"Abused or neglected child" means any child less than 18 years of age:

1. Whose parents or other person responsible for his care creates or inflicts, threatens to create or inflict, or allows to be created or inflicted upon such child a physical or mental injury by other than accidental means, or creates a substantial risk of death, disfigurement, or impairment of bodily or mental functions, including, but not limited to, a child who is with his parent or other person responsible for his care either (i) during the manufacture or attempted manufacture of a Schedule I or II controlled substance, or (ii) during the unlawful sale of such substance by that child's parents or other person responsible for his care, where such manufacture, or attempted manufacture or unlawful sale would constitute a felony violation of § 18.2-248;

2. Whose parents or other person responsible for his care neglects or refuses to provide care necessary for his health. However, no child who in good faith is under treatment solely by spiritual means through prayer in accordance with the tenets and practices of a recognized church or religious denomination shall for that reason alone be considered to be an abused or neglected child. Further, a decision by parents who have legal authority for the child or, in the absence of parents with legal authority for the child, any person with legal authority for the child, who refuses a particular medical treatment for a child with a life-threatening condition shall not be deemed a refusal to provide necessary care if (i) such decision is made jointly by the parents or other person with legal authority and the child; (ii) the child has reached 14 years of age and is sufficiently mature to have an informed opinion on the subject of his medical treatment; (iii) the parents or other person with legal authority and the child have considered alternative treatment options; and (iv) the parents or other person with legal authority and the child believe in good faith that such decision is in the child's best interest. No child whose parent or other person responsible for his care allows the child to engage in independent activities without adult supervision shall for that reason alone be considered to be an abused or neglected child, provided that (a) such independent activities are appropriate based on the child's age, maturity, and physical and mental abilities and (b) such lack of supervision does not constitute conduct that is so grossly negligent as to endanger the health or safety of the child. Such independent activities include traveling to or from school or nearby locations by bicycle or on foot, playing outdoors, or remaining at home for a reasonable period of time. Nothing in this subdivision shall be construed to limit the provisions of § 16.1-278.4;

3. Whose parents or other person responsible for his care abandons such child;

4. Whose parents or other person responsible for his care, or an intimate partner of such parent or person, commits or allows to be committed any act of sexual exploitation or any sexual act upon a child in violation of the law;

7. Who has been identified as a victim of sex trafficking or severe forms of trafficking as defined in the Trafficking Victims Protection Act of 2000, 22 U.S.C. § 7102 et seq., and in the Justice for Victims of Trafficking Act of 2015, 42 U.S.C. § 5101 et seq.

The requirement to provide such services shall not limit the right of any individual to refuse to accept any of the services so offered, except as provided in § 63.2-1608.

B. Upon receipt of the report pursuant to § 63.2-1606, the local department shall determine the validity of such report and, *if the local department deems the report valid*, shall initiate an investigation pursuant to § 63.2-1605.1 within 24 hours of the time the report is received in the local department. Local departments shall consider valid any report meeting all of the following criteria: (i) the subject of the report is an adult as defined in this article, (ii) the report concerns a specific adult and there is enough information to locate the adult, and (iii) the report describes the circumstances of the alleged abuse, neglect, or exploitation.

C. The local department shall immediately refer the matter and all relevant documentation to the local law-enforcement agency where the adult resides or where the alleged abuse, neglect, or exploitation took place or, if these places are unknown, where the alleged abuse, neglect, or exploitation was discovered for investigation, upon receipt of an initial report pursuant to § 63.2-1606 involving any of the following or upon determining, during the course of an investigation pursuant to this article, the occurrence of any of the following:

D. The local department shall refer any appropriate matter and all relevant documentation, to the appropriate licensing, regulatory, or legal authority for administrative action or criminal investigation.

E. If a local department is denied access to an adult for whom there is reason to suspect the need for adult protective services, then the local department may petition the circuit court for an order allowing access or entry or both. Upon a showing of good cause supported by an affidavit or testimony in person, the court may enter an order permitting such access or entry.

