67 used in connection with the policies, contracts, and certificates unless the forms thereof have been approved  
68 in writing by the Commission as conforming to the requirements of this title and not inconsistent with law.

69 2. In addition to the above requirement, no premium rate change applicable to individual accident and  
70 sickness insurance policies, subscriber contracts of health services plans, dental or optometric services plans,

73 No premium rate change applicable to individual or group Medicare supplement policies shall be used unless  
74 the premium rate change has been approved in writing by the Commission.

75 D. The Commission may disapprove or withdraw approval of the form of any policy, contract or  
76 certificate specified in subsection A, or of any application, enrollment form, rider or endorsement, if the  
77 form:

78 1. Does not comply with the laws of the Commonwealth;

80 likely to mislead the policyholder, contract holder or certificate holder; or

81 3. Contains any provisions that encourage misrepresentation or are misleading, deceptive or contrary to  
82 the public policy of the Commonwealth.

83 E. Within 30 days after the filing of any form requiring approval, the Commission shall notify the  
84 organization filing the form of its approval or disapproval of the form which has been filed, and, in the event  
85 of disapproval, its reason therefor. The Commission, at its discretion, may extend for up to an additional 30  
86 days the period within which it shall approve or disapprove the form. Any form received but neither approved  
87 nor disapproved by the Commission shall be deemed approved at the expiration of the 30 days if the period is  
88 not extended, or at the expiration of the extended period, if any; however, no organization shall use a form  
89 deemed approved under the provisions of this section until the organization has filed with the Commission a  
90 written notice of its intent to use the form together with a copy of the form and the original transmittal letter  
91 thereof. The notice shall be filed in the offices of the Commission at least 10 days prior to the organization's

104 both such requirements. The Commission may modify such requirements, subject to such limitations and  
105 conditions which the Commission finds appropriate. In promulgating an exemption, the Commission may  
106 consider the nature of the coverage, the person or persons to be insured or covered, the competence of the  
107 buyer or other parties to the contract, and other criteria the Commission considers relevant.

108 J. In lieu of complying with the requirements of subsections A, B, and C, any legal services organization  
109 operating, conducting, or administering a legal services plan may provide the Commission with an  
110 informational filing regarding a subscription contract, enrollment form, rider, or endorsement used by the  
111 legal services organization in connection with a legal services plan offered in the Commonwealth together  
112 with written notice of its intent to use the form. Upon providing such informational filing and notice, the legal  
113 services organization may use the subscription contract, enrollment form, rider, or endorsement without its  
114 prior approval by the Commission. This subsection shall not limit the authority of the Commission to review  
115 a legal services plan and any subscription contract, enrollment form, rider, or endorsement used in connection  
116 therewith and to disapprove the use of such form for any of the grounds set forth in subsection D.

117 K. Pursuant to the authority granted by § 38.2-223, the Commission may promulgate such rules and  
118 regulations as it may deem necessary to set standards for policy and other form submissions required by this

119 section or § 38.2-3501.

 573 *for:*

574 *1. Damages equal to:*

575 *a. The amount of:*

 585 *§ 60.2-809 proves to the satisfaction of the court that the act or omission that violated this section or*  
 586 *§ 60.2-809 was in good faith and that the employer had reasonable grounds for believing that the act or*  
 587 *omission was not a violation of this section or § 60.2-809, such court shall reduce the amount of the liability*  
 588 *to the amount and interest determined under subdivisions a and b, respectively, and impose no additional*  
 589 *penalties; and*

590 *2. Such equitable relief as may be appropriate, including employment, reinstatement, and promotion.*

591 *D. Except as provided in subsection E, an action may be brought for a violation of this section or*  
 592 *§ 60.2-809 not later than one year after the date of the last event constituting the alleged violation for which*  
 593 *the action is brought.*

594 *E. In the case of such action brought for a willful violation of this section or § 60.2-809, such action may*  
 595 *be brought within three years of the date of the last event constituting the alleged violation for which such*  
 596 *action is brought.*

 610 *provided for under this chapter; the right to communicate to the employer or any other person or entity that*  
 611 *such individual (i) intends to file a claim, a complaint with the Commission or a court, or an appeal or (ii)*

 623 shall run concurrently with leave taken under the FMLA.

