1. § 1. As used in this act, "state of preparedness" means the condition declared by the Governor when, in his judgment, the threat or danger of a credible emergency or a disaster in any part of the Commonwealth is of sufficient severity and magnitude to warrant disaster preparedness assistance by the Commonwealth to supplement the preparedness efforts and pre-position available resources of the several localities and relief organizations in order to prevent or alleviate the damage, loss, hardship, or suffering threatened or caused thereby.
