312 If the court grants such petition and issues the defendant a restricted license, the court shall order (i) that
313 reinstatement of the defendant's license to drive be conditioned upon (a) the installation of an ignition
314 interlock system on each motor vehicle, as defined in § 46.2-100, owned by or registered to the person, in
315 whole or in part, for a period of time not to exceed the period of license suspension and restriction, not less
316 than six consecutive months without alcohol-related violations of the interlock requirements and (b) the
317 requirement that such person not operate any motor vehicle that is not equipped with such a system for the
318 period of time that the interlock restriction is in effect and (ii) that, as a condition of probation or otherwise,
319 the defendant enter into and successfully complete an alcohol safety action program in the judicial district in
320 which such charge is brought or in any other judicial district upon such terms and conditions as the court may
321 set forth. However, upon motion of a person convicted of any such offense following an assessment of the
322 person conducted by an alcohol safety action program, the court, for good cause, may decline to order
323 participation in such a program if the assessment conducted by the alcohol safety action program indicates
324 that intervention is not appropriate for such person. In no event shall such persons be permitted to enter any
325 such program that is not certified as meeting minimum standards and criteria established by the Commission
326 on the Virginia Alcohol Safety Action Program (VASAP) pursuant to this section and to ~~§ 18.2-271.2 Article~~
327 ~~2.1~~ (§ 18.2-273.1 et seq.). The court shall require the person entering such program under the provisions of
328 this section to pay a fee of no less than \$250 but no more than \$300. A reasonable portion of such fee, as may
329 be determined by the Commission on VASAP, but not to exceed 10 percent, shall be forwarded monthly to
330 be deposited with the State Treasurer for expenditure by the Commission on VASAP, and the balance shall
331 be held in a separate fund for local administration of driver alcohol rehabilitation programs. Upon a positive
332 finding that the defendant is indigent, the court may reduce or waive the fee. In addition to the costs of the
333 proceeding, fees as may reasonably be required of defendants referred for intervention under any such
334 program may be charged.

335 If the court grants a restricted license to any person pursuant to this section, the court shall order such
336 person to surrender his driver's license to be disposed of in accordance with the provisions of § 46.2-398 and
337 shall forward to the Commissioner of the Department of Motor Vehicles a copy of its order entered pursuant
338 to this subsection. This order shall specifically enumerate the restrictions imposed and contain such
339 information regarding the person to whom such a permit is issued as is reasonably necessary to identify such
340 person. The court shall also provide a copy of its order to such person who may operate a motor vehicle on
341 the order until receipt from the Commissioner of the Department of Motor Vehicles of a restricted license,
342 but only if the order provides for a restricted license for that period. A copy of the order and, after receipt
343 thereof, the restricted license shall be carried at all times by such person while operating a motor vehicle. The
344 period of time during which the person is prohibited from operating a motor vehicle that is not equipped with
345 an ignition interlock system shall be calculated from the date the person is issued a restricted license by the
346 court; however, such period of time shall be tolled upon the expiration of the restricted license issued by the
347 court until such time as the person is issued a restricted license by the Department of Motor Vehicles. Any
348 person who operates a motor vehicle in violation of any restrictions imposed pursuant to this section shall be
349 guilty of a violation of § 18.2-272. The provisions of subsection F of § 18.2-271.1 shall apply to this
350 subsection mutatis mutandis, except as herein provided.

351 F. Notwithstanding any other provisions of this section or of § 18.2-271.1, nothing in this section shall
352 permit the court to suspend, reduce, limit, or otherwise modify any disqualification from operating a
353 commercial motor vehicle imposed under the provisions of the Virginia Commercial Driver's License Act
354 (§ 46.2-341.1 et seq.).

355 **§ 18.2-270.1. Ignition interlock systems; penalty.**

356 A. For purposes of this section ~~and § 18.2-270.2:~~

357 "Commission" means the Commission on VASAP.

358 "Department" means the Department of Motor Vehicles.

359 "Ignition interlock system" means a device that (i) connects a motor vehicle ignition system to an analyzer
360 that measures a driver's blood alcohol content; (ii) prevents a motor vehicle ignition from starting if a driver's
361 blood alcohol content exceeds 0.02 percent; and (iii) is equipped with the ability to perform a rolling retest
362 and to electronically log the blood alcohol content during ignition, attempted ignition, and rolling retest.

363 "Remote alcohol monitoring device" means an unsupervised mobile testing device with the ability to
364 confirm the location and presence of alcohol in a person and that is capable of scheduled, random, and on-
365 demand tests that provide immediate, or as-requested, results. A testing device may be worn or used by
366 persons ordered by the court to provide measurements of the presence of alcohol in their blood.