624 B. An employer may require that payments made pursuant to this chapter be made concurrently or  
 625 otherwise coordinated with payments made or leave allowed under the terms of disability or family care  
 626 leave under a collective bargaining agreement or employer policy. Such employer shall give employees  
 627 written notice of this requirement.

628 C. Nothing in this chapter shall be construed to limit or reduce an employer's obligation to comply with a  
 629 collective bargaining agreement, an employer policy, or any other provision of law requiring more generous  
 630 leave.

631 D. No provision of this chapter shall apply to an employer or employee as such terms are defined in 45  
 632 U.S.C. § 351.

633 E. An individual's right to leave under this chapter shall not be diminished by a collective bargaining  
 634 agreement entered into or renewed, or an employer policy adopted or retained, after January 1, 2027. Any  
 635 agreement by an individual to waive the individual's rights under this chapter is void as against public  
 636 policy.

637 **§ 60.2-811. Notice requirements.**

638 A. An employer shall provide written notice as prescribed in this subsection to each employee upon hiring  
 639 and annually thereafter. An employer shall also provide such written notice to an employee when such  
 640 employee requests leave pursuant to this chapter or when the employer acquires knowledge of an employee's  
 641 intent to take leave that may meet the eligibility requirements of § 60.2-802. Such notice shall include (i) a  
 642 statement of an employee's right to family and medical leave benefits pursuant to this chapter and the terms  
 643 under which such benefits may be used; (ii) the amount of family and medical leave benefits available; (iii)  
 644 the procedure for filing a claim for family and medical leave benefits; (iv) a statement of the right to job  
 645 protection and benefits continuation under § 60.2-808; (v) a statement that discrimination and retaliatory  
 646 personnel actions against a person for requesting, applying for, or using family and medical leave benefits  
 647 are prohibited under § 60.2-809; and (vi) a statement that the employee has a right to file a complaint for a  
 648 violation of this chapter. An employer shall also display and maintain a poster provided by the Commission  
 649 in a conspicuous place accessible to employees at the employer's place of business that contains the  
 650 information required by this section in English, Spanish, and any language that is the first language spoken  
 651 by at least five percent of the employer's workforce. The Commissioner may adopt regulations to establish  
 652 additional requirements concerning the means by which employers shall provide such notice.

653 B. An employee seeking to take leave under the provisions of this chapter shall notify his employer as  
 654 soon as practicable.

655 **§ 60.2-812. Appeals.**

656 A. The Commissioner shall establish a system for appeals within 90 days of a denial of a claim for family  
 657 and medical leave benefits.

658 B. Judicial review of any decision with respect to family and medical leave benefits shall be permitted in a  
 659 court of competent jurisdiction after a party aggrieved thereby has exhausted all administrative remedies  
 660 established by the Commissioner.

661 C. The Commissioner shall implement procedures to ensure confidentiality of all information related to  
 662 any claims filed or appeals taken to the maximum extent permitted by applicable laws.

663 **§ 60.2-813. Enforcement.**

664 A. Contributions required by the provisions of § 60.2-806 that are unpaid on the date on which they are  
 665 due and payable, as prescribed by the Commissioner under this chapter, shall bear interest at the rate of one  
 666 and one-half percent per month from and after such date until payment plus accrued interest is received by  
 667 the Commission. Interest collected pursuant to this chapter shall be paid into the Fund. An employer who  
 668 fails to timely remit a contribution or any portion thereof under § 60.2-806 shall be solely responsible for the  
 669 interest due under this section.

670 B. If, after notice, any employer defaults in any payment of contributions or interest, the amount due shall  
 671 be collected by civil action in the name of the Commissioner. The employer adjudged in default shall pay the  
 672 fees and costs of such action. Civil actions brought under this chapter to collect contributions or interest or  
 673 any penalty from an employer shall be heard by the court at the earliest possible date. Such civil actions may  
 674 be brought against any officer, employee, or agent of a corporation or partnership in his individual, personal  
 675 capacity when that person willfully fails to cause the employer to pay the appropriate contributions or  
 676 interest and he had the authority to do so. No person shall be subject to this section unless it is proved that

677 such person (i) knew of the failure or attempt to make such payment and (ii) had authority to prevent such  
 678 failure or attempt. In addition to the foregoing remedies, the Commissioner shall have such other remedies as  
 679 are available to the Tax Commissioner and county and city treasurers for the collection of taxes generally.  
 680 The Commissioner is authorized to compromise, settle, and adjust any contributions, including interest, or  
 681 any penalty assessed against any employer where in the judgment of the Commissioner the best interests of  
 682 the Commonwealth will be promoted or served. The Commissioner may in such cases accept in full settlement  
 683 of the contributions assessed an amount less than that assessed.

