpatient  
1741 treatment order or order for mandatory outpatient treatment following a period of involuntary inpatient  
1742 treatment in accordance with the provisions of subsection D of § 37.2-817.1.

1743 I. Upon entry of any order for mandatory outpatient treatment pursuant to subsection B or mandatory  
1744 outpatient treatment following a period of involuntary inpatient treatment pursuant to subsection C or D, the  
1745 clerk of the court shall provide a copy of the order to the person who is the subject of the order, to his  
1746 attorney, and to the community services board required to monitor the person's progress and adherence to the  
1747 comprehensive mandatory outpatient treatment plan. The community services board shall acknowledge  
1748 receipt of the order to the clerk of the court on a form established by the Office of the Executive Secretary of  
1749 the Supreme Court and provided by the court for this purpose within five business days.

1750 J. The court may transfer jurisdiction of the case to the district court where the person resides at any time  
1751 after the entry of the mandatory outpatient treatment order. The community services board responsible for  
1752 monitoring the person's progress and adherence to the comprehensive mandatory outpatient treatment plan  
1753 shall remain responsible for monitoring the person's progress and adherence to the plan until the community  
1754 services board serving the locality to which jurisdiction of the case has been transferred acknowledges the  
1755 transfer and receipt of the order to the clerk of the court on a form established by the Office of the Executive  
1756 Secretary of the Supreme Court and provided by the court for this purpose. The community services board  
1757 serving the locality to which jurisdiction of the case has been transferred shall acknowledge the transfer and  
1758 receipt of the order within five business days.

1759 K. Any order entered pursuant to this section shall provide for the disclosure of medical records pursuant  
1760 to § 37.2-804.2. This subsection shall not preclude any other disclosures as required or permitted by law.

1761 **§ 37.2-817.1. Monitoring and court review of mandatory outpatient treatment.**

1762 A. As used in this section, "material nonadherence" means deviation from a comprehensive mandatory  
1763 outpatient treatment plan by a person who is subject to an order for mandatory outpatient treatment following  
1764 a period of involuntary inpatient treatment pursuant to subsection C or D of § 37.2-817.01 or an order for  
1765 mandatory outpatient treatment pursuant to subsection B of § 37.2-817.01 that it is likely to lead to the  
1766 person's relapse or deterioration and for which the person cannot provide a reasonable explanation.

1767 B. The community services board where the person resides shall monitor the person's progress and  
1768 adherence to the comprehensive mandatory outpatient treatment plan prepared in accordance with  
1769 § 37.2-817.01. Such monitoring shall include (i) contacting or making documented efforts to contact the

1771 person to adhere to the comprehensive mandatory outpatient treatment plan, (ii) contacting the service  
1772 providers to determine if the person is adhering to the comprehensive mandatory outpatient treatment plan  
1773 and, in the event of material nonadherence, if the person fails or refuses to cooperate with efforts of the  
1774 community services board or providers of services identified in the comprehensive mandatory outpatient  
1775 treatment plan to address the factors leading to the person's material nonadherence, petitioning for a review  
1776 hearing pursuant to this section. Service providers identified in the comprehensive mandatory outpatient  
1777 treatment plan shall report any material nonadherence and any material changes in the person's condition to  
1778 the community services board. Any finding of material nonadherence shall be based upon a totality of the  
1779 circumstances.

1780 C. The community services board responsible for monitoring the person's progress and adherence to the  
1781 comprehensive mandatory outpatient treatment plan shall report monthly, in writing, to the court regarding  
1782 the person's and the community services board's compliance with the provisions of the comprehensive  
1783 mandatory outpatient treatment plan. If the community services board determines that the deterioration of the  
1784 condition or behavior of a person who is subject to an order for mandatory outpatient treatment following a  
1785 period of involuntary inpatient treatment pursuant to subsection C or D of § 37.2-817.01 or a mandatory  
1786 outpatient treatment order pursuant to subsection B of § 37.2-817.01 is such that there is a substantial  
1787 likelihood that, as a result of the person's mental illness, the person will, in the near future, (i) cause serious  
1788 physical harm to himself or others as evidenced by recent behavior causing, attempting, or threatening harm  
1789 and other relevant information, if any, or (ii) suffer serious harm due to his lack of capacity to protect himself  
1790 from harm or to provide for his basic human needs, it shall immediately request that the magistrate issue an  
1791 emergency custody order pursuant to § 37.2-808 or a temporary detention order pursuant to § 37.2-809. Entry  
1792 of an emergency custody order, temporary detention order, or involuntary inpatient treatment order shall

1793 suspend but not rescind an existing order for mandatory outpatient treatment following a period of  
 1794 involuntary inpatient treatment pursuant to subsection C or D of § 37.2-817.01 or a mandatory outpatient  
 1795 treatment order pursuant to subsection B of § 37.2-817.01.

1796 D. The district court judge or special justice shall hold a hearing within five days after receiving the  
 1797 petition for review of the comprehensive mandatory outpatient treatment plan; however, if the fifth day is a  
 1798 Saturday, Sunday, legal holiday, or day on which the court is lawfully closed, the hearing shall be held by the  
 1799 close of business on the next day that is not a Saturday, Sunday, legal holiday, or day on which the court is  
 1800 lawfully closed. The clerk shall provide notice of the hearing to the person, the community services board, all  
 1801 treatment providers listed in the comprehensive mandatory outpatient treatment order or discharge plan, and  
 1802 the original petitioner for the person's involuntary treatment. If the person is not represented by counsel, the  
 1803 court shall appoint an attorney to represent the person in this hearing and any subsequent hearing under this  
 1804 section or § 37.2-817.4, giving consideration to appointing the attorney who represented the person at the  
 1805 proceeding that resulted in the issuance of the mandatory outpatient treatment order or order for mandatory  
 1806 outpatient treatment following a period of involuntary inpatient treatment. The same judge or special justice  
 1807 that presided over the hearing resulting in the mandatory outpatient treatment order or order for mandatory  
 1808 outpatient treatment following a period of involuntary inpatient treatment need not preside at the  
 1809 nonadherence hearing or any subsequent hearings. The community services board shall offer to arrange the  
 1810 person's transportation to the hearing if the person is not detained and has no other source of transportation.

1811 Any of the following may petition the court for a hearing pursuant to this subsection: (i) the person who is  
 1812 subject to the mandatory outpatient treatment order or order for mandatory outpatient treatment following a  
 1813 period of involuntary inpatient treatment; (ii) the community services board responsible for monitoring the  
 1814 person's progress and adherence to the mandatory outpatient treatment order or order for mandatory  
 1815 outpatient treatment following a period of involuntary inpatient treatment; (iii) a treatment provider  
 1816 designated in the comprehensive mandatory outpatient treatment plan; (iv) the person who originally filed the  
 1817 petition that resulted in the entry of the mandatory outpatient treatment order or order for mandatory  
 1818 outpatient treatment following a period of involuntary inpatient treatment; (v) any health care agent  
 1819 designated in the advance *health care* directive of the person who is the subject of the mandatory outpatient  
 1820 treatment order or order for mandatory outpatient treatment following a period of involuntary inpatient  
 1821 treatment; or (vi) if the person who is the subject of the mandatory outpatient treatment order or order for  
 1822 mandatory outpatient treatment following a period of involuntary inpatient treatment has been determined to  
 1823 ~~be incapable of making an informed~~ *lack the capacity to make a health care decision pursuant to §*  
 1824 *54.1-2993.5, the person's agent, guardian, or other person authorized to make health care decisions for the*  
 1825 *person default surrogate* pursuant to § ~~54.1-2986~~ *54.1-2993.13*.

1826 A petition filed pursuant to this subsection may request that the court do any of the following:

1827 1. Enforce a mandatory outpatient treatment order or order for mandatory outpatient treatment following a  
 1828 period of involuntary inpatient treatment and require the person who is the subject of the order to adhere to  
 1829 the comprehensive mandatory outpatient treatment plan, in the case of material nonadherence;

1830 2. Modify a mandatory outpatient treatment order or order for mandatory outpatient treatment following a  
 1831 period of involuntary inpatient treatment or a comprehensive mandatory outpatient treatment plan due to a  
 1832 change in circumstances, including changes in the condition, behavior, living arrangement, or access to  
 1833 services of the person who is the subject to the order; or

1834 3. Rescind a mandatory outpatient treatment order or order for mandatory outpatient treatment following a  
 1835 period of involuntary inpatient treatment.

1836 At any time after 30 days from entry of the mandatory outpatient treatment order pursuant to subsection B  
 1837 of § 37.2-817.01 or from the discharge of the person from involuntary inpatient treatment pursuant to an  
 1838 order under subsection C or D of § 37.2-817.01, the person may petition the court to rescind the order. The  
 1839 person shall not file a petition to rescind the order more than once during a 90-day period.

1840 E. If requested in a petition filed pursuant to subsection D or on the court's own motion, the court may  
 1841 appoint an examiner in accordance with § 37.2-815 who shall personally examine the person on or before the  
 1842 date of the review, as directed by the court, and certify to the court whether or not he has probable cause to  
 1843 believe that the person meets the criteria for mandatory outpatient treatment as specified in subsection B, C,  
 1844 or D of § 37.2-817.01, as may be applicable. The examination shall include all applicable requirements of  
 1845 § 37.2-815. The certification of the examiner may be admitted into evidence without the appearance of the  
 1846 examiner at the hearing if not objected to by the person or his attorney. If the person is not incarcerated or  
 1847 receiving treatment in an inpatient facility, the community services board shall arrange for the person to be  
 1848 examined at a convenient location and time. The community services board shall offer to arrange for the  
 1849 person's transportation to the examination if the person has no other source of transportation and resides  
 1850 within the service area or an adjacent service area of the community services board. If the person refuses or  
 1851 fails to appear, the community services board shall notify the court, or a magistrate if the court is not  
 1852 available, and the court or magistrate shall issue a mandatory examination order and *capias* directing the  
 1853 primary law-enforcement agency in the jurisdiction where the person resides to transport the person to the  
 1854 examination. The person shall remain in custody until a temporary detention order is issued or until the

1855 person is released, but in no event shall the period exceed eight hours.

1856 F. If the person fails to appear for the hearing, the court may, after consideration of any evidence  
1857 regarding why the person failed to appear at the hearing, (i) dismiss the petition, (ii) issue an emergency  
1858 custody order pursuant to § 37.2-808, or (iii) reschedule the hearing pursuant to subsection D and issue a  
1859 subpoena for the person's appearance at the hearing and enter an order for mandatory examination, to be  
1860 conducted prior to the hearing and in accordance with subsection E.

1861 G. After observing the person and considering (i) the recommendations of any treating or examining  
1862 physician or psychologist licensed to practice in the Commonwealth, if available, (ii) the person's adherence  
1863 to the comprehensive mandatory outpatient treatment plan, (iii) any past mental health treatment of the  
1864 person, (iv) any examiner's certification, (v) any health records available, (vi) any report from the community  
1865 services board, and (vii) any other relevant evidence that may have been admitted at the hearing, the judge or  
1866 special justice shall make one of the following dispositions:

1867 1. In a hearing on any petition seeking enforcement of a mandatory outpatient treatment order, upon  
1868 finding that continuing mandatory outpatient treatment is warranted, the court shall direct the person to fully  
1869 comply with the mandatory outpatient treatment order or order for mandatory outpatient treatment following  
1870 a period of involuntary inpatient treatment and may make any modifications to such order or the  
1871 comprehensive mandatory outpatient treatment plan that are acceptable to the community services board or  
1872 treatment provider responsible for the person's treatment. In determining the appropriateness of the outpatient  
1873 treatment specified in such order and the comprehensive mandatory outpatient treatment plan, the court may  
1874 consider the person's material nonadherence to the existing mandatory treatment order.

