The magistrate or arresting officer, as the case may be, shall forward the executed advisement form and warrant or summons to the appropriate court.

E. A defendant who is found guilty of a first offense and whose license is suspended pursuant to subdivision A 1 or B 1 may petition the court 30 days after the date of conviction for a restricted license and

the court may, for good cause shown, provide that the defendant is issued a restricted license during the remaining period of suspension, or any portion thereof, for any of the purposes set forth in subsection E of § 18.2-271.1. No restricted license issued pursuant to this subsection shall permit any person to operate a commercial motor vehicle as defined in the Virginia Commercial Driver's License Act (§ 46.2-341.1 et seq.). However, upon motion of a person convicted of any such offense following an assessment of the person conducted by an alcohol safety action program, the court, for good cause, may decline to order participation in such a program if the assessment conducted by the alcohol safety action program indicates that intervention is not appropriate for such person. In no event shall such persons be permitted to enter any such program that is not certified as meeting minimum standards and criteria established by the Commission on the Virginia Alcohol Safety Action Program (VASAP) pursuant to this section and to ~~§ 18.2-271.2 Article 2.1~~ (§ 18.2-273.1 et seq.). The court shall require the person entering such program under the provisions of this section to pay a fee of no less than \$250 but no more than \$300. A reasonable portion of such fee, as may be determined by the Commission on VASAP, but not to exceed 10 percent, shall be forwarded monthly to be deposited with the State Treasurer for expenditure by the Commission on VASAP, and the balance shall be held in a separate fund for local administration of driver alcohol rehabilitation programs. Upon a positive finding that the defendant is indigent, the court may reduce or waive the fee. In addition to the costs of the proceeding, fees as may reasonably be required of defendants referred for intervention under any such program may be charged.

If the court grants a restricted license to any person pursuant to this section, the court shall order such person to surrender his driver's license to be disposed of in accordance with the provisions of § 46.2-398 and shall forward to the Commissioner of the Department of Motor Vehicles a copy of its order entered pursuant to this subsection. This order shall specifically enumerate the restrictions imposed and contain such information regarding the person to whom such a permit is issued as is reasonably necessary to identify such person. The court shall also provide a copy of its order to such person who may operate a motor vehicle on the order until receipt from the Commissioner of the Department of Motor Vehicles of a restricted license, but only if the order provides for a restricted license for that period. A copy of the order and, after receipt thereof, the restricted license shall be carried at all times by such person while operating a motor vehicle. The period of time during which the person is prohibited from operating a motor vehicle that is not equipped with an ignition interlock system shall be calculated from the date the person is issued a restricted license by the court; however, such period of time shall be tolled upon the expiration of the restricted license issued by the court until such time as the person is issued a restricted license by the Department of Motor Vehicles. Any person who operates a motor vehicle in violation of any restrictions imposed pursuant to this section shall be guilty of a violation of § 18.2-272. The provisions of subsection F of § 18.2-271.1 shall apply to this subsection mutatis mutandis, except as herein provided.

F. Notwithstanding any other provisions of this section or of § 18.2-271.1, nothing in this section shall permit the court to suspend, reduce, limit, or otherwise modify any disqualification from operating a commercial motor vehicle imposed under the provisions of the Virginia Commercial Driver's License Act (§ 46.2-341.1 et seq.).

B. In addition to any penalty provided by law for a conviction under § 18.2-51.4 or clauses (i), (ii), or (iv) of § 18.2-266 or a substantially similar ordinance of any county, city, or town, any court of proper jurisdiction shall, as a condition of a restricted license, prohibit an offender from operating a motor vehicle that is not equipped with a functioning, certified ignition interlock system for any period of time not to exceed the period of license suspension and restriction, not less than 12 consecutive months without alcohol-related violations of the interlock requirements. In addition to any penalty provided by law for a conviction under clauses (iii) or (v) of § 18.2-266 or a substantially similar ordinance of any county, city, or town, any court of proper jurisdiction may, for a first offense, as a condition of a restricted license, prohibit an offender from operating a motor vehicle that is not equipped with a functioning, certified ignition interlock system for any period of time not to exceed the period of license suspension and restriction, not less than 12 consecutive months without alcohol-related violations of the interlock requirements. The court shall, as a condition of a restricted license for a conviction under § 18.2-51.4, a second or subsequent offense of § 18.2-266 or a substantially similar ordinance of any county, city, or town, or as a condition of license restoration pursuant to subsection C of § 18.2-271.1 or § 46.2-391, require that such a system be installed on each motor vehicle, as defined in § 46.2-100, owned by or registered to the offender, in whole or in part, for any period of time not less than 12 consecutive months without alcohol-related violations of the interlock requirements. Such condition shall be in addition to any purposes for which a restricted license may be issued pursuant to § 18.2-271.1. Whenever an ignition interlock system is required, the court may order the installation of an ignition interlock system to commence immediately upon conviction. A fee of \$20 to cover court and administrative costs related to the ignition interlock system shall be paid by any such offender to the clerk of the court. The court shall require the offender to install an electronic log device with the ignition interlock system on a vehicle designated by the court to measure the blood alcohol content at each attempted ignition and random rolling retest during operation of the vehicle. The offender shall be enrolled in and supervised by an alcohol safety action program pursuant to § 18.2-271.1 *and Article 2.1* (§ 18.2-273.1 *et seq.*) and to conditions established by regulation under ~~§ 18.2-270.2~~ *such article* by the Commission during the period for which the court has ordered installation of the ignition interlock system. The offender shall be further required to provide to such program, at least quarterly during the period of court ordered ignition interlock installation, a printout from such electronic log indicating the offender's blood alcohol content during such ignitions, attempted ignitions, and rolling retests, and showing attempts to circumvent or tamper with the equipment. The period of time during which the offender (i) is prohibited from operating a motor vehicle that is not equipped with an ignition interlock system or (ii) is required to have an ignition interlock system installed on each motor vehicle owned by or registered to the offender, in whole or in part, shall be calculated from the date the offender is issued a restricted license by the court; however, such period of time shall be tolled upon the expiration of the restricted license issued by the court until such time as the person is issued a restricted license by the Department.