684 C. When an unsatisfied execution has been returned by an officer, and the employer against whom the  
 685 judgment has been obtained on which the execution was issued continues in default of payment of  
 686 contributions, or any portion thereof, such employer may be enjoined from operating and doing business in  
 687 the Commonwealth until such contributions have been paid. The Circuit Court of the City of Richmond shall  
 688 have exclusive original jurisdiction to grant such injunction upon the complaint of the Commissioner. Notice  
 689 of the time and place when the application for the injunction will be made shall be served on the employer  
 690 and a copy of the bill of complaint shall be served with the notice.

691 **§ 60.2-814. Fraud, erroneous payments, and disqualification for benefits; penalty.**

692 A. In addition to any other appropriate charges under Title 18.2, an individual who willfully or with intent  
 693 to defraud makes or causes to be made, directly or indirectly through any agent or agency, any false  
 694 statement with the intent to obtain family and medical leave benefits is guilty of a Class 1 misdemeanor and  
 695 shall be disqualified from family and medical leave benefits for five years.

696 B. An individual shall be disqualified from family and medical leave benefits for three years if the  
 697 individual is determined by the Commissioner to have recklessly made a false statement or misrepresentation  
 698 regarding a material fact, or willfully failed to report a material fact, to obtain benefits under this chapter.

699 C. If family and medical leave benefits are paid erroneously or as a result of willful misrepresentation, or  
 700 if a claim for family and medical leave benefits is rejected after benefits are paid, the Commission may seek  
 701 repayment of benefits from the recipient.

702 **§ 60.2-815. Elective coverage.**

703 A. A self-employed person, including a sole proprietor, partner, or joint venturer, may elect coverage  
 704 under this chapter for an initial period of not less than three years. The self-employed person shall file a  
 705 notice of election in writing with the Commissioner, as required by the Commission. Such election shall  
 706 become effective on the date such notice is filed, provided that such self-employed person agrees to supply  
 707 any information concerning income that the Commission deems necessary.

708 B. A self-employed person who has elected coverage may withdraw from coverage within 30 days after  
 709 the end of the three-year period of coverage, or at such other times as the Commissioner may prescribe by  
 710 rule, by filing written notice with the Commissioner, such withdrawal to take effect not sooner than 30 days  
 711 after filing such notice.

712 **§ 60.2-816. Private employer plans; exemption from contributions.**

713 A. Employers may apply to the Commission for approval to meet their obligations under this chapter  
 714 through a private plan that provides paid family and medical leave benefits equal to or greater than the  
 715 benefits provided under this chapter. The Commission may approve such private plan if the Commission  
 716 determines that such private plan:

717 1. Confers all of the same rights, protections, and benefits provided to covered individuals under this  
 718 chapter, including:

719 a. The provision of family and medical leave benefits for all purposes specified in subsection A of  
 720 § 60.2-802;

721 b. The provision of family and medical leave benefits for the maximum number of weeks required in  
 722 § 60.2-803 per benefit year;

723 c. The provision of family and medical leave benefits as specified in subdivision A 3 § 60.2-802 for a  
 724 covered individual with a serious health condition;

725 d. A wage replacement rate for all family and medical leave benefits that equals or exceeds the rate  
 726 required by subsection A of § 60.2-804;

727 e. A maximum weekly family and medical leave benefit amount that equals or exceeds the amount  
 728 specified in subsection D of § 60.2-804 and a minimum weekly family and medical leave benefit amount that  
 729 equals or exceeds the amount specified in subsection C of § 60.2-804;

730 f. The provision of family and medical leave benefits on an intermittent basis as specified in § 60.2-807;

731 g. No additional conditions or restrictions on family and medical leave benefits, or leave taken in  
 732 accordance with such benefits, beyond those explicitly authorized by this chapter or regulations issued  
 733 pursuant to this chapter;

734 h. The provision of family and medical leave benefits to any employee covered under such private plan  
 735 who would otherwise be eligible for such benefits pursuant to this chapter; and

736 i. An employee contribution amount that does not exceed the amount such employee would otherwise  
 737 contribute for family and medical leave benefits pursuant to § 60.2-806.