1875 2. In a hearing on any petition seeking modification of a mandatory outpatient treatment order or order for  
1876 mandatory outpatient treatment following a period of involuntary inpatient treatment, upon a finding that (i)  
1877 one or more modifications of the order would benefit the person and help prevent relapse or deterioration of  
1878 the person's condition, (ii) the community services board and the treatment provider responsible for the  
1879 person's treatment are able to provide services consistent with such modification, and (iii) the person is able  
1880 to adhere to the modified comprehensive mandatory outpatient treatment plan, the court may order such  
1881 modification of the mandatory outpatient treatment order or order for mandatory outpatient treatment  
1882 following a period of involuntary inpatient treatment or the comprehensive mandatory outpatient treatment  
1883 plan as the court finds appropriate.

1884 3. In a hearing on any petition filed to enforce, modify, or rescind a mandatory outpatient treatment order,  
1885 upon finding that mandatory outpatient treatment is no longer appropriate, the court may rescind the order.

1886 H. The judge or special justice may schedule periodic status hearings for the purpose of obtaining  
1887 information regarding the person's progress while the mandatory outpatient treatment order or order for  
1888 mandatory outpatient treatment following a period of involuntary inpatient treatment remains in effect. The  
1889 clerk shall provide notice of the hearing to the person who is the subject of the order and the community  
1890 services board responsible for monitoring the person's condition and adherence to the plan. The person shall  
1891 have the right to be represented by counsel at the hearing, and if the person does not have counsel the court  
1892 shall appoint an attorney to represent the person. However, status hearings may be held without counsel  
1893 present by mutual consent of the parties. The community services board shall offer to arrange the person's  
1894 transportation to the hearing if the person is not detained and has no other source of transportation. During a  
1895 status hearing, the treatment plan may be amended upon mutual agreement of the parties. Contested matters  
1896 shall not be decided during a status hearing, nor shall any decision regarding enforcement, rescission, or  
1897 renewal of the order be entered.

1898 **§ 37.2-837. Discharge from state hospitals or training centers, conditional release, and trial or home**  
1899 **visits for individuals.**

1900 A. Except for an individual receiving services in a state hospital who is held upon an order of a court for a  
1901 criminal proceeding, the director of a state hospital or training center may discharge, after the preparation of a  
1902 discharge plan:

1903 1. Any individual in a state hospital who, in his judgment, (i) is recovered, (ii) does not have a mental  
1904 illness, or (iii) is impaired or not recovered but whose discharge will not be detrimental to the public welfare  
1905 or injurious to the individual;

1906 2. Any individual in a state hospital who is not a proper case for treatment within the purview of this  
1907 chapter; or

1908 3. Any individual in a training center who chooses to be discharged or, if the individual lacks the mental  
1909 capacity to choose, whose legally authorized representative chooses for him to be discharged. Pursuant to  
1910 regulations of the Centers for Medicare & Medicaid Services and the Department of Medical Assistance  
1911 Services, no individual at a training center who is enrolled in Medicaid shall be discharged if the individual or  
1912 his legally authorized representative on his behalf chooses to continue receiving services in a training center.

1913 Central State Hospital, Southern Virginia Mental Health Institute, and Southwestern Virginia Mental  
1914 Health Institute shall, in consultation with the appropriate community services board or behavioral health  
1915 authority, provide discharge planning for any individual to be discharged from the state hospital in 30 days or  
1916 less after admission. For all individuals discharged from any other state facility in 30 days or less after

1917 admission, or from a state hospital more than 30 days after admission, or from a state training center, the  
1918 discharge plan shall be formulated in accordance with the provisions of § 37.2-505 by the community  
1919 services board or behavioral health authority that serves the city or county where the individual resided prior  
1920 to admission or by the board or authority that serves the city or county where the individual or his legally  
1921 authorized representative on his behalf chooses to reside immediately following the discharge. The discharge  
1922 plan shall be contained in a uniform discharge document developed by the Department and used by all state  
1923 hospitals, training centers, and community services boards or behavioral health authorities and shall identify  
1924 (i) the services, including mental health, developmental, substance abuse, social, educational, medical,  
1925 employment, housing, legal, advocacy, transportation, and other services that the individual will require upon  
1926 discharge into the community, and (ii) the public or private agencies that have agreed to provide these  
1927 services. If the individual will be housed in an assisted living facility, as defined in § 63.2-100, the discharge  
1928 plan shall identify the facility, document its appropriateness for housing and capacity to care for the  
1929 individual, contain evidence of the facility's agreement to admit and care for the individual, and describe how  
1930 the community services board or behavioral health authority will monitor the individual's care in the facility.  
1931 Prior to discharging an individual pursuant to subdivision A 1 or 2 who has not executed an advance *health*  
1932 *care* directive, the director of a state hospital or his designee shall give to the individual a written explanation  
1933 of the procedures for executing an advance *health care* directive in accordance with the *Uniform Health Care*  
1934 *Decisions Act* (§ ~~54.1-2981~~ 54.1-2993.2 et seq.) and an advance *health care* directive form, which may be the  
1935 form set forth in § ~~54.1-2984~~ 54.1-2993.12.

1936 B. The director may grant a trial or home visit to an individual receiving services in accordance with  
1937 regulations adopted by the Board. The state facility granting a trial or home visit to an individual shall not be  
1938 liable for his expenses during the period of that visit. Such liability shall devolve upon the relative,  
1939 conservator, person to whose care the individual is entrusted while on the trial or home visit, or the  
1940 appropriate local department of social services of the county or city in which the individual resided at the  
1941 time of admission pursuant to regulations adopted by the State Board of Social Services.

1942 C. Any individual who is discharged pursuant to subdivision A 2 shall, if necessary for his welfare, be  
1943 received and cared for by the appropriate local department of social services. The provision of public  
1944 assistance or social services to the individual shall be the responsibility of the appropriate local department of  
1945 social services as determined by regulations adopted by the State Board of Social Services. Expenses incurred  
1946 for the provision of public assistance to the individual who is receiving 24-hour care while in an assisted  
1947 living facility licensed pursuant to Chapters 17 (§ 63.2-1700 et seq.) and 18 (§ 63.2-1800 et seq.) of Title 63.2  
1948 shall be the responsibility of the appropriate local department of social services of the county or city in which  
1949 the individual resided at the time of admission.

1950 **§ 37.2-838. Discharge of individuals from a licensed hospital.**

1951 The person in charge of a licensed hospital may discharge any individual involuntarily admitted who is  
1952 recovered or, if not recovered, whose discharge will not be detrimental to the public welfare or injurious to  
1953 the individual, or who meets other criteria as specified in § 37.2-837. Prior to discharging any individual who  
1954 has not executed an advance *health care* directive, the person in charge of a licensed hospital or his designee  
1955 shall give to the individual a written explanation of the procedures for executing an advance *health care*  
1956 directive in accordance with the *Uniform Health Care Decisions Act* (§ ~~54.1-2981~~ 54.1-2993.2 et seq.) and an  
1957 advance *health care* directive form, which may be the form set forth in § ~~54.1-2984~~ 54.1-2993.12. The person  
1958 in charge of the licensed hospital may refuse to discharge any individual involuntarily admitted, if, in his  
1959 judgment, the discharge will be detrimental to the public welfare or injurious to the individual. The person in  
1960 charge of a licensed hospital may grant a trial or home visit to an individual in accordance with regulations  
1961 adopted by the Board.

1962 **§ 37.2-1101. Judicial authorization of treatment.**

1963 A. An appropriate circuit court or district court judge or special justice may authorize treatment for a  
1964 mental or physical disorder on behalf of an adult person, in accordance with this section, if it finds upon clear  
1965 and convincing evidence that (i) the person is either incapable of making an informed decision on his own  
1966 behalf or is incapable of communicating such a decision due to a physical or mental disorder and (ii) the  
1967 proposed treatment is in the best interest of the person.

1968 B. Any person may request authorization of treatment for an adult person by filing a petition in the circuit  
1969 court or district court or with a special justice of the county or city in which the person for whom treatment is  
1970 sought resides or is located or in the county or city in which the proposed place of treatment is located. Upon  
1971 filing the petition, the petitioner or the court shall deliver or send a certified copy of the petition to the person  
1972 for whom treatment is sought and, if the identity and whereabouts of the person's next of kin are known, to  
1973 the next of kin.

1974 C. As soon as reasonably possible after the filing of the petition, the court shall appoint an attorney to  
1975 represent the interests of the person for whom treatment is sought at the hearing. However, the appointment  
1976 shall not be required in the event that the person or another interested person on behalf of the person elects to  
1977 retain private counsel at his own expense to represent the interests of the person at the hearing. If the person  
1978 for whom treatment is sought is indigent, his counsel shall be paid by the Commonwealth as provided in

1979 § 37.2-804 from funds appropriated to reimburse expenses incurred in the involuntary admission process.  
 1980 However, this provision shall not be construed to prohibit the direct payment of an attorney's fee by the  
 1981 person or an interested person on his behalf, which fee shall be subject to the review and approval of the  
 1982 court.

1983 D. Following the appointment of an attorney pursuant to subsection C, the court shall schedule an  
 1984 expedited hearing of the matter. The court shall notify the person for whom treatment is sought, his next of  
 1985 kin, if known, the petitioner, and their respective counsel of the date and time for the hearing. In scheduling  
 1986 the hearing, the court shall take into account the type and severity of the alleged physical or mental disorder,  
 1987 as well as the need to provide the person's attorney with sufficient time to adequately prepare his client's case.

1988 E. Notwithstanding the provisions of subsections B and D regarding delivery or service of the petition and  
 1989 notice of the hearing to the next of kin of any person for whom consent to treatment is sought, if the person is  
 1990 a patient in any hospital, including a hospital licensed by the Department of Health pursuant to § 32.1-123 or  
 1991 an individual receiving services in any facility operated by the Department of Behavioral Health and  
 1992 Developmental Services and such person has no known guardian or legally authorized representative, at the  
 1993 time the petition is filed, the court may dispense with the requirement of any notice to the next of kin. If  
 1994 treatment is necessary to prevent imminent or irreversible harm, the court in its discretion may dispense with  
 1995 the requirement of providing notice. This subsection shall not be construed to interfere with any decision  
 1996 made pursuant to the *Uniform Health Care Decisions Act* (§ ~~54.1-2981~~ 54.1-2993.2 et seq.).

1997 F. Prior to the hearing, the attorney shall investigate the risks and benefits of the treatment decision for  
 1998 which authorization is sought and of alternatives to the proposed decision. The attorney shall make a  
 1999 reasonable effort to inform the person of this information and to ascertain the person's religious beliefs and  
 2000 basic values and the views and preferences of the person's next of kin. A health care provider shall disclose or  
 2001 make available to the attorney, upon request, any information, records, and reports concerning the person that  
 2002 the attorney determines necessary to perform his duties under this section. Evidence presented at the hearing  
 2003 may be submitted by affidavit in the absence of objection by the person for whom treatment is sought, the  
 2004 petitioner, either of their respective counsel, or by any other interested party.

