97 A. For the purposes of this section, unless the context requires otherwise:

98 "School crisis, emergency management, and medical emergency response plan" means the essential
99 procedures, operations, and assignments required to prevent, manage, and respond to a critical event or
100 emergency, including natural disasters involving fire, flood, tornadoes, or other severe weather; loss or
101 disruption of power, water, communications or shelter; bus or other accidents; medical emergencies,

107 a provision that the Department of Criminal Justice Services and the Virginia Criminal Injuries
108 Compensation Fund shall be contacted immediately to deploy assistance in the event of an emergency as
109 defined in the emergency response plan when there are victims as defined in § 19.2-11.01. The Department of
110 Criminal Justice Services and the Virginia Criminal Injuries Compensation Fund shall be the lead
111 coordinating agencies for those individuals determined to be victims, and the plan shall also contain current
112 contact information for both agencies.

113 "School safety audit" means a written assessment of the safety conditions in each public school to (i)
114 identify and, if necessary, develop solutions for physical safety concerns, including building security issues,
115 and (ii) identify and evaluate any patterns of student safety concerns occurring on school property or at
116 school-sponsored events. Solutions and responses shall include recommendations for structural adjustments,
117 changes in school safety procedures, and revisions to the school board's standards for student conduct.

118 B. The Virginia Center for School and Campus Safety, in consultation with the Department of Education,
119 shall develop a list of items to be reviewed and evaluated in the school safety audits required by this section.
120 Such items shall include (i) those incidents reported to school authorities pursuant to § 22.1-279.3:1; (ii) a
121 school inspection walk-through using a standardized checklist provided by the Virginia Center for School and

122 Campus Safety, which shall incorporate crime prevention through environmental design principles; and (iii)

 124 systems, and associated technology including equipment and software.

125 The Virginia Center for School and Campus Safety shall prescribe a standardized report format for school
 126 safety audits, additional reporting criteria, and procedures for report submission, which may include
 127 instructions for electronic submission.

128 Each local school board shall require all schools under its supervisory control to annually conduct school
 129 safety audits, as defined in this section, consistent with such list and in collaboration with the chief law-
 130 enforcement officer of the locality or his designee. As part of each such audit, the school board shall create a

 132 that the existing floor plan for each such school is sufficiently detailed and accurate. In addition, a component
 133 of each such audit shall include a review of the school's comprehensive plan for closures during public health
 134 emergencies.

135 The results of such school safety audits shall be made public within 90 days of completion pursuant to this
 136 subsection. The local school board shall retain authority to withhold or limit the release of any security plans,
 137 walk-through checklists, floor plans, and specific vulnerability assessment components as provided in
 138 subdivision 4 of § 2.2-3705.2. The completed walk-through checklist shall be made available to the chief
 139 law-enforcement officer of the locality or his designee. Each school shall maintain a copy of the school safety
 140 audit, which may exclude such security plans, walk-through checklists, and vulnerability assessment
 141 components, within the office of the school principal and shall make a copy of such report available for
 142 review upon written request.

143 Each school shall submit a copy of its school safety audit to the relevant school division superintendent.

 145 and manner of submission, to the Virginia Center for School and Campus Safety and shall make available to
 146 the chief law-enforcement officer of the locality the results of such audits for his review and
 147 recommendations.

148 C. The division superintendent shall establish a school safety audit committee to include, if available,
 149 representatives of parents, teachers, local law enforcement, emergency services agencies, local community
 150 services boards, and judicial and public safety personnel. The school safety audit committee shall review the
 151 completed school safety audits and submit any plans, as needed, for improving school safety to the division
 152 superintendent for submission to the local school board. The division superintendent or his designee and the
 153 school safety audit committee may meet annually on the grounds of any public school in the local school
 154 division with the chief law-enforcement officer of the locality or a designee from the local law-enforcement
 155 agency to discuss the school safety audit completed for such school.