C. However, if (i) a conviction was under § 18.2-266 or a substantially similar ordinance of any county, city, or town; (ii) the conviction was for a first offense; and (iii) the offender was an adult at the time of the offense, the only restriction of a restricted license that the court shall impose is to prohibit the offender from operating a motor vehicle that is not equipped with a functioning, certified ignition interlock system for not less than 12 consecutive months without alcohol-related violations of the interlock requirements. Upon motion of an offender, a court may require a minimum of six consecutive months without alcohol-related violations of the interlock requirements if additional restrictions are ordered for the duration of the restricted license.

D. In any case in which the court requires the installation of an ignition interlock system, the court shall order the offender not to operate any motor vehicle that is not equipped with such a system for the period of time that the interlock restriction is in effect. The clerk of the court shall file with the Department of Motor Vehicles a copy of the order, which shall become a part of the offender's operator's license record maintained by the Department. The Department shall issue to the offender for the period during which the interlock restriction is imposed a restricted license which shall appropriately set forth the restrictions required by the court under this subsection and any other restrictions imposed upon the offender's driving privilege, and shall also set forth any exception granted by the court under subsection I.

E. The court may, upon motion of an offender who is ineligible to receive a restricted license in accordance with subsection C, order that the offender (i) use a remote alcohol monitoring device for a period of time coextensive with the period of time of the prohibition imposed under subsection B and (ii) refrain from alcohol consumption during such period of time. Additionally, upon such motion and pursuant to § 18.2-271.1, the court may issue a restricted license to operate a motor vehicle for any purpose to a person who is prohibited from operating a motor vehicle that is not equipped with a functioning, certified ignition interlock system when such person is ordered to use a remote alcohol monitoring device pursuant to this subsection and has a functioning, certified ignition interlock system installed on each motor vehicle, as defined in § 46.2-100, owned by or registered to the offender, in whole or in part.

A fee of \$20 to cover court and administrative costs related to the remote alcohol monitoring device shall

be paid by any such offender to the clerk of the court. The offender shall be enrolled in and supervised by an alcohol safety action program pursuant to § 18.2-271.1 and Article 2.1 (§ 18.2-273.1 et seq.) and shall comply with all conditions established by regulation under ~~§ 18.2-270.2~~ such article by the Commission during the period for which the court has ordered the use of a remote alcohol monitoring device. The offender shall be further required to provide to such program, at least quarterly during the period of time the offender is ordered to use a remote alcohol monitoring device, a copy of the data from such device indicating the offender's blood alcohol content and showing attempts to circumvent or tamper with the device. The period of time during which the offender is required to use a remote alcohol monitoring device shall be calculated from the date the offender is issued a restricted license by the court; however, such period of time shall be tolled upon the expiration of the restricted license issued by the court until such time as the person is issued a restricted license by the Department.

F. The offender shall be ordered to provide the appropriate ASAP program, within 30 days of the effective date of the order of court, proof of the installation of the ignition interlock system, and, if applicable, proof that the offender is using a remote alcohol monitoring device. The Program shall require the offender to have the system and device monitored and calibrated for proper operation at least every 30 days by an entity approved by the Commission under the provisions of ~~§ 18.2-270.2~~ 18.2-273.9 and to demonstrate proof thereof. The offender shall pay the cost of leasing or buying and monitoring and maintaining the ignition interlock system and the remote alcohol monitoring device. Absent good cause shown, the court may revoke the offender's driving privilege for failing to (i) timely install such system or use such device or (ii) have the system or device properly monitored and calibrated.

G. No person shall start or attempt to start a motor vehicle equipped with an ignition interlock system for the purpose of providing an operable motor vehicle to a person who is prohibited under this section from operating a motor vehicle that is not equipped with an ignition interlock system. No person shall tamper with, or in any way attempt to circumvent the operation of, an ignition interlock system that has been installed in the motor vehicle of a person under this section. Except as authorized in subsection I, no person shall knowingly furnish a motor vehicle not equipped with a functioning ignition interlock system to any person prohibited under subsection B from operating any motor vehicle that is not equipped with such system. A violation of this subsection is punishable as a Class 1 misdemeanor. The venue for the prosecution of a violation of this subsection shall be where the offense occurred or the jurisdiction in which the order entered pursuant to subsection B was entered.