367 "Rolling retest" means a test of the vehicle operator's blood alcohol content required at random intervals
368 during operation of the vehicle, which triggers the sounding of the horn and flashing of lights if (i) the test
369 indicates that the operator has a blood alcohol content which exceeds 0.02 percent or (ii) the operator fails to

370 take the test.

371 B. In addition to any penalty provided by law for a conviction under § 18.2-51.4 or clauses (i), (ii), or (iv)
 372 of § 18.2-266 or a substantially similar ordinance of any county, city, or town, any court of proper
 373 jurisdiction shall, as a condition of a restricted license, prohibit an offender from operating a motor vehicle
 374 that is not equipped with a functioning, certified ignition interlock system for any period of time not to
 375 exceed the period of license suspension and restriction, not less than 12 consecutive months without
 376 alcohol-related violations of the interlock requirements. In addition to any penalty provided by law for a
 377 conviction under clauses (iii) or (v) of § 18.2-266 or a substantially similar ordinance of any county, city, or
 378 town, any court of proper jurisdiction may, for a first offense, as a condition of a restricted license, prohibit
 379 an offender from operating a motor vehicle that is not equipped with a functioning, certified ignition interlock
 380 system for any period of time not to exceed the period of license suspension and restriction, not less than 12
 381 consecutive months without alcohol-related violations of the interlock requirements. The court shall, as a
 382 condition of a restricted license for a conviction under § 18.2-51.4, a second or subsequent offense of
 383 § 18.2-266 or a substantially similar ordinance of any county, city, or town, or as a condition of license
 384 restoration pursuant to subsection C of § 18.2-271.1 or § 46.2-391, require that such a system be installed on
 385 each motor vehicle, as defined in § 46.2-100, owned by or registered to the offender, in whole or in part, for
 386 any period of time not less than 12 consecutive months without alcohol-related violations of the interlock
 387 requirements. Such condition shall be in addition to any purposes for which a restricted license may be issued
 388 pursuant to § 18.2-271.1. Whenever an ignition interlock system is required, the court may order the
 389 installation of an ignition interlock system to commence immediately upon conviction. A fee of \$20 to cover
 390 court and administrative costs related to the ignition interlock system shall be paid by any such offender to
 391 the clerk of the court. The court shall require the offender to install an electronic log device with the ignition
 392 interlock system on a vehicle designated by the court to measure the blood alcohol content at each attempted
 393 ignition and random rolling retest during operation of the vehicle. The offender shall be enrolled in and
 394 supervised by an alcohol safety action program pursuant to § 18.2-271.1 and Article 2.1 (§ 18.2-273.1 et seq.)
 395 and to conditions established by regulation under ~~§ 18.2-270.2~~ such article by the Commission during the
 396 period for which the court has ordered installation of the ignition interlock system. The offender shall be
 397 further required to provide to such program, at least quarterly during the period of court ordered ignition
 398 interlock installation, a printout from such electronic log indicating the offender's blood alcohol content
 399 during such ignitions, attempted ignitions, and rolling retests, and showing attempts to circumvent or tamper
 400 with the equipment. The period of time during which the offender (i) is prohibited from operating a motor
 401 vehicle that is not equipped with an ignition interlock system or (ii) is required to have an ignition interlock
 402 system installed on each motor vehicle owned by or registered to the offender, in whole or in part, shall be
 403 calculated from the date the offender is issued a restricted license by the court; however, such period of time
 404 shall be tolled upon the expiration of the restricted license issued by the court until such time as the person is
 405 issued a restricted license by the Department.

406 C. However, if (i) a conviction was under § 18.2-266 or a substantially similar ordinance of any county,
 407 city, or town; (ii) the conviction was for a first offense; and (iii) the offender was an adult at the time of the
 408 offense, the only restriction of a restricted license that the court shall impose is to prohibit the offender from
 409 operating a motor vehicle that is not equipped with a functioning, certified ignition interlock system for not
 410 less than 12 consecutive months without alcohol-related violations of the interlock requirements. Upon
 411 motion of an offender, a court may require a minimum of six consecutive months without alcohol-related
 412 violations of the interlock requirements if additional restrictions are ordered for the duration of the restricted
 413 license.

