111 "School safety audit" means a written assessment of the safety conditions in each public school to (i)
 112 identify and, if necessary, develop solutions for physical safety concerns, including building security issues,
 113 and (ii) identify and evaluate any patterns of student safety concerns occurring on school property or at
 114 school-sponsored events. Solutions and responses shall include recommendations for structural adjustments,
 115 changes in school safety procedures, and revisions to the school board's standards for student conduct.

 117 shall develop a list of items to be reviewed and evaluated in the school safety audits required by this section.
 118 Such items shall include (i) those incidents reported to school authorities pursuant to § 22.1-279.3:1; (ii) a

 152 division with the chief law-enforcement officer of the locality or a designee from the local law-enforcement
 153 agency to discuss the school safety audit completed for such school.

154 D. Each school board shall ensure that every school that it supervises shall develop a written school crisis,

 165 board, the chief law-enforcement officer, the fire chief, the chief of the emergency medical services agency,
 166 the executive director of the relevant regional emergency medical services council, and the emergency
 167 management official of the locality, or their designees, shall annually review the written school crisis,
 168 emergency management, and medical emergency response plans. The local school board shall have the
 169 authority to withhold or limit the review of any security plans and specific vulnerability assessment
 170 components as provided in subdivision 4 of § 2.2-3705.2. The local school division superintendent shall
 171 certify this review in writing to the Virginia Center for School and Campus Safety no later than August 31 of

194 Upon consultation with local school boards, division superintendents, the Virginia Center for School and
 195 Campus Safety, and the Coordinator of Emergency Management, the Board of Education shall develop, and
 196 may revise as it deems necessary, a model school crisis, emergency management, and medical emergency