H. No person shall tamper with, or in any way attempt to circumvent the operation of, a remote alcohol monitoring device that an offender is ordered to use under this section. A violation of this subsection is punishable as a Class 1 misdemeanor.

Any person who violates this subsection shall have his restricted license issued pursuant to subsection E, as it shall become effective on July 1, 2021, revoked. The court may, in its discretion and for good cause shown, provide that such person be issued a restricted permit to operate a motor vehicle in accordance with the terms of a restricted license issued pursuant to subsection E of § 18.2-271.1.

I. Any person prohibited from operating a motor vehicle under subsection B may, solely in the course of his employment, operate a motor vehicle that is owned or provided by his employer without installation of an ignition interlock system, if the court expressly permits such operation as a condition of a restricted license at the request of the employer; such person shall not be permitted to operate any other vehicle without a functioning ignition interlock system and, in no event, shall such person be permitted to operate a school bus, school vehicle, or a commercial motor vehicle as defined in § 46.2-341.4. This subsection shall not apply if such employer is an entity wholly or partially owned or controlled by the person otherwise prohibited from operating a vehicle without an ignition interlock system.

J. The Commission shall promulgate such regulations and forms as are necessary to implement the procedures outlined in this section.

**§ 18.2-271.1. Probation, education, and rehabilitation of person charged or convicted; person convicted under law of another state or federal law.**

A. Any person convicted of a first or second offense of § 18.2-266, or any ordinance of a county, city, or town similar to the provisions thereof, or provisions of subsection A of § 46.2-341.24, shall be required by court order, as a condition of probation or otherwise, to enter into and successfully complete an alcohol safety action program in the judicial district in which such charge is brought or in any other judicial district upon such terms and conditions as the court may set forth. However, upon motion of a person convicted of any such offense following an assessment of the person conducted by an alcohol safety action program, the court, for good cause, may decline to order participation in such a program if the assessment by the alcohol safety action program indicates that intervention is not appropriate for such person. In no event shall such persons be permitted to enter any such program which is not certified as meeting minimum standards and criteria established by the Commission on the Virginia Alcohol Safety Action Program (VASAP) pursuant to this section and to ~~§ 18.2-271.2~~ Article 2.1 (§ 18.2-273.1 et seq.). However, any person charged with a violation of a first or second offense of § 18.2-266, or any ordinance of a county, city, or town similar to the provisions thereof, or provisions of subsection A of § 46.2-341.24, may, at any time prior to trial, enter into an alcohol

safety action program in the judicial district in which such charge is brought or in any other judicial district. Any person who enters into such program prior to trial may pre-qualify with the program to have an ignition interlock system installed on any motor vehicle owned or operated by him and may have such ignition interlock system installed. Any installation period of time accrued by such person prior to trial for the pending charge shall count toward any (i) ignition interlock or restricted license period of time ordered by a court or (ii) restricted license, suspension, or revocation issued by the Department of Motor Vehicles pursuant to § 46.2-389.

B. The court shall require the person entering such program under the provisions of this section to pay a fee of no less than \$250 but no more than \$300. A reasonable portion of such fee, as may be determined by the Commission on VASAP, but not to exceed 10 percent, shall be forwarded monthly to be deposited with the State Treasurer for expenditure by the Commission on VASAP, and the balance shall be held in a separate fund for local administration of driver alcohol rehabilitation programs. Upon a positive finding that the defendant is indigent, the court may reduce or waive the fee. In addition to the costs of the proceeding, fees as may reasonably be required of defendants referred for intervention under any such program may be charged.

C. Upon conviction of a violation of § 18.2-266 or any ordinance of a county, city or town similar to the provisions thereof, or subsection A of § 46.2-341.24, the court shall impose the sentence authorized by § 18.2-270 or 46.2-341.28 and the license revocation as authorized by § 18.2-271. In addition, if the conviction was for a second offense committed within less than 10 years after a first such offense, the court shall order that restoration of the person's license to drive be conditioned upon the installation of an ignition interlock system on each motor vehicle, as defined in § 46.2-100, owned by or registered to the person, in whole or in part, for a period of 12 consecutive months without alcohol-related violations of the interlock requirements beginning at the end of the three-year license revocation, unless such a system has already been installed for 12 consecutive months without alcohol-related violations of the interlock requirements prior to that time pursuant to a restricted license order under subsection E. Upon a finding that a person so convicted is required to participate in the program described herein, the court shall enter the conviction on the warrant, and shall note that the person so convicted has been referred to such program. The court may then proceed to issue an order in accordance with subsection E, if the court finds that the person so convicted is eligible for a restricted license. If the court finds good cause for a person not to participate in such program or subsequently that such person has violated, without good cause, any of the conditions set forth by the court in entering the program, the court shall dispose of the case as if no program had been entered, in which event the revocation provisions of § 46.2-389 and subsection A of § 46.2-391 shall be applicable to the conviction. The court shall, upon final disposition of the case, send a copy of its order to the Commissioner of the Department of Motor Vehicles. If such order provides for the issuance of a restricted license, the Commissioner of the Department of Motor Vehicles, upon receipt thereof, shall issue a restricted license. The period of time during which the person (i) is prohibited from operating a motor vehicle that is not equipped with an ignition interlock system, (ii) is required to have an ignition interlock system installed on each motor vehicle owned by or registered to the person, in whole or in part, or (iii) is required to use a remote alcohol monitoring device shall be calculated from the date the person is issued a restricted license by the court; however, such period of time shall be tolled upon the expiration of the restricted license issued by the court until such time as the person is issued a restricted license by the Department of Motor Vehicles. Appeals from any such disposition shall be allowed as provided by law. The time within which an appeal may be taken shall be calculated from the date of the final disposition of the case or any motion for rehearing, whichever is later.