F. In any case of suspected adult abuse, neglect, or exploitation, local departments, with the informed consent of the adult or his legal representative, shall take or cause to be taken photographs, video recordings, or appropriate medical imaging of the adult and his environment as long as such measures are relevant to the investigation and do not conflict with § 18.2-386.1. All such information and records shall be used by the team only in the exercise of its proper function and shall not be disclosed. No person who participated in the team and no member of the team shall be required to make any statement as to what transpired during a meeting or what information was collected during the meeting. Upon the conclusion of a meeting, all information and records concerning the adult shall be returned to the originating agency or destroyed. Any information exchanged in accordance with the multidisciplinary review team shall not be considered to be a violation of any of the provisions of § 63.2-102, 63.2-104, or 63.2-105.

receive adult protective services, petition the court for services deemed necessary pursuant to § 63.2-1608;

4. Determine the investigation disposition within 45 days of the receipt of the report, and enter such disposition in the adult abuse, neglect, and exploitation information system maintained by the Department for Aging and Rehabilitative Services. Upon written justification by the local department, the time for such determination may be extended not to exceed a total of 60 days or, in the event that the investigation is being conducted in cooperation with a law-enforcement agency and both parties agree that circumstances so warrant, as stated in the written justification, the time for such determination may be extended not to exceed a total of 90 days. Documentation of the circumstances that resulted in the delay shall be placed in the record and the local department shall provide notice of the investigation in accordance with Department regulations.

Any information exchanged for the purposes of this subsection shall not be considered a violation of § 51.5-122, 63.2-102, or 63.2-104.

§ 63.2-1605.2. Cooperation by state entities.

All law-enforcement departments and other state and local departments, agencies, authorities, and institutions shall cooperate with each adult protective services worker of a local department in the detection, investigation, and prevention of abuse, neglect, or exploitation.

§ 63.2-1605.3. Appeals of certain actions of local departments.

A. A person identified as a perpetrator of adult abuse, neglect, or exploitation in a substantiated investigation pursuant to this article may, within 30 days of being notified of that determination, request the local department to amend its determination and related records. Upon written request, the local department shall provide the appellant all information used in making its determination. Disclosure of the reporter's name, information that may endanger the well-being of the victim or any other person, or information prohibited from disclosure by state or federal law or regulation shall not be released.

The local department shall hold an informal conference or review in which the appellant, who may be represented by counsel, and representatives of the local department shall be entitled to informally present testimony of witnesses, documents, factual data, arguments, or other submissions of proof to the local department. With the exception of the local director, no person whose regular duties include substantial involvement with adult abuse, neglect, or exploitation cases shall preside over the informal conference or review.

If the local department refuses the request for amendment or fails to act within 45 days after receiving such request, the appellant may, within 30 days thereafter, petition the Commissioner for Aging and Rehabilitative Services for an administrative review hearing. The appellant may obtain an extension of the 45-day period in which the local department must act by submitting a written request for such extension to the Commissioner for Aging and Rehabilitative Services. The extension period, which shall not exceed 60 days, shall begin at the end of the original 45-day period in which the local department must act. In the event an extension is granted, the 30-day period in which the appellant is permitted to request an administrative review hearing by the Commissioner for Aging and Rehabilitative Services shall begin on the termination of the extension period. Upon receiving a timely request for an administrative review hearing, the Commissioner for Aging and Rehabilitative Services shall grant a hearing to determine whether it appears, by a preponderance of the evidence, that the local department's determination or record contains information that is irrelevant or inaccurate regarding the commission of abuse, neglect, or exploitation by the appellant and therefore shall be amended.

B. The Commissioner for Aging and Rehabilitative Services shall designate and authorize one or more duly qualified hearing officers to preside over such administrative review hearings. The decision of such hearing officers shall have the same force and effect as if the Commissioner for Aging and Rehabilitative Services had made the decision. The hearing officer shall have the authority to issue subpoenas for the production of documents and the appearance of witnesses. The hearing officer is authorized to determine the number of depositions that will be allowed and to administer oaths or affirmations to all parties and witnesses who plan to testify at the hearing.

