91 **§ 55.1-2514.1. Intangible property held within a digital asset account.**

92 A. For purposes of this section, an "exercise of an act of ownership interest" includes any of the following
 93 actions by the owner of a digital asset account:

94 1. Conducting a transaction utilizing the digital asset account, including (i) buying or selling digital
 95 assets or (ii) depositing or withdrawing from the account fiat currency or other property.

96 2. Electronically accessing the digital asset account.

97 3. Conducting any activity with respect to another digital asset account or any other property owned by
 98 the owner with the same holder.

99 4. Taking any other action that reasonably demonstrates to the holder that the owner knows that such
 100 account and property exists.

101 B. Any property held within a digital asset account shall be presumed abandoned after five years in
 102 accordance with section § 55.1-2501. Such five-year period shall cease immediately upon (i) the exercise of
 103 an act of ownership interest in the digital asset account or (ii) any written, oral, or electronic communication
 104 from the owner to the holder, as evidenced by a memorandum or other record on file with the holder or its
 105 agents.

106 C. 1. If the digital asset account that is subject to reporting to the Commonwealth pursuant to this section
 107 contains any digital asset and the holder has full control of the private keys required to transfer such digital
 108 asset, the holder shall report and deliver such digital asset in its native form to the administrator, and such
 109 placement with the administrator shall constitute delivery. Upon request, the holder shall provide the
 110 administrator with proof of delivery.

111 2. In the event that the holder only possesses a partial private key to the digital asset or is otherwise
 112 unable to move such digital asset to the administrator, the holder shall maintain such digital asset until the
 113 additional keys required to transfer such asset become available or the holder is otherwise able to transfer
 114 such digital asset to the administrator.

115 3. The administrator may direct a holder of unclaimed digital assets to liquidate digital assets
 116 contemporaneously with reporting if a custodian engaged by the administrator is unable to accept and
 117 administer the digital assets. The administrator, at his discretion, may require a holder of digital assets to
 118 report, but not transfer, any unclaimed assets to the state, and instead direct that they continue to be held.

119 *The administrator may subsequently direct such holder of unclaimed digital assets to liquidate the reported*
 120 *but unremitted digital assets not less than one year following the filing of a report. Such holder may transfer*
 121 *digital assets to a state-owned account held by the holder before liquidation. If such holder reasonably*
 122 *believes it cannot liquidate digital assets and cannot otherwise cause digital assets to be liquidated, the*
 123 *holder shall promptly notify the administrator in writing and explain the reasons why the digital assets*
 124 *cannot be liquidated as otherwise required by this section. The administrator shall then direct the holder*
 125 *concerning an alternative disposition of such digital assets. The administrator shall establish processes to*
 126 *reunite an owner with his digital asset and may authorize liquidation of such digital asset after one year of*
 127 *receipt as provided in subsection C of § 55.1-2529.*

128 **§ 55.1-2529. Sale of abandoned property by administrator.**

129 A. Except as provided in subsection C, all abandoned property other than money or other certificate of
 130 ownership delivered to the administrator under this chapter shall be sold by him to the highest bidder at
 131 public sale (i) in such city, within or outside the Commonwealth, as affords in his judgment the most
 132 favorable market for the property involved or (ii) through the use of electronic media in a format approved by
 133 the administrator. The administrator may decline the highest bid and reoffer the property for sale if he
 134 considers the price bid insufficient. He need not offer any property for sale if, in his opinion, the probable
 135 cost of sale exceeds the value of the property.

136 B. Any sale held under this section within the Commonwealth shall be preceded by a single publication of
 137 notice of such sale at least three weeks in advance of the sale. Such notice shall be published in a newspaper
 138 of general circulation in the county or city where the property is to be sold. If any sale is to occur outside the
 139 Commonwealth, then the administrator may use such forms of notice or advertising as he deems necessary to
 140 constitute reasonable notice, including post, print, visual, telecommunications, electronic media, or any
 141 combination thereof. For the purposes of this section, any sale through the use of electronic media, including
 142 the ~~Internet~~ *internet*, shall be deemed to be a sale outside of the Commonwealth.

143 C. Securities *and digital assets* listed on an established stock exchange *or digital asset exchange* shall be
 144 sold at prices prevailing at the time of sale on the exchange. Other securities *and digital assets* may be sold
 145 over the counter at prices prevailing at the time of sale or by any other method the administrator deems
 146 advisable.

147 Unless the administrator deems it to be in the best interest of the Commonwealth to do otherwise, all
 148 securities *and digital assets* delivered to the administrator shall be held for at least one year before the
 149 securities *or digital assets* may be sold. If the administrator sells any securities *or digital assets* before the
 150 expiration of the one-year period, any person making a claim pursuant to this chapter before the end of the
 151 one-year period is entitled to either (i) the proceeds of the sale of the securities *or digital assets* or (ii) the
 152 market value of the securities *or digital assets* at the time the claim is made, whichever amount is greater.
 153 Any person making a claim pursuant to this chapter after the expiration of the one-year period is entitled to
 154 receive either the securities *or digital assets* delivered to the administrator by the holder, if they still remain in
 155 the hands of the administrator, or the proceeds of the sale, but no person has any claim under this chapter
 156 against the Commonwealth, the holder, or any transfer agent, registrar, or other person acting for or on behalf
 157 of the holder for any appreciation in the value of the property occurring after delivery by the holder to the
 158 Commonwealth.

159 D. The purchaser of property at any sale conducted by the administrator pursuant to this chapter shall
 160 receive title to property purchased pursuant to ~~subsections~~ *subsection A or B* and is entitled to ownership of
 161 property purchased pursuant to subsection C, free from all claims of the owner or previous holder thereof and
 162 of all persons claiming through or under such owner or previous holder. The administrator shall execute all
 163 documents necessary to complete the transfer of ownership.

164 E. If the administrator determines after investigation that any property delivered to him pursuant to this
 165 chapter has insubstantial commercial value, he may destroy or otherwise dispose of the property at any time.
 166 No action or proceeding may be maintained against the Commonwealth or any officer or against the holder
 167 for or on account of any action taken by the administrator with respect to the property pursuant to this
 168 subsection.