D. Any person who has been convicted under the law of another state or the United States of an offense substantially similar to the provisions of § 18.2-266 or subsection A of § 46.2-341.24, and whose privilege to operate a motor vehicle in this Commonwealth is subject to revocation under the provisions of § 46.2-389 and subsection A of § 46.2-391, may petition the general district court of the county or city in which he resides that he be given probation and assigned to a program as provided in subsection A and that, upon entry into such program, he be issued an order in accordance with subsection E. If the court finds that such person would have qualified therefor if he had been convicted in this Commonwealth of a violation of § 18.2-266 or subsection A of § 46.2-341.24, the court may grant the petition and may issue an order in accordance with subsection E as to the period of license suspension or revocation imposed pursuant to § 46.2-389 or subsection A of § 46.2-391. The court (i) shall, as a condition of a restricted license, prohibit such person from operating a motor vehicle that is not equipped with a functioning, certified ignition interlock system for a period of time not to exceed the period of license suspension and restriction, not less than 12 consecutive months without alcohol-related violations of interlock requirements, and (ii) may, upon request of such person and as a condition of a restricted license, require such person to use a remote alcohol monitoring device in accordance with the provisions of subsection E of § 18.2-270.1. Such order shall be conditioned upon the successful completion of a program by the petitioner. If the court subsequently finds that such person has violated any of the conditions set forth by the court, the court shall dispose of the case as if no program had been entered and shall notify the Commissioner, who shall revoke the person's license in accordance with the provisions of § 46.2-389 or subsection A of § 46.2-391. A copy of the order granting the petition or subsequently revoking or suspending such person's license to operate a motor vehicle shall be

forthwith sent to the Commissioner of the Department of Motor Vehicles. The period of time during which the person (a) is prohibited from operating a motor vehicle that is not equipped with an ignition interlock system or (b) is required to use a remote alcohol monitoring device shall be calculated from the date the person is issued a restricted license by the court; however, such period of time shall be tolled upon the expiration of the restricted license issued by the court until such time as the person is issued a restricted license by the Department of Motor Vehicles.

No period of license suspension or revocation shall be imposed pursuant to this subsection which, when considered together with any period of license suspension or revocation previously imposed for the same offense under the law of another state or the United States, results in such person's license being suspended for a period in excess of the maximum periods specified in this subsection.