2005 G. Prior to authorizing treatment pursuant to this section, the court shall find:

2006 1. That there is no available person with legal authority under ~~Article 8 (§ 54.1-2981 et seq.) of Chapter~~  
 2007 ~~29 of Title 54.1~~ *the Uniform Health Care Decisions Act* (§ 54.1-2993.2 et seq.), under the regulations  
 2008 promulgated pursuant to § 37.2-400, or under other applicable law to authorize the proposed treatment. A  
 2009 person who would have legal authority to authorize the proposed treatment shall be deemed to be unavailable  
 2010 if such person (i) cannot be contacted within a reasonable period of time in light of the immediacy of the need  
 2011 for treatment for the person for whom treatment is sought, (ii) is incapable of making an informed decision,  
 2012 or (iii) is unable or unwilling to make a decision regarding authorization of the proposed treatment or to serve  
 2013 as the legally authorized representative of the person for whom treatment is sought;

2014 2. That the person for whom treatment is sought is incapable of making an informed decision regarding  
 2015 treatment or is physically or mentally incapable of communicating such a decision;

2016 3. That the person who is the subject of the petition is unlikely to become capable of making an informed  
 2017 decision or of communicating an informed decision within the time required for decision; and

2018 4. That the proposed treatment is in the best interest of the person and is medically and ethically  
 2019 appropriate with respect to (i) the medical diagnosis and prognosis and (ii) any other information provided by  
 2020 the attending physician of the person for whom treatment is sought. However, the court shall not authorize a  
 2021 proposed treatment that is contrary to the provisions of an advance *health care* directive executed by the  
 2022 person pursuant to ~~§ 54.1-2983~~ *the Uniform Health Care Decisions Act* (§ 54.1-2993.2 et seq.) or is proven  
 2023 by a preponderance of the evidence to be contrary to the person's religious beliefs or basic values or to  
 2024 specific preferences stated by the person before becoming incapable of making an informed decision, unless  
 2025 the treatment is necessary to prevent death or a serious irreversible condition. The court shall take into  
 2026 consideration the right of the person to rely on nonmedical, remedial treatment in the practice of religion in  
 2027 lieu of medical treatment.

2028 H. Any order authorizing treatment pursuant to subsection A shall describe any treatment authorized and  
 2029 may authorize generally such related examinations, tests, or services as the court may determine to be  
 2030 reasonably related to the treatment authorized. Treatment authorized by such order may include palliative  
 2031 care as defined in § 32.1-162.1, if appropriate. The order shall require the treating physician to review and  
 2032 document the appropriateness of the continued administration of antipsychotic medications not less  
 2033 frequently than every 30 days. The order shall require the treating physician or other service provider to  
 2034 report to the court and the person's attorney any change in the person's condition resulting in probable  
 2035 restoration or development of the person's capacity to make and to communicate an informed decision prior  
 2036 to completion of any authorized treatment and related services. The order may further require the treating  
 2037 physician or other service provider to report to the court and the person's attorney any change in  
 2038 circumstances regarding any authorized treatment or related services that may indicate that such authorization  
 2039 is no longer in the person's best interests. Upon receipt of such report or upon the petition of any interested  
 2040 party, the court may enter an order withdrawing or modifying its prior authorization as it deems appropriate.

2041 Any petition or order under this section may be orally presented or entered, provided a written order shall be  
2042 subsequently executed.

2043 I. Nothing in this section shall be construed to limit the authority of a treating physician or other service  
2044 provider to administer treatment without judicial authorization when necessary to stabilize the condition of  
2045 the person for whom treatment is sought in an emergency.

2046 **§ 37.2-1108. Effect of chapter on other laws.**

2047 A. Nothing in this chapter shall be deemed to affect the right to use and the authority conferred by any  
2048 other applicable statutory or regulatory procedure relating to consent or to diminish any common law  
2049 authority of a physician or other treatment provider to administer treatment to a person unable to give or to  
2050 communicate informed consent to those actions, with or without the consent of the person's relative,  
2051 including common law or other authority to provide treatment in an emergency situation; nor shall anything  
2052 in this chapter be construed to affect the law defining the conditions under which consent shall be obtained  
2053 for administering treatment or the nature of the consent required.

2054 B. Judicial authorization for treatment pursuant to this chapter need not be obtained for a person for whom  
2055 consent or authorization has been granted or issued or may be obtained in accordance with the provisions of  
2056 Article 8 (~~§ 54.1-2981 et seq.~~) of Chapter 29 of Title 54.1 *the Uniform Health Care Decisions Act*  
2057 (~~§ 54.1-2993.2 et seq.~~) or other applicable statutes or common law of the Commonwealth.

2058 **§ 53.1-133.04. Medical and mental health treatment of prisoners incapable of giving consent.**

2059 A. The sheriff or administrator in charge of a local or regional correctional facility or his designee may  
2060 petition the circuit court or any district court judge or any special justice, as defined in § 37.2-100, herein  
2061 referred to as the court, of the county or city in which the prisoner is located for an order authorizing  
2062 treatment of a prisoner confined in the local or regional correctional facility. Upon filing the petition, the  
2063 petitioner or the court shall serve a certified copy of the petition to the person for whom treatment is sought  
2064 and, if the identity and whereabouts of the person's next of kin are known, to the person's next of kin. The  
2065 court shall authorize such treatment in a facility designated by the sheriff or administrator upon finding, on  
2066 the basis of clear and convincing evidence, that the prisoner is incapable, either mentally or physically, of  
2067 giving informed consent to such treatment; that the prisoner does not have a relevant advanced directive,  
2068 guardian, or other substitute decision maker; that the proposed treatment is in the best interests of the  
2069 prisoner; and that the jail has sufficient medical and nursing resources available to safely administer the  
2070 treatment and respond to any adverse side effects that might arise from the treatment. The facility designated  
2071 for treatment by the sheriff or administrator may be located within a local or regional correctional facility if  
2072 such facility is licensed to provide the treatment authorized by the court order.

2073 B. Prior to the court's authorization of such treatment, the court shall appoint an attorney to represent the  
2074 interests of the prisoner. Evidence shall be presented concerning the prisoner's condition and proposed  
2075 treatment, which evidence may, in the court's discretion and in the absence of objection by the prisoner or the  
2076 prisoner's attorney, be submitted by affidavit.

2077 C. Any order authorizing treatment pursuant to subsection A shall describe the treatment authorized and  
2078 authorize generally such examinations, tests, medications, and other treatments as are in the best interests of  
2079 the prisoner but may not authorize nontherapeutic sterilization, abortion, or psychosurgery. Such order shall  
2080 require the licensed physician, psychiatrist, clinical psychologist, professional counselor, or clinical social  
2081 worker acting within his area of expertise who is treating the prisoner to report to the court and the prisoner's  
2082 attorney any change in the prisoner's condition resulting in restoration of the prisoner's capability to consent  
2083 prior to completion of the authorized treatment and related services. Upon receipt of such report, the court  
2084 may enter such order withdrawing or modifying its prior authorization as it deems appropriate. Any petition  
2085 or order under this section may be orally presented or entered, provided that a written order is subsequently  
2086 executed.

2087 D. Prior to authorizing treatment pursuant to this section, the court shall find that there is no available  
2088 person with legal authority under the *Uniform Health Care Decisions Act* (~~§ 54.1-2981~~ 54.1-2993.2 et seq.)  
2089 or under other applicable law to authorize the proposed treatment.

2090 E. Any order of a judge under subsection A may be appealed de novo within 10 days to the circuit court  
2091 for the jurisdiction where the prisoner is located, and any order of a circuit court hereunder, either originally  
2092 or on appeal, may be appealed within 10 days to the Court of Appeals, which shall give such appeal priority  
2093 and hear the appeal as soon as possible.

2094 F. Whenever the director of any hospital or facility reasonably believes that treatment is necessary to  
2095 protect the life, health, or safety of a prisoner, such treatment may be given during the period allowed for any  
2096 appeal unless prohibited by order of a court of record wherein the appeal is pending.

2097 G. Upon the advice of a licensed physician, psychiatrist, or clinical psychologist acting within his area of  
2098 expertise who has attempted to obtain consent and upon a finding of probable cause to believe that a prisoner  
2099 is incapable, due to any physical or mental condition, of giving informed consent to treatment and that the  
2100 medical standard of care calls for testing, observation, or other treatment within the next 12 hours to prevent  
2101 death, disability, or a serious irreversible condition, the court or, if the court is unavailable, a magistrate shall  
2102 issue an order authorizing temporary admission of the prisoner to a hospital or other health care facility and

2103 authorizing such testing, observation, or other treatment. Such order shall expire after a period of 12 hours  
 2104 unless extended by the court as part of an order authorizing treatment under subsection A.

2105 H. Any licensed health or mental health professional or licensed facility providing services pursuant to the  
 2106 court's or magistrate's authorization as provided in this section shall have no liability arising out of a claim to  
 2107 the extent that it is based on lack of consent to such services, except with respect to injury or death resulting  
 2108 from gross negligence or willful and wanton misconduct. Any such professional or facility providing services  
 2109 with the consent of the prisoner receiving treatment shall have no liability arising out of a claim to the extent  
 2110 that it is based on lack of capacity to consent, except with respect to injury or death resulting from gross  
 2111 negligence or willful and wanton misconduct, if a court or a magistrate has denied a petition hereunder to  
 2112 authorize such services and such denial was based on an affirmative finding that the prisoner was capable of  
 2113 making an informed decision regarding the proposed services.

2114 I. Nothing in this section shall be deemed to limit or repeal any common law rule relating to consent for  
 2115 medical treatment or the right to apply or the authority conferred by any other applicable statute or regulation  
 2116 relating to consent.

2117 **§ 54.1-2807.02. Absence of next of kin.**

2118 In the absence of a next of kin, a person designated to make arrangements for the decedent's burial or the  
 2119 disposition of his remains pursuant to § 54.1-2825, an agent named in an advance *health care* directive  
 2120 pursuant to ~~§ 54.1-2984~~ *the Uniform Health Care Decisions Act* (§ 54.1-2993.2), or any guardian appointed  
 2121 pursuant to Chapter 20 (§ 64.2-2000 et seq.) of Title 64.2 who may exercise the powers conferred in the order  
 2122 of appointment or by § 64.2-2019, or upon the failure or refusal of such next of kin, designated person, agent,  
 2123 or guardian to accept responsibility for the disposition of the decedent, then any other person 18 years of age  
 2124 or older who is able to provide positive identification of the deceased and is willing to pay for the costs  
 2125 associated with the disposition of the decedent's remains shall be authorized to make arrangements for such  
 2126 disposition of the decedent's remains. If a funeral service establishment or funeral service licensee makes  
 2127 arrangements with a person other than a next of kin, designated person, agent, or guardian in accordance with  
 2128 this section, then the funeral service licensee or funeral service establishment shall be immune from civil  
 2129 liability unless such act, decision, or omission resulted from bad faith or malicious intent.