414 D. In any case in which the court requires the installation of an ignition interlock system, the court shall
 415 order the offender not to operate any motor vehicle that is not equipped with such a system for the period of
 416 time that the interlock restriction is in effect. The clerk of the court shall file with the Department of Motor
 417 Vehicles a copy of the order, which shall become a part of the offender's operator's license record maintained
 418 by the Department. The Department shall issue to the offender for the period during which the interlock
 419 restriction is imposed a restricted license which shall appropriately set forth the restrictions required by the
 420 court under this subsection and any other restrictions imposed upon the offender's driving privilege, and shall
 421 also set forth any exception granted by the court under subsection I.

422 E. The court may, upon motion of an offender who is ineligible to receive a restricted license in
 423 accordance with subsection C, order that the offender (i) use a remote alcohol monitoring device for a period
 424 of time coextensive with the period of time of the prohibition imposed under subsection B and (ii) refrain
 425 from alcohol consumption during such period of time. Additionally, upon such motion and pursuant to
 426 § 18.2-271.1, the court may issue a restricted license to operate a motor vehicle for any purpose to a person
 427 who is prohibited from operating a motor vehicle that is not equipped with a functioning, certified ignition
 428 interlock system when such person is ordered to use a remote alcohol monitoring device pursuant to this
 429 subsection and has a functioning, certified ignition interlock system installed on each motor vehicle, as
 430 defined in § 46.2-100, owned by or registered to the offender, in whole or in part.

431 A fee of \$20 to cover court and administrative costs related to the remote alcohol monitoring device shall

432 be paid by any such offender to the clerk of the court. The offender shall be enrolled in and supervised by an
433 alcohol safety action program pursuant to § 18.2-271.1 and Article 2.1 (§ 18.2-273.1 et seq.) and shall
434 comply with all conditions established by regulation under ~~§ 18.2-270.2~~ such article by the Commission
435 during the period for which the court has ordered the use of a remote alcohol monitoring device. The offender
436 shall be further required to provide to such program, at least quarterly during the period of time the offender
437 is ordered to use a remote alcohol monitoring device, a copy of the data from such device indicating the
438 offender's blood alcohol content and showing attempts to circumvent or tamper with the device. The period of
439 time during which the offender is required to use a remote alcohol monitoring device shall be calculated from
440 the date the offender is issued a restricted license by the court; however, such period of time shall be tolled
441 upon the expiration of the restricted license issued by the court until such time as the person is issued a
442 restricted license by the Department.

443 F. The offender shall be ordered to provide the appropriate ASAP program, within 30 days of the effective
444 date of the order of court, proof of the installation of the ignition interlock system, and, if applicable, proof
445 that the offender is using a remote alcohol monitoring device. The Program shall require the offender to have
446 the system and device monitored and calibrated for proper operation at least every 30 days by an entity
447 approved by the Commission under the provisions of ~~§ 18.2-270.2~~ 18.2-273.9 and to demonstrate proof
448 thereof. The offender shall pay the cost of leasing or buying and monitoring and maintaining the ignition
449 interlock system and the remote alcohol monitoring device. Absent good cause shown, the court may revoke
450 the offender's driving privilege for failing to (i) timely install such system or use such device or (ii) have the
451 system or device properly monitored and calibrated.

452 G. No person shall start or attempt to start a motor vehicle equipped with an ignition interlock system for
453 the purpose of providing an operable motor vehicle to a person who is prohibited under this section from
454 operating a motor vehicle that is not equipped with an ignition interlock system. No person shall tamper with,
455 or in any way attempt to circumvent the operation of, an ignition interlock system that has been installed in
456 the motor vehicle of a person under this section. Except as authorized in subsection I, no person shall
457 knowingly furnish a motor vehicle not equipped with a functioning ignition interlock system to any person
458 prohibited under subsection B from operating any motor vehicle that is not equipped with such system. A
459 violation of this subsection is punishable as a Class 1 misdemeanor. The venue for the prosecution of a
460 violation of this subsection shall be where the offense occurred or the jurisdiction in which the order entered
461 pursuant to subsection B was entered.

462 H. No person shall tamper with, or in any way attempt to circumvent the operation of, a remote alcohol
463 monitoring device that an offender is ordered to use under this section. A violation of this subsection is
464 punishable as a Class 1 misdemeanor.

465 Any person who violates this subsection shall have his restricted license issued pursuant to subsection E,
466 as it shall become effective on July 1, 2021, revoked. The court may, in its discretion and for good cause
467 shown, provide that such person be issued a restricted permit to operate a motor vehicle in accordance with
468 the terms of a restricted license issued pursuant to subsection E of § 18.2-271.1.

