415 this subsection for any violation in a highway work zone unless workers are present at the time of such
416 violation. Such civil penalty shall not exceed \$100, and any prosecution shall be instituted and conducted in

418 from a summons issued by a local law-enforcement officer or retired sworn law-enforcement officer
419 employed by a locality shall be paid to the locality in which such violation occurred to be used for its speed

safety camera program, pedestrian crossing violation monitoring system program, or a stop sign violation monitoring system program, respectively. Any funds in excess of those allocated for such purposes shall be deposited in a local fund used solely for planning, design and construction, implementation, administration, and operation of initiatives, projects, or programs that improve traffic safety, speed management, bicycle and pedestrian safety, public transit, and local systemic safety initiatives otherwise eligible for funding through the Virginia Highway Safety Improvement Program established pursuant to § 33.2-373. D. If a ~~photo speed monitoring device~~ speed safety camera, pedestrian crossing violation monitoring system, or stop sign violation monitoring system is used, proof of a vehicle speed violation, pedestrian crossing violation, or stop sign violation, respectively, shall be evidenced by information obtained from such ~~device camera or system.~~ A certificate, or a facsimile thereof, sworn to or affirmed by a law-enforcement officer or a retired sworn law-enforcement officer, based upon inspection of photographs, microphotographs, videotapes, or other recorded images produced by a ~~photo speed monitoring device~~ speed safety camera, pedestrian crossing violation monitoring system, or stop sign violation monitoring system, shall be prima facie evidence of the facts contained therein, provided that such certificate or facsimile thereof includes accompanying documentation that confirms daily testing was conducted on such camera or system to the extent required by subsection O. However, for any ~~photo speed monitoring device~~ speed safety camera placed in a school crossing zone, such sworn certificate or facsimile thereof shall not be prima facie evidence

451 of the facts contained therein unless such photographs, microphotographs, videotapes, or other recorded
452 images, or documentation, depict or confirm a portable sign or tilt-over sign that is in position or blinking
453 sign that is activated, indicating the school crossing zone pursuant to § 46.2-873, at the time of such vehicle
454 speed violation. *However, for any speed safety camera, pedestrian crossing violation monitoring system, or*
455 *stop sign violation monitoring system placed in a highway work zone, such sworn certificate or facsimile*
456 *thereof shall not be prima facie evidence of the facts contained therein unless the operator of the speed safety*
457 *camera, pedestrian crossing violation monitoring system, or stop sign violation monitoring system,*
458 *respectively, provides a sworn certification verifying that workers were present at the time of such violation.*
459 Any photographs, microphotographs, videotapes, or other recorded images *and the accompanying*
460 *documentation of such required daily testing, as applicable,* evidencing such a violation shall be available for
461 inspection in any proceeding to adjudicate the liability for such vehicle speed violation, *pedestrian crossing*
462 *violation, or stop sign violation.*

463 E. In the prosecution for a vehicle speed violation, *pedestrian crossing violation, or stop sign violation* in
464 which a summons was issued by mail, prima facie evidence that the vehicle described in the summons issued
465 pursuant to this section was operated in a manner constituting a vehicle speed violation, *pedestrian crossing*
466 *violation, or stop sign violation,* together with proof that the defendant was at the time of such violation the
467 owner, lessee, or renter of the vehicle, shall constitute in evidence a rebuttable presumption that such owner,
468 lessee, or renter of the vehicle was the person who committed the violation. Such presumption shall be
469 rebutted if the owner, lessee, or renter of the vehicle (i) files an affidavit by regular mail with the clerk of the
470 general district court that he was not the operator of the vehicle at the time of the alleged violation and
471 provides the name and address of the person who was operating the vehicle at the time of the alleged
472 violation or (ii) testifies in open court under oath that he was not the operator of the vehicle at the time of the
473 alleged violation and provides the name and address of the person who was operating the vehicle at the time
474 of the alleged violation. Such presumption shall also be rebutted if a certified copy of a police report,
475 showing that the vehicle had been reported to the police as stolen prior to the time of the alleged vehicle
476 speed violation, *pedestrian crossing violation, or stop sign violation,* is presented, prior to the return date
477 established on the summons issued pursuant to this section, to the court adjudicating the alleged violation.