E. Except as otherwise provided herein, if a person enters a certified program pursuant to this section, and such person's license to operate a motor vehicle, engine, or train in the Commonwealth has been suspended or revoked, or a person's license to operate a motor vehicle, engine, or train in the Commonwealth has been suspended or revoked pursuant to former § 18.2-259.1 or 46.2-390.1, the court may, in its discretion and for good cause shown, provide that such person be issued a restricted permit to operate a motor vehicle for any of the following purposes: (i) travel to and from his place of employment; (ii) travel to and from an alcohol rehabilitation or safety action program; (iii) travel during the hours of such person's employment if the operation of a motor vehicle is a necessary incident of such employment; (iv) travel to and from school if such person is a student, upon proper written verification to the court that such person is enrolled in a continuing program of education; (v) travel for health care services, including medically necessary transportation of an elderly parent or, as designated by the court, any person residing in the person's household with a serious medical problem upon written verification of need by a licensed health professional; (vi) travel necessary to transport a minor child under the care of such person to and from school, day care, and facilities housing medical service providers; (vii) travel to and from court-ordered visitation with a child of such person; (viii) travel to a screening, evaluation, and education program entered pursuant to § 18.2-251 or subsection H of § 18.2-258.1; (ix) travel to and from court appearances in which he is a subpoenaed witness or a party and appointments with his probation officer and to and from any programs required by the court or as a condition of probation; (x) travel to and from a place of religious worship one day per week at a specified time and place; (xi) travel to and from appointments approved by the Division of Child Support Enforcement of the Department of Social Services as a requirement of participation in an administrative or court-ordered intensive case monitoring program for child support for which the participant maintains written proof of the appointment, including written proof of the date and time of the appointment, on his person; (xii) travel to and from jail to serve a sentence when such person has been convicted and sentenced to confinement in jail and pursuant to § 53.1-131.1 the time to be served is on weekends or nonconsecutive days; (xiii) travel to and from the facility that installed or monitors the ignition interlock in the person's vehicle; (xiv) travel to and from a job interview for which he maintains on his person written proof from the prospective employer of the date, time, and location of the job interview; or (xv) travel to and from the offices of the Virginia Employment Commission for the purpose of seeking employment. However, (a) any such person who is eligible to receive a restricted license as provided in subsection C of § 18.2-270.1 or (b) any such person ordered to use a remote alcohol monitoring device pursuant to subsection E of § 18.2-270.1 who has a functioning, certified ignition interlock system as required by law may be issued a restricted permit to operate a motor vehicle for any lawful purpose. No restricted license issued pursuant to this subsection shall permit any person to operate a commercial motor vehicle as defined in the Virginia Commercial Driver's License Act (§ 46.2-341.1 et seq.). The court shall order the surrender of such person's license to operate a motor vehicle to be disposed of in accordance with the provisions of § 46.2-398 and shall forward to the Commissioner of the Department of Motor Vehicles a copy of its order entered pursuant to this subsection, which shall specifically enumerate the restrictions imposed and contain such information regarding the person to whom such a permit is issued as is reasonably necessary to identify such person. The court shall also provide a copy of its order to the person so convicted who may operate a motor vehicle on the order until receipt from the Commissioner of the Department of Motor Vehicles of a restricted license, if the order provides for a restricted license for that time period. A copy of such order and, after receipt thereof, the restricted license shall be carried at all times while operating a motor vehicle. Any person who operates a motor vehicle in violation of any restrictions imposed pursuant to this section is guilty of a violation of § 18.2-272. Such restricted license shall be conditioned upon enrollment within 15 days in, and successful completion of, a program as described in subsection A. No restricted license shall be issued during the first four months of a revocation imposed pursuant to subsection B of § 18.2-271 or subsection A of § 46.2-391 for a second offense of the type described therein committed within 10 years of a first such offense. No restricted license shall be issued during the first year of a revocation imposed pursuant to subsection B of § 18.2-271 or subsection A of § 46.2-391 for a second offense of the type described therein committed within five years of a first such offense. No restricted license shall be issued during any revocation period imposed pursuant to subsection C of § 18.2-271 or subsection B of § 46.2-391. Notwithstanding the provisions of § 46.2-411, the fee charged pursuant to § 46.2-411 for reinstatement of the driver's license of any person

whose privilege or license has been suspended or revoked as a result of a violation of § 18.2-266, subsection A of § 46.2-341.24 or of any ordinance of a county, city, or town, or of any federal law or the laws of any other state similar to the provisions of § 18.2-266 or subsection A of § 46.2-341.24 shall be \$105. Forty dollars of such reinstatement fee shall be retained by the Department of Motor Vehicles as provided in § 46.2-411, \$40 shall be transferred to the Commission on VASAP, and \$25 shall be transferred to the Commonwealth Neurotrauma Initiative Trust Fund. Any person who is otherwise eligible to receive a restricted license issued in accordance with this subsection or as otherwise provided by law shall not be required to pay in full his fines and costs, as defined in § 19.2-354.1, before being issued such restricted license.

F. The court shall have jurisdiction over any person entering such program under any provision of this section, or under any provision of § 46.2-392, until such time as the case has been disposed of by either successful completion of the program, or revocation due to ineligibility or violation of a condition or conditions imposed by the court, whichever shall first occur. Revocation proceedings shall be commenced by notice to show cause why the court should not revoke the privilege afforded by this section. Such notice shall be made by first-class mail to the last known address of such person, and shall direct such person to appear before the court in response thereto on a date contained in such notice, which shall not be less than 10 days from the date of mailing of the notice. Failure to appear in response to such notice shall of itself be grounds for revocation of such privilege. Notice of revocation under this subsection shall be sent forthwith to the Commissioner of the Department of Motor Vehicles.

G. For the purposes of this section, any court that has convicted a person of a violation of § 18.2-266, subsection A of § 46.2-341.24, any ordinance of a county, city, or town similar to the provisions of § 18.2-266, or any reckless driving violation under Article 7 (§ 46.2-852 et seq.) of Chapter 8 of Title 46.2 and such person was initially charged with a violation of § 18.2-266, subsection A of § 46.2-341.24, or any ordinance of a county, city, or town similar to the provisions of § 18.2-266 shall have continuing jurisdiction over such person during any period of license revocation related to that conviction, for the limited purposes of (i) referring such person to a certified alcohol safety action program, (ii) providing for a restricted permit for such person in accordance with the provisions of subsection E, and (iii) imposing terms, conditions and limitations for actions taken pursuant to clauses (i) and (ii), whether or not it took either such action at the time of the conviction. This continuing jurisdiction is subject to the limitations of subsection E that provide that no restricted license shall be issued during a revocation imposed pursuant to subsection C of § 18.2-271 or subsection B of § 46.2-391 or during the first four months or first year, whichever is applicable, of the revocation imposed pursuant to subsection B of § 18.2-271 or subsection A of § 46.2-391. The provisions of this subsection shall apply to a person convicted of a violation of § 18.2-266, subsection A of § 46.2-341.24, any ordinance of a county, city, or town similar to the provisions of § 18.2-266, or any reckless driving violation under Article 7 (§ 46.2-852 et seq.) of Chapter 8 of Title 46.2 and such person was initially charged with a violation of § 18.2-266, subsection A of § 46.2-341.24, or any ordinance of a county, city, or town similar to the provisions of § 18.2-266 on, after and at any time prior to July 1, 2003.