469 I. Any person prohibited from operating a motor vehicle under subsection B may, solely in the course of
470 his employment, operate a motor vehicle that is owned or provided by his employer without installation of an
471 ignition interlock system, if the court expressly permits such operation as a condition of a restricted license at
472 the request of the employer; such person shall not be permitted to operate any other vehicle without a
473 functioning ignition interlock system and, in no event, shall such person be permitted to operate a school bus,
474 school vehicle, or a commercial motor vehicle as defined in § 46.2-341.4. This subsection shall not apply if
475 such employer is an entity wholly or partially owned or controlled by the person otherwise prohibited from
476 operating a vehicle without an ignition interlock system.

477 J. The Commission shall promulgate such regulations and forms as are necessary to implement the
478 procedures outlined in this section.

479 **§ 18.2-271.1. Probation, education, and rehabilitation of person charged or convicted; person**
480 **convicted under law of another state or federal law.**

481 A. Any person convicted of a first or second offense of § 18.2-266, or any ordinance of a county, city, or
482 town similar to the provisions thereof, or provisions of subsection A of § 46.2-341.24, shall be required by
483 court order, as a condition of probation or otherwise, to enter into and successfully complete an alcohol safety
484 action program in the judicial district in which such charge is brought or in any other judicial district upon
485 such terms and conditions as the court may set forth. However, upon motion of a person convicted of any
486 such offense following an assessment of the person conducted by an alcohol safety action program, the court,
487 for good cause, may decline to order participation in such a program if the assessment by the alcohol safety
488 action program indicates that intervention is not appropriate for such person. In no event shall such persons
489 be permitted to enter any such program which is not certified as meeting minimum standards and criteria
490 established by the Commission on the Virginia Alcohol Safety Action Program (VASAP) pursuant to this
491 section and to ~~§ 18.2-271.2~~ Article 2.1 (§ 18.2-273.1 et seq.). However, any person charged with a violation
492 of a first or second offense of § 18.2-266, or any ordinance of a county, city, or town similar to the provisions
493 thereof, or provisions of subsection A of § 46.2-341.24, may, at any time prior to trial, enter into an alcohol

494 safety action program in the judicial district in which such charge is brought or in any other judicial district.
 495 Any person who enters into such program prior to trial may pre-qualify with the program to have an ignition
 496 interlock system installed on any motor vehicle owned or operated by him and may have such ignition
 497 interlock system installed. Any installation period of time accrued by such person prior to trial for the
 498 pending charge shall count toward any (i) ignition interlock or restricted license period of time ordered by a
 499 court or (ii) restricted license, suspension, or revocation issued by the Department of Motor Vehicles pursuant
 500 to § 46.2-389.

501 B. The court shall require the person entering such program under the provisions of this section to pay a
 502 fee of no less than \$250 but no more than \$300. A reasonable portion of such fee, as may be determined by
 503 the Commission on VASAP, but not to exceed 10 percent, shall be forwarded monthly to be deposited with
 504 the State Treasurer for expenditure by the Commission on VASAP, and the balance shall be held in a separate
 505 fund for local administration of driver alcohol rehabilitation programs. Upon a positive finding that the
 506 defendant is indigent, the court may reduce or waive the fee. In addition to the costs of the proceeding, fees as
 507 may reasonably be required of defendants referred for intervention under any such program may be charged.

508 C. Upon conviction of a violation of § 18.2-266 or any ordinance of a county, city or town similar to the
 509 provisions thereof, or subsection A of § 46.2-341.24, the court shall impose the sentence authorized by
 510 § 18.2-270 or 46.2-341.28 and the license revocation as authorized by § 18.2-271. In addition, if the
 511 conviction was for a second offense committed within less than 10 years after a first such offense, the court
 512 shall order that restoration of the person's license to drive be conditioned upon the installation of an ignition
 513 interlock system on each motor vehicle, as defined in § 46.2-100, owned by or registered to the person, in
 514 whole or in part, for a period of 12 consecutive months without alcohol-related violations of the interlock
 515 requirements beginning at the end of the three-year license revocation, unless such a system has already been
 516 installed for 12 consecutive months without alcohol-related violations of the interlock requirements prior to
 517 that time pursuant to a restricted license order under subsection E. Upon a finding that a person so convicted
 518 is required to participate in the program described herein, the court shall enter the conviction on the warrant,
 519 and shall note that the person so convicted has been referred to such program. The court may then proceed to
 520 issue an order in accordance with subsection E, if the court finds that the person so convicted is eligible for a
 521 restricted license. If the court finds good cause for a person not to participate in such program or subsequently
 522 that such person has violated, without good cause, any of the conditions set forth by the court in entering the
 523 program, the court shall dispose of the case as if no program had been entered, in which event the revocation
 524 provisions of § 46.2-389 and subsection A of § 46.2-391 shall be applicable to the conviction. The court
 525 shall, upon final disposition of the case, send a copy of its order to the Commissioner of the Department of
 526 Motor Vehicles. If such order provides for the issuance of a restricted license, the Commissioner of the
 527 Department of Motor Vehicles, upon receipt thereof, shall issue a restricted license. The period of time during
 528 which the person (i) is prohibited from operating a motor vehicle that is not equipped with an ignition
 529 interlock system, (ii) is required to have an ignition interlock system installed on each motor vehicle owned
 530 by or registered to the person, in whole or in part, or (iii) is required to use a remote alcohol monitoring
 531 device shall be calculated from the date the person is issued a restricted license by the court; however, such
 532 period of time shall be tolled upon the expiration of the restricted license issued by the court until such time
 533 as the person is issued a restricted license by the Department of Motor Vehicles. Appeals from any such
 534 disposition shall be allowed as provided by law. The time within which an appeal may be taken shall be
 535 calculated from the date of the final disposition of the case or any motion for rehearing, whichever is later.