478 F. Imposition of a penalty pursuant to this section by mailing a summons shall not be deemed a conviction
479 as an operator and shall not be made part of the operating record of the person upon whom such liability is
480 imposed, nor shall it be used for insurance purposes in the provision of motor vehicle insurance coverage.
481 However, if a law-enforcement officer uses a ~~photo speed monitoring device~~ *speed safety camera* to record a

vehicle speed violation and personally issues a summons at the time of the violation, the conviction that results shall be made a part of such driver's driving record and used for insurance purposes in the provision of motor vehicle insurance coverage.

G. 1. The Supreme Court of Virginia shall develop a summons for purposes of this section. Every summons issued pursuant to this section shall be such a summons.

2. A summons for a vehicle speed violation, *pedestrian crossing violation, or stop sign violation* issued by mail pursuant to this section may be executed pursuant to § 19.2-76.2. Notwithstanding the provisions of § 19.2-76, a summons issued by mail pursuant to this section may be executed by mailing by first-class mail a copy thereof to the owner, lessee, or renter of the vehicle. In the case of a vehicle owner, the copy shall be mailed to the address contained in the records of or accessible to the Department. In the case of a vehicle lessee or renter, the copy shall be mailed to the address contained in the records of the lessor or renter. Every such mailing shall include, in addition to the summons, a notice of (i) the summoned person's ability to rebut the presumption that he was the operator of the vehicle at the time of the alleged violation through the filing of an affidavit as provided in subsection E and (ii) instructions for filing such affidavit, including the address to which the affidavit is to be sent. *Every such mailing shall also include an explanation and necessary information for the process of contesting such an alleged violation and payment of a civil penalty.* If the summoned person fails to appear on the date of return set out in the summons mailed pursuant to this section, the summons shall be executed in the manner set out in § 19.2-76.3. No proceedings for contempt or arrest of a person summoned by mailing shall be instituted for failure to appear on the return date of the summons. If the summons is issued to an owner, lessee, or renter of a vehicle with a registration outside the Commonwealth and such person fails to appear on the date of return set out in the summons mailed pursuant to this section, the summons will be eligible for all legal collections activities. Any summons executed for a vehicle speed violation, *pedestrian crossing violation, or stop sign violation* issued pursuant to this section shall provide to the person summoned at least 30 days from the mailing of the summons to inspect information collected by a ~~photo speed monitoring device~~ *speed safety camera, pedestrian crossing violation monitoring system, or stop sign violation monitoring system, respectively*, in connection with the violation. *Such information, if collected by a speed safety camera, shall include proof of calibration of the speed safety camera used to record the alleged vehicle speed violation if the citation is contested.* If the law-enforcement agency that was operating the ~~photo speed monitoring device~~ *speed safety camera, pedestrian crossing violation monitoring system, or stop sign violation monitoring system* does not execute a summons for a vehicle speed violation, *pedestrian crossing violation, or stop sign violation, respectively*, issued pursuant to

513 this section within 30 days from the date of the violation, all information collected pertaining to that
514 suspected violation shall be purged within 60 days from the date of the violation.

515 H. A private vendor may enter into an agreement with a law-enforcement agency to be compensated for
516 providing a ~~photo speed monitoring device~~ *speed safety camera, pedestrian crossing violation monitoring*
517 *system, or stop sign violation monitoring system* and all related support services, including consulting,
518 operations, and administration. However, only a law-enforcement officer or retired sworn law-enforcement
519 officer may swear to or affirm the certificate required by this section. Any such agreement for compensation
520 shall be based on the value of the goods and services provided, not on the number of violations paid or
521 monetary penalties imposed. *Any such agreement for compensation shall provide that if such private vendor*
522 *is responsible for mailing a summons pursuant to this section, such private vendor shall not impose or collect*
523 *any additional fee, including any administrative fee, and shall only collect a civil penalty as authorized*
524 *pursuant to this section, except that a reasonable postage and convenience fee for electronic payment of the*
525 *civil penalty, not to exceed five percent of the amount paid, may be imposed and collected.* Any private
526 vendor contracting with a law-enforcement agency pursuant to this section may enter into an agreement with
527 the Department, in accordance with the provisions of subdivision B 31 of § 46.2-208, to obtain vehicle owner
528 information regarding the registered owners of vehicles that committed a vehicle speed violation, *pedestrian*
529 *crossing violation, or stop sign violation.* Any such information provided to such private vendor shall be
530 protected in a database. *Any such private vendor providing a speed safety camera that is also compensated*
531 *for the calibration of such camera shall calibrate such camera in the same manner and to the same*
532 *specifications as all other devices determining speed, to the extent that such devices utilize the same method*
533 *of speed detection as such speed safety camera, that are used by the law-enforcement agency with which such*
534 *vendor has entered into an agreement. Upon request of any person receiving a summons by mail for a vehicle*
535 *speed violation recorded by a speed safety camera provided by such a private vendor and who contests such*
536 *citation, such private vendor shall deliver proof of calibration of such speed safety camera for the time*
537 *period in which the alleged violation was recorded to such person and to the court in which such citation is*
538 *to be contested. If such proof of calibration is delivered by mail, it shall be postmarked within 10 days of such*
539 *request for such proof of calibration, and if such proof of calibration is electronically delivered, it shall be*
540 *electronically delivered within 10 days of such request for such proof of calibration. Such summons shall*
541 *include notice of such person's right to request such proof of calibration. Any private vendor that fails to*
542 *provide such proof of calibration within the time specified shall be subject to a civil penalty of \$1,000. All*
543 *civil penalties received pursuant to this subsection shall be paid to the Commonwealth Transportation Board*