H. The State Treasurer, ~~the Commission on VASAP~~ or any city or county is authorized to accept any gifts or bequests of money or property, and any grant, loan, service, payment, or property from any source, including the federal government, for the purpose of driver alcohol education. Any such gifts, bequests, grants, loans, or payments shall be deposited in the separate fund provided in subsection B.

I. ~~The Commission on VASAP, or any county, city, or town, or any combination thereof, may establish and, if established, shall operate, in accordance with the standards and criteria required by this subsection, alcohol safety action programs in connection with highway safety. Each such program shall operate under the direction of a local independent policy board. Such local independent policy board shall be chosen in accordance with procedures approved and promulgated by the Commission on VASAP. Such procedures shall provide that the board shall endeavor to select one criminal defense attorney who has specialized knowledge in representing persons charged with driving while intoxicated offenses and one local attorney for the Commonwealth to sit on such local independent policy board. Local sitting or retired district court judges who regularly hear or heard cases involving driving under the influence and are familiar with their local alcohol safety action programs may serve on such boards. The Commission on VASAP shall establish minimum standards and criteria for the implementation and operation of such programs and shall establish procedures to certify all such programs to ensure that they meet the minimum standards and criteria stipulated by the Commission. The Commission shall also establish criteria for the administration of such programs for public information activities, for accounting procedures, for the auditing requirements of such programs and for the allocation of funds. Funds paid to the Commonwealth hereunder shall be utilized in the discretion of the Commission on VASAP to offset the costs of state programs and local programs run in conjunction with any county, city or town and costs incurred by the Commission. The Commission shall submit an annual report as to actions taken at the close of each calendar year to the Governor and the General Assembly.~~

J. Notwithstanding any other provisions of this section or of § 18.2-271, nothing in this section shall permit the court to suspend, reduce, limit, or otherwise modify any disqualification from operating a commercial motor vehicle imposed under the provisions of the Virginia Commercial Driver's License Act

(§ 46.2-341.1 et seq.).

**§ 18.2-271.5. Restricted permits to operate a motor vehicle; ignition interlock systems.**

Notwithstanding any other provision of law, in any criminal case for any violation of Article 7 ( § 46.2-852 et seq.) of Chapter 8 of Title 46.2 where a defendant's license to operate a motor vehicle, engine, or train in the Commonwealth is subject to revocation or suspension and the court orders a defendant, as a condition of probation or otherwise, to enter into and successfully complete an alcohol safety action program in the judicial district in which such charge is brought or in any other judicial district upon such terms and conditions as the court may set forth, the court may, in its discretion and for good cause shown, issue the defendant a restricted license to operate a motor vehicle in accordance with the provisions of subsection E of § 18.2-271.1 where the only restriction of such restricted license that the court shall impose is to prohibit the defendant from operating a motor vehicle that is not equipped with a functioning, certified ignition interlock system for a period of not less than six consecutive months without alcohol-related violations of the interlock requirements.

In no event shall a defendant be permitted to enter any such alcohol safety action program that is not certified as meeting minimum standards and criteria established by the Commission on the Virginia Alcohol Safety Action Program (VASAP) pursuant to ~~§ 18.2-271.2~~ *Article 2.1* (§ 18.2-273.1 et seq.).

**§ 18.2-273.4. Local alcohol safety action programs.**

A. The Commission, or any county, city, or town, or any combination thereof, may establish and, if established, shall operate, in accordance with the standards and criteria required by this section, alcohol safety action programs (ASAPs) in connection with highway safety. Each such program shall operate under the direction of a local independent policy board established pursuant to § 18.2-273.5 and shall, at a minimum, (i) employ a program director and such staff as necessary to carry out the duties of such local ASAP and (ii) hold general liability, professional liability, and directors and officers insurance if such items are not provided by the fiscal agent locality of such program. Each such program shall be accessible to the public for all required services during days and hours established by the Commission, and the Commission shall prescribe acceptable methods of accessibility, including remote and electronic service delivery.

B. The Commission shall establish minimum standards and criteria for the implementation and operation of local ASAPs and shall establish procedures to certify all such programs to ensure that they meet the minimum standards and criteria stipulated by the Commission. The Commission shall also establish criteria for the administration of such programs for (i) public information activities, (ii) accounting procedures, (iii) the auditing requirements of such programs, and (iv) the allocation of supplemental or emergency funding pursuant to subsection D.