536 D. Any person who has been convicted under the law of another state or the United States of an offense
 537 substantially similar to the provisions of § 18.2-266 or subsection A of § 46.2-341.24, and whose privilege to
 538 operate a motor vehicle in this Commonwealth is subject to revocation under the provisions of § 46.2-389
 539 and subsection A of § 46.2-391, may petition the general district court of the county or city in which he
 540 resides that he be given probation and assigned to a program as provided in subsection A and that, upon entry
 541 into such program, he be issued an order in accordance with subsection E. If the court finds that such person
 542 would have qualified therefor if he had been convicted in this Commonwealth of a violation of § 18.2-266 or
 543 subsection A of § 46.2-341.24, the court may grant the petition and may issue an order in accordance with
 544 subsection E as to the period of license suspension or revocation imposed pursuant to § 46.2-389 or
 545 subsection A of § 46.2-391. The court (i) shall, as a condition of a restricted license, prohibit such person
 546 from operating a motor vehicle that is not equipped with a functioning, certified ignition interlock system for
 547 a period of time not to exceed the period of license suspension and restriction, not less than 12 consecutive
 548 months without alcohol-related violations of interlock requirements, and (ii) may, upon request of such
 549 person and as a condition of a restricted license, require such person to use a remote alcohol monitoring
 550 device in accordance with the provisions of subsection E of § 18.2-270.1. Such order shall be conditioned
 551 upon the successful completion of a program by the petitioner. If the court subsequently finds that such
 552 person has violated any of the conditions set forth by the court, the court shall dispose of the case as if no
 553 program had been entered and shall notify the Commissioner, who shall revoke the person's license in
 554 accordance with the provisions of § 46.2-389 or subsection A of § 46.2-391. A copy of the order granting the
 555 petition or subsequently revoking or suspending such person's license to operate a motor vehicle shall be

556 forthwith sent to the Commissioner of the Department of Motor Vehicles. The period of time during which
557 the person (a) is prohibited from operating a motor vehicle that is not equipped with an ignition interlock
558 system or (b) is required to use a remote alcohol monitoring device shall be calculated from the date the
559 person is issued a restricted license by the court; however, such period of time shall be tolled upon the
560 expiration of the restricted license issued by the court until such time as the person is issued a restricted
561 license by the Department of Motor Vehicles.

562 No period of license suspension or revocation shall be imposed pursuant to this subsection which, when
563 considered together with any period of license suspension or revocation previously imposed for the same
564 offense under the law of another state or the United States, results in such person's license being suspended
565 for a period in excess of the maximum periods specified in this subsection.