738 2. Complies with the following provisions:

739 a. Such private plan shall provide family and medical leave benefits for all eligible employees throughout  
740 the course of their employment;

741 b. If such private plan is in the form of self-insurance, the employer shall provide documentation to  
742 demonstrate sufficient financial capacity to meet all current and anticipated claim obligations under the  
743 program in a form, amount, and manner determined by the Commission; and

744 c. If such plan is in the form of a third-party provider of insurance, the forms of the policy must be issued  
745 by an insurer and approved by the Commission.

746 B. Employers with an approved private plan shall reapply to the Commission for approval to meet their  
747 obligations under this chapter every two years. At the time of certification and recertification, employers  
748 shall disclose any changes in the family and medical leave benefits provided through the private plan and  
749 shall pay a fee, to be determined by the Commissioner, which shall be deposited into the Fund.

750 C. The Commission shall withdraw approval for an employer's private plan pursuant to subsection A if  
751 such employer violates the terms or conditions of such private plan, including by:

752 a. Failing to pay benefits;

753 b. Failing to pay benefits timely and in a manner consistent with the provisions of this chapter;

754 c. Misusing private plan money;

755 d. Failing to submit reports or comply with other requirements or terms set by the Commission; or

756 e. Failing to comply with this chapter or regulations promulgated pursuant to this chapter.

757 D. An employee covered by a private plan approved under this section shall retain all applicable rights  
758 provided in §§ 60.2-808 and 60.2-809.

759 E. A contested determination or denial of family and medical leave insurance benefits by a private plan is  
760 subject to appeal before the Commission and any court of competent jurisdiction pursuant to § 60.2-812.

761 F. The Commission shall establish a fine structure for employers and entities offering private plans that  
762 violate this section. The Commission shall transfer any fines collected pursuant to this subsection to the state  
763 treasurer for deposit into the Fund. The Commission shall establish a process for the determination,  
764 assessment, and appeal of fines under this subsection.

765 G. The Commission shall annually determine the total amount expended by the Commission for costs  
766 arising from the administration of private plans. Each employer offering a private plan pursuant to this  
767 section shall reimburse the Commission for the costs arising out of the private plans in the amount, form, and  
768 manner determined by the Commission.

769 H. The Commission, in consultation with the State Corporation Commission, may establish rules,  
770 processes for data sharing, and a memorandum of understanding related to their respective roles in  
771 implementing the approval of coverage pursuant to this section, authorizing products, and requiring filings  
772 related to private family leave insurance, paid family and medical leave, group disability, and individual or  
773 group accident and sickness policies.

774 I. No employer shall be deemed to have fulfilled its obligations under the paid family and medical leave  
775 insurance program through a private family leave insurance policy issued pursuant to § 38.2-107.2 unless  
776 the Commission determines that such policy, in combination with a temporary disability insurance policy  
777 issued to such employer, meets the minimum requirements necessary for approval pursuant to this section.

778 J. Nothing in this section shall preclude an employer from providing benefits in addition to paid family  
779 and medical leave benefits as provided in this chapter.

780 **§ 60.2-817. Federal income tax treatment.**

781 If the Internal Revenue Service determines that family and medical leave benefits under this chapter are  
782 subject to federal income tax, the Commission shall advise any covered individual filing a new claim for  
783 family and medical leave benefits, at the time of filing such claim, that:

784 1. The Internal Revenue Service has determined that benefits are subject to federal income tax;

785 2. Requirements exist pertaining to estimated tax payments;

786 3. The individual may elect to have federal income tax deducted and withheld from the individual's  
787 payment of benefits in the amount specified in the federal Internal Revenue Code; and

788 4. The individual is permitted to change a previously elected withholding status.