156 D. Each school board shall ensure that every school that it supervises shall develop a written school crisis,
 157 emergency management, and medical emergency response plan, consistent with the definition provided in
 158 this section, and shall include the chief law-enforcement officer, the fire chief, the chief of the emergency
 159 medical services agency, the executive director of the relevant regional emergency medical services council,
 160 and the emergency management official of the locality, or their designees, in the development of such plans.
 161 Each school division shall designate an emergency manager. The Department of Education and the Virginia
 162 Center for School and Campus Safety shall provide technical assistance to the school divisions of the
 163 Commonwealth in the development of the school crisis, emergency management, and medical emergency
 164 response plans that describe the components of a medical emergency response plan developed in coordination
 165 with local emergency medical services providers, the training of school personnel and students to respond to
 166 a life-threatening emergency, and the equipment required for this emergency response. The local school
 167 board, the chief law-enforcement officer, the fire chief, the chief of the emergency medical services agency,
 168 the executive director of the relevant regional emergency medical services council, and the emergency
 169 management official of the locality, or their designees, shall annually review the written school crisis,
 170 emergency management, and medical emergency response plans. The local school board shall have the
 171 authority to withhold or limit the review of any security plans and specific vulnerability assessment
 172 components as provided in subdivision 4 of § 2.2-3705.2. The local school division superintendent shall
 173 certify this review in writing to the Virginia Center for School and Campus Safety no later than August 31 of
 174 each year.

175 *Each such written school crisis, emergency management, and medical emergency response plan may*
 176 *include a procedure for notifying school board employees and the parents of enrolled students of the*
 177 *presence of certain individuals on school property for any federal immigration investigation or enforcement*
 178 *purposes. Such procedure, if included, may include:*

179 1. *A requirement that whenever the division superintendent confirms that an individual is present on the*

 183 *States, each school board employee at such school and the parents of each student enrolled in such school*

184 shall be notified of such presence, subject to the following conditions:

185 a. The content and timing of such notification shall consider the safety and well-being of all such students
186 and school board employees;

187 b. No such notification shall contain any personally identifiable information; and

188 c. Any such notification may include links to additional resources for the parents of enrolled students with
189 information about their educational rights and state and federal laws that protect parents' and students'
190 privacy and confidentiality; and

191 2. A prohibition against any individual present on the property of a public elementary or secondary
192 school in the school division to investigate compliance with, enforce, or assist in the investigation for
193 compliance with or enforcement of any federal civil or criminal immigration law that penalizes an
194 individual's presence in, entry or reentry into, or employment in the United States from accessing any
195 nonpublic area of such school property without a valid judicial warrant or judicial subpoena.

196 Upon consultation with local school boards, division superintendents, the Virginia Center for School and
197 Campus Safety, and the Coordinator of Emergency Management, the Board of Education shall develop, and
198 may revise as it deems necessary, a model school crisis, emergency management, and medical emergency
199 response plan for the purpose of assisting the public schools in the Commonwealth in developing viable,
200 effective crisis, emergency management, and medical emergency response plans. Such model shall set forth
201 recommended effective procedures and means by which parents can contact the relevant school or school
202 division regarding the location and safety of their school children and; by which school officials may contact
203 parents, with parental approval, during a critical event or emergency; and by which parents and school board
204 employees may be notified of the presence of certain individuals on school property for federal immigration
205 investigation or enforcement purposes as permitted by this subsection.

206 E. Each school board shall ensure that every public school it supervises employs at least one school
207 administrator who has completed, either in-person or online, school safety training for public school
208 personnel conducted by the Virginia Center for School and Campus Safety in accordance with subdivision A
209 1 of § 9.1-184. However, such requirement shall not apply if such required training is not available online.

212 and §§ 19.2-291.1 and 19.2-299.3 and shall include such designation in the collated packet of school safety
213 audits submitted to the Virginia Center for School and Campus Safety pursuant to subsection B. The
214 designation required by this subsection shall include updated contact information for the division safety
215 official, including (i) a current mailing address, (ii) a current working daytime phone number, and (iii) a
216 current functional email address. It shall be the duty of the division superintendent to update contact

 248 representatives of candidates, or any other person who approaches or enters the polling place for any purpose
 249 other than voting.