2130 **§ 54.1-2818.1. Prerequisites for cremation.**

2131 No dead human body shall be cremated without permission of the Office of the Chief Medical Examiner  
 2132 as required by § 32.1-309.3 and visual identification of the deceased by the next-of-kin or his representative,  
 2133 who may be any person designated to make arrangements for the disposition of the decedent's remains  
 2134 pursuant to § 54.1-2825, an agent named in an advance *health care* directive pursuant to ~~§ 54.1-2984~~ *the*  
 2135 *Uniform Health Care Decisions Act* (§ 54.1-2993.2), or any guardian appointed pursuant to Chapter 20  
 2136 (§ 64.2-2000 et seq.) of Title 64.2 who may exercise the powers conferred in the order of appointment or by  
 2137 § 64.2-2019, or, in cases in which the next of kin or his representative fails or refuses to provide visual  
 2138 identification of the deceased, by any other person 18 years of age or older who is able to provide positive  
 2139 identification of the deceased. If no such next of kin or his representative or other person 18 years of age or  
 2140 older is available or willing to make visual identification of the deceased, such identification shall be made by  
 2141 a member of the primary law-enforcement agency of the city or county in which the person or institution  
 2142 having initial custody of the body is located, pursuant to court order. When visual identification is not  
 2143 feasible, other positive identification of the deceased may be used as a prerequisite for cremation. Unless  
 2144 such act, decision, or omission resulted from bad faith or malicious intent, the funeral service establishment,  
 2145 funeral service licensee, crematory, cemetery, primary law-enforcement officer, sheriff, county, or city shall  
 2146 be immune from civil liability for any act, decision, or omission resulting from cremation. Nothing in this  
 2147 section shall prevent a law-enforcement agency other than the primary law-enforcement agency from  
 2148 performing the duties established by this section if so requested by the primary law-enforcement agency and  
 2149 agreed to by the other law-enforcement agency.

2150 **§ 54.1-2818.5. Request for life insurance information; notification of beneficiaries.**

2151 A. In any case in which a funeral service provider licensed pursuant to this chapter believes that a  
 2152 decedent for whom funeral services are being provided is insured under an individual or group life insurance  
 2153 policy, the funeral service provider may request information regarding the deceased person's life insurance  
 2154 policy from the life insurer believed to have issued the policy. Such request for information shall include (i) a  
 2155 copy of the deceased person's death certificate filed in accordance with § 32.1-263; (ii) written authorization  
 2156 for the funeral service provider's submission of the request that is executed by a person designated to make  
 2157 arrangements for the decedent's burial or disposition of his remains pursuant to § 54.1-2825, an agent named  
 2158 in an advance *health care* directive pursuant to ~~§ 54.1-2984~~ *the Uniform Health Care Decisions Act*  
 2159 (*§ 54.1-2993.2 et seq.*), a guardian appointed pursuant to Chapter 20 (§ 64.2-2000 et seq.) of Title 64.2 who  
 2160 may exercise the powers conferred in the order of appointment or by § 64.2-2019, or the next of kin as  
 2161 defined in § 54.1-2800; and (iii) if the deceased person was covered or is believed to have been covered under  
 2162 a group life insurance policy, the affiliation of the deceased person entitling the deceased to coverage under  
 2163 the group life insurance policy.

2164 B. Upon receipt of the information requested pursuant to subsection A, if the beneficiary of record under

2165 the life insurance contract or group life insurance policy is not the estate of the deceased person, the  
 2166 requesting funeral service provider shall make all reasonable efforts to contact all the beneficiaries of record  
 2167 within four calendar days of receiving such information and provide to the beneficiaries all information  
 2168 provided to the funeral service provider by the life insurer. The funeral service provider shall, prior to  
 2169 providing any information to the beneficiaries in accordance with this subsection, inform the beneficiaries  
 2170 that the beneficiary of a life insurance policy has no legal duty or obligation to pay any amounts associated  
 2171 with the provision of funeral services or the debts or obligations of the deceased person.

2172 **§ 54.1-2970.1. Individual lacking capacity to make health care decision; procedure for physical**  
 2173 **evidence recovery kit examination; consent by minors.**

2174 A. A licensed physician, a physician assistant, an advanced practice registered nurse, or a registered nurse  
 2175 may perform a physical evidence recovery kit examination for a person who is believed to be the victim of a  
 2176 sexual assault and who is ~~incapable of making an informed~~ *lacks the capacity to make a health care* decision  
 2177 regarding consent to such examination when:

2178 1. There is a need to conduct the examination before the victim is likely to be able to make ~~an informed a~~  
 2179 *health care* decision in order to preserve physical evidence of the alleged sexual assault from degradation;

2180 2. No legally authorized representative or other person authorized to consent to medical treatment on the  
 2181 individual's behalf is reasonably available to provide consent within the time necessary to preserve physical  
 2182 evidence of the alleged sexual assault; and

2183 3. ~~A capacity reviewer, as defined in § 54.1-2982,~~ *A person authorized to find that an individual lacks*  
 2184 *capacity pursuant to § 54.1-2993.5* provides written certification that, based upon a personal examination of  
 2185 the individual, the individual is ~~incapable of making an informed~~ *lacks the capacity to make a health care*  
 2186 decision regarding the physical evidence recovery kit examination and that, given the totality of the  
 2187 circumstances, the examination should be performed. The ~~capacity reviewer~~ *person* who provides such  
 2188 written certification shall not be otherwise currently involved in the treatment of the person assessed, unless  
 2189 an independent ~~capacity reviewer~~ *person authorized to find that an individual lacks capacity pursuant to*  
 2190 *§ 54.1-2993.5* is not reasonably available.

2191 A1. For purposes of this section, if a parent or guardian of a minor refuses to consent to a physical  
 2192 evidence recovery kit examination of the minor, the minor may consent.

2193 B. Any physical evidence recovery kit examination performed pursuant to this section shall be performed  
 2194 in accordance with the requirements of §§ 19.2-11.2 and 19.2-165.1 and shall protect the alleged victim's  
 2195 identity.

2196 C. A licensed physician, a physician assistant, an advanced practice registered nurse, or a registered nurse  
 2197 who exercises due care under the provisions of this act shall not be liable for any act or omission related to  
 2198 performance of an examination in accordance with this section.

2199 **§ 54.1-2987.1. Durable Do Not Resuscitate Orders.**

2200 A. As used in this section:

2201 *"Durable Do Not Resuscitate Order" means a written physician's order issued pursuant to this section to*  
 2202 *withhold cardiopulmonary resuscitation from a particular patient in the event of cardiac or respiratory*  
 2203 *arrest. For purposes of this article, cardiopulmonary resuscitation shall include cardiac compression,*  
 2204 *endotracheal intubation and other advanced airway management, artificial ventilation, and defibrillation and*  
 2205 *related procedures. A "Durable Do Not Resuscitate Order" is not and shall not be construed to be an*  
 2206 *advance health care directive as that term is used in the Uniform Health Care Decisions Act (§ 54.1-2993.2*  
 2207 *et seq.).*

2208 "Health care provider" includes, but is not limited to, qualified emergency medical services personnel.

2209 "Person authorized to consent on the patient's behalf" means any person authorized by law to consent on  
 2210 behalf of the patient incapable of making an informed decision or, in the case of a minor child, the parent or  
 2211 parents having custody of the child or the child's legal guardian or as otherwise provided by law.

2212 B. A Durable Do Not Resuscitate Order may be issued by a physician for his patient with whom he has a  
 2213 bona fide physician/patient relationship as defined in the guidelines of the Board of Medicine, and only with  
 2214 the consent of the patient or, if the patient is a minor or is otherwise incapable of making an informed  
 2215 decision regarding consent for such an order, upon the request of and with the consent of the person  
 2216 authorized to consent on the patient's behalf.

2217 C. A Durable Do Not Resuscitate Order or other order regarding life-prolonging procedures executed in  
 2218 accordance with the laws of another state in which such order was executed shall be deemed to be valid for  
 2219 purposes of this article and shall be given effect as provided in this article.

2220 D. If a patient is able to, and does, express to a health care provider or practitioner the desire to be  
 2221 resuscitated in the event of cardiac or respiratory arrest, such expression shall revoke the provider's or  
 2222 practitioner's authority to follow a Durable Do Not Resuscitate Order. In no case shall any person other than  
 2223 the patient have authority to revoke a Durable Do Not Resuscitate Order executed upon the request of and  
 2224 with the consent of the patient himself.

2225 If the patient is a minor or is otherwise incapable of making an informed decision and the Durable Do Not  
 2226 Resuscitate Order was issued upon the request of and with the consent of the person authorized to consent on

2227 the patient's behalf, then the expression by said authorized person to a health care provider or practitioner of  
 2228 the desire that the patient be resuscitated shall so revoke the provider's or practitioner's authority to follow a  
 2229 Durable Do Not Resuscitate Order.

2230 When a Durable Do Not Resuscitate Order has been revoked as provided in this section, a new Order may  
 2231 be issued upon consent of the patient or the person authorized to consent on the patient's behalf.

2232 E. Durable Do Not Resuscitate Orders issued in accordance with this section or deemed valid in  
 2233 accordance with subsection C shall remain valid and in effect until revoked as provided in subsection D or  
 2234 until rescinded, in accordance with accepted medical practice, by the provider who issued the Durable Do Not  
 2235 Resuscitate Order. In accordance with this section and regulations promulgated by the Board of Health, (i)  
 2236 qualified emergency medical services personnel as defined in § 32.1-111.1; (ii) licensed health care  
 2237 practitioners in any facility, program or organization operated or licensed by the Board of Health, the  
 2238 Department of Social Services, or the Department of Behavioral Health and Developmental Services or  
 2239 operated, licensed or owned by another state agency; and (iii) licensed health care practitioners at any  
 2240 continuing care retirement community registered with the State Corporation Commission pursuant to Chapter  
 2241 49 (§ 38.2-4900 et seq.) of Title 38.2 are authorized to follow Durable Do Not Resuscitate Orders that are  
 2242 available to them in a form approved by the Board of Health or deemed valid in accordance with subsection  
 2243 C.

2244 F. The provisions of this section shall not authorize any qualified emergency medical services personnel  
 2245 or licensed health care provider or practitioner who is attending the patient at the time of cardiac or  
 2246 respiratory arrest to provide, continue, withhold or withdraw health care if such provider or practitioner  
 2247 knows that taking such action is protested by the patient incapable of making an informed decision. No  
 2248 person shall authorize providing, continuing, withholding or withdrawing health care pursuant to this section  
 2249 that such person knows, or upon reasonable inquiry ought to know, is contrary to the religious beliefs or basic  
 2250 values of a patient incapable of making an informed decision or the wishes of such patient fairly expressed  
 2251 when the patient was capable of making an informed decision. Further, this section shall not authorize the  
 2252 withholding of other medical interventions, such as intravenous fluids, oxygen or other therapies deemed  
 2253 necessary to provide comfort care or to alleviate pain.

2254 G. This section shall not prevent, prohibit or limit a physician from issuing a written order, other than a  
 2255 Durable Do Not Resuscitate Order, not to resuscitate a patient in the event of cardiac or respiratory arrest in  
 2256 accordance with accepted medical practice.

2257 H. Valid Do Not Resuscitate Orders or Emergency Medical Services Do Not Resuscitate Orders issued  
 2258 before July 1, 1999, pursuant to the then-current law, shall remain valid and shall be given effect as provided  
 2259 in this article.

2260 **§ 54.1-2988.1. Assistance with completing and executing advance health care directives.**

2261 A. The distribution of written advance *health care* directives in a form meeting the requirements of  
 2262 ~~§ 54.1-2984~~ *the Uniform Health Care Decisions Act* (§ 54.1-2993.2 et seq.) and the provision of technical  
 2263 advice, consultation, and assistance to persons with regard to the completion and execution of such forms by  
 2264 (i) health care providers, including their authorized agents or employees, or (ii) qualified advance *health care*  
 2265 directive facilitators shall not constitute the unauthorized practice of law pursuant to Chapter 39 (§ 54.1-3900  
 2266 et seq.).