to be used for the Virginia Highway Safety Improvement Program established pursuant to § 33.2-373. Such private vendor shall, in addition to the calibration for which proof is required pursuant to this subsection, conduct a daily test of the accuracy of such device. Such private vendor shall each day transmit the results of the previous day's test to the law-enforcement agency with which such private vendor has entered into an agreement.

I. Information collected by a ~~photo speed monitoring device~~ speed safety camera, pedestrian crossing violation monitoring system, or stop sign violation monitoring system operated pursuant to this section shall be limited exclusively to that information that is necessary for the enforcement of vehicle speed violations, pedestrian crossing violations, or stop sign violations, respectively. Information provided to the operator of a ~~photo speed monitoring device~~ speed safety camera, pedestrian crossing violation monitoring system, or stop sign violation monitoring system shall be protected in a database and used only for enforcement of vehicle speed violations, pedestrian crossing violations, or stop sign violations, respectively, and enforcement against individuals who violate the provisions of this section. Notwithstanding any other provision of law, all photographs, microphotographs, videotapes, or other recorded images collected by a ~~photo speed monitoring device~~ speed safety camera, pedestrian crossing violation monitoring system, or stop sign violation monitoring system shall be used exclusively for enforcing vehicle speed violations, pedestrian crossing violations, or stop sign violations, respectively, and shall not be (i) open to the public; (ii) sold or used for sales, solicitation, or marketing purposes; (iii) disclosed to any other entity except as may be necessary for the enforcement of a vehicle speed violation, pedestrian crossing violation, or stop sign violation, respectively, or to a vehicle owner or operator as part of a challenge to the violation; or (iv) used in a court in a pending action or proceeding unless the action or proceeding relates to a vehicle speed violation, pedestrian crossing violation, or stop sign violation, respectively, or a violation of this section, or such information is requested upon order from a court of competent jurisdiction. Information collected under this section pertaining to a specific violation shall be purged and not retained ~~later than 60 days~~ 21 days after the date of its capture in such a manner that such data is destroyed and not recoverable by either a private vendor or the law-enforcement agency, except that when a summons is issued for a violation, such information may be retained until after the collection of any civil penalties or the final disposition of any civil matter related to the information. A law-enforcement agency or private vendor using such a database shall maintain records sufficient to facilitate reporting as required by this section. Any law-enforcement agency using ~~photo speed monitoring devices~~ a speed safety camera, pedestrian crossing violation monitoring system, or stop sign violation monitoring system shall annually certify compliance with this section and make all records

575 pertaining to such *camera or* system available for inspection and audit by the Commissioner of Highways or
576 the Commissioner of the Department of Motor Vehicles or his designee. Any person who discloses personal
577 information in violation of the provisions of this subsection shall be subject to a civil penalty of \$1,000 per

580 *of any school crossing zone, highway work zone, or ~~high-risk intersection segment~~ high-risk speed corridor*
581 *at which a ~~photo speed monitoring device~~ speed safety camera is used, indicating the use of the device*
582 *camera. At least one of such signs shall be a speed display sign. At least two conspicuous signs shall be*
583 *placed within 1,000 feet of any school crossing zone, highway work zone, or high-risk speed corridor at*
584 *which a pedestrian crossing violation monitoring system or stop sign violation monitoring system is used,*
585 *indicating the use of the system. There shall be a rebuttable presumption that such sign was in place at the*
586 *time of the commission of the vehicle speed ~~limit~~ violation, pedestrian crossing violation, or stop sign*
587 *violation, respectively.*