789 **§ 60.2-818. Reports; public dashboard.**

790 By April 1, 2030, and annually thereafter, the Commission shall report to the General Assembly on  
791 projected and actual program participation by purpose listed in § 60.2-802, gender of beneficiaries, race and  
792 ethnicity of beneficiaries, age of beneficiaries, amount of benefits paid to beneficiaries per week, premium  
793 rates, fund balances, outreach efforts, and, for leaves taken under subdivision A 2 of § 60.2-802, family  
794 members for whom leave was taken to provide care.

795 The Commission shall develop and continually update a publicly accessible online dashboard with  
796 information including the number of claims filed and approved and the average times for claim approval, in  
797 the aggregate and divided by the purpose for which leave is requested, and additional information as the  
798 Commission deems appropriate. The dashboard shall be developed and launched no later than the date on  
799 which family and medical leave benefits are first paid pursuant to this chapter.

800 **2. That the Virginia Employment Commission (the Commission) shall promulgate all rules and**

801 regulations necessary for implementation of this act by April 1, 2028, including (i) a process for  
802 receiving benefits claims filed, (ii) the form of any application for family and medical leave benefits,  
803 (iii) the timeline and process for providing notice of a claim to an employer, (iv) the timeline and  
804 process for making initial claim determinations, (v) the timeline and process for requesting  
805 information prior to any decision on a claim being rendered, (vi) the process and timeline for a self-  
806 employed person to elect family and medical leave coverage, and (vii) best practices for communication  
807 and coordination between employees and employers regarding the use of leave. The Commission shall  
808 also adopt regulations to establish certification processes that promote efficiency and prevent fraud,  
809 including (a) the process and requirements for certification as described in subsection B of § 60.2-802  
810 of the Code of Virginia, as created by this act, as well as a timeline for such certification; (b) the  
811 process by which health care providers certify documentation provided and authorized by employees  
812 directly to the Commission; (c) the process by which the Commission notifies employers of the  
813 approval of an employee's family and medical leave request; (d) the process for confirming that  
814 certification required under § 60.2-802 of the Code of Virginia, as created by this act, is accurate and  
815 appropriate; and (e) the process for certifying an employee's work authorization to the Commission.  
816 Any such rules and regulations shall be promulgated as required by the Virginia Administrative  
817 Process Act (§ 2.2-4000 et seq. of the Code of Virginia), except that § 2.2-4007.06 of the Code of  
818 Virginia shall not apply.

819 3. That by December 1, 2028, the Department of Human Resource Management (the Department) shall  
820 modify the Commonwealth's policies relating to family and medical leave pursuant to subsection C of  
821 § 60.2-801 of the Code of Virginia, as created by this act. In modifying such policies, the Department  
822 shall not reduce any existing leave or benefits available to an employee of the Commonwealth that are  
823 more generous than the leave and benefits provided under the paid family and medical leave insurance  
824 program, as created by this act. The Governor shall (i) if necessary, submit legislation to the General  
825 Assembly to codify any such modifications to the Department's policies and (ii) include any necessary  
826 funding to support such modifications to the Department's policies in the budget bill submitted for the  
827 2026–2028 or 2028–2030 biennium pursuant to § 2.2-1509 of the Code of Virginia.

828 4. That the Virginia Employment Commission (the Commission) shall develop and conduct a public  
829 education campaign to inform workers and employers regarding the availability of family and medical  
830 leave benefits. Such campaign shall include multiple ways to communicate to employers and employees  
831 about the new benefits system and leave rights, contributions, timeline, and eligibility requirements.  
832 Such campaign shall be an ongoing function of the Commission for the duration of the paid family and  
833 medical leave insurance program. In conducting and planning such campaign, the Commission shall  
834 work with stakeholders, including chambers of commerce, trade associations, nonprofit organizations,  
835 and labor unions, to develop and implement a statewide communication outreach strategy. Such  
836 campaign shall also include targeted outreach and education for small businesses. Outreach  
837 information shall be available in English, Spanish, and other languages spoken by more than five  
838 percent of the Commonwealth's population.

839 5. That the Virginia Employment Commission (the Commission) may use state data collection and  
840 technology to the extent possible and to integrate the provisions of this act with existing state policies.  
841 To the extent permitted by law, the Commonwealth may make relevant data sources from state  
842 agencies available to the Commission for the purposes of implementing the provisions of this act to  
843 increase the efficiency of eligibility and benefit determinations under this act.