2267 B. The provision of ministerial assistance to a person with regard to the completion or execution of a  
 2268 written advance *health care* directive in a form meeting the requirements of ~~§ 54.1-2984~~ *the Uniform Health*  
 2269 *Care Decisions Act* (§ 54.1-2993.2 et seq.) shall not constitute the unauthorized practice of law pursuant to  
 2270 Chapter 39 (§ 54.1-3900 et seq.). For the purpose of this subsection, "ministerial assistance" includes reading  
 2271 the form of an advance *health care* directive meeting the requirements of ~~§ 54.1-2984~~ *the Uniform Health*  
 2272 *Care Decisions Act* (§ 54.1-2993.2 et seq.) to a person, discussing the person's preferences with regard to  
 2273 items included in the form, recording the person's answers on the form, and helping the person sign the form  
 2274 and obtain any other necessary signatures on the form. "Ministerial assistance" does not include the  
 2275 expressing of an opinion regarding the legal effects of any item contained in the form of an advance *health*  
 2276 *care* directive meeting the requirements of ~~§ 54.1-2984~~ *the Uniform Health Care Decisions Act*  
 2277 (§ 54.1-2993.2 et seq.) or the offering of legal advice to a person completing or executing such form.

2278 **§ 54.1-2993.1. Qualified advance health care directive facilitators; requirements for training**  
 2279 **programs.**

2280 The Department of Health shall approve a program for the training of qualified advance *health care*  
 2281 directive facilitators that includes (i) instruction on the meaning of provisions of a form meeting the  
 2282 requirements of ~~§ 54.1-2984~~ *the Uniform Health Care Decisions Act* (§ 54.1-2993.2 et seq.), including  
 2283 designating a health care agent and giving instructions relating to one or more specific types of health care,  
 2284 and (ii) requirements for demonstrating competence in assisting persons with completing and executing  
 2285 advance *health care* directives, including a written examination on information provided during the training  
 2286 program.

2287 In determining whether a training program meets the criteria set forth in this section, the Department of  
 2288 Health may consult with the Department for Aging and Rehabilitative Services, the Department of Behavioral

2289 Health and Developmental Services, and the Virginia State Bar.

- 2404 A. An individual is presumed to have capacity to make or revoke a health care decision, health care

 2430 of consciousness due to trauma, stroke, or other acute physiological condition. The capacity reviewer  
 2431 providing written certification that a patient is incapable of making an informed decision, if required, shall  
 2432 not be otherwise currently involved in the treatment of the person assessed, unless an independent capacity

- 2447 B. As soon as reasonably feasible, a responsible health care professional who is informed of a finding  
 2448 under subsection B of § 54.1-2993.5 shall inform the individual about whom the finding was made and the  
 2449 individual's surrogate.
- 2450 C. An individual found under subsection B of § 54.1-2993.5 to lack capacity may object to the finding:

- 2455 D. If the individual objects under subsection C, the finding under subsection B of § 54.1-2993.5 is not

 2457 treated as having capacity unless:
- 2458 1. The individual withdraws the objection;
- 2459 2. A court finds the individual lacks the presumed capacity;

- 2465 b. Is not a family member of the individual who made the first finding; and
- 2466 c. Is not the domestic partner of the individual who made the first finding or a descendant of the domestic  
 2467 partner.
- 2468 E. A second finding that the individual lacks capacity under subdivision D 4 is not sufficient to rebut the

 2470 treatment and the finding is being used to make a decision to withhold or withdraw the treatment.
- 2471 F. As soon as reasonably feasible, a health care professional who is informed of an objection under

 2486 *lacks capacity. The court may determine the individual lacks capacity only if the court finds by clear and*  
 2487 *convincing evidence that the individual lacks capacity.*

2488 **§ 54.1-2993.8. Health care instruction.**

2489 *A. An individual may create a health care instruction that expresses the individual's preferences for future*

 2507 *decisions for the individual.*

2508 *B. An individual is disqualified from acting as agent for an individual who lacks capacity to make health*  
 2509 *care decisions if:*

- 2510 *1. A court finds that the potential agent poses a danger to the individual's well-being, even if the court*  
 2511 *does not issue a protective order against the potential agent; or*
- 2512 *2. The potential agent is an owner, operator, employee, or contractor of a nursing home or other*

2542 1. General philosophy and objectives regarding mental health care;

2543 2. Specific goals, preferences, and wishes regarding the provision, withholding, or withdrawal of a form  
2544 of mental health care, including:

2553 experiencing a psychiatric or psychological event specified in the directive, the individual may not revoke the  
2554 directive or a part of the directive.

2556 health care directive shall be in a record that is separate from any other advance health care directive  
2557 created by the individual and signed by the individual creating the advance mental health care directive and

2571 another advance health care directive of the individual, the later direction revokes the earlier direction to the  
2572 extent of the conflict.

2573 B. An appointment of an agent to make decisions only for mental health care for an individual does not  
2574 revoke an earlier appointment of an agent to make other health care decisions for the individual. A later

2576 health care unless otherwise specified in the power of attorney making the later appointment.

2577 C. An appointment of an agent to make health care decisions for an individual other than decisions about

## 2746 PART F: INFORMATION FOR AGENTS

2747 1. If this form names you as an Agent, you can make decisions about health care for the person who  
2748 named you when the person cannot make their own.

2749 2. If you make a decision for the person, follow any instructions the person gave, including any in this  
2750 form.

2751 3. If you do not know what the person would want, make the decision that you think is in the person's best  
2752 interest. To figure out what is in the person's best interest, consider the person's values, preferences, and  
2753 goals if you know them or can learn them. Some of these preferences may be in this form. You should also  
2754 consider any behavior or communication from the person that indicates what the person currently wants.

2755 4. If this form names you as an Agent, you can also get and share the person's health information. But  
2756 unless the person has said so in this form, you can get or share this information only when the person cannot  
2757 make decisions about the person's health care.

## 2758 § 54.1-2993.13. Default surrogate.

2759 A. A default surrogate may make a health care decision for an individual who lacks capacity to make  
2760 health care decisions and for whom an agent, or guardian authorized to make health care decisions, has not  
2761 been appointed or is not reasonably available.

2762 B. Unless the individual has an advance health care directive that indicates otherwise, a member of the  
2763 following classes, in descending order of priority, who is reasonably available and not disqualified under  
2764 § 54.1-2993.15, may act as a default surrogate for the individual:

2765 1. An adult the individual has identified, other than in a power of attorney for health care, to make a  
2766 health care decision for the individual if the individual cannot make the decision. An identification made  
2767 pursuant to this subdivision shall be honored until such time as it can be practicably memorialized in an  
2768 advance directive;

2769 2. The individual's spouse, unless:

2770 a. A petition for annulment or divorce has been filed and not dismissed or withdrawn;

2771 b. A decree of annulment or divorce has been issued; or

2772 c. The spouse has abandoned the individual for more than one year;

2773 3. The individual's adult child;

2774 4. The individual's parent;

2775 5. The individual's domestic partner;

2776 6. The individual's adult sibling;

2777 7. The individual's adult grandchild or grandparent;

2778 8. An adult not listed in subdivisions 1 through 7 who has assisted the individual with supported decision  
2779 making routinely during the preceding six months;

2780 9. The individual's adult stepchild not listed in subdivisions 1 through 8 whom the individual actively  
2781 parented during the stepchild's minor years and with whom the individual has an ongoing relationship;

2782 10. Subject to subsection F, an adult not listed in subdivisions 1 through 9 who has exhibited special care  
2783 and concern for the individual and is familiar with the individual's personal values; or

2784 11. Any other blood relative in the descending order of blood relationship.

2785 C. A responsible health care professional may require an individual who assumes authority to act as a  
2786 default surrogate to provide a declaration in a record under penalty of perjury stating facts and  
2787 circumstances reasonably sufficient to establish the authority.

2788 D. If a responsible health care professional reasonably determines that an individual who assumed  
2789 authority to act as a default surrogate is not willing or able to comply with a duty under § 54.1-2993.18 or  
2790 fails to comply with the duty in a timely manner, the professional may recognize the individual next in  
2791 priority under subsection B as the default surrogate.

2792 E. A health care decision made by a default surrogate is effective without judicial approval.

2793 F. If a health care institution has established a patient care consulting committee, a quorum of the patient  
2794 care consulting committee shall determine whether an adult described in subdivision B 10 meets the criteria  
2795 to act as a default surrogate. If such patient care consulting committee does not exist or if a quorum of such  
2796 patient care consulting committee is not reasonably available, the determination shall be made by a  
2797 responsible health care professional.

2798 **§ 54.1-2993.14. Disagreement among default surrogates.**

2799 A. A default surrogate who assumes authority under § 54.1-2993.13 shall inform a responsible health  
2800 care professional if two or more members of a class under subsection B of § 54.1-2993.13 have assumed  
2801 authority to act as default surrogates and the members do not agree on a health care decision.

2802 B. A responsible health care professional shall comply with the decision of a majority of the members of  
2803 the class with highest priority under subsection B of § 54.1-2993.13 who have communicated their views to  
2804 the professional and the professional reasonably believes are acting consistent with their duties under  
2805 § 54.1-2993.18.

2806 C. If a responsible health care professional is informed that the members of the class who have  
2807 communicated their views to the professional are evenly divided concerning the health care decision, the  
2808 professional shall make a reasonable effort to solicit the views of members of the class who are reasonably  
2809 available but have not yet communicated their views to the professional. The professional, after the  
2810 solicitation, shall comply with the decision of a majority of the members who have communicated their views  
2811 to the professional and the professional reasonably believes are acting consistent with their duties under  
2812 § 54.1-2993.18.

2813 D. If the class remains evenly divided after the effort is made under subsection C, the health care decision  
2814 shall be made as provided by other law of the Commonwealth regarding the treatment of an individual who is  
2815 found to lack capacity.

2816 **§ 54.1-2993.15. Disqualification to act as default surrogate.**

2817 A. An individual for whom a health care decision would be made may disqualify another individual from  
2818 acting as default surrogate for the first individual. The disqualification shall be in a record signed by the first  
2819 individual or communicated verbally or nonverbally to the individual being disqualified, another individual,  
2820 or a responsible health care professional. Disqualification under this subsection is effective even if made by  
2821 an individual who lacks capacity to make an advance health care directive if the individual clearly  
2822 communicates a desire that the individual being disqualified not make health care decisions for the  
2823 individual.

2824 B. An individual is disqualified from acting as a default surrogate for an individual who lacks capacity to  
2825 make health care decisions if:

2826 1. A court finds that the potential default surrogate poses a danger to the individual's well-being, even if  
2827 the court does not issue a protective order against the potential default surrogate;

2828 2. The potential default surrogate is an owner, operator, employee, or contractor of a nursing home or  
2829 other residential care facility in which the individual is residing or receiving care unless the owner, operator,  
2830 employee, or contractor is a family member of the individual, the domestic partner of the individual, or a  
2831 descendant of the domestic partner; or

2832 3. The potential default surrogate refuses to provide a timely declaration under subsection C of  
2833 § 54.1-2993.13.

2834 **§ 54.1-2993.16. Revocation.**

2835 A. An individual may revoke the appointment of an agent, the designation of a default surrogate, or a  
2836 health care instruction in whole or in part, unless:

2837 1. A court finds the individual lacks capacity to do so;

2838 2. The individual is found under subsection B of § 54.1-2993.5 to lack capacity to do so and, if the  
2839 individual objects to the finding, the finding is confirmed under subdivision D 4 of § 54.1-2993.6; or

2840 3. The individual created an advance mental health care directive that includes the provision under  
2841 subsection D of § 54.1-2993.10 and the individual is experiencing the psychiatric or psychological event  
2842 specified in the directive.