566 E. Except as otherwise provided herein, if a person enters a certified program pursuant to this section, and
567 such person's license to operate a motor vehicle, engine, or train in the Commonwealth has been suspended or
568 revoked, or a person's license to operate a motor vehicle, engine, or train in the Commonwealth has been
569 suspended or revoked pursuant to former § 18.2-259.1 or 46.2-390.1, the court may, in its discretion and for
570 good cause shown, provide that such person be issued a restricted permit to operate a motor vehicle for any of
571 the following purposes: (i) travel to and from his place of employment; (ii) travel to and from an alcohol
572 rehabilitation or safety action program; (iii) travel during the hours of such person's employment if the
573 operation of a motor vehicle is a necessary incident of such employment; (iv) travel to and from school if
574 such person is a student, upon proper written verification to the court that such person is enrolled in a
575 continuing program of education; (v) travel for health care services, including medically necessary
576 transportation of an elderly parent or, as designated by the court, any person residing in the person's
577 household with a serious medical problem upon written verification of need by a licensed health professional;
578 (vi) travel necessary to transport a minor child under the care of such person to and from school, day care,
579 and facilities housing medical service providers; (vii) travel to and from court-ordered visitation with a child
580 of such person; (viii) travel to a screening, evaluation, and education program entered pursuant to § 18.2-251
581 or subsection H of § 18.2-258.1; (ix) travel to and from court appearances in which he is a subpoenaed
582 witness or a party and appointments with his probation officer and to and from any programs required by the
583 court or as a condition of probation; (x) travel to and from a place of religious worship one day per week at a
584 specified time and place; (xi) travel to and from appointments approved by the Division of Child Support
585 Enforcement of the Department of Social Services as a requirement of participation in an administrative or
586 court-ordered intensive case monitoring program for child support for which the participant maintains written
587 proof of the appointment, including written proof of the date and time of the appointment, on his person; (xii)
588 travel to and from jail to serve a sentence when such person has been convicted and sentenced to confinement
589 in jail and pursuant to § 53.1-131.1 the time to be served is on weekends or nonconsecutive days; (xiii) travel
590 to and from the facility that installed or monitors the ignition interlock in the person's vehicle; (xiv) travel to
591 and from a job interview for which he maintains on his person written proof from the prospective employer
592 of the date, time, and location of the job interview; or (xv) travel to and from the offices of the Virginia
593 Employment Commission for the purpose of seeking employment. However, (a) any such person who is
594 eligible to receive a restricted license as provided in subsection C of § 18.2-270.1 or (b) any such person
595 ordered to use a remote alcohol monitoring device pursuant to subsection E of § 18.2-270.1 who has a
596 functioning, certified ignition interlock system as required by law may be issued a restricted permit to operate
597 a motor vehicle for any lawful purpose. No restricted license issued pursuant to this subsection shall permit
598 any person to operate a commercial motor vehicle as defined in the Virginia Commercial Driver's License
599 Act (§ 46.2-341.1 et seq.). The court shall order the surrender of such person's license to operate a motor
600 vehicle to be disposed of in accordance with the provisions of § 46.2-398 and shall forward to the
601 Commissioner of the Department of Motor Vehicles a copy of its order entered pursuant to this subsection,
602 which shall specifically enumerate the restrictions imposed and contain such information regarding the
603 person to whom such a permit is issued as is reasonably necessary to identify such person. The court shall
604 also provide a copy of its order to the person so convicted who may operate a motor vehicle on the order until
605 receipt from the Commissioner of the Department of Motor Vehicles of a restricted license, if the order
606 provides for a restricted license for that time period. A copy of such order and, after receipt thereof, the
607 restricted license shall be carried at all times while operating a motor vehicle. Any person who operates a

610 completion of, a program as described in subsection A. No restricted license shall be issued during the first
611 four months of a revocation imposed pursuant to subsection B of § 18.2-271 or subsection A of § 46.2-391
612 for a second offense of the type described therein committed within 10 years of a first such offense. No
613 restricted license shall be issued during the first year of a revocation imposed pursuant to subsection B of
614 § 18.2-271 or subsection A of § 46.2-391 for a second offense of the type described therein committed within
615 five years of a first such offense. No restricted license shall be issued during any revocation period imposed
616 pursuant to subsection C of § 18.2-271 or subsection B of § 46.2-391. Notwithstanding the provisions of
617 § 46.2-411, the fee charged pursuant to § 46.2-411 for reinstatement of the driver's license of any person

 626 license.

627 F. The court shall have jurisdiction over any person entering such program under any provision of this
 628 section, or under any provision of § 46.2-392, until such time as the case has been disposed of by either
 629 successful completion of the program, or revocation due to ineligibility or violation of a condition or
 630 conditions imposed by the court, whichever shall first occur. Revocation proceedings shall be commenced by
 631 notice to show cause why the court should not revoke the privilege afforded by this section. Such notice shall
 632 be made by first-class mail to the last known address of such person, and shall direct such person to appear
 633 before the court in response thereto on a date contained in such notice, which shall not be less than 10 days
 634 from the date of mailing of the notice. Failure to appear in response to such notice shall of itself be grounds
 635 for revocation of such privilege. Notice of revocation under this subsection shall be sent forthwith to the
 636 Commissioner of the Department of Motor Vehicles.