C. Each program director of the local ASAP shall be subject to an annual performance evaluation conducted by the Executive Director of the Commission or his designee. A program director shall be required to achieve and maintain, at minimum, a satisfactory performance rating as a condition of continued certification. Failure to maintain such required certification or a satisfactory performance rating (i) may result in suspension or revocation of certification and (ii) shall render such person ineligible to serve as a program director or employee of any local ASAP.

D. Each county, city, or town that has established, or jointly participates in, a local ASAP shall provide for the financial support of such program through annual appropriations in its local budget or through such other funding mechanisms as may be agreed upon by the participating localities. Each local ASAP serving multiple localities shall, as a condition of certification, have a written funding agreement among all participating localities that equitably allocates costs of program operation. Such agreement shall be filed with the Commission and reviewed for compliance with Commission standards. The Commission shall not be responsible for routine operational or personnel funding of local ASAPs. The Commission may, subject to the availability of funds, provide supplemental or emergency assistance to a local ASAP or its fiscal agent

locality if the Commission determines that (i) financial hardship threatens continued operation of the local ASAP, (ii) the local ASAP has demonstrated compliance with all Commission standards, and (iii) the participating localities have contributed funding in accordance with this subsection. In the event any locality fails to provide financial support pursuant to this subsection, such locality may be subject to a fine as prescribed by the Commission.

E. Each local ASAP shall (i) maintain financial records in accordance with generally accepted accounting principles; (ii) be subject to local, state, and federal audits; and (iii) submit monthly financial reports to the Commission by the fifteenth day of the following month and an annual income statement by August 1 of each year. Any local ASAP that fails to timely file such information shall be subject to daily late fees, prescribed by the Commission, and potential decertification.

F. Any local ASAP revenues that are derived from offender fees or other sources shall only be used for the administration of such local ASAP and are subject to Commission oversight. The Commission may collect unexpended revenue or reserve balances from any local ASAP to ensure statewide fiscal accountability and maintain program standards.

G. Each local ASAP shall submit an annual operating budget and corresponding financial documents to the Commission for approval by May 1 of each year in a format prescribed by the Commission. In the event a local ASAP fails to submit, correct, or operate under an approved budget as required by the Commission, the Commission may (i) withhold or recover any state-controlled or supplemental funds, (ii) suspend or revoke certification of the local ASAP, (iii) suspend new offender referrals to the local ASAP, (iv) initiate temporary administration or reorganization under § 18.2-273.7, or (v) take such other actions as necessary to ensure compliance and fiscal accountability.

H. Each local ASAP shall operate under a program agreement approved by the Commission. Such agreement shall (i) delineate the responsibilities of the Commission and the local ASAP; (ii) specify conditions for receipt of any supplemental or emergency funding; (iii) identify performance measures related to offender compliance, fiscal management, and program efficiency; and (iv) provide procedures for monitoring, and remediation of, noncompliance. The Commission may withhold or recover funds or suspend certification for failure of the local ASAP to comply with the terms of such agreement.

I. Two or more certified local ASAPs may, with the approval of the Commission, enter into joint service agreements to provide education, monitoring, or administrative services and to share fiscal, personnel, or technological resources. Any such agreement shall specify the (i) duration, purpose, and method of administration; (ii) allocation of costs; and (iii) responsibilities of each participating program. Such agreement shall be filed with the Commission for review and approval. However, participation in any such agreement shall not relieve a local ASAP of its obligations under this article or regulations of the Commission.

J. Funds paid to the Commonwealth hereunder shall be utilized in the discretion of the Commission to offset the costs of state programs and local programs run in conjunction with any county, city, or town and costs incurred by the Commission. The Commission shall include in the executive summary required pursuant to subsection H of § 18.2-273.2 all actions taken pursuant to this section.

**§ 18.2-273.5. Powers and duties of the local independent policy board.**

A. The local independent policy board responsible for directing the operation of a local ASAP established pursuant to § 18.2-273.4 shall have the following powers and duties:

1. Review and approve the annual program budget prior to the submission of such budget to the Commission in consultation with the fiscal agent locality designated pursuant to § 18.2-273.6;
2. Participate in the hiring and firing of the program director and other personnel and consult with the fiscal agent locality to ensure such hiring and firing is consistent with the personnel policies and procedures of the locality; and
3. Meet as required by the regulations of the Commission and maintain minutes and records of such meetings in accordance with the standards established by the Commission.

B. Failure of a policy board to meet as required by subdivision A 3 shall constitute grounds for intervention by the Commission, including the reconstitution or replacement of the policy board, appointment of interim members, or any other corrective action the Commission deems necessary to ensure compliance and continuity of program operations.