2843 B. Revocation under subsection A may be by any act of the individual that clearly indicates that the  
2844 individual intends to revoke the appointment, designation, or instruction, including an oral statement to a  
2845 health care professional.

2846 C. Except as provided in § 54.1-2993.11, an advance health care directive of an individual that conflicts

2847 with another advance health care directive of the individual revokes the earlier directive to the extent of the  
2848 conflict.

2849 D. Unless otherwise provided in an individual's advance health care directive appointing an agent, the  
2850 appointment of a spouse of an individual as agent for the individual is revoked if:

2851 1. A petition for annulment or divorce has been filed and not dismissed or withdrawn;

2852 2. A decree of annulment or divorce has been issued; or

2853 3. The spouse has abandoned the individual for more than one year.

2854 **§ 54.1-2993.17. Validity of advance health care directive; conflict with other law.**

2855 A. An advance health care directive created outside the Commonwealth is valid if it complies with:

2856 1. The law of the state specified in the directive or, if a state is not specified, the state in which the  
2857 individual created the directive; or

2858 2. This article.

2859 B. A person may assume without inquiry that an advance health care directive is genuine, valid, and still  
2860 in effect and may implement and rely on it, unless the person has good cause to believe the directive is invalid  
2861 or has been revoked.

2862 C. An advance health care directive or revocation of a directive or a signature on a directive or  
2863 revocation may not be denied legal effect or enforceability solely because it is in electronic form.

2864 D. Evidence relating to an advance health care directive or revocation of a directive or a signature on a  
2865 directive or revocation may not be excluded in a proceeding solely because the evidence is in electronic form.

2866 E. This article does not affect the validity of an electronic record or signature that is valid under the  
2867 Uniform Electronic Transactions Act (§ 59.1-479 et seq.).

2868 F. If this article conflicts with other law of the Commonwealth relating to the creation, execution,  
2869 implementation, or revocation of an advance health care directive, this article prevails.

2870 **§ 54.1-2993.18. Duties of Agent or Default Surrogate.**

2871 A. An agent or default surrogate has a fiduciary duty to the individual for whom the agent or default  
2872 surrogate is acting when exercising or purporting to exercise a power under § 54.1-2993.19.

2873 B. An agent or default surrogate shall make a health care decision in accordance with the direction of the  
2874 individual in an advance health care directive and other goals, preferences, and wishes of the individual to  
2875 the extent known or reasonably ascertainable by the agent or default surrogate.

2876 C. If there is not a direction in an advance health care directive and the goals, preferences, and wishes of  
2877 the individual regarding a health care decision are not known or reasonably ascertainable by the agent or  
2878 default surrogate, the agent or default surrogate shall make the decision in accordance with the agent's or  
2879 default surrogate's determination of the individual's best interest.

2880 D. In determining the individual's best interest under subsection C, the agent or default surrogate shall:

2881 1. Give primary consideration to the individual's contemporaneous communications, including verbal and  
2882 nonverbal expressions;

2883 2. Consider the individual's values to the extent known or reasonably ascertainable by the agent or  
2884 default surrogate; and

2885 3. Consider the risks and benefits of the potential health care decision.

2886 E. As soon as reasonably feasible, an agent or default surrogate who is informed of a revocation of an  
2887 advance health care directive or disqualification of the agent or default surrogate shall communicate the  
2888 revocation or disqualification to a responsible health care professional.

2889 **§ 54.1-2993.19. Powers of agent and default surrogate.**

2890 A. Except as provided in subsection C, the power of an agent or default surrogate commences when the  
2891 individual is found under subsection B of § 54.1-2993.5 or by a court to lack capacity to make a health care  
2892 decision. The power ceases if the individual later is found to have capacity to make a health care decision, or  
2893 the individual objects under subsection C of § 54.1-2993.6 to the finding of lack of capacity under subsection  
2894 B of § 54.1-2993.5. The power resumes if:

2895 1. The power ceased because the individual objected under subsection C of § 54.1-2993.6; and

2896 2. The finding of lack of capacity is confirmed under subdivision D 4 of § 54.1-2993.6 or a court finds that  
2897 the individual lacks capacity to make a health care decision.

2898 B. An agent or default surrogate may request, receive, examine, copy, and consent to the disclosure of  
2899 medical and other health care information about the individual if the individual would have the right to  
2900 request, receive, examine, copy, or consent to the disclosure of the information.

2901 C. A power of attorney for health care may provide that the power of an agent under subsection B  
2902 commences on appointment.

2903 D. If no other person is authorized to do so, an agent or default surrogate may apply for public or private  
2904 health insurance and benefits on behalf of the individual. An agent or default surrogate who may apply for  
2905 insurance and benefits does not, solely by reason of the power, have a duty to apply for the insurance or  
2906 benefits.

2907 E. An agent or default surrogate may not consent to voluntary admission of the individual to a facility for  
2908 mental health treatment unless:

- 2909 1. Voluntary admission is specifically authorized by the individual in an advance health care directive in  
 2910 a record; and
- 2911 2. The admission is for no more than the maximum of the number of days specified in the directive or 10  
 2912 days, whichever is less.
- 2913 F. Except as provided in subsection G, an agent or default surrogate may not consent to placement of the  
 2914 individual in a nursing home if the placement is intended to be for more than 100 days if:
- 2915 1. An alternative living arrangement is reasonably feasible;
- 2916 2. The individual objects to the placement; or
- 2917 3. The individual is not terminally ill.
- 2918 G If specifically authorized by the individual in an advance health care directive in a record, an agent or  
 2919 default surrogate may consent to placement of the individual in a nursing home for more than 100 days even  
 2920 if:
- 2921 1. An alternative living arrangement is reasonably feasible;
- 2922 2. The individual objects to the placement; and
- 2923 3. The individual is not terminally ill.
- 2924 **§ 54.1-2993.20. Limitation on powers.**
- 2925 A. If an individual has a long-term disability requiring routine treatment by artificial nutrition, hydration,  
 2926 or mechanical ventilation and a history of using the treatment without objection, an agent or default  
 2927 surrogate may not consent to withhold or withdraw the treatment unless:
- 2928 1. The treatment is not necessary to sustain the individual's life or maintain the individual's well-being;
- 2929 2. The individual has expressly authorized the withholding or withdrawal in a health care instruction that  
 2930 has not been revoked; or
- 2931 3. The individual has experienced a major reduction in health or functional ability from which the  
 2932 individual is not expected to recover, even with other appropriate treatment, and the individual has not:
- 2933 a. Given a direction inconsistent with withholding or withdrawal; or
- 2934 b. Communicated by verbal or nonverbal expression a desire for artificial nutrition, hydration, or  
 2935 mechanical ventilation.
- 2936 B. A default surrogate may not make a health care decision if, by other law of the Commonwealth, the  
 2937 decision:
- 2938 1. May not be made by a guardian; or
- 2939 2. May be made by a guardian only if the court appointing the guardian specifically authorizes the  
 2940 guardian to make the decision.
- 2941 **§ 54.1-2993.21. Co-agents; alternate agent.**
- 2942 A. An individual in a power of attorney for health care may appoint multiple individuals as co-agents.  
 2943 Unless the power of attorney provides otherwise, each co-agent may exercise independent authority.
- 2944 B. An individual in a power of attorney for health care may appoint one or more individuals to act as  
 2945 alternate agents if a predecessor agent resigns, dies, becomes disqualified, is not reasonably available, or  
 2946 otherwise is unwilling or unable to act as agent.
- 2947 C. Unless the power of attorney provides otherwise, an alternate agent has the same authority as the  
 2948 original agent:
- 2949 1. At any time the original agent is not reasonably available or is otherwise unwilling or unable to act, for  
 2950 the duration of the unavailability, unwillingness, or inability to act; or
- 2951 2. If the original agent and all other predecessor agents have resigned or died or are disqualified from  
 2952 acting as agent.
- 2953 **§ 54.1-2993.22. Duties of health care professional; responsible health care professional; health care  
 2954 institution.**
- 2955 A. A responsible health care professional who is aware that an individual has been found to lack capacity  
 2956 to make a decision shall make a reasonable effort to determine if the individual has a surrogate.
- 2957 B. If possible before implementing a health care decision made by a surrogate, a responsible health care  
 2958 professional, as soon as reasonably feasible, shall communicate to the individual the decision made and the  
 2959 identity of the surrogate.
- 2960 C. A responsible health care professional who makes or is informed of a finding that an individual lacks  
 2961 capacity to make a health care decision or no longer lacks capacity, or that other circumstances exist that  
 2962 affect a health care instruction or the authority of a surrogate, as soon as reasonably feasible, shall:
- 2963 1. Document the finding or circumstance in the individual's medical record; and
- 2964 2. If possible, communicate to the individual and the individual's surrogate the finding or circumstance  
 2965 and that the individual may object under subsection C of § 54.1-2993.6 to the finding under subsection B of  
 2966 § 54.1-2993.5.
- 2967 D. A responsible health care professional who is informed that an individual has created or revoked an  
 2968 advance health care directive or that a surrogate for an individual has been appointed, designated, or  
 2969 disqualified, shall:
- 2970 1. Document the information as soon as reasonably feasible in the individual's medical record; and