637 G. For the purposes of this section, any court that has convicted a person of a violation of § 18.2-266,

 641 ordinance of a county, city, or town similar to the provisions of § 18.2-266 shall have continuing jurisdiction
 642 over such person during any period of license revocation related to that conviction, for the limited purposes
 643 of (i) referring such person to a certified alcohol safety action program, (ii) providing for a restricted permit
 644 for such person in accordance with the provisions of subsection E, and (iii) imposing terms, conditions and
 645 limitations for actions taken pursuant to clauses (i) and (ii), whether or not it took either such action at the
 646 time of the conviction. This continuing jurisdiction is subject to the limitations of subsection E that provide
 647 that no restricted license shall be issued during a revocation imposed pursuant to subsection C of § 18.2-271
 648 or subsection B of § 46.2-391 or during the first four months or first year, whichever is applicable, of the
 649 revocation imposed pursuant to subsection B of § 18.2-271 or subsection A of § 46.2-391. The provisions of

 653 with a violation of § 18.2-266, subsection A of § 46.2-341.24, or any ordinance of a county, city, or town

685 condition of probation or otherwise, to enter into and successfully complete an alcohol safety action program
686 in the judicial district in which such charge is brought or in any other judicial district upon such terms and
687 conditions as the court may set forth, the court may, in its discretion and for good cause shown, issue the
688 defendant a restricted license to operate a motor vehicle in accordance with the provisions of subsection E of
689 § 18.2-271.1 where the only restriction of such restricted license that the court shall impose is to prohibit the
690 defendant from operating a motor vehicle that is not equipped with a functioning, certified ignition interlock
691 system for a period of not less than six consecutive months without alcohol-related violations of the interlock
692 requirements.

693 In no event shall a defendant be permitted to enter any such alcohol safety action program that is not

838 established, shall operate, in accordance with the standards and criteria required by this section, alcohol
839 safety action programs (ASAPs) in connection with highway safety. Each such program shall operate under
840 the direction of a local independent policy board established pursuant to § 18.2-273.5 and shall, at a
841 minimum, (i) employ a program director and such staff as necessary to carry out the duties of such local
842 ASAP and (ii) hold general liability, professional liability, and directors and officers insurance if such items
843 are not provided by the fiscal agent locality of such program. Each such program shall be accessible to the
844 public for all required services during days and hours established by the Commission, and the Commission
845 shall prescribe acceptable methods of accessibility, including remote and electronic service delivery.

846 B. The Commission shall establish minimum standards and criteria for the implementation and operation
847 of local ASAPs and shall establish procedures to certify all such programs to ensure that they meet the
848 minimum standards and criteria stipulated by the Commission. The Commission shall also establish criteria
849 for the administration of such programs for (i) public information activities, (ii) accounting procedures, (iii)
850 the auditing requirements of such programs, and (iv) the allocation of supplemental or emergency funding
851 pursuant to subsection D.

852 C. Each program director of the local ASAP shall be subject to an annual performance evaluation
853 conducted by the Executive Director of the Commission or his designee. A program director shall be required
854 to achieve and maintain, at minimum, a satisfactory performance rating as a condition of continued
855 certification. Failure to maintain such required certification or a satisfactory performance rating (i) may
856 result in suspension or revocation of certification and (ii) shall render such person ineligible to serve as a
857 program director or employee of any local ASAP.

858 D. Each county, city, or town that has established, or jointly participates in, a local ASAP shall provide
859 for the financial support of such program through annual appropriations in its local budget or through such
860 other funding mechanisms as may be agreed upon by the participating localities. Each local ASAP serving
861 multiple localities shall, as a condition of certification, have a written funding agreement among all
862 participating localities that equitably allocates costs of program operation. Such agreement shall be filed
863 with the Commission and reviewed for compliance with Commission standards. The Commission shall not be
864 responsible for routine operational or personnel funding of local ASAPs. The Commission may, subject to the
865 availability of funds, provide supplemental or emergency assistance to a local ASAP or its fiscal agent

866 locality if the Commission determines that (i) financial hardship threatens continued operation of the local
 867 ASAP, (ii) the local ASAP has demonstrated compliance with all Commission standards, and (iii) the
 868 participating localities have contributed funding in accordance with this subsection. In the event any locality
 869 fails to provide financial support pursuant to this subsection, such locality may be subject to a fine as
 870 prescribed by the Commission.

