

**Department of Planning and Budget**  
**2026 General Assembly Session**  
**State Fiscal Impact Statement**

---

**PUBLISHED: 3/10/2026 9:38 AM**

**ORIGINAL**

**Bill Number:** HB684 S2

**Patron:** Hayes

**Bill Title:** Photo speed monitoring devices; photo-monitoring systems for traffic signals; proof of violation; registered conservators of the peace and technicians employed by a locality; training.

**Bill Summary:** The substitute bill authorizes registered law-enforcement officers, retired sworn law enforcement officers, special conservators of the peace and technicians employed by a locality to swear or to affirm certificates for the purposes of enforcement of violations recorded by traffic light signal violation monitoring systems, traffic control device violation monitoring systems, photo speed monitoring devices, or video-monitoring systems upon completion of a training course developed and approved by the Department of Criminal Justice Services. The bill requires the Department of Criminal Justice Services to develop, approve, and make available such training course no later than July 1, 2027.

**Budget Amendment Necessary:** No

**Items Impacted:** 391

**Explanation:** See fiscal analysis

**Fiscal Summary:** See fiscal analysis

**Fiscal Analysis:** According to the Department of Criminal Justice Services (DCJS), it is expected that the required training development can be absorbed with existing resources. If multiple bills pass requiring similar training or model policy development, then the agency would need to hire one additional position to support the increased workload. DCJS estimates that the workload increase of up to four or five similar bills can be absorbed, dependent on subject matter and complexity.

The estimated annual cost for one criminal justice analyst position to support training or model policy development and regular updates is \$138,621, including salary and benefits.

**Other:** None