- 2971 2. If evidence of the directive, revocation, appointment, designation, or disqualification is in a record,  
 2972 request a copy and, on receipt, cause the copy to be included in the individual's medical record.
- 2973 E. Except as provided in subsections F and G, a health care professional or health care institution  
 2974 providing health care to an individual shall comply with:
- 2975 1. A health care instruction given by the individual regarding the individual's health care;  
 2976 2. A Durable Do Not Resuscitate Order issued pursuant to § 54.1-2987.1;  
 2977 3. A reasonable interpretation by the individual's surrogate of an instruction given by the individual; and  
 2978 4. A health care decision for the individual made by the individual's surrogate in accordance with  
 2979 §§ 54.1-2993.18 and 54.1-2993.19 to the same extent as if the decision had been made by the individual at a  
 2980 time when the individual had capacity.
- 2981 F. A health care professional or a health care institution may refuse to provide health care consistent with  
 2982 a health care instruction, health care decision, or Durable Do Not Resuscitate Order issued pursuant to  
 2983 § 54.1-2987.1 if:
- 2984 1. The instruction, decision, or Durable Do Not Resuscitate Order is contrary to a policy of the health  
 2985 care institution providing care to the individual that is based expressly on reasons of conscience and the  
 2986 policy was timely communicated to the individual or to the individual's surrogate;  
 2987 2. The care would require health care that is not available to the professional or institution; or  
 2988 3. Compliance with the instruction, decision, or Durable Do Not Resuscitate Order would:
- 2989 a. Require the professional to provide care that is contrary to the professional's religious belief or moral  
 2990 conviction if other law permits the professional to refuse to provide care for that reason;  
 2991 b. Require the professional or institution to provide care that is contrary to generally accepted health  
 2992 care standards applicable to the professional or institution; or  
 2993 c. Violate a court order or other law.
- 2994 G. A health care professional or health care institution that refuses to provide care under subsection F  
 2995 shall:
- 2996 1. As soon as reasonably feasible, inform the individual, if possible, and the individual's surrogate of the  
 2997 refusal;  
 2998 2. Immediately make a reasonable effort to transfer the individual to another health care professional or  
 2999 health care institution that is willing to comply with the instruction, decision, or Durable Do Not Resuscitate  
 3000 Order; and  
 3001 3. Either:
- 3002 a. If care is refused under subdivision F 1 or 2, provide life-sustaining care and care needed to keep or  
 3003 make the individual comfortable, consistent with accepted medical standards to the extent feasible, until a  
 3004 transfer is made; or  
 3005 b. If care is refused under subdivision F 3, provide life-sustaining care and care needed to keep or make  
 3006 the individual comfortable, consistent with accepted medical standards, until a transfer is made or, if the  
 3007 professional or institution reasonably believes that a transfer cannot be made, for at least 10 days after the  
 3008 refusal.
- 3009 **§ 54.1-2993.23. Decision by guardian.**
- 3010 A. A guardian may refuse to comply with or revoke the individual's advance health care directive only if  
 3011 the court appointing the guardian expressly orders the noncompliance or revocation.
- 3012 B. Unless a court orders otherwise, a health care decision made by an agent appointed by an individual  
 3013 subject to guardianship prevails over a decision of the guardian appointed for the individual.
- 3014 **§ 54.1-2993.24. Immunity.**
- 3015 A. A health care professional or health care institution acting in good faith is not subject to civil or  
 3016 criminal liability or to discipline for unprofessional conduct for:
- 3017 1. Complying with a health care decision made for an individual by another person if compliance is based  
 3018 on a reasonable belief that the person has authority to make the decision, including a decision to withhold or  
 3019 withdraw health care;
- 3020 2. Refusing to comply with a health care decision made for an individual by another person if the refusal  
 3021 is based on a reasonable belief that the person lacked authority or capacity to make the decision;
- 3022 3. Complying with an advance health care directive based on a reasonable belief that the directive is  
 3023 valid;
- 3024 4. Refusing to comply with an advance health care directive based on a reasonable belief that the  
 3025 directive is not valid, including a reasonable belief that the directive was not made by the individual or, after  
 3026 its creation, was substantively altered by a person other than the individual who created it;
- 3027 5. Determining that an individual who otherwise might be authorized to act as an agent or default  
 3028 surrogate is not reasonably available;
- 3029 6. Complying with an individual's direction under subsection D of § 54.1-2993.10; or  
 3030 7. Issuing, consenting to, making, or following a Durable Do Not Resuscitate Order pursuant to  
 3031 § 54.1-2987.1.
- 3032 B. An agent, default surrogate, or individual with a reasonable belief that the individual is an agent or a

3184 B. Upon receipt of the report pursuant to § 63.2-1606, the local department shall determine the validity of

3249 information they share. A violation of this subsection is punishable as a Class 3 misdemeanor. All such  
3250 information and records shall be used by the team only in the exercise of its proper function and shall not be  
3251 disclosed. No person who participated in the team and no member of the team shall be required to make any  
3252 statement as to what transpired during a meeting or what information was collected during the meeting. Upon  
3253 the conclusion of a meeting, all information and records concerning the adult shall be returned to the  
3254 originating agency or destroyed. Any information exchanged in accordance with the multidisciplinary review

3368 **§ 64.2-2003. Appointment of guardian ad litem.**

3369 A. On the filing of every petition for guardianship or conservatorship, the court shall appoint a guardian  
 3370 ad litem to represent the interests of the respondent. The guardian ad litem shall be paid a fee that is fixed by  
 3371 the court to be paid by the petitioner or taxed as costs, as the court directs.

3372 B. Duties of the guardian ad litem include (i) personally visiting the respondent; (ii) advising the  
 3373 respondent of rights pursuant to §§ 64.2-2006 and 64.2-2007 and certifying to the court that the respondent  
 3374 has been so advised; (iii) recommending that legal counsel be appointed for the respondent, pursuant to  
 3375 § 64.2-2006, if the guardian ad litem believes that counsel for the respondent is necessary; (iv) notifying the  
 3376 court as soon as practicable if the respondent requests counsel regardless of whether the guardian ad litem  
 3377 recommends counsel; (v) investigating the petition and evidence, requesting additional evaluation if  
 3378 necessary, considering whether a less restrictive alternative to guardianship or conservatorship is available,  
 3379 including the use of an advance *health care* directive, supported decision-making agreement, or durable  
 3380 power of attorney, and filing a report pursuant to subsection C; (vi) making a good faith effort to consult  
 3381 directly with the respondent's primary health care provider, if any, unless the evaluation report required by  
 3382 § 64.2-2005 is prepared in whole or in part by such provider; and (vii) personally appearing at all court  
 3383 proceedings and conferences. If the respondent is between 17 and a half and 21 years of age and has an  
 3384 Individualized Education Plan (IEP) and transition plan, the guardian ad litem shall review such IEP and  
 3385 transition plan and include the results of his review in the report required by clause (v).

3386 C. In the report required by clause (v) of subsection B, the guardian ad litem shall address the following  
 3387 major areas of concern: (i) whether the court has jurisdiction; (ii) whether a guardian or conservator is needed  
 3388 based on evaluations and reviews conducted pursuant to subsection B; (iii) the extent of the duties and  
 3389 powers of the guardian or conservator; (iv) the propriety and suitability of the person selected as guardian or  
 3390 conservator after consideration of (a) the person's geographic location, (b) the person's familial or other

 3396 following allegations of abuse or neglect; (v) a recommendation as to the amount of surety on the  
 3397 conservator's bond, if any; and (vi) consideration of proper residential placement of the respondent. The  
 3398 report shall also contain an explanation by the guardian ad litem as to any (a) decision not to recommend the  
 3399 appointment of counsel for the respondent, (b) determination that a less restrictive alternative to guardianship  
 3400 or conservatorship is not advisable, and (c) determination that appointment of a limited guardian or  
 3401 conservator is not appropriate. If the guardian ad litem was unable to consult directly with the respondent's  
 3402 primary health care provider, such information shall also be included in such report.

3403 D. Any individual or entity with information, records, or reports relevant to a guardianship or  
 3404 conservatorship proceeding, including any (i) health care provider, local school division, or local department

3405 of social services; (ii) criminal justice agency as that term is defined in § 9.1-101, unless the disclosure of  
3406 such information, records, or reports would impede an ongoing criminal investigation or proceeding; and (iii)  
3407 financial institution as that term is defined in § 6.2-100, investment advisor as that term is defined in  
3408 § 13.1-501, or other financial service provider shall disclose or make available to the guardian ad litem, upon  
3409 request, any information, records, and reports concerning the respondent that the guardian ad litem  
3410 determines necessary to perform his duties under this section to the extent allowed under the  
3411 Gramm-Leach-Bliley Act (15 U.S.C. § 6801 et seq.) and 12 U.S.C. § 3403. The request from the guardian ad  
3412 litem shall be accompanied by a copy of the court order (a) appointing the guardian ad litem for the  
3413 respondent and (b) that allows the release of the respondent's nonpublic personal information to the guardian  
3414 ad litem. All such information, records, and reports shall be provided to the guardian ad litem at no charge.  
3415 Disclosures, records, and reports can be provided in electronic form to the guardian ad litem and may be  
3416 accompanied by a statement of expenses or an invoice, which shall be filed with the report of the guardian ad  
3417 litem to be considered by the court when awarding costs among the parties pursuant to § 64.2-2008. Absent  
3418 gross negligence or willful misconduct, the person or entity making disclosures, and their staff, shall be  
3419 immune from civil or criminal liability for providing information or records to a court-appointed guardian ad  
3420 litem pursuant to this section.

3421 **§ 64.2-2009. Court order of appointment; limited guardianships and conservatorships.**

3422 A. The court's order appointing a guardian or conservator shall (i) state the nature and extent of the  
3423 person's incapacity; (ii) define the powers and duties of the guardian or conservator so as to permit the  
3424 incapacitated person to care for himself and manage property to the extent he is capable; (iii) specify whether  
3425 the appointment of a guardian or conservator is limited to a specified length of time, as the court in its  
3426 discretion may determine; (iv) specify the legal disabilities, if any, of the person in connection with the  
3427 finding of incapacity, including but not limited to mental competency for purposes of Article II, § 1 of the  
3428 Constitution of Virginia or Title 24.2; (v) include any limitations deemed appropriate following consideration  
3429 of the factors specified in § 64.2-2007; (vi) set the bond of the guardian and the bond and surety, if any, of the  
3430 conservator; and (vii) where a petition is brought prior to the incapacitated person's eighteenth birthday,  
3431 pursuant to subsection C of § 64.2-2001, whether the order shall take effect immediately upon entry or on the  
3432 incapacitated person's eighteenth birthday.

3433 A1. Beginning July 1, 2023, the court shall set a schedule in the order of appointment for periodic review  
3434 hearings, to be held no later than one year after the initial appointment and no later than every three years  
3435 thereafter, unless the court orders that such hearings are to be waived because they are unnecessary or  
3436 impracticable or that such hearings shall be held on such other schedule as the court shall determine. Any  
3437 such determination to waive the hearing or use a schedule differing from that prescribed in this subsection  
3438 shall be supported in the order and address the reason for such determination, including (i) the likelihood that  
3439 the respondent's condition will improve or the respondent will regain capacity, (ii) whether concerns or  
3440 questions were raised about the suitability of the person appointed as a guardian or conservator at the time of  
3441 the initial appointment, and (iii) whether the appointment of a guardian or conservator or the appointment of  
3442 the specifically appointed guardian or conservator was contested by the respondent or another party.

3443 The court shall not waive the initial periodic review hearing scheduled pursuant to this subsection where  
3444 the petitioner for guardianship or conservatorship is a hospital, convalescent home, or certified nursing  
3445 facility licensed by the Department of Health pursuant to § 32.1-123; an assisted living facility, as defined in  
3446 § 63.2-100, or any other similar institution; or a health care provider other than a family member. If the  
3447 petitioner is a hospital, convalescent home, or certified nursing facility licensed by the Department of Health  
3448 pursuant to § 32.1-123 or an assisted living facility as defined in § 63.2-100, nothing in this chapter shall  
3449 require such petitioner to attend any periodic review hearing.

3450 Any person may file a petition, which may be on a form developed by the Office of the Executive  
3451 Secretary of the Supreme Court of Virginia, to hold a periodic review hearing prior to the scheduled date set  
3452 forth in the order of appointment. The court shall hold an earlier hearing upon good cause shown. At such a  
3453 hearing, the court shall review the schedule set forth in the order of appointment and determine whether  
3454 future periodic review hearings are necessary or may be waived.

3455 A2. If the court has ordered a hearing pursuant to subsection A1, the court shall appoint a guardian ad  
3456 litem, who shall conduct an investigation in accordance with the stated purpose of the hearing and file a  
3457 report. The incapacitated person has a right to be represented by counsel, and the provisions of § 64.2-2006  
3458 shall apply, mutatis mutandis. The guardian ad litem shall provide notice of the hearing to the incapacitated  
3459 person and to all individuals entitled to notice as identified in the court order of appointment. Fees and costs  
3460 shall be paid in accordance with the provisions of §§ 64.2-2003 and 64.2-2008. The court shall enter an order  
3461 reflecting any findings made during the review hearing and any modification to the guardianship or  
3462 conservatorship.

3463 B. The court may appoint a limited guardian for an incapacitated person who is capable of addressing  
3464 some of the essential requirements for his care for the limited purpose of medical decision making, decisions  
3465 about place of residency, or other specific decisions regarding his personal affairs. The court may appoint a  
3466 limited conservator for an incapacitated person who is capable of managing some of his property and

3467 financial affairs for limited purposes that are specified in the order.