871 E. Each local ASAP shall (i) maintain financial records in accordance with generally accepted
 872 accounting principles; (ii) be subject to local, state, and federal audits; and (iii) submit monthly financial
 873 reports to the Commission by the fifteenth day of the following month and an annual income statement by
 874 August 1 of each year. Any local ASAP that fails to timely file such information shall be subject to daily late
 875 fees, prescribed by the Commission, and potential decertification.

876 F. Any local ASAP revenues that are derived from offender fees or other sources shall only be used for the
 877 administration of such local ASAP and are subject to Commission oversight. The Commission may collect
 878 unexpended revenue or reserve balances from any local ASAP to ensure statewide fiscal accountability and
 879 maintain program standards.

880 G. Each local ASAP shall submit an annual operating budget and corresponding financial documents to
 881 the Commission for approval by May 1 of each year in a format prescribed by the Commission. In the event a
 882 local ASAP fails to submit, correct, or operate under an approved budget as required by the Commission, the
 883 Commission may (i) withhold or recover any state-controlled or supplemental funds, (ii) suspend or revoke
 884 certification of the local ASAP, (iii) suspend new offender referrals to the local ASAP, (iv) initiate temporary
 885 administration or reorganization under § 18.2-273.7, or (v) take such other actions as necessary to ensure
 886 compliance and fiscal accountability.

887 H. Each local ASAP shall operate under a program agreement approved by the Commission. Such
 888 agreement shall (i) delineate the responsibilities of the Commission and the local ASAP; (ii) specify
 889 conditions for receipt of any supplemental or emergency funding; (iii) identify performance measures related
 890 to offender compliance, fiscal management, and program efficiency; and (iv) provide procedures for
 891 monitoring, and remediation of, noncompliance. The Commission may withhold or recover funds or suspend
 892 certification for failure of the local ASAP to comply with the terms of such agreement.

893 I. Two or more certified local ASAPs may, with the approval of the Commission, enter into joint service
 894 agreements to provide education, monitoring, or administrative services and to share fiscal, personnel, or
 895 technological resources. Any such agreement shall specify the (i) duration, purpose, and method of
 896 administration; (ii) allocation of costs; and (iii) responsibilities of each participating program. Such
 897 agreement shall be filed with the Commission for review and approval. However, participation in any such
 898 agreement shall not relieve a local ASAP of its obligations under this article or regulations of the
 899 Commission.

900 J. Funds paid to the Commonwealth hereunder shall be utilized in the discretion of the Commission to
 901 offset the costs of state programs and local programs run in conjunction with any county, city, or town and
 902 costs incurred by the Commission. The Commission shall include in the executive summary required pursuant
 903 to subsection H of § 18.2-273.2 all actions taken pursuant to this section.

904 **§ 18.2-273.5. Powers and duties of the local independent policy board.**

905 A. The local independent policy board responsible for directing the operation of a local ASAP established
 906 pursuant to § 18.2-273.4 shall have the following powers and duties:

907 1. Review and approve the annual program budget prior to the submission of such budget to the
 908 Commission in consultation with the fiscal agent locality designated pursuant to § 18.2-273.6;

909 2. Participate in the hiring and firing of the program director and other personnel and consult with the
 910 fiscal agent locality to ensure such hiring and firing is consistent with the personnel policies and procedures
 911 of the locality; and

912 3. Meet as required by the regulations of the Commission and maintain minutes and records of such
 913 meetings in accordance with the standards established by the Commission.

914 B. Failure of a policy board to meet as required by subdivision A 3 shall constitute grounds for
 915 intervention by the Commission, including the reconstitution or replacement of the policy board, appointment
 916 of interim members, or any other corrective action the Commission deems necessary to ensure compliance
 917 and continuity of program operations.

918 **§ 18.2-273.6. Fiscal agent locality.**

919 A. Each local ASAP shall, as a condition of certification by the Commission, designate a county, city, or
 920 town for which it serves to act as its fiscal agent locality. Such fiscal agent locality shall (i) be responsible for
 921 the receipt, disbursement, and accounting of all local ASAP funds in accordance with such standards
 922 established by the Commission; (ii) serve as the employer of record for all local ASAP personnel, including
 923 the program director; and (iii) provide payroll, benefits administration, and human resources functions on
 924 behalf of the local ASAP. For any local ASAP that serves multiple jurisdictions, such jurisdictions shall
 925 designate, by written agreement approved by the governing body of each respective jurisdiction, a single

974 *the administration of interim services and the reestablishment, certification, or reformation of a new local*
975 *ASAP to serve the affected area.*

976 *E. The Commission shall, during the interim period, facilitate the reestablishment or certification of a*
