Virginia State Corporation Commission

Published: March 12, 2026

Senate Bill 72

Version: Enrolled

Patron: Srinivasan

Title: Phase I and Phase II Utilities; energy efficiency upgrades; low-income residents; report.

Summary as Passed Senate: States that it is the policy of the Commonwealth to reduce, wherever feasible and cost-effective, heating-related costs of living for low-income residents. The bill requires Dominion Energy Virginia and Appalachian Power to make best, reasonable efforts to provide by December 31, 2031, prescriptive efficiency measures, as defined in the bill, and related efficiency improvements to at least 30 percent of the qualifying households, as defined in the bill, identified by such utilities, provided that the State Corporation Commission determines that such measures and improvements are in the public interest. The bill requires such utilities to report to the Commission its activities, plans, and filings regarding the bill's provisions no later than January 1, 2028, annually thereafter, and in any recurring filing that the Commission deems appropriate. The bill also requires that Dominion Energy and Appalachian Power make reasonable efforts to incorporate recommendations or feedback provided by the task force that evaluates barriers to access and enrollment in programs for income-qualified energy customers.

Effective Date(s): July 1, 2026

Fiscal Analysis

Revenue

When considered individually, the State Corporation Commission (SCC) can meet the requirements of this bill with the adjustments identified in the fiscal impact summary table and within its existing funding authority. If enacted, the SCC will review operational and fiscal impacts of this legislation along with other enacted 2026 electric utility bills to determine implementation.

Expenditures

To meet the requirements of this bill, the SCC will need to hire one full-time employee.

Change in FTE

This bill will require an additional full-time employee for the SCC.

Other Comments

The bill requires additional work to support the current Demand Side Management (DSM) proceedings and Energy Efficient (EE) target proceedings. The additional requirements will increase staff workload. Additionally, the bill allows for additional proceeding(s) for performance-based incentives.

Technical Note

None.