3468 C. Unless the guardian has a professional relationship with the incapacitated person or is employed by or  
 3469 affiliated with a facility where the person resides, the court's order may authorize the guardian to consent to  
 3470 the admission of the person to a facility pursuant to § 37.2-805.1, upon finding by clear and convincing  
 3471 evidence that (i) the person has severe and persistent mental illness that significantly impairs the person's  
 3472 capacity to exercise judgment or self-control, as confirmed by the evaluation of a licensed psychiatrist; (ii)  
 3473 such condition is unlikely to improve in the foreseeable future; and (iii) the guardian has formulated a plan  
 3474 for providing ongoing treatment of the person's illness in the least restrictive setting suitable for the person's  
 3475 condition.

3476 D. A guardian need not be appointed for a person who has appointed an agent under an advance *health*  
 3477 *care* directive executed in accordance with the provisions of ~~Article 8 (§ 54.1-2981 et seq.) of Chapter 29 of~~  
 3478 ~~Title 54.1~~ *the Uniform Health Care Decisions Act (§ 54.1-2993.2 et seq.)*, unless the court determines that the  
 3479 agent is not acting in accordance with the wishes of the principal or there is a need for decision making  
 3480 outside the purview of the advance *health care* directive. A guardian need not be appointed for a person  
 3481 where a health care decision is made pursuant to, and within the scope of, the *Uniform Health Care Decisions*  
 3482 *Act (§ 54.1-2981 54.1-2993.2 et seq.)*.

3483 A conservator need not be appointed for a person (i) who has appointed an agent under a durable power of  
 3484 attorney, unless the court determines pursuant to the Uniform Power of Attorney Act (§ 64.2-1600 et seq.)  
 3485 that the agent is not acting in the best interests of the principal or there is a need for decision making outside  
 3486 the purview of the durable power of attorney or (ii) whose only or major source of income is from the Social  
 3487 Security Administration or other government program and who has a representative payee.

3488 E. All orders appointing a guardian shall include the following statements in conspicuous bold print in at  
 3489 least 14-point type:

3490 1. Pursuant to § 64.2-2009 of the Code of Virginia, (name of guardian), is hereby appointed as guardian of  
 3491 (name of respondent) with all duties and powers granted to a guardian pursuant to § 64.2-2019 of the Code of  
 3492 Virginia, including but not limited to: (enter a statement of the rights removed and retained, if any, at the time  
 3493 of appointment; whether the appointment of a guardian is a full guardianship, public guardianship pursuant to  
 3494 § 64.2-2010 of the Code of Virginia, limited guardianship pursuant to § 64.2-2009 of the Code of Virginia, or  
 3495 temporary guardianship; and the duration of the appointment).

3496 2. Pursuant to the provisions of subsection E of § 64.2-2019 of the Code of Virginia, a guardian, to the  
 3497 extent possible, shall encourage the incapacitated person to participate in decisions, shall consider the  
 3498 expressed desires and personal values of the incapacitated person to the extent known, and shall not restrict  
 3499 an incapacitated person's ability to communicate with, visit, or interact with other persons with whom the  
 3500 incapacitated person has an established relationship, unless such restriction is reasonable to prevent physical,  
 3501 mental, or emotional harm to or financial exploitation of such incapacitated person and after consideration of  
 3502 the expressed wishes of the incapacitated person. Such restrictions shall only be imposed pursuant to  
 3503 § 64.2-2019.1.

3504 3. Pursuant to § 64.2-2020 of the Code of Virginia, an annual report shall be filed by the guardian with the  
 3505 local department of social services for the jurisdiction where the incapacitated person resides.

3506 4. Pursuant to § 64.2-2012 of the Code of Virginia, all guardianship orders are subject to petition for  
 3507 restoration of the incapacitated person to capacity; modification of the type of appointment or areas of  
 3508 protection, management, or assistance granted; or termination of the guardianship. In lieu of such a petition,  
 3509 if the person subject to the guardianship is not represented by counsel, such person may initiate the process  
 3510 by sending informal written communications to the court. All orders appointing a guardian, conservator, or  
 3511 both shall include the current mailing address, email address, and physical address of the court issuing the  
 3512 order and to which such informal written communication shall be directed.

3513 **§ 64.2-2019. Duties and powers of guardian.**

3514 A. A guardian stands in a fiduciary relationship to the incapacitated person for whom he was appointed  
 3515 guardian and may be held personally liable for a breach of any fiduciary duty to the incapacitated person. A  
 3516 guardian shall not be liable for the acts of the incapacitated person unless the guardian is personally  
 3517 negligent. A guardian shall not be required to expend personal funds on behalf of the incapacitated person.

3518 B. A guardian's duties and authority shall not extend to decisions addressed in a valid advance *health care*  
 3519 directive or durable power of attorney previously executed by the incapacitated person. A guardian may seek  
 3520 court authorization to revoke, suspend, or otherwise modify a durable power of attorney, as provided by the  
 3521 Uniform Power of Attorney Act (§ 64.2-1600 et seq.). Notwithstanding the provisions of the *Uniform Health*  
 3522 *Care Decisions Act (§ 54.1-2981 54.1-2993.2 et seq.)* and in accordance with the procedures of § 64.2-2012,  
 3523 a guardian may seek court authorization to modify the designation of an agent under an advance *health care*  
 3524 directive, but the modification shall not in any way affect the incapacitated person's directives concerning the  
 3525 provision or refusal of specific medical treatments or procedures.

3526 C. A guardian shall maintain sufficient contact with the incapacitated person to know of his capabilities,  
 3527 limitations, needs, and opportunities and as needed to comply with the duties imposed upon him pursuant to  
 3528 the order of appointment and this section and any other provision of law. The guardian shall visit the

3529 incapacitated person as often as necessary and at least three times per year, with at least one visit occurring  
3530 every 120 days. Except as otherwise provided in subsection C1, of the three required visits, at least two visits  
3531 shall be conducted by the guardian. The guardian shall conduct at least one of such visits in person; the  
3532 second such visit may be conducted by the guardian via virtual conference or video call between the guardian  
3533 and incapacitated person, provided that the technological means by which such conference or call can take  
3534 place are readily available.

3535 The remaining visit may be conducted (i) by the guardian; (ii) by a person other than the guardian,  
3536 including (a) a family member or friend monitored by the guardian or (b) a skilled professional retained by  
3537 the guardian to perform guardianship duties on behalf of the guardian and who is experienced in the care of  
3538 individuals, including older adults or adults with disabilities; or (iii) via virtual conference or video call  
3539 between either the guardian or such family member or friend monitored by the guardian or skilled  
3540 professional and the incapacitated person, provided that the technological means by which such conference or  
3541 call can take place are readily available. If a person other than the guardian conducts any such visit, he shall  
3542 provide a written report to the guardian regarding any visit conducted by such person.

3543 A telephone call shall meet the requirements of this subsection only if such technological means are not  
3544 readily available.

3545 C1. If for reasons outside the guardian's control the guardian cannot make an in-person visit to an  
3546 incapacitated person, then such visit may be conducted in person by an individual designated by the guardian  
3547 pursuant to subsection C. If either the guardian or such individual designated by the guardian is unable to  
3548 conduct an in-person visit, then such visit may be conducted virtually through electronic means such as a  
3549 virtual conference or video call, or, if such technological means are not readily available, by telephone.

3550 C2. In the event of a state of emergency or public health crisis in which a facility in which the  
3551 incapacitated person resides is not allowing in-person visitation, visitation requirements required pursuant to  
3552 subsection C may be met via a virtual conference or video call between the guardian and incapacitated  
3553 person, to the extent feasible for the facility to provide the technological means by which such conference or  
3554 call can take place. A telephone call shall meet the requirements of this subsection only if such technological  
3555 means are not readily available.

3556 D. A guardian shall be required to seek prior court authorization to change the incapacitated person's  
3557 residence to another state, to terminate or consent to a termination of the person's parental rights, or to initiate  
3558 a change in the person's marital status.

3559 E. A guardian shall, to the extent feasible, encourage the incapacitated person to participate in decisions,  
3560 to act on his own behalf, and to develop or regain the capacity to manage personal affairs. A guardian, in  
3561 making decisions, shall consider the expressed desires and personal values of the incapacitated person to the  
3562 extent known and shall otherwise act in the incapacitated person's best interest and exercise reasonable care,  
3563 diligence, and prudence. A guardian shall not restrict an incapacitated person's ability to communicate with,  
3564 visit, or interact with other persons with whom the incapacitated person has an established relationship,  
3565 unless such restriction is reasonable to prevent physical, mental, or emotional harm to or financial  
3566 exploitation of such incapacitated person and after consideration of the expressed wishes of the incapacitated  
3567 person. Such restrictions shall only be imposed pursuant to § 64.2-2019.1.

3568 E1. A guardian and any skilled professional retained by such guardian to perform guardianship duties on  
3569 behalf of the guardian pursuant to clause (ii) (b) of subsection C shall complete the training developed by the  
3570 Department for Aging and Rehabilitative Services pursuant to § 51.5-150.1 within 120 days after the date of  
3571 the qualification of such guardian, unless such training was completed within the past 36 months in  
3572 conjunction with another guardianship appointment made pursuant to § 64.2-2009. No guardian or skilled  
3573 professional retained by such guardian shall be required to complete such training more frequently than once  
3574 every 36 months.

3575 F. A guardian shall have authority to make arrangements for the funeral and disposition of remains,  
3576 including cremation, interment, entombment, memorialization, inurnment, or scattering of the cremains, or  
3577 some combination thereof, if the guardian is not aware of any person that has been otherwise designated to  
3578 make such arrangements as set forth in § 54.1-2825. A guardian shall have authority to make arrangements  
3579 for the funeral and disposition of remains after the death of an incapacitated person if, after the guardian has  
3580 made a good faith effort to locate the next of kin of the incapacitated person to determine if the next of kin  
3581 wishes to make such arrangements, the next of kin does not wish to make the arrangements or the next of kin  
3582 cannot be located. Good faith effort shall include contacting the next of kin identified in the petition for  
3583 appointment of a guardian. The funeral service licensee, funeral service establishment, registered crematory,  
3584 cemetery, cemetery operator, or guardian shall be immune from civil liability for any act, decision, or  
3585 omission resulting from acceptance of any dead body for burial, cremation, or other disposition when the  
3586 provisions of this section are met, unless such acts, decisions, or omissions resulted from bad faith or  
3587 malicious intent.

3588 **2. That §§ 54.1-2981, 54.1-2982, 54.1-2983, 54.1-2983.2 through 54.1-2987, 54.1-2988, and 54.1-2989**  
3589 **through 54.1-2993 of the Code of Virginia are repealed.**

3590 **3. That the provisions of this act may result in a net increase in periods of imprisonment or**

3591 commitment. Pursuant to § 30-19.1:4 of the Code of Virginia, the estimated amount of the necessary  
3592 appropriation cannot be determined for periods of imprisonment in state adult correctional facilities;  
3593 therefore, Chapter 725 of the Acts of Assembly of 2025 requires the Virginia Criminal Sentencing  
3594 Commission to assign a minimum fiscal impact of \$50,000. Pursuant to § 30-19.1:4 of the Code of  
3595 Virginia, the estimated amount of the necessary appropriation is \$0 for periods of commitment to the  
3596 custody of the Department of Juvenile Justice.