588 K. Any state or local law-enforcement agency that places and operates a ~~photo speed monitoring device~~
589 *speed safety camera, pedestrian crossing violation monitoring system, or stop sign violation monitoring*
590 *system pursuant to the provisions of this section shall report to the Department of State Police, in a format to*
591 *be determined by the Department of State Police, by ~~January~~ November 15 of each year on the number of*
592 *traffic violations prosecuted;; the number of successful prosecutions;; the operating costs of the use of such*

600 *throughput. The Department of State Police shall aggregate such information and report it to the ~~General~~*
601 *Assembly Chairs of the House and Senate Committees on Transportation by ~~February~~ December 15 of each*
602 *year.*

603 L. Any state or local law-enforcement agency that places and operates a speed safety camera, pedestrian
604 crossing violation monitoring system, or stop sign violation monitoring system pursuant to the provisions of
605 this section shall develop an emergency action plan for addressing issues with such speed safety camera,

pedestrian crossing violation monitoring system, or stop sign violation monitoring system, respectively, including system malfunctions. Such law-enforcement agency shall follow current guidance published by the U.S. Department of Transportation regarding the use of speed safety cameras, pedestrian crossing violation monitoring systems, or stop sign violation monitoring systems, as applicable. Such requirement shall be satisfied if the state or local law-enforcement agency provides a link on its website and social media accounts to the website of the private vendor with which it has entered into an agreement pursuant to subsection H, provided that such website satisfies the requirements of clauses (i), (ii), and (iii).

N. For any new speed safety camera, pedestrian crossing violation monitoring system, or stop sign violation monitoring system placed and operated after July 1, 2026, for the first 30 days of its operation, the law-enforcement agency shall issue a warning by mail instead of a summons for an alleged vehicle speed violation, pedestrian crossing violation, or stop sign violation, respectively, and assess no civil penalty for such violation. Nothing in this subsection shall be construed to prevent a law-enforcement officer who uses a speed safety camera to record a vehicle speed violation from personally issuing a summons at the time of the violation.

O. Any state or local law-enforcement agency that places and operates a speed safety camera pursuant to the provisions of this section shall conduct, in addition to the periodic calibration conducted in accordance with the requirements of § 46.2-882, a daily test of the accuracy of such device. Such law-enforcement

637 agency shall report to the Department of State Police, in a format to be determined by the Department of
638 State Police, by November 15 of each year the aggregate results of such daily tests conducted during the
639 previous 12 months. The requirements of this subsection shall be satisfied if the private vendor with which
640 such law-enforcement agency has entered into an agreement pursuant to subsection H completes the daily
641 test of accuracy and associated reporting requirements pursuant to subsection H.

642 P. Any private vendor that has entered into an agreement with a law-enforcement agency pursuant to
643 subsection H shall comply with the provisions of this section. Any private vendor that violates the provisions
644 of this section is subject to a civil penalty of \$1,000. All civil penalties received pursuant to this subsection

646 Improvement Program established pursuant to § 33.2-373.

647 Q. Nothing in this section shall be construed to affect the funding of or investment for any project initiated
648 by a locality prior to July 1, 2026.

649 R. Prior to implementing or expanding the use of a pedestrian crossing violation monitoring system or
650 stop sign violation monitoring system in a locality, the local law-enforcement agency shall conduct a public
651 awareness program to advise the public that such local law-enforcement agency is implementing or
652 expanding such pedestrian crossing violation monitoring system or stop sign violation monitoring system.

653 S. In any court proceeding for the failure of a locality or a private vendor acting on its behalf pursuant to
654 subsection H to comply with the requirements of this section, such locality shall waive its sovereign immunity
655 in such proceeding.

656 T. For any summons issued pursuant to this section, failure to comply with the provisions of this section
657 shall render such summons invalid.

658 2. That the provisions of this act amending subsection J of § 46.2-882.1 of the Code of Virginia to
659 require at least two conspicuous signs for speed safety cameras and to require one of such signs to be a
660 speed display sign shall become effective on July 1, 2027.

661 3. That the Supreme Court of Virginia shall develop a summons for the purposes of § 46.2-882.1 of the
662 Code of Virginia, as amended by this act, no later than October 1, 2026.