The Commissioner for Aging and Rehabilitative Services shall adopt regulations necessary for the conduct of such appeals and hearings. Such regulations shall include provisions stating that (i) the appellant and local department have the right to submit oral or written testimony or documents, (ii) the appellant may be represented by counsel at the hearing, and (iii) the appellant shall be informed of the procedures by which information will be made available to or withheld from the appellant. In the case of any information withheld, the appellant shall be advised of the general nature of such information and the reasons, for privacy or otherwise, that it is being withheld. Upon giving reasonable notice, either party at his own expense may depose a nonparty and submit such deposition at the hearing pursuant to regulation. Upon written motion and good cause shown, the hearing officer may issue subpoenas for the production of documents or to compel the attendance of witnesses at the hearing. Hearing officers shall have the authority to order the amendment of any determinations or records presented if necessary to ensure such determinations or records are accurate and in compliance with the requirements of this chapter or regulations adopted pursuant thereto. Upon petition, the court shall have the power to enforce any subpoena that is not complied with or to

review any refusal to issue a subpoena. Such decisions may not be further appealed except as part of a final decision that is subject to judicial review.

If, after hearing the facts of the case, the hearing officer determines that the appellant has presented information that was not available to the local department at the time of the local conference and, if made available, may have resulted in a different determination by the local department, the hearing officer may remand the case to the local department for reconsideration. Upon remand, the local department shall reconsider the case within 14 days. If the local department fails to act or amend the record to the satisfaction of the appellant within 14 days, the case shall be returned to the hearing officer for a determination.

If aggrieved by the decision of the hearing officer, the appellant may request further review of the decision in accordance with Article 5 (§ 2.2-4025 et seq.) of the Administrative Process Act.

C. Whenever an appeal of the local department's finding is made and a criminal charge or investigation is also filed or commenced against the appellant for the same conduct involving the same victim as investigated by the local department, the appeal process shall automatically be stayed until the criminal prosecution in the trial court is completed, until the criminal investigation is closed, or, in the case of a criminal investigation that is not completed within 180 days of the appellant's request for an appeal of the local department's finding, for 180 days after the appellant's request for appeal. During such stay, the appellant's right of access to the records of the local department regarding the matter being appealed shall also be stayed. Once the criminal prosecution in the trial court has been completed, the criminal investigation is closed, or, in the case of a criminal investigation that is not completed within 180 days of the appellant's request for an appeal of the local department's finding, 180 days have passed, the local department shall advise the appellant in writing of his right to resume his appeal within the time frames provided by law and regulation.

D. The local department shall transmit all decisions and findings made during an informal conference or review pursuant to this section to the Department for Aging and Rehabilitative Services.

Nothing in this section shall be construed to eliminate or supersede any other obligation to report as required by law. If a person required to report under this section receives information regarding abuse, neglect or exploitation while providing professional services in a hospital, nursing facility or similar institution, then he may, in lieu of reporting, notify the person in charge of the institution or his designee, who shall report such information, in accordance with the institution's policies and procedures for reporting such matters, immediately upon his determination that there is reason to suspect abuse, neglect or exploitation. Any person required to make the report or notification required by this subsection shall do so either orally or in writing and shall disclose all information that is the basis for the suspicion of adult abuse, neglect, or exploitation. Upon request, any person required to make the report shall make available to the adult protective services worker and the local department investigating the reported case of adult abuse, neglect, or exploitation any information, records or reports which document the basis for the report. All persons required to report suspected adult abuse, neglect, or exploitation shall cooperate with the investigating adult protective services worker of a local department and shall make information, records and reports which are relevant to the investigation available to such worker to the extent permitted by state and federal law. 706 subject to a civil penalty of not more than \$500 for the first failure and not less than \$100 nor more than
707 \$1,000 for any subsequent failures. Civil penalties under subdivision A 7 shall be determined by a court of
708 competent jurisdiction, in its discretion. All other civil penalties under this section shall be determined by the
709 Commissioner for Aging and Rehabilitative Services or his designee. The Commissioner for Aging and

728 disburse funds if the financial institution staff (i) believes in good faith that the transaction or disbursement
729 may involve, facilitate, result in, or contribute to the financial exploitation of an adult or (ii) makes, or has
730 actual knowledge that another person has made, a report to the local department or adult protective services
731 hotline stating a good faith belief that the transaction or disbursement may involve, facilitate, result in, or
732 contribute to the financial exploitation of an adult. The financial institution staff may continue to refuse to
733 execute a transaction, delay a transaction, or refuse to disburse funds for a period no longer than 30 business
734 days after the date upon which such transaction or disbursement was initially requested based on a good faith