**§ 18.2-273.6. Fiscal agent locality.**

A. Each local ASAP shall, as a condition of certification by the Commission, designate a county, city, or town for which it serves to act as its fiscal agent locality. Such fiscal agent locality shall (i) be responsible for the receipt, disbursement, and accounting of all local ASAP funds in accordance with such standards established by the Commission; (ii) serve as the employer of record for all local ASAP personnel, including the program director; and (iii) provide payroll, benefits administration, and human resources functions on behalf of the local ASAP. For any local ASAP that serves multiple jurisdictions, such jurisdictions shall designate, by written agreement approved by the governing body of each respective jurisdiction, a single jurisdiction to serve as the fiscal agent locality. Such fiscal agent locality shall file such agreement with the Commission.

*B. Any payroll and benefits paid by the fiscal agent locality shall be derived from offender fees paid to the local ASAP and remitted by such local ASAP to the fiscal agent locality prior to disbursement. Additionally, the fiscal agent locality may, at the beginning of each fiscal year, collect up to 10 percent of the Commission-approved annual budget for such local ASAP for the administration of such services.*

*C. The local independent policy board established pursuant to § 18.2-273.5 shall retain the authority to hire and recommend termination of the local program director and other local program personnel, subject to applicable personnel policies of the fiscal agent locality. Any employment action taken by such board shall be subject to the personnel policies, grievance procedures, and due process protections of the fiscal agent locality.*

*D. The Commission shall not certify, recertify, or continue certification of any local ASAP that fails to maintain a valid fiscal agent locality pursuant to this section. In the event any local ASAP fails to maintain a valid fiscal agent locality, such locality shall be subject to a fine as prescribed by the Commission not to exceed \$5,000 and shall be responsible for any administration costs incurred by the Commission in directly administering or contracting for the administration of an interim program to provide mandatory alcohol safety action services pursuant to § 18.2-273.7.*

**§ 18.2-273.7. Procedure when suspension, revocation, etc., of certification of local ASAP.**

*A. Every local ASAP shall be certified at least every three years. Any local ASAP that is found not in compliance shall submit an action plan within 10 days of notice from the Commission that such local ASAP is not in compliance. The Commission may issue conditional certification, extend corrective periods, or revoke certification for noncompliance. The Commission may regionalize, merge, reorganize, or decertify any local ASAPs as necessary to maintain statewide standards and may establish regional leadership teams to assist programs in achieving compliance. The executive finance committee of the Commission may, for a period not to exceed 90 days, suspend the certification of a local ASAP when the committee determines that such action is necessary due to (i) noncompliance with Commission standards or regulations; (ii) fiscal mismanagement; or (iii) any other conduct that threatens the integrity, efficiency, or public confidence in the statewide ASAP system. Upon suspension by the executive finance committee, the Executive Director of the Commission may take such administrative action necessary to protect program integrity, including prohibiting the suspended local ASAP from receiving new referrals and restricting the suspended local ASAP from accessing any information systems provided by or through the Commission. In the event the Commission suspends, revokes, or declines to renew the certification of a local ASAP, the Commission shall take such actions as necessary to ensure the continued availability of mandatory alcohol safety action services within the affected judicial district. A local ASAP that has had its certification suspended shall continue to provide services for referrals received prior to the effective date of the suspension unless otherwise directed by the Commission.*

*B. The Commission may, for a period not to exceed 12 months, directly administer or contract for the administration of an interim program to provide mandatory alcohol safety action services. During such interim period, the Commission shall have all powers and duties of a certified local program pursuant to § 18.2-273.4. In lieu of direct administration, the Commission may authorize one or more neighboring certified local ASAPs to provide services to offenders residing or convicted within the affected jurisdiction under such terms and conditions as the Commission deems appropriate to maintain service continuity and judicial compliance.*

*C. The Commission may enter into temporary contracts with qualified public or private entities that meet minimum standards established by the Commission to provide assessment, monitoring, education, and related services during the interim period.*

*D. Upon the decertification of a local ASAP, all unexpended revenues, reserve balances, accounts receivable, and other funds or assets held by, or for the benefit of, the decertified program shall immediately revert to the Commission. Such funds and assets shall be deposited with the State Treasurer for use solely in the administration of interim services and the reestablishment, certification, or reformation of a new local ASAP to serve the affected area.*

*E. The Commission shall, during the interim period, facilitate the reestablishment or certification of a new local ASAP for the affected area.*

*F. Upon certification of the new program, or at the expiration of 12 months, whichever occurs first, the temporary administration authority under this section shall cease unless extended by the Commission for good cause. Such extension shall not exceed six months.*

*G. The Commission shall report all actions it takes pursuant to this section, including reasons for decertification of a local ASAP, disposition of funds or assets received, and the status of interim service delivery, in its annual report to the Governor and the General Assembly as required pursuant to § 18.2-273.4.*

**§ 18.2-273.8. Requirements of employees of local ASAPs.**

*A. No person shall perform duties for, or be employed by, a local ASAP unless such person has obtained and maintains a certification issued by the Commission.*

*B. Every case manager, and any other employee who is designated by the director of any VASAP-certified local alcohol safety action program operated pursuant to this article to provide probation and related*

services, shall take an oath of office as prescribed in § 49-1, by a person authorized to administer oaths pursuant to § 49-3, before entering the duties of his office.
